THE
ACTS AND PROCEEDINGS
OF THE
Thirty-Fifth General Assembly
OF THE
PRESBYTERIAN CHURCH IN CANADA.

FIRST SEDERUNT.

At the City of Hamilton, and within Central Church there, the second day of June, one thousand nine hundred and nine years:

Which time and place Ministers and ruling Elders, Commissioners from the several Presbyteries of the Presbyterian Church in Canada, convened pursuant to appointment by the General Assembly held in the City of Winnipeg on the eleventh day of June last year. In the absence of the Moderator of the last General Assembly, the Rev. F. B. Duval, D.D., the Rev. Robert Campbell, D.D., Moderator for nineteen hundred and seven, presided. Devotional exercises were conducted by the Rev. Thomas Sedgwick, D.D., and the Rev. Principal Patrick communicated the message to the Church, prepared by Dr. Duval, at his request, in which the Moderator *pro tem* concurred. The text chosen was John 16 : 12, 13:—"I have yet many things to say unto you, but ye cannot bear them now. Howbeit, when He, the spirit of truth is come, He shall guide you into all the truth."

Then by prayer Dr. Campbell constituted the General Assembly in the name of the Lord Jesus Christ, the only King and Head of the Church.

THE ROLL.

The names of the Commissioners having been presented in a printed list, the Assembly, on the recommendation of the Committee on Business, on motion of Dr. Ratcliffe, duly seconded, agreed to accept the same as the roll of the Assembly, subject to any corrections or alterations to be made when the same is scrutinized.

Dr. Campbell then read a memorandum, furnished by the retiring Moderator, in which he explained the reason of his absence, the shadow which had fallen upon his home in the serious illness which had overtaken his wife, ending in her death, giving in detail the varied functions he had to attend officially since last Assembly, and thanking the Assembly and the Church for the kindness and courtesy extended to him while filling the office of Moderator. After which Dr. Campbell intimated that the time had come for the Assembly to elect a successor to Dr. Duval.

It was then moved by Dr. Ratcliffe, seconded by Mr. A. J. McGillivray, that the Rev. Samuel Lyle, D.D., Minister of Central Church, Hamilton, be appointed Moderator of the present Assembly.

To this it was moved in amendment by Mr. J. McP. Scott, seconded by Mr. Alexander Macgillivray, that the name of the Rev. R. P. MacKay, D.D., Foreign Mission Secretary, be substituted in the motion for that of Dr. Lyle.

The amendment being put to the house was lost, whereupon Dr. Lyle was unanimously elected Moderator, was escorted to the platform by his mover and seconder, introduced to the Assembly by the acting Moderator, and addressed the house, thanking fathers and brethren for the mark of confidence they had reposed in him, in calling him to preside over their deliberations, promising to fill the office to the best of his ability, and invoking their co-operation and support in his efforts to perform the duties of the chair.

Dr. Somerville, joint Clerk of Assembly, who is just recovering from a serious illness, preferred a request to the General Assembly, that, on account of his yet somewhat enfeebled condition, he be excused from giving attendance upon the Court, and requesting that Dr. Ratcliffe be appointed to take his place at the present meeting of Assembly. Dr. Sedgwick moved the following motion, which was duly seconded and carried: The Assembly regrets very much the illness of Dr. Somerville, rejoices at his presence here this evening as indicating that he is so far on the way to recovery, trusts and prays that his recovery be speedily perfected, and cordially assents to his suggestion that Dr. Ratcliffe occupy his place during the present Assembly.

REPORT OF THE RETIRING MODERATOR.

Dr. Campbell submitted documents containing detailed reports of the varied public matters which Dr. Duval, Moderator of the Assembly of 1908, had been called upon to attend to, amongst others receipt of acknowledgment of the address to His Majesty the King, which was read, as well as that to His Excellency the Governor-General, adopted by the last General Assembly.

It was then moved by Principal Gordon, seconded by Mr. Walter Paul: That the Assembly record their gratitude to Dr. Duval for the very efficient discharge of his duties as Moderator during the past year and for the sermon preached at the opening of this sederunt; express their deep sympathy for him in his most trying bereavement, and

[1661]

REPORT OF COMMITTEE ON HOME MISSIONS.

The Assembly called for the Report on Home Missions, which was presented in printed form by Dr. E. D. McLaren, Convener of the Western Section, who called attention to its prominent features, and especially emphasized the need of an enlarged measure of liberality on the part of the Church if it is to continue to perform its proper share in the work of furnishing Gospel ordinances to our constantly growing Mission fields. He concluded with moving that the report of the Home Mission Committee, Western Section, be received, and its recommendations considered at a subsequent Sederunt.

[1667]

In receiving this report, the Assembly desire to express the very great disappointment with which they have learned of the inadequacy of the Church's contributions for Home Missions during the past year, and the very earnest hope that the Committee's revenue for the current year will prove amply sufficient for the growing needs of this important department of work.

They place on record their grateful appreciation of the gratuitous services of Presbyterian Conveners, of the work done by the various College Missionary Societies, of the generosity of the Special contributors and of the patient, earnest toil of the missionaries and their wives.

They congratulate the members of the Women's Home Missionary Society on the increasing measure of success that has crowned their efforts; and they refer with deepest gratitude to the valuable financial assistance received, not only from that Society, but also from the Women's Missionary Society, from the Presbyterian Churches of Scotland and Ireland, and from the congregation of the American Presbyterian Church, Montreal.

The motion was seconded by Mr. R. J. Douglas, spoken to by Mr. J. A. Macfarlane, and carried.

REPORT ON RECORD.

The Assembly called for the Report on the "Presbyterian Record," which was given in by Dr. E. Scott, Editor and Manager, who was able to show that though the report was brief, the affairs of the "Record" were on a satisfactory footing. He moved that it be received and adopted. The motion was seconded by Mr. W. Drysdale and carried.

The time remaining till adjournment not being sufficient to deal adequately with the Home Mission report from the Eastern Section, the Committee on Business were requested to arrange a fitting time at a future Sederunt for its presentation.

The Assembly adjourned to meet again in this place, to-morrow morning, at ten o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

The motion was seconded and agreed to. Dr. Wardrope was invited by the Moderator to the platform in fitting terms, took his place and briefly addressed the Assembly, thanking the brethren for their courtesy and expressing his gratification at all he had heard since coming to the Assembly.

REPORT ON SYSTEMATIC GIVING.

The Assembly called for the report of the Committee on Systematic Giving, which was presented by Principal Gandier, who, in his remarks thereupon, drew attention to its leading points as set forth in the printed pages in the hands of the members. He specially dwelt on the hopeful expectations excited by the Laymen's Missionary Movement, the leading officials of which had been invited by the Committee to visit the Assembly and tender information as to the plans and efforts of the movement.

The following recommendations of the Report were adopted, on motion of Dr. Ratcliffe, duly seconded:

1. That this Assembly again express their gratitude to God for the Laymen's Missionary Movement and their confidence in it as a means of introducing a new standard of giving to missions and better methods, and that Presbyteries be urged to utilize this movement to the fullest extent possible for the extension of the work of our own Church.

2. That this Assembly express gratification at the rapidly increasing number of congregations in which methods of systematic giving to the Schemes of the Church have been adopted, and again recommend to congregations the weekly offering by envelop on the Lord's Day as the method likely to develop liberality and increase of missionary offerings.

3. That this Assembly place itself on record as heartily in accord with the National Missionary Policy adopted at the Laymen's Congress held in Toronto, March, 1909.

"In view of the universality and finality of the Gospel of Christ, and of the spiritual needs of mankind, we believe that the Church of our generation should undertake to obey literally the command of Christ to preach the gospel to every creature.

"According to their ability and several opportunity, we believe that the laymen of the Churches are equally responsible with the ordained ministers to pray and to work for the coming of the Kingdom of God upon earth.

"We believe that every Christian should recognize the world as his field and to the full measure of his ability work for its evangelization.

[1672]

"We recognize the clear duty of the Churches of Canada to evangelize all those in the Dominion or who come to our shores, who have not been led into the Christian life, and also to provide for the adequate preaching of the Gospel to forty millions of the souls in the non-Christian world.

"We believe that the call to make dominant and regnant in all human relationship either personal, racial or national, the principles and spirit of Jesus Christ present to every man, His supreme opportunity of development, usefulness and satisfaction, and we appeal to men everywhere to invest their intelligence, their influence, their energy and their possessions in the effort of combined Christianity to redeem the world."

4. That this Assembly recognize the responsibility of the Presbyterian Church in Canada to do her share in caring for the people of our own land, and to evangelize the fourteen million heathen allotted to this Church under the Comity of Missions in India, China, Formosa, the Islands of the Sea.

5. That not less than one million dollars from the Western Section of the Church, and two hundred thousand dollars from the Eastern Section, be aimed at as the amount necessary if the Church is to perform adequately her educational and missionary work at home and to meet the most pressing needs of those parts of the heathen world for which we have become responsible.

6. That the comprehensive statement of the Church's work at home and abroad, and the amount required for the different Schemes, prepared by the Committee on Systematic Giving be sent to all congregations; that these congregations be requested to give systematically, and wherever possible, weekly, to the whole work of the Church, and that at the close of the congregational year the total amount be allotted according to the comparative needs of each fund as set forth in this statement.

7. That Presbyteries have a care to see that ministers and missionaries within their bounds receive their stipend regularly and in accordance with the promise made to them.

LAYMEN'S MISSIONARY MOVEMENT.

The Moderator introduced in succession Messieurs N. W. Rowell, K.C., Chairman of the General Canadian Council of the Laymen's Missionary Movement, W. A. Charlton, Chairman of the Presbyterian Council of the organization, F. W. Anderson, Secretary of the latter, and James Rodger, Chairman of the local branch of the General organization at Montreal, who severally addressed the Assembly as to the aims of the movement, setting forth with earnestness the part which the Presbyterian Church in Canada is expected to take in furtherance of the movement.

It was then moved by Dr. Bryce, seconded by Principal MacKay, and carried, as follows:

The General Assembly recognizes the Laymen's Missionary Movement on this continent as one of the most remarkable and important religious features of the beginning of the twentieth century.

The General Assembly receives with peculiar pleasure as delegates Mr. N. W. Rowell, Chairman of the General Canadian Council of the Laymen's Missionary Movement, and Mr. W. A. Charlton, Chairman of the Presbyterian Council of the Laymen's Missionary Movement, as well as Mr. F. W. Anderson, the Secretary of the latter Association, and thank these gentlemen for the warmly evangelical and effective addresses which they have delivered.

The Assembly further expresses the hope that the general principles of this great

[1673]

movement presented to it will be put into practice by the methods suggested by its Standing Committee, and in accordance with the resolution presented by Mr. Charlton, the Chairman of the Presbyterian Council.

REPORT OF THE AGED AND INFIRM MINISTERS' FUND.

The Assembly called for the report of the Committee on the Aged and Infirm Ministers' Fund, which was presented by the Convener, Mr. J. K. Macdonald, who called attention to a few of the details embraced in the report, as printed and in the hands of members. The year had been a very prosperous one for the Fund.

On the motion of Dr. Armstrong, seconded by Mr. A. H. Scott, the report was received and adopted and the thanks of the Assembly were passed to the Convener, for the ability and zeal he had displayed in promoting the success of the Scheme.

The Minutes of the afternoon Sederunt were held over to be read to-morrow morning.

REPORT OF FOREIGN MISSION COMMITTEE.

The Assembly called for the report of the Foreign Mission Committee, which was presented by Mr. T. C. James, and to which, as printed and in the hands of the members, he called attention. He concluded with offering the following resolution:

The Assembly, in receiving the Report of the Foreign Mission Committee, expresses its profound sense of the loss sustained by the Church, and especially of the Eastern Section of the Church, in the death of their late lamented Convener, Dr. E. D. Millar. The Assembly commends his family to the tender sympathy of the Great Head of the Church, and prays that the memory of his self-sacrificing devotion may be an abiding inspiration to the whole Church in days to come.

The General Assembly records its gratitude to God for the continuance of the spirit of revival in all our mission fields, especially in China, India and Korea, and recognizes this as a divine call to more prayerful and self-denying effort in order that the fullest possible advantage be taken of the opportunities that have been thus providentially afforded.

The Assembly expresses its profound thankfulness for God's providential care over our missionaries, in preserving them in the midst of serious illness, and in permitting no break in their ranks by death.

The Assembly recognizes with thankfulness the growing interest in missions, as indicated by the development of the Laymen's Missionary Movement, and commends this movement to the prayerful sympathy and co-operation of the whole Church.

[1674]

In view of the open doors and splendid opportunities for service in our day, and especially in view of the fact that the hand of God is manifestly leading the Church into a larger place, the General Assembly appeals to the whole membership of the Church to recognize the day of gracious visitation, and by the consecration of gifts and life to hasten the blessed day when the Gospel shall be preached to every creature.

In the absence of the Convener of the Western Section, Mr. A. E. Armstrong, Assistant Secretary of the Foreign Mission Committee, gave interesting details of the success of our missionaries in the foreign field.

Dr. Morton, of Tunapuna, for forty years missionary in Trinidad, in seconding the resolution gave a graphic account of the work of the mission in that island, from an industrial, educational and spiritual point of view, the details of which were most interesting.

He was followed by Mr. S. A. Fraser, Missionary at San Fernando, who dwelt specially on the success of the educational operations carried on among the East Indian inhabitants.

Rev. Jonathan Goforth, Missionary at Chang Te Fu, Honan, China, was next introduced. He gave an account of the wonderful revival movement which has been going on in China, detailing specially the remarkable readiness of the converts to make confession of their faults one to another, and take higher spiritual ground in other directions as well, carrying the mind backward to the simplicity which was in Christ Jesus as exhibited in the early church.

The Moderator counted it a great pleasure to have the privilege of introducing Mrs. Morton, who has laboured with her husband for forty years in Trinidad. Mrs. Morton afforded an affecting glimpse of the inner working of the mission among the children of the East Indians.

The next to be introduced was Dr. J. M. Waters, of Ujjain, Central India, who briefly sketched the situation of unrest at present existing among the native races of our Indian Empire, and of the gradual in-filtration of Christian ideas into the minds of the instructed natives.

The last of the representatives of the working force in the foreign field to be presented to the Assembly was Mrs. Goforth, who offered an earnest plea that God's people at home should ever bear the missionaries, who are labouring abroad, on their hearts at the throne of grace.

The Assembly adjourned to meet again in this place, to-morrow morning at ten o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

The Assembly receives and adopts the Reports of the Board of Management and Senate of the Presbyterian College, Halifax.

The Assembly learns with great pleasure that the College has had a prosperous year; that the attendance of students has been fully maintained; that the Bursary Fund has been larger and more helpful than ever before; that the five buildings at present under the control of the Board are in such an excellent condition and that another is to be erected as a Residence for the Principal, and that the College has so strong a hold on the affections of the Church in the Maritime Provinces as is shewn by the liberality of our people in support of the General Fund, and especially by their generous contributions for the removal of the debt and the repairing and refurnishing of the Residence.

The Assembly accepts with great regret, the resignation of Principal Magill, but rejoices in the prospect before him of eminent usefulness in the Chair of Philosophy, in Dalhousie University to which he has been appointed.

The Assembly, in accordance with the unanimous recommendation of the Board and of the Presbyteries of the Maritime Provinces, appoints Reverend Clarence McKinnon, D.D., minister of Westminster Church, Winnipeg, to be Principal of the College and Professor of Systematic Theology from first of September next, and as Dr. McKinnon has intimated to the Board his willingness to accept the position if appointed, the Assembly instructs the Presbytery of Winnipeg to release him from his charge in Winnipeg and grant his translation to the Presbytery of Halifax, and instructs the Presbytery of Halifax to induct him at a suitable time, and to place his name on its Roll.

The motion was seconded by Dr. Bryce and carried.

The last of the Theological Colleges to report was Westminster Hall, Vancouver. This it did through Principal MacKay, who gave a very encouraging statement of the progress making in the College, both as to the addition to the endowment of the institution and the number of students in attendance this session.

Dr. Wardlaw Taylor moved, seconded by Mr. Peter Henderson, as follows:

That the General Assembly receive and adopt the report of the Board of Management and Senate of Westminster Hall, record their gratification at the prosperity and rapid growth of the College, and commend it to the liberality of the members of the Church.

Pidgeon, as Professor of Practical Theology in Westminster Hall, Dr. Pidgeon was called to the platform and asked to signify his mind on the subject, when he declared his acceptance of the position to which the Assembly appointed him, and promised to do his utmost to justify the confidence reposed in him by the authorities of Westminster Hall and the General Assembly.

The General Assembly receives and adopts the Report of the Home Mission Committee, Eastern Section; expresses its thankfulness for the measure of success which has attended the work carried on under the oversight of the Committee; notes with appreciation the favorable condition of the funds; expresses the hope that before long the number of ordained missionaries may be so increased as to enable the Committee to properly man all the needy fields in the Eastern Section of the Church; and sanctions the regulations embodied in the report in regard to the pay of catechists, and other details of Home Mission administration.

RECEPTION TO DR. DUVAL.

The Moderator informed the House that Dr. Duval, ex-Moderator, had arrived within the precincts of the Assembly; and he suggested that Dr. Bryce be requested to introduce him as he was sure the ex-Moderator would wish to address a few words to the Assembly. This was done, accordingly, and Dr. Duval, from the Moderator's right, spoke feelingly of the circumstances which had hindered his presence at the opening of the Assembly, and thanked the brethren for the expression of their sympathy.

It was moved by Mr. John Lowden, seconded by Dr. R. P. MacKay, and carried as follows:

[1682]

The General Assembly express hearty satisfaction with the year's work of the Ewart Missionary and Deaconess Training Home under the management of the Board appointed by last General Assembly; the increase in the number of students in attendance, coming as they do from various parts of the Church, East and West; and especially, that the systematic training of Deaconesses is now provided for, and that two of those so trained have already been designated to the office of Deaconess by Presbytery.

Recognizing the vital importance of the Home as a training school for women in preparation for foreign mission work and as Deaconesses, and the urgent necessity for larger and more suitable premises for the proper carrying on of the work, the General Assembly endorses the action of the Board in seeking to provide such premises, and heartily commends the undertaking to the liberality of individuals and congregations throughout the Church.

DIVISION OF PRESBYTERY OF NORTH BAY.

There was presented and read an Overture from the Presbytery of North Bay unanimously approved by the Synod of Toronto and Kingston, requesting that the Presbytery be divided into two Presbyteries, the general boundaries of which were suggested in the Overture.

ALLIANCE OF REFORMED CHURCHES.

The Clerk called attention to the fact that when the number of delegates to the meeting of the Alliance of Reformed Churches and alternates appointed by last Assembly were corresponded with, it was found that a least two more ministerial delegates might be appointed and five more elders, in order to make up the entire number of thirty, which number this Church is entitled to, and he moved first that the Moderator himself should be appointed and that any members of Assembly who might desire to attend the meeting in New York, should communicate with the Moderator, in whose hands it should be left to select and appoint.

The motion was seconded and agreed to.

[1684]

REPORT OF UNION COMMITTEE.

The Assembly called for the Report of the Union Committee, which was presented by Principal Patrick, *Convener*, who moved as follows, seconded by Dr. Duval:

The Assembly receive the report and learn with deep gratification that the joint committee on Union have, after five years' enquiry and discussion, arrived at the conclusion, that, in their judgment the organic union of the three negotiating Churches is practicable.

The Assembly desire to recognize the guidance of the Spirit of God in the proceedings that have taken place, as evidenced in the harmony of the deliberations of the Joint Committee, the increase of mutual confidence and the great unanimity of their conclusions as to the lines along which the negotiating Churches, if they are disposed to do so, may come together in organic union.

The Assembly are profoundly thankful for the measure of success achieved in dealing with a task of such magnitude and difficulty, and they recommend that on the second Lord's Day of the month of October next, or the nearest convenient day thereto, ministers bring before their congregations the chief proposals contained in the documents embodied in the report, the historic position of the Presbyterian Church regarding union with other Christian Churches and the unique place occupied by the present movement in the history of Protestant Christianity.

Inasmuch as the Joint Committee have expressed their conviction that the voting on the question of union should take place simultaneously in the three negotiating Churches, and inasmuch as the General Conference of the Methodist Church will not meet till the month of September, nineteen hundred and ten, the Assembly agree that the judgment of the Church at large on this important subject be not sought until after that date.

They direct, however, that copies of the report be sent down to Presbyteries, Sessions and Congregations, for their use, in order that they may be fully informed as to the whole question, and be prepared to deal with it when it comes before them for disposal.

The Assembly suggest to the Executive of the Joint Committee the advisability of preparing a brief summary of the main contents of the report for popular use.

The Assembly express the hope that members of the Union Committee will hold themselves ready to accept invitations from Presbyteries or Congregations desiring to receive information or explanations.

Finally, the Assembly commit the whole question to the intelligent, sympathetic and prayerful consideration of the Church.

To this, Principal MacKay offered the following amendment:

That our representatives on the Union Committee be thanked for the diligence and ability with which they have discharged their task, that a basis of union agreed upon be recognized by this Assembly as one plan of action which it is possible for the negotiating Churches to adopt, but that before any further steps are taken, another Committee be

[1685]

appointed to meet with similar Committees from the two other negotiating Churches, to ascertain whether or not a plan of federation cannot be formulated; that, if the labours of this Committee result in formulating such a plan, it be reported to the Assembly and, through it, sent down to sessions and congregations along with that now proposed; that the other negotiating Churches be assured of our desire to continue and deepen the cordial relations which already exist between the Churches and to secure that the wisest possible use be made of the manifest desire for true fellowship in our worldwide task; that they be asked to appoint similar Committees with a view to carrying out the plan suggested; and further, that a pastoral letter be sent to all sessions and congregations assuring them that nothing has so far been done which is in any way binding upon us as a Church, nor will action be finally taken until the people, having had every opportunity for informing themselves of the issues at stake, have agreed, with reasonable unanimity, upon the plan to be adopted.

The hour of adjournment having come before he concluded his remarks, the further discussion of his motion had to be postponed until next sederunt, Principal MacKay having the floor.

The Assembly adjourned to meet again in this place, this evening at a quarter to eight o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

Mr. J. K. Macdonald, Convener of the Aged and Infirm Ministers' Fund Committee, asked leave to submit a supplementary report, bringing before the Assembly matters which have emerged since the report of the Committee was disposed of some days ago. He concluded with moving that the supplementary report be received and adopted.

This motion was seconded by Dr. Bryce and agreed to.

The supplementary report is as follows:

To the Venerable, the General Assembly:

There have reached the hands of the Convener, since the opening of the Assembly, papers anent the retirement of the following ministers, with recommendation that they be placed on the Fund for benefit, namely: The Rev. James Rosborough, of Halifax Presbytery, whose age is seventy, having given thirty-six years of service, and who wishes to retire on account of age and impaired health. His papers, though late, are quite regular, and it is recommended that he be allowed to retire and be placed on the Fund for benefit.

The Rev. L. G. MacNeil, M.A., of St. John Presbytery.

Mr. MacNeil's papers are incomplete, failing to show retirement. Other necessary information is also wanting; but as it appears that his case is one calling for immediate attention, it is recommended that the Convener be authorized, on obtaining the necessary information and completed papers, to place him on the list of annuitants.

I would respectfully recommend that the question of allowing ministers between the ages of fifty-five and sixty to connect with the Fund be considered, as, in my judgment, this may be done under the new Deferred Annuity rates with only reasonable strain upon the Fund.

The Assembly called for the final Report of the Committee on the Roll of Assembly, which was given in and read by Mr. W. J. Dey, acting Convener, who moved that it be received and adopted. The motion was seconded by the Clerk and carried. The report is as follows:

3. That W. M. Rochester, who has been commissioned by the Presbytery of Rock Lake and by the Presbytery of Victoria, has elected to represent Rock Lake, and it is recommended that his name be placed accordingly.
4. The Committee report that they have examined the entire Assembly Roll, and that

[1689]

with the additions and corrections submitted, they find all the names on the roll duly certified.

On the motion of Mr. W. J. Dey, seconded by the Clerk, the Report on the Roll, as a whole, was adopted.

2. That loyalty to Christ and His Church as shown by regularity of attendance at the services, by regular and systematic giving, by entering into full communion, should be constantly kept before the young people by ministers and elders in the pulpit and in the homes.

3. That parents be reminded that as the home is the citadel of the moral and spiritual force of the community, the training of the children rests primarily with them and cannot be evaded, regulated or delegated to others without guilt or loss.

4. That the Adult Bible Class and Home Department in connection with the Sunday School be commended to all parents as furnishing a strong link in the chain which binds the home to the Church.

5. That the Laymen's Missionary Movement be commended as an antidote for the abuse of money by giving men a higher conception of their stewardship.

6. That we endeavour by appeals from the pulpit and by personal conversation with the young men to enlist their services in some department of the Church's activities, especially in the ministry where the call is so loud and urgent.

7. That we unite our forces and use all legitimate means to banish the bar from our land.

8. That the Committee on Church Life and Work be instructed to confer with the Committee on Social and Moral Reform, on Systematic Beneficence and on Evangelism, with a view to the possibility of consolidating the work of these Committees and to submit a recommendation looking towards that end to next General Assembly.

At the close of the first ten years of the Committee's work, the Assembly would con-

[1692]

gratulate the Committee on the results attained, and especially that the Church is now in possession of a thoroughly established series of Sabbath School publications, adapted to the conditions of our Church and country, as also of facilities for the providing of contribution envelopes and other congregational supplies.

FOURTEENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Mr. A. Henderson leading in prayer at the request of the Moderator.

The Minutes of the Afternoon Sederunt were read and confirmed.

Communications were read from Sir William Mulock, representing The Peace Ar-

[1693]

bitration Society of Canada, and B. H. Spence, representing the Dominion Alliance, requesting that delegates from these Societies be allowed a hearing by the Assembly.

The Clerk was instructed to acknowledge receipt of these communications, to express the sympathy of the Assembly with the objects of the Societies named, but to explain that, owing to the pressure of business, it is not convenient for the Assembly to comply with the request preferred by the officials of these Societies.

FRENCH EVANGELIZATION.

The Assembly called for the report of the Board of French Evangelization, which was presented by Dr. Mowatt, Chairman, who called attention to the prominent features of the report of the work carried on under the direction of the Board, as printed and in the hands of members. He concluded with moving the reception of the report and the consideration of its recommendations. The motion was seconded by Mr. I. P. Bruneau, and spoken to by Mr. G. B. Castellini and Principal Brandt of the Pointe-aux-Trembles Institute.

The several recommendations being considered, they were adopted as a whole, on motion of Dr. Mowatt duly seconded.

They are as follows:

1. The Board having considered several propositions for the quarto-centenary of John Calvin, unanimously agreed to recommend to the General Assembly:

First, that commemorative services be held throughout the Church on the 11th of July next, and suitable sermons be preached; and, inasmuch as the Centenary of Dr. Charles Chiniquy falls on the thirtieth of the same month, it be suggested that reference be made to his work also.

Secondly: That at these services appeal be made for prayerful interest in the work of French Evangelization and for liberal aid for this Scheme of our Church, as carried on in its mission schools, or other work approved by the Board of French Evangelization.

II. The Rev. Leon Peyrie, having declined the appointment to the French Chair in the Presbyterian College, Montreal, the College Board invited the Rev. Charles Bieler to the position, with the understanding that the salary should be at the rate of \$2,500 per annum up to the end of the ecclesiastical year, and \$2,750 from that date. Mr. Bieler accepted the position and the College Board is applying to the General Assembly for his final appointment with respect to which the following recommendations were adopted by the Board of French Evangelization:

(1) That the salary of the French Professor in the Presbyterian College be increased from two thousand dollars (\$2,000), to two thousand seven hundred and fifty dollars (\$2,750) per annum, on the understanding that his whole time be devoted to the work of the Board, and that in addition to the conduct of the classes he render assistance in furthering the mission in the city and elsewhere, as may be arranged for during at least nine-tenths of the year.

(2) That the payment of the salary be, as heretofore, a first charge on the funds of the Board, the College to contribute the proceeds of the endowment provided for that purpose by the Robert Anderson bequest, and to seek an increase of that endowment at as early a date as possible.

III. That the Board recommend to the General Assembly the appointment of a Committee to consider the question of the unification of the different departments of missionary work in the Dominion.

[1694]

REPORT ON SABBATH SCHOOLS.

The Assembly called for the report of the Committee on Sabbath Schools, which was presented by Mr. Alexander Macgillivray, *Convener*, who emphasized the leading features of the report as printed and in the hands of members. He concluded with moving the reception of the report and the consideration of its recommendations. He requested that Mr. J. C. Robertson, General Sabbath School Secretary, be heard in connection with the report. Mr. Robertson gave much interesting information regarding the work accomplished in the Sabbath Schools of the Church, besides affording valuable hints for the improvement of methods often followed in prosecuting Sabbath School work.

The motion of Mr. Macgillivray was seconded by Mr. Robert McQueen.

The printed recommendations being considered were, on motion of Mr. Macgillivray, duly seconded, adopted:

1. That the General Assembly expresses its pleasure at the marked increase in enrolment during nineteen hundred and eight (1908), and its hope that through the regular school, with the Cradle Roll and Home Department, we may ultimately reach every member of every home in every congregation.

2. That the Organized Bible Class be commended to all schools in its plan to provide adequate Christian service for its members, and that a Registration certificate be provided by our own Church for any classes desiring the same.

3. That in view of the fact that efficient teaching is a first essential in Sabbath School work, we earnestly request our ministers to co-operate with Sabbath School workers in establishing a Teacher Training class in every congregation.

4. That our Sabbath Schools be commended for the increased interest in the contributions to Missions, and that a yet more general use be made of the means available for missionary instruction.

5. That teachers and parents co-operate in helping scholars to form the habit of Bible study at home, and attendance at the regular services of the Church.

6. That Sessions, Parents, Superintendents and Teachers be affectionately urged to keep in view the supreme importance of leading the children to a saving knowledge of Jesus Christ, and of training them in His service.

Mr. Macgillivray had a further recommendation to offer, which the Committee had agreed upon since the report was printed and it is:

That the salary of the General Secretary, Mr. J. S. Robertson, be raised from two thousand dollars (\$2,000) to two thousand two hundred and fifty dollars (\$2,250) a year. He moved accordingly.

The motion was seconded by Dr. Robert Murray, supported by Mr. Walter Paul, and carried.

That this Assembly deplores and condemns the evils which are prevalent in our political life to-day, which are rapidly lowering the moral sense of our people; urges upon its ministers and people the duty of earnestly and courageously combatting these evils by voice and vote, wherever they may manifest themselves, and of proclaiming the truth of God's word; "Righteousness exalteth a nation, and sin is a reproach to any people."

REPORT ON EVANGELISM.

The Assembly called for the report of the Committee on Evangelism, which was presented by Dr. Charles W. Gordon, the *Convener*, who moved that the report be received and its recommendations considered. The motion was seconded and was spoken to by Messieurs D. C. McGregor, A. G. McKinnon, R. J. [1711]

commend the work to the sympathies, the liberality and the prayers of the membership of the Church.

3. That the General Assembly record its grateful sense of the value of the services rendered by Messrs. Chapman and Alexander and members of their band in Evangelistic campaigns conducted in Orillia, Paris, Galt and Brantford, and especially in the Kootenay country. The Committee assures the Convener of the American Committee on Evangelism, Mr. John H. Conversé, and the members of that Committee that it very greatly appreciates the kindly and fraternal spirit that prompted this co-operation and the generous support given in this work by our brethren in a sister Church.

4. That while not confining its approval to any particular form of evangelistic services, the General Assembly would specially commend the simultaneous plan of Presbyteries or sections of Presbyteries as may be deemed advisable.

5. The General Assembly's Committee is instructed to make as large use as possible of the ministers, choir leaders and singers of our own Church in connection with evangelistic campaigns, and would urge Sessions and congregations to grant them such leave of absence as would enable them to co-operate in evangelistic work to which they may be called.

7. Finally, the General Assembly recommends that in connection with any evangelistic mission the greatest care be taken by pastors and Sessions in the preparation for the same, and especially in the conserving of the results, and to this end would advise that classes and institutes for the sympathetic study of the Bible and for prayer as well as for the quickening of an intelligent interest in and devotion to the mission work of the Church, be established.

At Hamilton, and within Central Church there, the tenth day of June, one thousand nine hundred and nine:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Dr. J. B. Fraser leading in prayer at the request of the Moderator.

The Minutes of the afternoon and evening Sederunts of yesterday were read and sustained.

REPORT OF BOARD OF TRUSTEES.

REPORT ON JAMES ROBERTSON MEMORIAL.

The Assembly called for the report of the James Robertson Memorial Committee, which was given in and read by Dr. Bryce, *Convener*, on whose motion, duly seconded, it was received and adopted.

It is as follows:

JAMES ROBERTSON MEMORIAL.

The Committee appointed (1909) by the General Assembly represents a strongly marked feeling in the whole Presbyterian Church in Canada that a worthy memorial to the late Reverend Dr. James Robertson should be raised by the Church. Without any effort, some four thousand three hundred dollars (\$4,300) has come in to the Treasurer of the Church, but it has now been decided to take active steps to raise a suitable fund. The Assembly has named twenty thousand dollars (\$20,000) as the maximum sum to be aimed at.

The object of the Fund is to provide by the interest of the sum thus raised, an annual amount to support a lectureship on the subject of Missions, which will require the lecturer appointed annually to deliver a course of lectures in the six Colleges of the Church, to the students of these colleges, and thus to perpetuate and strengthen the missionary spirit which burned in the heart of the great missionary leader of Western Canada.

The Committee proposes to divide the Territory of the Church into three districts:

1. The Synods of Western Canada.
2. The Synods of Toronto and Kingston, and Hamilton and London.
3. The Synods of Montreal and Ottawa and the Maritime Provinces, and to ask each of the three districts to raise by next Assembly, the sum of five thousand five hundred dollars.

It is proposed that the Chairman of these three districts be as follows:

Western Districts—the Chairman of the Committee, Dr. Bryce.

Central District—Dr. Somerville, with the assistance of Dr. R. D. Fraser.

[1713]

Eastern District—Dr. Armstrong, with the assistance of Mr. Henry Birks, Montreal, and Dr. Robert Murray.

Each of these Conveners is authorized, with those named in this Assembly's Committee, to appoint local committees throughout the district, for organizing the various localities. It is hoped that the expense of this will be very small, and that nothing more than necessary bare expenses will be incurred, and these only such as the Chairman of the District will approve.

The Committee is authorized to order the payment of such expenses and expenses of printing, out of the Fund.

APPLICATIONS OF PRESBYTERIES ON BEHALF OF STUDENTS.

The General Assembly called for the report of the Committee appointed to consider the applications of Presbyteries on behalf of students, which was given in and read by Mr. J. S. Sutherland, *Convenor*, on whose motion, duly seconded, it was received, and its recommendations were considered.

Being considered, they were, on Mr. Sutherland's motion, seconded by Mr. J. W. Crawford, adopted as a whole, as follows:

1. That Mr. S. G. Brown be granted the standing of a student who has completed his first year in Theology, and that he be permitted during the remaining two years of his course to take classes in Philosophy instead of in Hebrew and Greek.
2. That Mr. Andrew Drysdale be permitted to enter as a second year student in Theology, but that before completing his studies for the ministry he be required to take in addition to his Theological work a class in English and another in Philosophy.
3. That Mr. A. J. Howatt be granted the standing of a student who has completed his first year in Theology, and that he be permitted to substitute during his second year English and Psychology, and during his third year, English and Ethics, in place of Greek and Hebrew.

5. That Mr. Donald Nicholson be permitted to enter upon his second year in Theology upon his passing a supplementary examination in Greek.
6. That Mr. Gilbert Gomm be granted the standing of one entering upon his first year's study in Theology.
7. That Mr. P. M. Sinclair be required to take a year in one of the Theological Colleges of the Church, the senate of which is directed to prescribe his classes and to report upon his case to the next meeting of the General Assembly.
8. That Mr. G. G. Muir be required to take three years of extra-mural study under the oversight of the Senate of Manitoba College, which shall report upon his case at the completion of the prescribed course of study.
9. That Mr. Cecil McClellan be required to take two years of extra-mural work under the oversight of the Senate of Manitoba College, which shall report upon his case at the completion of the prescribed course of study.
10. That Mr. James Hyde be required to take a year in Arts and Theology under the direction of the Senate of Westminster Hall, so that upon their report his case may be further dealt with and finally disposed of by the General Assembly.

REPORT ON MORAL AND SOCIAL REFORM.

The Assembly resumed consideration of the report on Moral and Social Reform.

Mr. T. C. James moved the several amendments of the Committee which were adopted. When the motion was submitted to adopt the report as a whole, Dr. Pringle spoke to the amendment, of which he had given notice at the previous Sederunt. It being pointed out that Dr. Pringle's resolution could not properly be regarded as an amendment, it was agreed to consider it rather as an addition.

4. The following recommendations adopted by the Board are submitted for the consideration and adoption of the Assembly:—

(1) The General Assembly has heard with gratification of the improvement in the enforcement of laws having a moral bearing, and of the disposition shown by the Attorneys-General of almost all the Provinces to insist upon police and Police Commissioners doing their official duty faithfully.

(2) The Assembly has heard with horror and shame of the extent of the traffic in girls for immoral purposes, commends the diligence of the Board in seeking to bring to account the heartless traffickers, and to warn or rescue their victims, earnestly protests against the disposition shown by some Judges, Magistrates, and Police Commissioners or Constables, to "license," "segregate," or "tolerate" a vice sinful in the sight of God, loathsome in itself, and criminal in terms of the Laws of Canada, and of almost all civilized nations, and expresses the conviction that "discrimination" alike in social life and in the administration of justice against the weaker and usually less guilty sex, is unjust and indefensible, and is responsible for much of the difficulty in suppressing prostitution, and earnestly calls upon all concerned to do everything possible to see that men offenders are punished as uniformly and severely as women.

(3) The Assembly commends the Minister of Justice and the Government in leading Parliament to amend the Criminal Code prohibiting opium joints, and strengthening the laws against the traffic in immoral literature, and increasing the penalty for the awful crime of procuring for immoral purposes.

(4) That—

Whereas the Courts have interpreted the Clauses of the Criminal Code intended to prohibit professional book-makers from negotiating bets, in such a way as to make this lawful on a race-track if the book-maker moves about, while unlawful if he remains in any building, booth, or place, thus at once defeating the manifest intention of Parliament and making the law ridiculous;

And Whereas the State of New York, as well as most other American States, has recently put an end to all such professional gambling, leaving Canada almost alone on the Northern half of the Continent as legalizing this vice, and making the Dominion the dumping-ground and her race-tracks the chief rendezvous of gamblers and other criminals from all over the Continent.

And Whereas our boys and young men, in thousands, are in consequence being publicly schooled in vice and crime, ruining their characters and destroying the happiness of countless hearts and homes;

[1715]

And Whereas this Board of Moral and Social Reform, co-operating with the authorities of all other Churches and sympathetic organizations, has for two years been pressing the Dominion Government to ask Parliament to amend the Code making the original intention clear;

And Whereas the request is in the judgment of the Assembly extremely modest and reasonable.

Therefore, Resolved that the Assembly expresses its strong sense of disappointment, and indignation on learning that the Government has refused to accede to this request, though repeatedly and respectfully pressed, and insists that the Government bear full responsibility for the injury thereby done to the good name and highest well-being of our fair Dominion, and earnestly calls upon all who respect the Assembly's authority and judgment to join in awakening public opinion in all parts of Canada and bringing every legitimate influence to bear upon the Members of Parliament and the Government until action is taken to right this great and serious wrong.

(5) *Whereas* the Assembly has learned with surprise that "habitual, open and notorious adultery, and habitual, open and notorious lewd cohabitation" are not unlawful in the present state of the Criminal Code of Canada;

And Whereas these scandalous vices are unlawful in most American frontier States;

And Whereas in consequence great numbers of those guilty of these offences are flocking across the line and making Canada a refuge where they can continue their vicious lives under the aegis of the Union Jack.

And Whereas the number of those disposed so to live is being rapidly and alarmingly augmented from the ranks of immigrants from Europe and the Orient, thus endangering the sanctity of marriage and the foundation of national virtue:

Therefore the Assembly would respectfully urge the Government to ask Parliament to amend the Code so as to protect Canadian society and morals against this grave peril.

(6) The Assembly is gratified to know that the Moral and Social Reform Council of Canada has completed its organization, thus making possible the hearty and effective co-operation of all the Christian and moral reform forces of the Dominion and of the Provinces in the interests of national righteousness and well-being, and authorizes the Board to see that from time to time the Assembly is worthily represented on the Council of Canada.

(7) The Assembly is pleased to observe the growing usefulness of the Lemieux Act in preventing strikes and promoting industrial peace and goodwill as between employers and employees, and notes with special pleasure the frequency and success with which Ministers of the Church are entrusted with the responsibility of serving on Conciliation Boards.

(8) The Assembly deeply regrets the inadequate support of the vitally important work the Board is called to do; authorizes appeal to be made to the Church for \$11,000 for the work of the current year, and earnestly commends the work to the support of all our congregations, Missions, and people generally.

(9) That inasmuch as difficulty has been experienced in properly enforcing the prohibition law in Prince Edward Island because outside liquor dealers can ship into the Province to illicit vendors and to private individuals at will;

And inasmuch as the Legislative Assembly of Prince Edward Island has unanimously petitioned the Parliament of Canada to legislate so as to prevent this inter Provincial traffic, nullifying as it seems to do, the will of the people of Prince Edward Island;

[1716]

Therefore, resolved that the General Assembly respectfully requests Parliament to give effect to the petition of the Legislative Assembly of Prince Edward Island.

The General Assembly agreed to certain slight amendments on the suggestion of Mr. W. M. Rochester. Dr. E. Scott seconded the adoption of the report, as a whole, as thus amended.

The motion was agreed to.

On motion of Dr. R. P. Mackay, seconded by Principal Scrimger, the following additions were made to the recommendations of the Report:—

Re Korea. In view of the extraordinary spiritual awakening in Korea during recent years and the increasing prospect of rich harvests in the near future, and in view of the fact that the Eastern Section of the Church is burdened with a considerable deficit and does not feel justified in increasing the staff in response to the requirements of the work, and has requested the Western Committee to co-operate in that Mission, that the Foreign Mission Committee of the Western Section of the Church be authorized by the Assembly to undertake work in that section of Korea assigned to the Canadian Presbyterian Church, and to make such appointments and provide such equipment as the state of the funds will allow.

Re Honan. *Re* the reference from Honan, the Committee recommends:—That for the present temporary condition of affairs while Mission fields are in a state of transition, the missionaries should be connected with the local Presbytery of the native Church, with full rights in Presbytery, but not subject to its discipline, and at the same time be authorized to continue as a Presbytery of the Presbyterian Church in Canada, with all the rights and privileges and responsibilities thereto pertaining.

That this dual relationship may continue for a period of five years, but that shall then terminate unless otherwise decided by the Assembly.

[1719]

generous act of Mr. Henry Birks, in presenting to every minister of the Presbyterian Church in Canada, a copy of a special edition of "The Future Leadership of the Church," by Mr. J. R. Mott. An increase in the number of candidates for the ministry is of such vital importance to the Church that this volume by Mr. Mott is peculiarly timely.

The General Assembly, therefore, cordially thanks Mr. Birks for his generous gift, which is accepted as a valuable contribution to the object in view, and the Assembly prays that the result will be a deeper interest on the part of parents and ministers in directing the attention of the young men of the Church to the ministry of the Gospel of Christ.

APPENDICES

REPORT OF THE HOME MISSION COMMITTEE, WESTERN SECTION, 1908-1909.

To the Venerable, the General Assembly:—

Your Committee present their report of the operations of the past year with somewhat mingled feelings. They recognize clearly the larger opportunities and weightier obligations of Christian service which the year brought with it—service of the country, of the Church and of the Church's King and Head. They appreciate fully the earnest and self-denying labours of the missionaries, and the valuable work done by them, not only in increasing the power and prestige of the Church that sent them forth, but also in laying a broad and strong foundation of religious experience upon which our national superstructure may be safely based, and in guiding into proper channels the sturdy forces of civic life in many a new community. They acknowledge, with profound gratitude to Almighty God, the progress that has taken place in many of the fields under their supervision, and they are especially thankful to know that the Holy Spirit has blessed the messages delivered by many of the missionaries to the conversion of sinners and to the upbuilding of God's children in faith and love and good works. They cannot forget, however, the inadequate provision made by the Church during the past year for the prosecution of this vitally important work. They estimated that the work which required to be undertaken would involve an outlay of \$186,000; and, with the sanction of the Assembly, they appealed to Church for this amount. Because of the impossibility of securing a sufficient number of missionaries to occupy all the fields in which service should have been given, the actual expenditure amounted to only \$170,712.99, but the total contributions to the Home Mission Fund fell short of even this diminished expenditure by \$13,979.10, the amount contributed (including the balance from the preceding year) being only \$156,733.89!

Your Committee realized keenly the gravity of the situation that confronted them, and considered long and carefully the course it behooved them to adopt. At first it seemed as though all requests for the opening of new stations would have to be refused. But as the splendid record of the Church in the field of Home Missions was recalled, and as the increasing religious needs of a rapidly developing country were dwelt upon, the conviction was forced upon the Committee that nothing short of the prospect of immediate bankruptcy would justify the adoption of a policy of retrenchment. It was accordingly decided to draw upon the Reserve Fund for the deficit in last year's contributions, and to appeal both to the piety and to the patriotism of the Church for the amount it will be necessary to expend during the current year, if the highest interests of the country are to be safeguarded and if the Presbyterian Church is to maintain the reputation she has secured by thirty years' aggressive effort in the field of Home Missions—the reputation of being the most forceful and influential factor in the moulding of the national life of Western Canada. The amount required is \$195,000.

While your Committee feel sure that the course they adopted will commend itself to the judgment of the Assembly and be heartily endorsed by the Church at large, they desire to point out that the course adopted is not one than can be followed indefinitely. A succession of deficits can end only in disaster. The Reserve Fund includes the "working balance" of \$50,000 granted to the Home Mission Committee out of the Century Fund, and only the interest on this amount can be used by the Committee. After wiping out the deficit in last year's operations, the portion of the Reserve Fund that is available for such emergencies amounted to \$50,769. It is very easy to compute when the day of calamity will dawn for the enterprise of Home Missions, unless the Church is prepared to make a much more adequate provision than she made last year for the establishment of

of the Kingdom of Christ on the newer districts of Canada. If the expenditure for the current year reach the estimated figure of \$195,000, and the contributions of the Church show no advance upon those of last year, the Reserve Fund will be reduced next spring to \$10,000! In that event there will be but one course open to your Committee: they will be compelled, not merely to call a halt, but to sound a retreat. Is any member of this large and wealthy Church prepared to advocate such a step, or to argue that it is inevitable because the Church is already giving to the full measure of her ability? Can any of us contemplate even the possibility of such a step without the hot blush of shame mantling our cheeks, and all our inherited determination of character crying out in indignant protest against a disgraceful acknowledgment of defeat? For thirty years we have been in the very forefront of this magnificent struggle for the control of a vast new Empire. In Northern Ontario, all over the vast stretches of the Western prairies, amid the mountain ranges of British Columbia, and far away in the frozen Klondike, we have been the pioneers in the honourable but difficult and expensive work of prospecting for the King and staking the ground in His name. Others have joined in the work and have paid us the high compliment of acknowledging the inspiration of our example and adopting many of our methods of work, but ours has been the honour of leading the way in this great Christian and patriotic enterprise. Have our arms grown so weary and our hearts so faint that we must now fall to the rear and yield to some other Church the distinguished position of leadership that we have so fairly won? With a record of achievement unsurpassed by the annals of any mission, are we prepared to confess that the task has grown too big for us, or that we have no longer any stomach for the fight? Although thousands of Presbyterians have grown wealthy during the past ten years of great national prosperity, must we say to the whole Canadian public that Presbyterians can no longer bear their fair share of the financial burden that the Christians of Canada must be prepared to carry if the moral and religious development of the country is to keep pace with its material expansion? Is the Church, for whose firmer establishment in our own country James Robertson toiled even unto death, to have upon its escutcheon for all coming time the bar sinister of an ignominious failure?

PROGRESS DURING THE YEAR.

The number of mission fields under the care of the Committee when their report was submitted to last Assembly was 585. Twenty of those fields have been transferred to the care of the Augmentation Committee, and fourteen have been dropped or amalgated with other fields. Eighty-four new fields have been opened, of which ten are in Ontario and Quebec, forty-one in Manitoba and Saskatchewan, eighteen in Alberta and fifteen in British Columbia. The total number this year is 635—a net increase of 47.

This extension of Home Mission work has been rendered necessary by the development of the country, and more particularly by the opening of the Grand Trunk Pacific Railway. An equal, if not a greater, expansion will be called for during the present year if provision is to be made for the religious needs of the large number of new settlers whose arrival is predicted by the immigration authorities.

SUPPLY OF MISSIONARIES.

The weakest point in our whole system of Home Mission work is the inadequacy of the supply of workers, especially during the winter months. Every year, when the student missionaries return to College, all sorts of expedients are resorted to in the endeavour to prevent the injurious results of an entire cessation of missionary effort. Wherever practicable two or three fields are combined under one missionary, and local supply is made use of in all cases in which it is available. But after everything has been done that it is possible to do, many fields have to be left without any services from October till April. That in spite of this very serious handicap the Home Mission work of the Church has made such gratifying progress is a cause for deepest thankfulness.

For the past two or three years, however, owing to the rapid increase in the number of fields for which your Committee have had to make provision, the insufficiency of the number of missionaries has been keenly felt even during the summer months. This is

the gravest of the many grave problems that the Church is called to deal with. There is no purpose to be served by planning for aggressive work in different parts of the country and among different classes of the population; there is no use appealing for a steadily increasing income with which to prosecute this important work, unless we can feel sure that after the plan of campaign has been mapped out and the sinews of war have been secured, a sufficient number of consecrated young men will volunteer to man the outposts of our Canadian civilization and hold aloft in every new settlement the banner of the Cross. To the problem of securing an adequate supply of the right kind of men "for the work of the ministry," the Church must address herself more earnestly and prayerfully than ever before.

In this connection your Committee have very great pleasure in reporting that, through the generosity of Mr. Henry Birks of the American Presbyterian Church, Montreal, a special edition of Mr. Mott's book on the Future Leadership of the Church has been published and a copy sent to each of our ministers. It is earnestly hoped that the seed thus scattered broadcast will spring up in many quarters and yield a rich harvest of candidates for the ministry.

CITIZENS OF ALIEN SPEECH.

Attention has been frequently called to the large number of foreigners who have taken up land in the Northwest, and to the many serious questions to which their presence in the country gives rise. Hitherto the efforts of your Committee have been put forth mainly among the Hungarians and Galicians, and these interesting and hopeful fields of labour will continue to be cultivated. It is felt, however, that an equally serious situation has quietly grown up in many of our cities; and in their estimates for the current year, your Committee provided for at least a small amount of work among these citizens of alien speech.

THE MORMON DISTRICT.

When the ground was first broken by the Church in what is known as the Mormon belt (in Southern Alberta) Cardston, the original home of the Mormon immigrants to Canada, was fixed upon as the base of operations. As the result of the missionary's efforts to minister to the little groups of non-Mormon settlers in the surrounding country, there gradually grew up the student-mission field of Mountain View—south and southwest of Cardston. Subsequently, a second ordained missionary was appointed to labour in Raymond, a town about forty miles east of Cardston. For the past two years the missionary at Raymond, Rev. J. J. Cameron, has been holding services in Magrath, some twelve miles west of Raymond, while the Rev. A. W. R. Whiteman of Cardston has been conducting services at Spring Coulee—eleven miles west of Magrath and eighteen miles east of Cardston. Through the liberality of a few friends in the East, and with the assistance of small grants from the Church and Manse Board an inexpensive church is being erected this summer at Aetna—a small non-Mormon settlement about nine miles southeast of Cardston—and a larger and more pretentious building at Magrath. The two towns of Magrath and Spring Coulee have been formed into a new field, which, it is hoped, will soon be able to claim the services of an ordained missionary and may perhaps ask to be placed on the list of Augmented Charges. We have now secured a series of evangelical ports extending through the very heart of the Mormon district, from Raymond on the east to the International Boundary Line southwest of Cardston.

In view of the tenets and history of Mormonism the importance of this work can hardly be over-estimated, and the necessity of prosecuting it with increasing vigour is emphasized by the fact that ours is the only Church that is doing anything for the religious welfare of the gentiles throughout that whole district.

DR. HERDMAN'S CONDITION.

It is with the deepest regret that your Committee report that during the past year Dr. Herdman's condition has steadily grown worse; that there is, humanly speaking, no possibility of his ever being able to resume his duties and that it will, therefore, be necessary for the Assembly to appoint a new Superintendent of Home Missions for the Synod of Alberta.

In suggesting this action the Committee desire to express their deep sympathy with Dr. Herdman's family, and amongst their recommendations will be found one proposing that a small annuity be paid to Dr. Herdman out of the Home Mission Fund.

BANFF CHAPLIANCY.

In accordance with the resolution adopted by the Assembly last year your Committee endeavoured to ascertain the mind of the Church regarding the proposal to erect and endow a Memorial Church at Banff, and for this purpose authorized the minister at Banff, Rev. S. B. Hillocks, to correspond with a number of leading laymen in different parts of the country, explaining the proposed scheme and asking them to express their opinion of it. In view of the small number of replies received and their almost unvarying disapproval of the project, your Committee decided that they would not be warranted in proceeding with the enterprise at the present time.

EVANGELISTIC WORK.

After hearing from Dr. Shearer an outline of the arrangements for the Evangelistic Campaign in the Interior of British Columbia, undertaken by the Assembly's Committee on Evangelism, your Committee expressed their readiness to consider in what way they could best follow up this important work. They recognize the special need that exists in certain sections of the country for such special efforts as this, and they earnestly hope that the campaign in East and West Kootenay will be so richly blessed of God that His own people in the various places visited shall find their spiritual life greatly quickened and strengthened and that many who have hitherto been careless and godless shall be brought to realize the supreme importance of things spiritual.

SPECIAL CONTRIBUTORS.

During the past year a number of the congregations and individuals who had been giving \$250 per annum for the support of a Home Missionary ceased to contribute, and only in a few cases have the vacant places been filled by new contributors. The number on the list for the present year is 228.

WOMEN'S HOME MISSIONARY SOCIETY.

The Assembly will be gratified to learn of the continued success of this vigorous and valuable organization. Besides carrying on its hospital work at Atlin, Vegreville, Wakaw, Ethelbert, Sifton and Teulon, and paying the salary of the Medical Missionary at Teulon, the Society has contributed the sum of two thousand dollars, for the support of eight mission fields, and is this year undertaking to support three additional fields. Its income last year was \$18,600, an increase over the previous year of \$1,258. One hundred and thirty-three new Auxiliaries and Mission Bands and nine Presbyterian Societies were organized during the year, making a total of 342 Auxiliaries and eighteen Presbyteries. The subscription list of the *Pioneer* contains nearly 11,000 names.

The members of the Assembly will cordially unite with the Home Mission Committee in extending their warmest congratulations to the Women's Home Missionary Society

on the success it has achieved and their heartiest thanks for the valuable services it has rendered.

WOMEN'S MISSIONARY SOCIETY OF MONTREAL.

Another organization to which your Committee feel themselves under a debt of gratitude is the Women's Missionary Society of Montreal. This Society makes Foreign Missions and French Evangelization as well as Home Missions the objects of its beneficent activities. Last year it contributed \$1,500 toward the support of six mission fields, and this year it has undertaken the support of two additional fields.

AMERICAN PRESBYTERIAN CHURCH, MONTREAL.

The Church is once more indebted, for the largest congregational contribution to the Home Mission Fund, to a congregation that belongs to another Church—The American Presbyterian Church of Montreal. This congregation, with a liberality that calls for specially grateful recognition, contributed during the year \$4,750, towards the support of nineteen Western mission fields.

CONTRIBUTIONS FROM THE BRITISH ISLES.

The large emigration to Canada that has been taking place from Great Britain and Ireland has helped to bring home to the minds of the people of the British Churches the vastness of the work that the Church in Canada is called to undertake, and toward the prosecution of that work they have contributed during the past year the sum of \$6817.51. This generous assistance is very gratefully acknowledged.

STUDENTS' MISSIONARY SOCIETIES

The work of your Committee has, for many years, been greatly lessened by the valuable service rendered by the Students' Missionary Societies of the various Colleges.

This year five fields are being supplied by the Montreal College Society, four by the Association at Queen's, and forty by the Society in Knox College.

Your Committee recommend:—

1st. That the salary of the Superintendent in Northern Ontario be made the same as that paid to the other Superintendents.

2nd. That an annuity of \$300 be paid out of the Home Mission Fund to the Rev. Dr. Herdman.

3rd. That the Assembly determine to what purpose the James Robertson Memorial Fund shall be devoted.

4th. That the Committee's proposal to expend \$195,000 during the present year be endorsed, and that the Assembly urgently request the members and adherents of the Church to place this sum at the disposal of the Committee.

5th. That a small committee be appointed, to act along with similar committees of other Churches, for the purpose of considering co-operation in Home Mission work. The work of this joint committee shall be:

(1) To define the policy to be followed in regard to comity and co-operation.

(2) To adjudicate upon special cases which may be referred to them, where fields may be rearranged to prevent overlapping.

6th. That Sabbath the 24th of October 1909 be appointed as a day of special thanks-

giving and prayer in connection with Home Missions, and that all ministers and missionaries be earnestly enjoined to urge upon their congregations a more liberal support of this important department of the Church's work.

7. That the H. M. C. be empowered to increase the amount paid to students in their employment by one dollar per week if the state of the fund permit.

All of which is respectfully submitted.

E. D. McLAREN
Convener.

REPORTS FROM SUPERINTENDENTS.

HOME MISSION REPORT FOR NORTHERN ONTARIO.

During the past year the Home Mission work has been carried on in Northern Ontario with sustained energy, and with encouraging results for which we thank God, and enter upon the work of another year with increased courage and hopefulness.

A GREAT LOSS.

A serious break in the work was felt when Dr. Findlay was called away so unexpectedly last June. It is not easy to estimate the value and importance of the many years' service which he gave so ungrudgingly to Home Mission work in Northern Ontario. He entered upon the work when it first began to open up in Muskoka District, and for a third of a century he followed the progress of settlement and the development of the resources of the country with unwearied diligence and zeal, organizing mission stations where needed, and arranging for their supply as best he could. There is scarcely a mission station or congregation in all the country that has not been organized and fostered by him. However dark the day, he never faltered in pushing forward the work so dear to his heart, till he fell like a hero in the fight and received his reward from his Lord and Master. His loss is keenly felt by all the workers in the field, and far beyond, but his work was well done and shall last as a monument to his great missionary zeal and unselfish devotion to the Church.

THE FIELD.

The field is situated right in the heart of Canada. It extends from Quebec on the east to the Thunder Bay District on the west, and from Lake Simcoe on the south to Lake Abitibi on the north. It has been regarded by many as a barren country, but of late prospectors and explorers have gone into the country and returned with glowing accounts of its illimitable resources in minerals, timber and good agricultural lands. Many now think that when its resources are properly developed, it will become one of the richest sections of all Canada. Railways are being built through the district; capitalists are investing millions of dollars in lumber and mines, and settlers are pushing north to make homes for themselves on the fine agricultural lands of the great clay belts.

CHARACTER OF THE WORK.

Home Mission work, like other work in Northern Ontario, is of a varied and manifold character. The lonely settlers in the newer districts, as well as those in the more sparsely settled parts of the older districts, must be cared for by the Church, or else a deplorable work of decadence will take place among them which will ultimately tell seriously against Canadian life and citizenship. No one can foretell what the calamitous results will be to our country if we

should have a large and increasing population in the heart of it falling from generation to generation to a lower social, intellectual, moral and religious level, which is certain to take place among the people if neglected by the Church. The fifty thousand men engaged in lumbering operations should be a special care upon the Church. These men are mostly young Canadians engaged in laborious and dangerous work, deprived for many months at a time of all social influences which are refining and ennobling, exposed to many temptations, and preyed upon by whiskey sharks and others. The only power which can overcome these influences and save these men is the Gospel of Christ presented to them by men who are in sympathy with them and who understand them. Another growing class of great importance is the miner and prospector. Since the discovery of silver in Northern Ontario, thousands of men have been rushing to Cobalt, Elk Lake, Gowganda and the regions beyond. It is probably within the mark to say that there will be not less than one hundred thousand men in Northern Ontario more or less interested in mining operations. They are among the most intelligent and enterprising in the country. As a class they are law-abiding and self-respecting. They demand, however, the immediate attention of the Church, for the enemy is in the land in the shape of blind pigs and brothels. The opportunity of the Church is in the present, for if she is not active now many of these men will fall by the hand of the enemy, and we shall have the deplorable conditions of certain parts of the West duplicated here in Ontario. Besides the men who work in the forests and in the mines, it is estimated that there will be at least 25,000 men engaged in railway construction. Among these are to be found all classes and creeds, from the Dago who does the mucking to the resident engineer who superintends the construction work. No doubt most of them will be foreigners, but if we are true to our Lord and to the opportunities He is giving us, we will not fail to send to them our best men to win them for Christ and His Kingdom.

Such is the field and work which is calling to-day for laborers. It offers splendid returns to the missionary. It is true that they cannot all be tabulated and so make a good showing in the columns of statistics. It is a work which does not lend itself readily to the building of new churches and the organization of new congregations. It is a work which bears upon the lives of thousands of men who are here to-day and away to-morrow, as he hears of opportunities "to plant a stake" or "strike it rich." They are the men who are preparing the way for prosperous communities which will in some cases develop into towns and cities.

THE WORKERS.

The work is carried on by about eighty missionaries when the fields are all supplied, which is seldom the case. Not more than fifteen of these are ordained men. If all the fields needing and asking for ordained missionaries were supplied with them, there would be at least twenty additional ordained men appointed at once. The other sixty-five fields are supplied by students and catechists. The students spend only five months on the field and return to college each October. This means a continual change in the supply of many of the fields, and a consequent waste. That the work can stand this terrible strain put upon it twice a year without collapse, is a splendid testimony to the enduring character of the work done by the missionaries, and to the faithfulness and loyalty of the people to the Church of their fathers. The missionaries have in many cases shown a fine spirit of devotion to the work. In some cases they have walked from twelve to twenty miles on Sunday and preached three and even four times. They did not have the inspiration and enthusiasm which comes from large congregations. The Church has not finer men in its service, whether at home or abroad, than many of those to be found in Northern Ontario, and not the least among them are some of those who have come from the old land.

EXTENSION OF THE WORK.

The wonderful development which is taking place in mining and in railway building in the north country, means a corresponding development in mission work. Up to 1907, Rev. Mr. Pitts, of New Liskeard—the pioneer mission-

ary of the north—was the only ordained minister north of Lake Nipissing. Now it is proposed to form a new Presbytery in that district. It will include within its bounds three strong self-supporting congregations, three ordained mission fields which are on a fair way toward self-support, and twelve mission fields, some of which, like Gowganda and others, will soon become self-supporting. Still the work is not fully overtaken. The number of missionaries should be greatly increased, especially the number of ordained men. At Lorraine there are 1,500 miners, and no missionary. At Giroux Lake only one missionary to visit about 20 camps, and probably 3,000 miners. The Rev. J. J. Wright has already done splendid work for the Church at Elk Lake and vicinity. He has more than enough to do at Elk Lake alone, and should have an assistant to visit the dozen or more mining camps at Silver Lake and surrounding country. There are two student missionaries at Gowganda, but what are they among the thousands of miners and prospectors in that great mining district, recently opened up? It is reported that seventy thousand men have gone in there already. Strong men of experience are needed to work among the railway men on the G. T. P. east and west of Cochrane, as well as on the C. N. O. west of Sudbury. It is probably an under-estimate to say that 25,000 men will be engaged in the construction of railways in Northern Ontario. An additional force of at least eight or ten men of experience is needed to overtake the work in the mining camps in Nipissing and Algoma. There is little hope of the Church accomplishing much in mission work in Northern Ontario unless it is carried on with boldness and energy. The thousands of men of Northern Ontario are for the most part employed in great mining and lumbering enterprises. To them the work of the Church makes no appeal when it is carried on by poorly-equipped missionaries, who are only seen by them occasionally as birds of passage. These men are accustomed to be led six days in the week by men of strong character. They expect their religious leaders to be men of strong personality—able to lead and teach. The work can only be carried forward by the very strongest men in the Church.

CONSOLIDATION OF THE WORK.

One of the evidences of the growth and development of the country is the improved condition of the roads. Advantage of this has been taken to consolidate the mission work. Some of the preaching stations have been united, and others rearranged, thus making saving in some cases of both men and money. It has secured for some fields continuous supply by an ordained minister, which would otherwise have been supplied interruptedly by students or catechists. Changes have been effected in the following fields:—Muskoka Falls, Baysville, St. Andrew's, Kilworthy and Washago, in Barrie Presbytery; French River, Key Harbor, Markstay, Hanbury, Milberta, Charlton, in North Bay Presbytery; Webbwood, Espanola, Gore Bay, Barrie Island, Providence Bay, Massey and Walford, in Algoma Presbytery. Other changes will be made from time to time as the occasion offers itself.

CHURCH BUILDING.

Considerable has been done during the year to give evidence to the work by way of church building. New churches have been built and opened at the following places:—Norway Point, French River, Englehart, Latchford, Earlton and Elk Lake. Some of these churches are very comfortable and commodious, and are a distinct credit to the people. A very convenient manse was built at Kearney last summer.

SOME DIFFICULTIES IN THE WORK.

Perhaps there should be no place in a Home Mission report for difficulties and discouragements. We obtain strength in overcoming them through the power of God. They are only mentioned here with the hope of inspiring greater effort in the work. One of the most serious hindrances to the progress of the work is the constant and frequent change that is taking place in the supply of the fields. About the time the missionary has his work nicely on the way—the

people gathered about the church and becoming interested in the Word and work of God—he has to return to college and leave his work and the awakened interest of the people to the benefits to Latter Day Saints and a host of others no better. This constant change is beginning to have a vicious influence upon our people. In years to come we shall look in vain for a strong and vigorous class of people upon whom the Church can depend to support and propagate the Gospel of our Lord. Another difficulty is the migratory character of many of the people. The continual change makes it impossible for the missionary, in many places, to organize his congregation for effective service. The encroachments of the French Roman Catholics is telling seriously against the progress of our work in some sections. This will be felt more and more, for there is a well-organized effort on the part of the Roman Catholic Church to promote the emigration of the French from Quebec to Northern Ontario. Where possible, separate schools are being organized, which leaves no alternative in some sections to Protestants but to send their children to separate schools or to allow them to go without an education. The problem of the Protestants in Quebec is becoming the problem of the Protestants in many parts of Ontario, much sooner than many even suspect.

SOME ENCOURAGEMENTS IN THE WORK.

The work has many encouraging features. To begin with, the field is a most inviting one, situated as it is in the heart of Canada. Its resources are great, and this means that a large population will yet fill the country. The outlook is very bright. At present the mission work is mainly among a class of young men who are hopeful and enterprising. Many of them are fast rising to positions of wealth and influence. Some of them will yet be the leaders in politics, commerce and large public enterprises. As a class they are open to the Gospel. No minister could desire a more appreciative and responsive hearing than he will get from the men in the mining and lumber camps. The orderliness and respect of law which can be seen generally throughout all the mining camps of Northern Ontario is much to the credit of the young men. A very encouraging feature of mission work is the large percentage of young men studying for the Church who have come from mission fields. There has been a most gratifying increase in the number of congregations in the north during the past ten years. The increase has been at least tenfold, which is most satisfactory when you consider the character of the work. Altogether, the investment in Home Mission work in the north has given splendid returns in the past, and the outlook was never brighter for the future. One of the most cheering features of the work is the number of capable men who are devoting themselves with great enthusiasm to it. This enthusiasm is bound to become contagious. The once little band will become a great one yet. Let all the praise be given to our Lord and Master, who has thrust the laborers into the field and who is causing them to rejoice in His work.

S. CHILDHEROSE,

Superintendent Northern Ontario.

REPORT OF THE SUPERINTENDENT OF MISSIONS FOR THE SYNODS OF MANITOBA AND SASKATCHEWAN.

During the past year the work has been well sustained in the districts previously occupied, and mission fields have been organized and stations opened in the new settlements where the conditions warranted the expansion of our work. The new fields opened in the different Presbyteries are as follows:—

Superior Presbytery—Sleeman, Nipegon, Barwick.

Winnipeg Presbytery—Carter Avenue, Italian Mission, Weston.

Minnedosa Presbytery—Makepeace, Seeburn.

Yorkton Presbytery—Beckenham, Birmingham, Buchanan, Gurney, Kelvington, Llewelyn, Malby, Snake Creek, Stony Creek, Waldron.

Abernethy Presbytery—Hubbart, Tullymet.

Qu'Appelle Presbytery—Sunny South.

Regina Presbytery—Central Butte, East Davidson, Fish Creek, Lake of Rivers, Lake Johnson, Rossburn, Lucky Lakes, Pinto Horse Creek, Swift Current Landing, Tyner, Waldeck, Wallace, Willow Bunch.

Saskatoon Presbytery—Red Deer Lake, Westhope, Zelma.

Prince Albert Presbytery—Prince Albert, Hungarian.

Battleford Presbytery—Gettysburg, Manitou Lake, Unity.

During the summer all our missions, with one or two exceptions, were supplied, and in nearly all our fields faithful work was done.

A larger percentage of our fields were supplied during the winter than in any previous year. Through the declination of several to accept their appointments, several of our most important fields were only partially supplied. At the Executive of the Home Mission Committee, in October, a hundred appointments to mission fields were made or ratified. These changes arrest the work, but are unavoidable while we employ so large a number of students.

Kelliher, a new town on the G. T. P., may be cited as a fair example of a field left without supply. A missionary was appointed to the district. I visited the field in the winter and found seven business places and a population of about sixty. I held a week-night service, at which about thirty were present. The field has two outside stations. No supply has been given during the winter term. Some of the complaints were very bitter, and it seemed very hard to justify the committee in not providing for it.

Had all the men accepted their appointments, we would not have had over a dozen fields vacant that we intended to occupy.

STUDENTS FROM THE OLD COUNTRY.

Most of the men secured in the old country are doing good; some of them excellent work. The majority of them are taking matriculation by correspondence, some of them will take the minister evangelist course and all of them intend to qualify for ordination. Two, on account of their youth, have not been quite satisfactory.

In the near future the call for ordained men will be as urgent as for student catechists now. The attention of the Presbyteries of these two Synods and of the Synods themselves, has been called to the serious situation caused by the lack of a sufficient number of young men studying with the ministry in view. Significant of this is the number of men secured in the old country recently for Home Mission work and the future ministry of our Church, nearly forty last, and more than that number this year.

In both Synods this question was seriously considered, and the attention of all interested in it, and responsible for it, is being directed to it in the hope of securing from the west a very much larger number for mission work and the ministry of our Church.

During the past six months seven fields have been raised to the status of ordained supply, and thirteen to the status of congregations. A very much larger number will qualify for this status each year in the near future.

During my visit last year to the old country, I was instructed by the General Assembly's Committee to visit the general assemblies of the Presbyterian churches there in the interests of our work, and to secure men for our mission fields. Through the courtesy of Dr. Mitford Mitchel, Dr. Shaw, of Edinburgh,

and Professor Hammill, of Belfast, Conveners of the Colonial Committees, I had the privilege of addressing the assemblies of the Church of Scotland, the United Free Church, and the Irish Presbyterian Church, on the character of our work and its needs. These churches understand and appreciate the work we are doing, and are ready to help us, as they should, for our mission problem is partly created in providing the outward means of grace for their sons and daughters, who are coming to our country in such numbers.

It would be in our interest to have some one who knows our work present to the assemblies of these churches every year, and remind them of their responsibility for assisting to support missionaries for their own people who are casting in their lot with us in the mission fields of the West.

In Scotland, I was greatly assisted in securing men by Dr. Shaw and Dr. Milne Rae, Principal Anderson and Rev. J. G. Dawson Scott, of Cowcaddens Church, Glasgow, and in Ireland, by Prof. Hammill, of Belfast. I accepted fifty of the applicants; however, only thirty-eight came out. Several others with whom I had been in correspondence came later.

A WEEK AMONG THE NEW MISSION FIELDS, ON THE NEW BRANCH LINE FROM MOOSE JAW TO OUTLOOK.

We began at Eyebrow on the 31st of January. This mission has three stations. The missionary was only recently appointed, and reported twenty-three families in the entire field. As several of these families were only loosely attached to the mission, he was favorably considering the request of a missionary of another Church to hand the mission over to that Church and abandon the field. This suggestion was quite a surprise to his Board of Management, who were well acquainted with the district, and reported twenty-two families in the Eyebrow station alone. At a largely-attended meeting in the evening we organized mission field with three stations: Eyebrow, Eskbank and Avonmore, having thirty-eight families. The large number of families, the prospect of more coming in the spring, and the importance of our work to this district, inspired the missionary with new hope and the determination to find out all the families in the district attached to our cause.

This mission is enthusiastic over its strength and prospects. The management instituted a canvass of the entire field while I was there, which will be continued till everyone with an income is reached. Eight families have subscribed a hundred and fifty dollars (\$150) a year.

Lots were purchased for a manse and church. Both buildings will be proceeded with next summer. It will take time, patience, tact and effective preaching of the Gospel to gather the material of this field and organize it into a strong and progressive mission.

MARQUIS.

We reached Marquis next day about 8 p.m., the train late and a blizzard blowing, the thermometer 30 degrees below zero, and no railway station. The missionary had been from home and had not got my letter, and no meeting had been arranged for.

The field consists of three stations, Valley, Marquis and Barton's, which have thirty-one families, fourteen single persons, and an average attendance of fifty-five per Sunday. The settlement is poor, settlers poor, and representing nearly every denomination. The year before last they were hauled out. Last year their crop scarcely paid expenses. The collections of the entire field amount to \$3 per Sunday. There would be no use in circulating a subscription list. The people have nothing to give and are not disposed to make any promises. The missionary's board and horse-keep amounts to \$3.50 per week. He will lose \$40 on his horse when he sells. There are \$31 arrears due him from last summer. In this field there are many who give themselves the greatest liberty in their amusements, others of the very opposite type. The missionary is respected

by both these classes, and is successful in uniting them in the services of the Church, though they have so very little in common with each other.

Shall the missionary bear the burden of these people of divers denominations who have been deprived of an income for two years, while under the heavy expense of pioneer life, or shall we withdraw him and add to the deprivation of this district the silent Sunday? This is not our idea of our Church's intention. We left the missionary with the expectation that the Church would come to the aid of the district and provide the funds necessary for his salary, and appoint a successor to take up his work in the spring, when he will leave for another field.

OUTLOOK.

We reached Outlook next day at 7 p.m., dark, and quite a heavy storm. The site of Outlook was a harvest field in August. Now there are a hundred and ten buildings, three banks, four general stores, six lumber yards, two doctors, two lawyers and an hotel. Our services, on account of an unsuitable place of worship, had been poorly attended. The services are now being held in a private house, with gratifying results. The people will show the same interest in the mission that they have in the town, which is saying a great deal. Broderick, with a country appointment, is joined to Outlook. The missionary worked the field without a horse. One day in the discharge of his pastoral duties he walked twenty-six miles. The horse problem is meeting us in nearly every station. Most fields decline to provide a horse for the missionary. The Home Mission Committee make no provision for securing one. The field and the committee demand a service from the missionary which cannot be rendered without the aid of a horse, and yet undertake no responsibility in securing one. The cost of providing an outfit ranges from one hundred and twenty-five to two hundred dollars, according to the district. The missionary's salary is \$7 a week, with board, inadequate for such an expense; besides he may only need the outfit for six months, but the field needs it all the time and should provide it. It is not to be wondered at if a student now and then undertakes to work without a horse of his own, to the field's and the committee's disadvantage. If the horse was purchased by competent judges and owned by the field, no time would be lost in either buying or selling, and any depreciation of outfit through the carelessness of the student could be charged against him. If this could be done by the assistance of the Home Mission Committee, a vexatious problem would be solved, to the great relief of our students and the better working of our fields.

ELBOW.

I spent Sunday, the 16th, at Elbow, with Rev. Mr. Hanley, who had been appointed to this field in the spring. He is the only ordained missionary between Tuxford and Outlook, a distance of a hundred and ten miles. In the early summer he moved his family across the county from Craik into a sod shack of two rooms. It was made to serve the purpose of a house during the summer. When the thermometer dropped from 30 to 40 below, they were compelled to move into one room, and tried in vain by means of two stoves to make it habitable. In the early summer Mr. Hanley, knowing the condition of the sod shack, proposed the building of a manse. The most interested and enterprising thought it impossible. They, however, undertook this work. A fine manse, 24 x 30 x 16, is the reward of his faith and enterprise and the co-operation of a faithful people. He had moved into it as soon as it was lathed, one week before I visited the field. The weather was intensely cold, but he thought he could occupy one room until the papering was completed. The table was moved as near the stove as safety would permit, and yet the milk froze on the table during breakfast. He had to remove his family to a boarding house for four days until the papering was completed. I found him and his family comfortably located in the manse, where I was hospitably entertained.

With Elbow are connected two outside stations, each about twelve miles distant, Maple Bush and Bonnie View. In the field there are forty-eight families. Our morning service was at Maple Bush. The roads were bad, the weather

intensely cold. It took two hours and a half to reach the place of preaching. The house was well filled. After service we arranged for a canvass of the field for the support of the missionary. In the not far distant future this station will be a strong congregation. After dinner we drove back to Elbow for service at 3 o'clock, where a large audience had assembled in the town hall. This was the second service held there, the services previously being held in a house about two miles distant. After service the managers arranged for a canvass of the town for the support of ordinances, recommending the envelope system. A new church is essential if the best work is to be done, and will be undertaken next summer if the Church and Manse Board is in a position to give a loan.

At 5 p.m. we started for Bonnie View. Darkness soon overtook us. We missed the trail, but kept in the right direction, reaching the school house about an hour and a quarter after the hour of service, and heard the congregation, which was waiting for us, singing "Throw Out the Life Line." The district was well represented in the audience. This station is not large, but of splendid quality. I found the people there considerably exercised over a large settlement in the vicinity of Seventh Day Adventists, who regard working on the seventh day and resting on the first a mark of the beast, and are determined to violate our national Sunday law. The people regard their influence as most unwholesome upon the children and young people. We returned next day through a very bad storm, having completed a drive of forty-eight miles.

BROWNLEA.

This field contains Brownlea, Keeler and Livingstone. Sixty families are ministered to; less than twenty of these are Presbyterian. The Brownlea congregation refused to have any other church start services there, in the conviction that denominational rivalry at present will not be in the interest of the community. A Presbyterian mission is organized, a site for a church secured, and a subscription list to build a Presbyterian church next summer is being circulated. Some of the largest subscribers are not Presbyterian. At present the audiences are large, and the mission prosperous. The Methodists are planning to begin work here. They are reported to have six families.

At Keeler there are seventeen families. A church costing \$1,000 will be built next summer. Not more than half the congregation are Presbyterian. All are equally attached to the cause and interested in the mission.

At Livingstone there are eight families, representing eight denominations. They have organized a people's union in the interest of sociability, morality and religion. A committee is put in charge of each of these. Our missionary has been invited to take charge of the services, which are well attended. The support is somewhat liberal. The union is not proving satisfactory and is not likely to be long continued. This field is fairly typical of many districts on the prairie where the people are sociable, moral and religious, and represent divers denominations. They worship together in whatever church occupies the field. The low state of spirituality in many of these districts seriously threatens the future. The importance of the very best men for such fields can scarcely be exaggerated. These districts are easily united under a good man. The people hold their distinctive religious beliefs, but are not anxious to accentuate them. The question of expense and comfortably housing our students is raised here. In new fields people do not build so as to provide for missionaries. They make but scanty provision for themselves. Single men are preferred for these fields who will look after their own accommodation. I found our missionary here living over a poolroom, where he had his nose frozen in bed some few days before my arrival, and yet his board and horse keep cost \$8 per week, and cannot be secured for less. The Presbytery and the Home Mission Committee should assist each other in arranging comfortable quarters for our missionaries and giving them opportunities of study and of properly doing their work. The money invested would pay a hundred fold, not only in reducing expenses, but in the character of the work done.

Brownlea station, encouraged by the Convener, is going to erect at once a small building for the missionary and a stable for his horse. Here we have

another horse question. The missionary, without experience and without funds, purchased a horse, which he required immediately to hand over to a veterinary, and which, after treatment more or less prolonged, died. Another has been purchased at a cost of a hundred and ten dollars, and is able to do the work. The horse which died cost him \$60. The missionary has become an expert rider and is making all his appointments in the saddle. I find this whole field, all things considered, in splendid condition.

TUGASKE.

During the winter Tugaske is worked with Montrose or South Saskatchewan, giving three stations in each field fortnightly service. Through an arrangement of the missionary at Eyebrow, Tugaske itself gets weekly service. There are in and around Tugaske fifty Presbyterian families. The average attendance during the winter was eighty, in a most uncomfortable place of worship. The management have decided on a canvass of the entire field for the support of ordinances and to qualify for ordained supply. A new church will be built next summer, costing about \$2,000, and a small manse 16 x 20 for the missionary, and a stable for his horse will also be built. I held a service in the waiting room of the restaurant at 8.30, about forty were present.

The Montrose field is also a large one. The round trip on Sunday in each field is about thirty miles. One of the young Irishmen, brought out last fall, is in charge, and is doing splendid work. In the near future both fields will qualify for ordained missionaries.

This week's work in Regina Presbytery gives a fair idea of what is to be found with variations in the new districts.

WORK AMONG THE FOREIGNERS.

Hungarians.—During the year our four Hungarian missions have been supplied, three of them with ordained men, and the other by a catechist. The catechist had been a Roman Catholic, and is a graduate of an Austrian University. He visited Prince Albert this winter and found thirty-eight Hungarian families belonging to the Reform Church. They were anxious to have a man appointed, and many Roman Catholics promised attendance if work would be begun. The Presbytery of Prince Albert has applied for special ordination for him, so he may be appointed to this important field.

In Bekevar the work was arrested by attacks on our minister there. The Presbytery of Qu'Appelle has investigated the charges and the minister's character has been triumphantly vindicated. The disturbance in this field has unfavorably affected our work in Wakaw and Otthon. We hope a better condition of things will soon prevail.

Galicians.—The Galician work, on the whole, has made progress during the year, especially in Saskatchewan.

Rev. John Bodrug, editor of The Ranok, a trusted leader among the Galicians in Manitoba, and to whom we looked for information and suggestions for better administration and aggressive work, accepted an offer from the American Presbyterian Church North to undertake work much on the same lines there, as here. Six of our Independent ministers went over with him. One has proven himself unfitted for our work and has retired. The removal of seven missionaries was a large diminution of our working force, and for a time keenly felt, especially in Manitoba. In their place we have secured one who has completed his course for the priesthood in the Uniat Church, two who had nearly completed their course, and two of our own students. These were received into the ministry of the Independent Greek Church, and are rendering excellent service. Two other ministers, without salary, have been employed, and so we have filled up the gap made by the withdrawal of so many, and we are in as good, if not better condition than last year. One or two members of the college class may be ordained to the ministry, and two or three as deacons, in the near future.

The failure of the crops, in so many of the settlements where the Galicians are, has greatly interfered with any advance in self-support. Our missionaries are experiencing great difficulty in living on the grants given, which constitutes in several cases their entire income. The committee, however, after considering the whole situation, decided against any increase of help from the funds of the Church, and are urging the Galician congregations, through their ministers, to greater liberality.

The Church in Winnipeg is instituting a canvass, which will reach all who have an income, for subscriptions towards their minister's salary and payment of the church debt.

The Galician classes in Manitoba College are well attended. The pupils are carefully selected, and represent nearly every Galician district. They are supported by loans of \$16 per month, to be repaid without interest when they are in receipt of an income. The money has been secured by donorships of \$25 each, from the Synods of Manitoba and Saskatchewan.

We are likely to get schools this summer for twenty-four of our students.

One student is taking second part matriculation, thirteen the first part, and there are seventeen in a class preparatory to matriculation.

During the year they have shown an ability and desire for learning that makes the work most promising. The boys compare favorably with the average Canadian student in intellectual acuteness. They have a great desire to qualify as leaders and teachers among their own people.

Their general conduct is admirable, and the effort to prepare them for work among their own people deserves careful attention and ample support.

J. A. CARMICHAEL.

HOME MISSION REPORT FOR SYNOD OF ALBERTA. INCREASE OF MISSIONS.

At the beginning of this year there were on our list, including 17 new fields, 112 missions and 20 augmented charges, or a total of 132.

A FORWARD MOVEMENT.

Last year St. Andrew's, Calgary, and Didsbury, became self-supporting; Cayley, Penhold and Norwood became augmented, while this year Nanton becomes self-supporting, and Tongue Creek becomes an ordained mission.

CHURCHES BUILT.

During the year two new, and commodious and up-to-date structures, were built at Lethbridge and Lacombe respectively, to replace the old ones, which were worn out and too small. A church was also built on the Trochu Valley field, and one at the Foothills Mission.

THE NATURE OF THE WORK.

The work in this Synod is of a varied character. In addition to missions amongst ranchers and farmers, we have missions among the miners, at the lumber camps, and amongst the railway construction gangs, each kind of work calling for its own type of men.

Mormons.—We are also carrying on an important work in the Mormon country in Southern Alberta. We have two ordained men stationed there, Mr. Cameron, at Raymond, and Mr. Whiteman, at

View, south and west of Cardston. There is quite a number of non-Mormons, attracted by the fertility of the soil, locating in the Mormon district, and it is imperative that we establish missions among them in order to protect them from the blighting influence of Mormonism.

Galicians.—We are also doing work among the Galicians at Vegreville. Dr. Arthur, the superintendent of our Missionary Hospital there, and his staff of nurses, are revealing in a very practical way the meaning of Christianity, are winning the confidence of these people, and inclining their hearts to listen to the Gospel Message. Dr. Arthur, in addition to his medical work, conducts an evening class for the Galician boys and girls, keeps an open house for these "strangers within our gates," is doing a work that will assuredly be fruitful of much good.

EXTENSION OF RAILWAYS.

This year is going to witness a rush in railway construction in our Province. They intend to go ahead at once extending the Lacombe to Moose Jaw branch, and the Wetaskiwin to Saskatoon branch. The Grand Trunk Pacific is expected to reach Edmonton soon, and to push on to Pembina, over 100 miles west of Edmonton. The Canadian Northern will build from Morinville to the Athabasca Landing, and another line is expected, reaching from near Vegreville on the C.N.R. to a point near Calgary, tapping the country east of the C. & E. line. This boom in railway construction will mean a rush of immigrants to the new towns that will be opened up, and to the lands adjacent to the new lines, and that will mean that more missionaries will be needed very soon. It will be a calamity to our country if the Church cannot keep pace with the immigration. They are coming in from almost all parts of the world, a mixed multitude, and they are needing the care of the Church. Surely the Church, in its prayers, in its sympathy, in its love, will not forget them. The call for help, especially for missionaries, is an urgent one. Will the call be heard in vain?

Acting Superintendent.

HOME MISSION REPORT FOR SYNOD OF BRITISH COLUMBIA.

The Synod of British Columbia includes the Province of British Columbia and the Yukon Territory. The Province of British Columbia is as large as the States of Washington, Oregon and California combined; while the Yukon contains an area of 196,976 square miles—constituting together an immense district, exceedingly difficult to explore because of its mountainous character, yet destined because of its immense natural resources in timber, minerals and fish, and a long coast line on the Pacific Ocean, to play a most important part in the future greatness of the Canadian nation. Though settlement takes place less rapidly, and Home Mission work is carried on amid greater difficulties than in the other Provinces, it is just as necessary that the foundation of our western national life should be established in righteousness, for the accomplishment of which much patient, persevering and sacrificing labor must be put forth by the Church and her representatives.

YUKON AND NORTHERN BRITISH COLUMBIA.

The work being carried on in the north is of such exceptional character that an extended reference is necessary.

ATLIN.

Missionary work in Atlin has not made much progress recently, which is partly due to the fact that mining operations are not being carried on with the same vigor with which they were a few years ago. Not only the mining popu-

lation is decreasing, but the number of persons engaged in commercial pursuits is also decreasing, and those who remain in the country are not in the same flourishing financial condition; hence a smaller contribution for Church purposes and less advance in general Church work are to be expected.

For a number of years, until last summer, our Church was the only representative in the field. The Anglican Church has now a missionary at Atlin. The missionary policy most favored by the people, and which commends itself to the committee, is to secure a medical missionary, who would be able to carry on his medical practice in connection with his missionary work. With the help of such a missionary the St. Andrew's Hospital would greatly increase its usefulness. The missionary would have greater and freer access to the miners, both when in the hospital and on the creeks; but, unfortunately, we have not been able to secure a man having these two qualifications.

WHITE HORSE.

The population of White Horse is reckoned at one thousand. The Government gives a grant of \$900 a year for the support of the public reading room, which is conducted in the church. For this service the church receives assistance, in that light and fuel are both provided for the church services and the house of the missionary, which is in connection with the church building. It is impossible to estimate the value of the work which the missionary is able to do through the agency of this reading room. Rev. E. Turkington has been missionary here during the past year.

HUNKER.

During the eight years Rev. Geo. Pringle has spent in this field, he has done much difficult but efficient work. The Church cannot estimate too highly the work he has accomplished in that northern field. During the time he has labored, five churches have been erected at an approximate cost of \$6,000. These have all been equipped with organs, hymnbooks, etc. In addition, circulating libraries have been established, and these, with the magazines subscribed for, or contributed, have provided almost the entire literature for the camps. The churches have been the centres for all social and intellectual life in the community.

Regular services have been conducted for years at many other places, where now there is not a single vestige of human habitation. While the population has decreased very greatly upon the creeks, there is still quite a large permanent population, made up of families, as well as single miners, who are there during the whole year.

At the different preaching stations organization has been proceeded with and managers appointed. It is hoped that a larger share of the expense connected with this mission field will be borne by the people themselves.

TELEGRAPH CREEK.

A splendid work has been done during the three years Dr. Inglis has been on this field, and testimony has been borne to his faithful work by all classes who inhabit this isolated district. Regular services are conducted for the white population each Sabbath evening, and for the native population each Sabbath morning. Three buildings on the same plot of ground have been purchased at a reasonable cost, one of which is used for the church services, the second for the doctor's office, and the third for his residence; thus enabling him to carry on the work with greater efficiency and comfort to himself than was possible when he first began work.

Through Dr. Inglis' efforts the sum of \$1,500 has been promised by both the Dominion and Provincial Governments for the erection and equipment of a hospital, which is much needed if the medical work is to bear fruit equal to the expenditure of labor and skill. Assistance is also to be given by these Governments for its maintenance, as well as a grant for the support of the resident

physician; and it has been recommended to the Women's Home Missionary Society that they provide a nurse to assist Dr. Inglis in the hospital work.

PRINCE RUPERT.

The Presbyterian Church was represented at Prince Rupert, July 1, 1907, by Rev. W. J. Kidd, B.A. On account of the Grand Trunk Railway not allowing people to secure land upon which to build, Mr. Kidd has been heavily handicapped in his work. He held services for a time in a restaurant, and when this became intolerable he was granted the use of the dining room in the Grand Trunk Hotel. Here for the winter he carried on the work, but not having a place to which he could invite men during the week days, he could do nothing in the way of organization. In July of 1908 permission was given to erect a "tent church" on a site allocated by the Grand Trunk Railway Company. A subscription was taken up, and this, with the voluntary labor given, was almost enough to erect a church free from debt.

A communion roll has been opened and quite a large number of members are enrolled. A board of managers has also been elected, and the envelope system adopted. There is a very great work before this young congregation, and the pressing need at present is a permanent site upon which to erect a church building. As soon as this has been granted, the work of erecting a place of worship will be proceeded with.

CHURCHES AND MANSES.

During the year considerable activity has been manifested in erecting churches and manses. Manses have been built at Alberni, Agassiz and Mission. Churches have been erected at Grandview, Dundas Street, St. Paul's—all in Vancouver—South Vancouver, Rosedale, Prince Rupert, Keremos, North Thompson, Sulphur (in the Hunker mission field, Yukon), and Duncan's (omitted from last year's report). These churches and manses will do much to consolidate the mission work of these fields. A number of other congregations are preparing to build during the present summer.

NEW WORK.

As preparations are going forward for the construction of the Pacific division of the Grand Trunk Railway, many settlers are taking up land along the proposed route. According to Government reports, there are great areas of arable land awaiting the settler. Already many have taken up homesteads, while others are preparing to go in. These lands are situated chiefly in the Bulkley and Nechacco Valleys.

We have sent in this spring Rev. J. S. Ross, who is to do scouting work all along the line of the new railway between Hazelton and Fort George, visiting the settlers and conducting services wherever possible.

Mr. J. F. Apleton, who has large interests in Nechacco, and is interesting settlers to emigrate from North Dakota, has offered to contribute, for the support of a second missionary, \$40 per month for two years, in addition to boarding the missionary. He has also promised to erect a place of worship. We have secured the services of the Rev. T. U. Richmond, a graduate of Manitoba College, who has rendered splendid service in North Dakota, the district from which many settlers are going. With these two missionaries at work, our Church should be well represented. Additional missionaries will be sent in as settlement warrants.

It has been found that many of the men employed in construction work on the Grand Trunk Railway are Scandinavians. We have been able to secure the services of the Rev. J. Neillson, a Scandinavian and a minister of our own Church, to minister to his fellow-countrymen along the line of construction between Prince Rupert and Hazelton, a distance of one hundred miles. He reports having found 514 Scandinavians in twenty-five camps.

With the growth of Vancouver and the surrounding country, it was necessary to open a large number of new mission fields to meet the wants of this district. These new fields have all been supplied by students attending Westminster Hall; thus saving considerable expense to the Home Mission Committee.

We had fifty-two fields on our list at the beginning of last year. One field has been dropped, one has gone on the list of augmented congregations, and fifteen new fields have been opened—making a total of sixty-five fields under the care of the committee for the present year.

STATISTICS.

The statistics gathered by the Church for congregations and augmented charges often give a very inadequate conception of the importance of the work done in our mission fields. In many cases the figures given are for the Presbyterian families only, while there are many families, representing many denominations, and not connected with any Church organization, to whom our missionaries minister. For various reasons these people do not closely identify themselves with the Church, and hence cannot properly be reported in the statistical table, but who would be without the means of grace were it not for the presence of our missionary. Besides these, there are many lumbermen, miners, etc., constituting a large shifting population, whom our Church seeks to reach with the Gospel in all our mission fields, but who cannot be reported in the statistical sheets sent down by the committee.

OVERLAPPING.

It is agreed by prominent officials of the Methodist and Presbyterian Churches that there is very little overlapping in the Synod of British Columbia. In three Presbyteries out of the four constituting the Synod, there were last year 117 preaching stations in connection with our mission fields. Of the Churches negotiating for union, the Presbyterian Church was the only one represented in 73 of these places. Where the other Churches are represented, development is looked for, and there are strong grounds for believing that ultimately self-sustaining congregations will be built up. In a few places an arrangement is made with the Methodist Church on the policy of non-intrusion.

With the development which is sure to come with the opening of new territory, made accessible by the construction of new railways, a large population will surely find its way into British Columbia. While rejoicing in the growth that has attended the efforts of the Home Mission and Augmentation Committees, the Church should realize more fully that that country is on the eve of a development that will call forth, on the part of the Church, greater activity in missionary enterprise if the pioneer settlers are not to be neglected, but given the opportunity of worshipping God in that new land as has been their wont in their early days. For this great undertaking we need both men and money. "Whom shall I send; who will go for us?" "Pray ye therefore the Lord of the harvest that He will send forth laborers into his harvest."

GEORGE A. WILSON.

PRESBYTERIAL REPORTS.

Bic. The Rev. Principal Scrimger, D.D., conducts services at this summer resort during July and August to the pleasure and profit of all who hear him.

Cap a L'Aigle. The Rev. Drs. Mowat and Dewey take charge of the services at this watering place during the holiday season, and very acceptable services are given by them and other visiting ministers.

Lake Megantic. The union effected here two years ago, when the Methodist conference withdrew their supply from the field and advised their people to cast in their lot with the Presbyterian Church, the Presbytery doing a similar thing at East Angus, is working better now. For a time the local Methodists refused to fall in with the arrangement. Still the Presbytery thinks it acted wisely in putting an end to overlapping within its bounds.

Massawippi. This field is continually losing ground through the removal of families. Those left are doing bravely, and contribute as much still as the field did when it was much stronger in families.

Marlow. Far removed from all Protestant neighbors, the Rev. J. S. Stewart toils on manfully here year after year proclaiming the word of life to this isolated Presbyterian community.

Grand Metis. The work goes on here with little change. The Rev. E. W. Watson has now taken charge of it.

Port Neuf. There are ten families here, which is a small mission, but they contribute an average of \$26.00 a family in order that with the help of the Home Mission Committee they may have the gospel.

Riviere du Loup. The bilingual missionary in charge of this field gives part of his time to the English residents, and spends the remainder in work among the Roman Catholics.

Spider Lake. The four families here are supplied fortnightly during the summer by the missionary at Lake Megantic.

Valcartier. A farming community which for many years has enjoyed the faithful ministrations of the Rev. E. G. Walker, B.A.

H. C. SUTHERLAND, Convener,

Arundel is a rural district embracing three preaching stations, one of which is French. The country is mountainous and sterile, but the people are tenacious of gospel privileges and deserving of every consideration. The missionary, Rev. J. B. Sincennes, is a devoted worker and greatly appreciated by both English and French communities.

Avoca, a neighbouring field, has two stations, good church buildings and a comfortable manse. The population is scarcely holding its own in point of numbers, and in winter is deserted by the young people, the men going to lumber camps and young women to the cities. An ordained missionary is in charge for the summer term.

Farnham has long been an ordained missionary charge with two stations, one rural with about twenty families, the other in a French town, overshadowed by an immense parish church. The hope of the future is in a possible union of Protestant interests in the town. Otherwise a diminishing population will compel one after another of the three Protestant churches to retire. Union negotiations are under consideration.

Fairmount is a cause of only some two years' history, with a fine church premises costing some \$6,000.00; a Sabbath attendance of 150 to 200, and a Sabbath school of 200. This mission occupies a commanding position in the north-east end of the city and will in a few years be a self-sustaining congregation.

Grenville, a village and country charge, the country district increasing in population. At present the village section is under the care of the pastor of Hawkesbury, and a readjustment with other denominations is looked to as a better means of supplying the rural section.

Joliette is a French town with a sprinkling of English families located there for business interests. A bilingual minister is appointed to the field and with development of the French work the future is full of hope.

Kensington is a thriving little town near the city limits, which a year ago rose from a mission associated with another field and giving \$250.00, to an ordained mission charge, giving \$600.00. Rev. R. McCallum in charge is a man of fine spirit and soon an extension of the church will be in order.

Laguerre is one of those old country congregations, which in this province has gradually lost its families until it had to be reduced to a mission church. A student is now in charge. The people are loyal to the core and will hold by the church as the only public institution left to them.

Laprairie is one of our oldest fields situated on the St. Lawrence nearly opposite the city. One after another of three denominations retreated leaving the Presbyterians to hold a losing cause. A brick industry has revived the prospects and a fine brick church was built last year and greatly enjoyed by the people.

Longueuil, opposite the city on the south side of the river, is a growing suburb. There is a fine new church, a good church organization, under the care of Rev. Dr. Amaron. As railway facilities improve, this mission will grow stronger.

Maisonneuve is an ordained mission charge under Rev. P. A. Walker, B.A., an energetic and capable man. A new church with ample Sabbath school accommodation has just been opened and a remarkable enthusiasm has been awakened, which will speak for itself. This congregation has been fostered by Erskine Church in past years, but aid is being gradually withdrawn.

Lost River is hidden away in the mountains, where there is a loyal band of Highland families, most of them Gaelic speaking. The church services are very precious to these folk as nothing else seems to touch their daily life. There is an ordained missionary in charge, who can speak to the people in their mother tongue, which is greatly appreciated by the old people, some of whom have never acquired the English.

Mille Isles is another mountain region with two preaching stations. The church buildings are old, but the manse is quite new. Here again the withdrawal of one denomination would strengthen the things that remain and allow of a more permanent supply as well. Meantime the children must be fed.

Mount Royal Vale is this year associated with Laprairie under a student. There is a future for this field as it is a near suburb of the city.

Nazareth Street Mission is under the fostering care of Crescent Street Church, has a large Sabbath school and is doing an excellent work among the very poor of the district.

Outremont is now a thriving town well laid out and beautiful for situation, north of Mount Royal. There has been an evening service and union Sabbath school for some years. The citizens are uniting in purchasing a church site, and in establishing a permanent church organization. A new church will be erected during the summer and a few years hence will see a thriving self-sustaining congregation.

Park St. Louis Mission is less than a year old, but has gathered a Sabbath school of 50; an evening service of 75, and a boys' organization of some 30. A lot has also been purchased and paid for, and a building is in immediate prospect.

Pointe Claire on the lake front is yoked with Dahiti Cote, a rural district north-east of city. Both are thriving missions and growing in strength. Pointe Claire has a congregation of some 60 in summer and there are a sufficient number who reside all the year round to maintain services in winter also.

Rockfield, during the year had a large extension added to the original church at a cost of nearly \$3,000.00, and through the energy and generosity of its superintendent, Dr. F. W. Kelley, and of the American Presbyterian Church, there remains no indebtedness. A well organized mission is doing a splendid work among the artisans and labouring classes of that district and men and women are being called into active Christian service.

St. Anne is being worked in union with the Methodists seeking to meet the requirements of the student body at the Macdonald College. From lack of a church building services have been held in the Macdonald Assembly Hall, but soon a church home must be provided for the families resident there.

St. Charles Street is supported as a bilingual cause by St. Paul's Church, and the French Board. The Rev. C. A. Doudiet has for some years done valiant service among the immigrant population that quarters there. The ladies of St. Paul's Church carry on a helpful work among the poor women of the district.

Summerlea, where a neat little church was built two years since, is a summer resort on the St. Louis Lake. Two services and a good Sabbath school are maintained in summer, the evening service being dropped in winter.

Tetreauxville, some four miles from the river front, is enjoying a new church edifice, and has prospered beyond expectation. There is a complete organization, with Elders and Board of Management, and recently a French service has been opened for French Protestant families residing in the district.

Trout River is on the Border line, a most difficult field, but showing signs of deepening interest. Smuggling and secret liquor selling have been the bane of the community, but these are being suppressed and the conscience of the people is being educated.

Verdun is a mission under the wing of St. Matthew's Church, which has greatly aided it in the past. The little church has twice been extended and soon a permanent church edifice must be built on the front of a capacious lot reserved for that purpose.

W. R. CRUIKSHANK, Convener.

There being only one mission field in this Presbytery, the work of the Presbyterian Home Mission Committee consists, namely, in seeking to develop the interest of the congregations in the Presbytery in the support of this most important of all our Church Schemes.

Gravel Hill. No new families are coming into the district. Several new communicants were added last year. The field this year is to be supplied by a student whose salary is to be paid entirely by the field.

N. H. MCGILLIVRAY, Convener.

The fields in this Presbytery have been very efficiently manned during the year.

Bell's Corners, etc. Excellent work has been done here by the Rev. D. Findlay for a number of years. Westboro has been added to Bell's Corners and Stittsville and it is hoped that the field will soon develop into an independent congregation.

Desert. This wide and important field is full of hope. A church was built last year at MacBean's and this summer the people of Desert are taking steps to secure a manse.

Chelsea. Chelsea is increasing in importance every year. Summer visitors in large numbers take holidays in the Gatineau region. The Rev. James Taylor keeps a watchful eye over their spiritual interests.

Thurso, etc. Thurso has had a successful winter. Mr. A. T. Woods, evangelist, rendered acceptable service. Rev. J. A. Forbes has been placed in charge of the field.

The work has been carried on faithfully and with encouraging results in others fields by the Rev. H. Taylor, in East Templeton; Rev. A. Robertson, Plantaganet; Rev. H. T. Kalem, Pardley; Rev. Geo. Crombie, L'Original.

The special value of Home Mission work done in this Presbytery will be recognized when it is remembered that the fields lie in the midst of mixed populations and are therefore centres of Gospel light to Roman Catholics as well as Protestants.

W. D. ARMSTRONG, Convener.

Lanark and Renfrew.

There has been no growth in population on any of our mission fields during the past year and in many cases there have been serious losses through removals to the west and north.

Alice. Two preaching stations in the country west of Pembroke; minister, Rev. D. M. Blakely. Excellent work has been done by both minister and congregation, and very large contributions have been made to missions, but the minister's stipend is much below the minimum.

Bissett. Two preaching stations; a small Protestant congregation in a French Roman Catholic country, fifty-two miles west of Chalk River, on the C.P.R., ministered to by the Rev. G. D. Campbell, who visits it once every three weeks.

Chalk River. Four preaching stations. A divisional point on the C.P.R., twenty miles west of Pembroke. Rev. G. D. Campbell has done good work during the past year.

Calabogie. Three preaching stations on the K. and P.R. south of Renfrew. J. H. Douglas, student missionary, maintained the usual standard of good work during the year 1908-9.

Killaloe. Three preaching stations on the G.T.R., west of Renfrew. A small congregation of loyal people who appreciated the services of A. A. Scott during the summer of 1908, but have regretfully had to do without supply during the past winter.

Scotland. Two preaching stations on the C.P.R., west of Cobden. G. C. Taylor, student missionary, of Halifax, did satisfactory work in the summer of 1908. Mr. Goodwill, of Cobden, has given services during the winter to Scotland; but Micksburg, the other appointment, has had no services since Mr. Taylor left. We believe this field will give a good account of itself when a satisfactory ordained man can be obtained.

R. YOUNG, Convener.

In Brockville Presbytery we have two student mission fields. One of them had, at one time, been advanced to the status of an augmented charge, but through the removal of families to the West, and other causes, it had to return to the status of a student field. Like many of the fields in Eastern Ontario, the prospect of them ever being stronger than they are at present is not promising.

C. E. A. Pocock, Convener.

Bancroft was worked in connection with Bessemer Mine, but this year goes off the list as it is being joined to L'Amable.

Kingston. **Carlow**. One of the stations is much weakened by removals. Bessemer will be given services in connection with Carlow.

Clyde Forks is a new field, being at one time worked with Poland. It has done better since separation and is a promising field.

Consecon is getting weaker though the few who remain are faithful and desirous of services.

Demorestville, an old field, is making some advance. A new church is being undertaken at Crofton and the old church at Demorestville is to be renovated.

Deseronto West has had a hard struggle owing to suspension of the works in the town, but better times are looked for. Holy Bay is doing better.

Ernestown is the oldest field in the Synod, but there is little sign of growth.

Knor Depot, in Kingston, goes off the list and is placed under the charge of Zion Church.

L'Amable is reunited with Bancroft.

Matawatchan. In this distant and isolated field on the Madawaska river, faithful work has been done by our missionary, the only ordained Protestant missionary within a radius of thirty miles.

Maynooth now has a railroad. The prospects are better. An ordained missionary is being sent.

Poland. The northern stations have been separated and formed into a new field. Brightside from Lanark and Renfrew Presbytery has been joined to Poland and S. Lavant. The new arrangement has worked well.

Portsmouth. A new church is in prospect.

Queensboro is holding its own and faithful work is being done.

Sharbot Lake has had a fairly good year.

Thanet is weaker through removals.

Wilbur. Little change, but good work was done.

Wolfe Island has made some advance and prospects are brighter.

JAMES BINNIE, Convener.

Peterboro. There are four mission fields in this Presbytery, including twelve preaching stations. Little change is found in this year's report. The status remains about the same as last year.

Cardiff Mission is in Haliburton. Services were given the people of this field for five summer months by J. H. Hofford, of Queen's. There are five preaching stations, but no church buildings. We have re-arranged the field, which will enable us to do more work with less labour.

Chandos Mission is in the north eastern part of Peterboro county, and consists of two stations, Apsley and Clydesdale. Services were given at both these stations during the summer months by J. A. McKenzie, of the Presbyterian College, Montreal, who did good work and was loyally supported by the field.

The *Harvey Mission*, situated in West Peterboro is our strongest field. We have three stations, Lakehurst, Buckhorn and Rockcroft. There are good churches at Lakehurst and Rockcroft and we have \$500.00 towards building a church at Buckhorn. Our people now worship in a hall. Harvey had services last year for nine months. Mr. J. S. Duncan, of Montreal Presbyterian College, and Mr. D. E. Foster, of Queen's, did good work on this field last year.

Marmora Mission is situated in Hastings county, and consists of three stations, Marmora, Cordona and the Junction. This field was supplied for six months by Mr. G. D. Robinson, who did good work and helped the field spiritually and financially.

S. S. BURNS, Convener.

Lindsay. *Haliburton.* (Haliburton, Minden, Allsaw and Twelve-Mile-Lake.) Permission was granted by the Augmentation Committee last year to raise this field to the augmented status, while at the same time the Home Mission Committee gave a grant for a student who might assist the settled minister. Unfortunately no suitable minister could be secured so that the whole work of the field fell upon the student; consequently the work for the past year has not been as satisfactory as hoped for. The extent of the field is too great for any one man to do justice to it, and if he attempts to do so his travelling expenses are exceptionally heavy. This year we will make another attempt to secure two men and carry out our purpose of last year. A new station should be opened at Donald, where a number of men are employed in the chemical works.

Sebright. (Sebright, Dartmoor and Uphill.) This field is making splendid progress under Rev. Jas. Sieveright, as ordained missionary. During the year a manse was begun and is now well under way, six hundred dollars having been raised and expended on it. In addition to his regular stations Mr. Sieveright conducts week-night services at Sadowa, Mud Lake and Rathbun station. "The prospects for this field," writes the missionary, "are better than for many a year."

JAMES WALLACE, Convener.

Whitby. We have only one mission field in this Presbytery—Kendal and Oak Hill. The field has had continuous supply from Knox College during the winter term. A new field at Oakland has been organized which will strengthen the mission numerically and financially. We hope to put in an ordained missionary next fall.

JAMES HODGES, Convener.

Toronto. *Brown Hill and Jackson's Point.* The first part is limited in the small number of families connected with the Mission. Yet there is hope of better conditions this summer. Mr. E. Aitken is the missionary for this field.

Davenport Road. Very gratifying progress has marked all the work. The Sabbath School and Bible Class have verily prospered. A fine church was opened on the first Sabbath of April; and whilst it will seat comfortably well nigh one thousand people—by no means is it too large as the congregations on the opening days gave full evidence. There has been much energetic work, but the results are rich in reward and the promise for the future is bright. Dr. Abraham is the missionary and is greatly encouraged by loyal and generous helpers.

St. David's, Westminster, continues to maintain in full the work in this promising field in the north-west part of the city. The same congregation also carries on work at Harwood, west of St. David's.

Forest Hill. For a few months Sabbath school and evangelistic services have been conducted at this point, which is due north of the city, on Spadina Road. Ere long, it is hoped, there will be an organized mission. There is not yet a regular missionary on the field, but it is being supplied by men from the city.

Malton. Under the ministry of Dr. Ross there has been general improvement. The Session has been enlarged and the whole work is well maintained.

Runnymede. Soon Mr. B. B. Weatheral, B.A., will be ordained to take full charge of this growing congregation. As a student he was with the work in its inception and to him is largely due the prosperous condition of this young charge, looking forward to have him as their minister.

Riverdale passed on and up to be an augmented charge. Increase has marked all its history. Sabbath school work is carried on at a point north of Bloor on Dufferin Street. No doubt this will soon become an organized mission.

It has also been decided to open up a new field at St. Dennis, situated between Toronto Junction and Weston.

A. GILRAY, Convener.

Orangeville. In Orangeville Presbytery we have only one field at present. Seventy-five per cent. of our present congregations were a few years ago mission fields. Presbyterianism has made rapid advances in this Presbytery within the last twenty years. We hope to have a personal visitation of every congregation in the Presbytery in the interests of Home Mission work, along the lines recommended by the Home Mission Committee. We had every congregation in our Presby-

tery except two visited during last summer by representatives of the Women's Home Missionary Society. Result—sixteen Auxiliaries. Go and do likewise.

J. R. BELL, Convener.

Barrie. During the past year the mission fields in Barrie Presbytery have been efficiently supplied, particularly in the summer term. It is hoped that owing to better organization and growing interest in the work of Home Missions the advance that was made in the year 1907-08 in lessening grants required may be continued, though it must be borne in mind that increasing work may necessitate increasing demands. The outlook for the work over the whole field is distinctly hopeful. With the blessing of God upon the labours of our faithful missionaries we may look for a favourable year. Of the individual fields:

Baysville. Supplied all the year. Fraserburgh, some time ago disjoined from it, has been united with it again.

Beaumaris. Self-supporting summer station.

Dorset. Also a summer field.

Franklin or Dwight is an important mission field. Under good supply would make progress.

Lake Joseph. Well supported by the summer visitors.

Muskoka Falls is an important field. Its five stations have been reduced to four, which will relieve the missionary and be better for the field.

Port Sydney is a promising field held back in the past by various causes.

Southwold is a new station. Some progress made.

St. Andrew's. Near Collingwood. Very promising field. Should soon develop into a prosperous charge. Meantime requires generous aid.

Washago. This field is now self-supporting and has service all the year.

Windermere. Well known summer field.

Wyevale. Peculiarly situated. A change impending in neighbouring field may lead to putting this charge on stronger footing. Meantime the work goes on successfully.

D. D. McLEOD, Convener.

North Bay. **Aspdin.** A very extensive field, and considering the number of the people, good work has been done, and steady progress made.

Berriedale. Another extensive field. Has had efficient service and steady growth.

Bondfield is situated in a rather poor section of country, lying between Mattawa and North Bay; nevertheless, the work has developed, and the people are faithful to the church and the cause.

Brethour is situated north of New Liskeard. A new field formed by part of the old Hanbury field and a newly settled portion hitherto unworked.

Byng Inlet is a self-supporting mission field, which has been regularly supplied during the past year, and the people are not forgetful of the great schemes of the church.

Carling received regular summer supply up until the late autumn or early winter a field that remains much the same from year to year.

Charlton. This has become an important centre because of the fact that it is situated

at the end of steel, of the T. & N.O. route to Elk Lake and Gow Ganda. On account of the scarcity of men during winter, Charlton has only had a week-night service.

Cochrane, at the junction of the T. & N.O. and G.T.P., has already taken on the appearance of a northern town, and is sure to be a very important centre in the future development of Northern Ontario.

Commanda, has held its own, which speaks well for this field during a financial stringency.

Conger is a very large tract of country where most excellent work has been done and genuine progress made during the year.

Depot Harbor has suffered severely from removals, but with a little encouragement and extra help will soon be on a sound financial basis again.

Dunchurch, on account of the liberality of a down Ontario congregation, has had supply during winter. The people are enthusiastic, and excellent results have followed because of this continuous supply.

Elmsdale. Here again we are pleased to report progress. For the last two years, and again this year, the grant has been reduced.

Elk Lake, in the Montreal River district, has already become quite an important town. An ordained missionary of the first rank is in charge. A lot has been procured, and a church is being built.

Englehart is a divisional point of the T. & N.O. railroad. Here we have the nucleus of a splendid congregation. A beautiful church was built last year, and we look for good things from Englehart.

French River. The Jamieson Memorial Church has been built, and faithful work done by the people and missionary, as is shown in a reduced grant.

Giroux Lake is a splendid field for mission work in the Cobalt mining camp. The efforts of the missionary are much appreciated by many of the men, and when the real records are read, we believe great results will be shown because of the work done among the men of Giroux Lake.

G.T.P. Construction is a new field, where it is expected that more than 15,000 men will be at work this summer.

Gow Ganda (Big Pickerel) is a name already familiar in the world of finance as a place where nature has hidden many shekels of silver. It is a great mining centre, where thousands of men will this year be looking for silver, and doing development work.

Hanbury. On account of the opening up of the country, and the construction of roads, it has been possible to unite this field with Milberta, with an ordained missionary in charge.

Katrine is a field with little prospect of growth unless some new industry is discovered or developed in the district.

Kippewa is a new and untried field.

Latchford. Splendid progress has been the result of this year's work. Their new church has been completed and furnished. The grant has been reduced, the outlook is bright, and we hope in the very near future to report Latchford as a self-sustaining congregation.

Larder Lake. The great rush for silver into the Gow Ganda district has somewhat dampened the enthusiasm of people in Larder Lake, principally because the latter is a gold proposition, and low grade, which means larger investments before returns may be looked for. The future alone will reveal the importance of this place.

Loring is a country community, forty miles from the railway, but the faithful missionary has been true to his trust, and the people are interested, the growth steady, and the harvest sure.

Lorrain. A mining district south-east of Cobalt, which looks as though it would make good as a silver producing district.

Madawaska. Is a field in the centre of a large lumbering district, where the men in the camps are delighted to see a servant of the church, coming with his message of good tidings.

Magnetawan. The missionary is to be congratulated, and the people commended because of the splendid growth of the church during the past year.

Markstay has been united for the summer with Warren.

Mattawa Is a place where the English speaking community is replaced by his brother of the French tongue, consequently, the cause here has suffered from removals, but those who remain are faithful to the work.

Matheson, on the T. & N.O. is a point which it is expected will be a place of importance when the agricultural resources of the country are developed.

Milberta, with which Hanbury is joined, is now under the charge of an ordained missionary, and it is expected to become self-supporting ere long.

Orrville is a large country field in the Parry Sound district, with not very much prospect of development, but the people deserve to be ministered to by the Church.

Ravenworth. The work in this field is altogether in connection with the lumber industry. In the winter time our missionary visits the lumber camps, and in the summer the men working at the saw mills.

South River. Here also we are pleased to report a steady growth and increased interest as well as a reduced grant.

Sprucedale is a student field which received winter supply. The cause is not strong, but we have some faithful people who are loyal supporters of the Church.

Sundridge. This field has made steady progress, reduced their grant, and are looking forward towards brighter times.

Temagami is a tourist centre amid the beautiful Temagami Lakes, about seventy miles north of North Bay.

Tomstown was reported last year as weak, but this year as a strong field. A splendid church has been built at Earleton which is situated in one of the best agricultural districts of the north.

Tomika is about twenty-five miles north of North Bay. It is a lumbering centre, and the work is chiefly among the men working in camp or mill.

Warren is worked now in connection with Markstay, both of which fields have suffered by removals, but are grateful for the gospel.

J. D. BYRNES, Convener.

Algoma. During the past year one mission field, Bar River, has advanced to the status of an augmented congregation and has now a settled minister. Barrie Island has been united with Gore Bay to form one self-sustaining congregation. We hope in the near future to effect similar unions elsewhere, thus securing continuity of supply and requiring much less money from the Home Mission Fund. New work has been begun at Sellwood, the present terminus of the C.N.O. Railway and we have taken over Wahnapiatae, which was formerly in North Bay Presbytery. On the Snowville field, on the Manitoulin, two old stations, which were dropped

some time ago, were reopened by our missionary during the winter. There has been no rapid growth in any part of the Presbytery during the past year, but we are grateful for some advances that have been made, e.g., at Providence Bay a much better spirit prevails than for some time past. The people now have a mind to work and there is a foundation for success. Altogether we supplied twenty-five fields during the past year and are purposing to supply twenty-five this coming year.

N. R. D. SINCLAIR, Convener.

Owen Sound. We have only one mission field in the Presbytery—the Peninsula field—which was very acceptably supplied by a student during the summer months. It was impossible, however, to obtain winter supply, and the charge has therefore been vacant since October.

F. MATHESON, Convener.

Saugeen. *Ayton* is a village with a thrifty population, very largely German. Ours is not a large congregation, but it is the only English speaking Protestant church in the neighborhood, and these worship together—Anglicans, Methodists, as well as those whose ancestral connections were Presbyterians.

Mildmay is situated in a similar community, only that here there is also a Methodist congregation. The work is hard and the field limited, yet under the care of the Rev. J. R. Wilson, they keep the interest alive and have made substantial progress during the year. It is exceedingly creditable to the little band at the two places that they were able to raise enough to warrant the Presbytery during the past year in placing over them a regularly ordained missionary.

WM. FARQUHARSON, Convener.

Guelph. *Baden*. This is the only Home Mission field in the Presbytery. It is situated in the midst of a German community. Ours is the only service that is given in English. The most hopeful feature of the work is a promising Sabbath School. The gifts to the schemes for the year just closed were upwards of \$10.00 per family.

W. A. BRADLEY, Convener.

Hamilton. *Blackheath and E. Seneca*. Rev. John Davidson, ordained missionary. Good and steady work; Property put in good repair.

Crystal Beach. Summer resort near Buffalo; Sunday services in Memorial Church; Afternoon pavilion meeting, attendance averaging 800.

Hamilton. Bethel-on-the-Beach; Summer resort; Self-sustaining; Supply provided through Committee of Presbytery.

Hamilton, Chalmers'. Since October united with Barton into self-supporting charge.

Port Robinson and Crowland. Student supply winter and summer; Self-supporting and expects to become an augmented charge shortly.

GEORGE H. SMITH, Convener.

London. There have been four stations supplied with ordinances during the year in London Presbytery—Hamilton Road and Knollwood Park in the city, and Chelsea Green and Mount Brydges outside.

Mount Brydges. This is the only mission station within the bounds for which a grant has been asked from the Assembly's Home Mission Committee. There is a good church and excellent work has been done in the field by Mr. J. D. Bannatyne, student missionary. An effort is now being made by re-arrangement to take this field off the Home Mission Fund.

Hamilton Road. This is a field in the east end of London that has been along with Chelsea Green under the care of Rev. Jas. Rollins, B.A., of King Street Church, and his Session. A lot was secured by the Presbyterian Council in 1906, and a building erected and opened for Sabbath School in June, 1907. Preaching service began in May, 1908. On 26th March, 1909, a congregation was organized with a communion roll of 59 and Rev. Jno. Smith appointed ordained missionary for one year. The congregation will give \$425, and the balance will be provided by the city churches. Sabbath School has an average attendance of 75.

Chelsea Green is a suburb of London, across the river in Westminster. Lot was secured here in 1905, a building erected and Sabbath school and preaching services begun at once. Sunday school, under care of Mr. Thos. Baty, has an average of 70; has a Ladies' Aid and Young People's Society, and is worked in connection with Hamilton Road. The situation is peculiar, but the future secure.

Knollwood Park is just east of the city limits, and started as a Sabbath School under the care of Rev. T. H. Mitchell, B.A., of New St. James and his Session, with Mr. Geo. Miller, as superintendent. In the fall of 1908 a modest little mission church was built on a lot which had been purchased the previous spring. Regular preaching services are held every Sabbath afternoon, conducted by ministers and elders of the city churches. Sabbath School has an average attendance of over 40. Drive sheds and fences will be erected this summer. Splendid work has been done here and the mission fills an important position for the future.

D. L. McCRAE, Convener.

Chatham. The only fact of importance in the Home Mission work in this Presbytery during the past year is the opening of the new field of Charlemont—the result mainly of the efforts and liberality of a former elder of another congregation, who had moved into the Charlemont district.

R. J. ROSS, Convener.

Sarnia. **Point Edward** is the only mission field in this Presbytery. It has suffered much by removals, but there are still left 28 Presbyterian families, and 43 communicants, who are most loyal to their church, and liberal in support of ordinances, and are expecting better days yet to come. They were regularly supplied during the past year by students and other missionaries. In addition to those who are directly connected with the church, there is a large number of men employed in connection with lake traffic and railway work, among whom great good can be done. Our people here have a good church and manse, both free of debt, and while they are not prepared at present to advance to the list of augmented charges they wish that an ordained missionary may be sent to them as soon as possible.

JOHN RENNIE, Convener.

Superior. Conditions in Superior Presbytery are entirely different from Prairie sections of Synod. Our pursuits are mining, railroading, lumbering, fishing, shipping and mercantile enterprise, with a few sections of pioneer bush farms. Progress has been slow—in many fields little progress to be noted—as our ministry has been largely to “birds of passage.”

Schreiber. Railway mission; Little change; Migratory population; Results not easily tabulated.

Nipigon. Hitherto station of Schreiber field; Some growth, recently; G.T.P. construction base; Student missionary this summer.

Murillo. An old mission, but discouraging; Progress in community slow; People apathetic; General improvement in material conditions, but new blood needed.

Hymers. Bush country; People struggling; Steady progress, though slow; Pros-

pects for community not great; Our organization here becoming more permanent, and interest in spiritual things deepening.

Ignace. Divisional point on C.P.R., mid-way between Fort William and Kenora; A railway mission with the normal railway conditions; Gospel favourably received by the men; Our cause has no “local habitation” and during winter no missionary, consequently no permanent results to chronicle.

Dryden. Substantial progress. Another year should bring them to the augmented stage.

Eagle. Organized as separate field a year ago, formerly connected with Dryden. This field consists of two railway points and a small agricultural district—Oxdrift. People hear the word with gladness, though not much progress to be expected. Field weak, money scarce.

Norman. A village between Kenora and Keewatin; Ambitious for a minister of its own, but unable to support; Ministered to by Rev. R. Nairn, residing at Kenora; Future uncertain.

Starting from Port Arthur along the Canadian Northern Railway we pass through a somewhat desolate region 200 miles before reaching Fort Frances. In this district lies the **Mine Centre** mission. This is a railway and lumbermen's mission. There are as yet no strong communities. Mine Centre has a few families, also Atikokan. For the most part our work here is a ministry to individuals and little groups as opportunity offers. The people have little at stake in the locality where they reside and may be away tomorrow. We may hope that seed sown by the wayside will be helpful to the fowls that gather; but no good seed was lost last winter for the field was vacant. Passing Fort Frances we come twenty-five miles down Rainy River to

Big Fork. This mission lies on the river front. Owing to a great bend in the river the railway does not come within some seven miles of this old settlement. There has not been much progress of late years, though the people are interested and welcome the missionary. There will be some readjustment of stations in the near future that may be helpful.

Emo. This point still retains the advantage of the river front and the new impetus given by the railway as well. Steady progress. An ordained catechist, S. C. Wright, has had charge for a year and a half, and the work is encouraging, considering conditions. This field should soon call and pass to the augmented stage or possibly the self-sustaining, though the present arrangement meets the needs.

Stratton. This settlement lies back from the river—is among the older districts where substantial material progress has been made; The people are largely Scotch Presbyterian—interested in the gospel; Encouraging progress; Churches recently built at Stratton and Shenstone; Steady advance in contributions; Proportion of communicants small—due it is said to Scottish reticence in professing; An ordained catechist in charge; Another self-sustaining cause in the very near future.

Sleeman is a newly found field. Alex. Cox, a young homesteader with genuine apostolic zeal, began ministering last summer in a quiet way to some of the saints scattered abroad in his district. His efforts were appreciated and his zeal commended by the Presbytery, until at the March meeting he reported from suitable points for holding service, untouched by others. In this circle are some forty families besides individuals of our church. A student from Montreal takes charge for the summer. These people are mostly new settlers.

Though progress in this district has been generally regarded slow, yet we have to-day, five missions, two augmented congregations,—two manse,—and five churches, where fifteen years ago a single student missionary supported by a large grant from the Home Mission Committee, ministered to the “dispersed abroad” throughout the entire Rainy River District.

S. C. MURRAY, Convener.

Goodlands has become an augmented charge

Rock Lake. *Holmfeld* has risen to the status of an ordained mission with a grant of \$3.00 per Sabbath.

Lena has been united with *Holmfeld*.

Mather has been doing fairly well. There are four preaching stations in connection with the field. The contributions during the past year have materially increased.

Mountain City. This is one of our most discouraging fields from the standpoint of financial advancement. This is due to the nature of the settlement. There are very few English speaking people in the district. It is, however, a large district in which ours is the only English service. Our veteran missionary, Mr. F. B. Stewart, is doing good work.

Ninga, Burnside and Lyonshall are making good progress under Rev. J. L. Skerit, M.A. This field will go on to the augmented list in October.

Neelin, formerly *Huntley*, is a difficult field to work, because of the nature of the roads, and the great distances. It is impossible to cover the whole field in the winter. It will be under the Manitoba College Missionary Society for the summer.

Plum Coulee and Winkler, two towns in the Mennonite Reserve, have about fifteen English-speaking families. Ours is the only English service. Sunday Schools are opened at both places.

Snowflake, McKenzie and Purvis, under Mr. J. Gorman, have done well. They have student supply now, but would like an ordained missionary in the fall.

Whitewater, under Rev. W. C. North, is self-sustaining as an ordained mission. They will likely call a minister in the fall.

M. C. RUMBALL, Convener.

Glenboro. There are only three mission fields now remaining within the bounds of the Presbytery, one of these, *Fairfax*, from April 1st, not being a charge on the Fund, but is self-supporting as a mission field.

Beausale is a scattered field at the foot of the Pembina Hills and under the care of Knox Student Missionary Society is becoming organized and steadily growing.

Hilton. The Crofter element in this field, which asks for Gaelic services, makes progress difficult. The younger generation, however, take more kindly to the English service and we are hopeful.

D. M. MacKAY, Convener.

Bagot. By a rearrangement of territory in the Bagot district, the *Portage la Prairie* Rosehill field has been merged with the Bagot group. Satisfactory supply is given at all the points. No grant will be required from April 1st. The field was supplied from College during the winter. The Rev. George Renwick is now in charge.

Golden Stream is financially strong enough to advance to augmented status; but some consolidation should take place before that step is taken. A suitable rearrangement is not yet in sight.

Glenella was supplied during the year by Mr. Watts for the winter term from College. Good work was done. Frequent changes, silent Sabbaths, and unsuitable supply in one or two cafes have retarded the progress of this field in the past few years. The outlook is now more hopeful.

In the *McCreary* field the work is making good progress under the Rev. Wm. Carpenter. At *Kelwood* a commodious manse has been secured to take the place of the old one which

in size and location was unsuitable. A church will be built this summer at *Norgate*. There are three appointments.

Mekiwin is financially strong. In territory the field is compact. A movement is on foot to secure a manse.

Sidney. A year ago the work was quite disorganized and the people discouraged; but during the year great progress has been made. A church was built last fall at *Sidney*. The people are in good heart throughout the field. The Rev. F. C. Pecover is in charge.

Westbourne. In some respects this is a difficult field. There is little prospect of numerical growth. The manse destroyed by fire last year has been replaced this year by the liberality of the people. The Rev. W. M. Fleming is in charge.

J. E. MUNRO, Convener.

Influences which bear upon general lines of life, enter into and affect, to a greater or less degree, the mission enterprises of any community. Hence the general financial stringency coupled, as it has been in *Dauphin* Presbytery, with total failure of crops in a small section and partial failure in almost every part, has caused the mission work of our Presbytery for the past year to partake more of the nature of "holding on" than advance. And considering our circumstances we have held on in a manner creditable to the cause we have espoused and the church we represent. True in some instances special grants have had to be made, to save the missionary from suffering. But the liberality of some such missions at least has been manifold greater in comparison with ability than formerly. All our missions were well manned during the summer months of the past year. Three were vacant during the winter. But one of these received fairly regular supply from the neighboring congregations.

In some directions, however, advance has been made. Three new churches have been built, viz., at *Durban, Clearview and Roblin*. Seven more Presbyterian Sabbath Schools were reported than last year and very precious, though small, showers of special spiritual blessing fell on some parts. The number uniting with the church on profession of faith during the past year is more than double that of any late year and probably of any year since our organization as a Presbytery.

The large Galician settlement of some 8,000 extending in a crescent form for over fifty miles away to the north-west of the *Dauphin* district presents a field of pure missionary work. Through our centres at *Ethelbert*, and *Sifton*, much has been done to recover sickness, and remove disease by the distribution of medicine and advice, much has been done to teach in the Sabbath Schools established and much has been done to relieve distress by the distribution of clothing. For there were homes in which there was not sufficient clothing to cover all the children at once. The Galicians have come from the utmost ends of the settlements as never before to our mission houses for help, and are recognizing the Presbyterian Church as their helper.

E. W. JOHNSON, Convener.

Minnedosa. Our five mission fields are of a promising nature in a good agricultural district and with a reasonable percentage of Presbyterian families.

Harrowby is a field on the M. & N.W. division of the C.P.R. Good service was given during the past year by a young Scotch student. We hope soon to have an ordained missionary there.

Kelloc became self-supporting during the year for an ordained missionary and built a manse which is nearly paid for. Rev. Jas. McLaren had done two and a half years of good work there.

Makepeace. This field lies north of *Basswood* and *Newdale*, and includes two new settlements, together with one of the *Clanwilliam* points, which was unworkable, owing to distance. For the summer under the care of the M.S.M.S.

Seeburn is a new field north-west of Foxwarren and a result of rearrangement. It is under the K.S.M.S. for the summer.

Shellmouth is a good settlement now reached by the C.N.R.; Should soon be on the augmented list; Has good material.

J. S. WATSON, Convener.

Brandon. *Beresford* has now advanced to a self-supporting charge and has called.

Daly has been re-arranged. The round trip for the missionary on Sunday is now only twenty-six miles. *Daybreak* and *Bosshill* are the other two stations. It is now self-supporting for student supply.

Declare is associated with *Hill's Green* and *Roselea*. It has been vacant for the winter. John Carefoot has charge again for the summer.

Ebor has still student supply.

Hargrave has been advanced to an augmented charge with a grant of \$100 per annum. A new church is being built this summer at Hargrave.

Kirkella has been in charge of John McLeod for the past eighteen months. He is doing good work. A new church is being built this summer at Kirkella.

Menteith has made good progress for the past year.

Moorepark is now self-supporting as a student's field.

Palmerston has been supplied for the past year by Alver Mackay. He has done good work. Palmerston people should put forth a little more effort and become a self-sustaining charge.

Pierson is now associated with *Eunola* and *Tilston*.

Petrel has been supplied by A. J. G. Batt for the past year. He has done excellent work. The main line of the G.T.P. has gone through this field and a preaching station will be opened at Ingelw.

Routledge is in charge of W. T. Paterson. He has been laid up for several weeks in Brandon hospital, with inflammatory rheumatism brought on by a long drive between two of his stations on a cold Sunday in January.

Two Creeks is associated with *Burnbank* and *Ross* and will be on the new line of railway between Virden and McCauley.

Sinclair will be supplied by Philip Duncan again for the summer. He did satisfactory work there last year. Sinclair should build a church.

PETER STRANG, Convener.

Yorkton. *Beaverdale* has the prospect of one if not two new churches the coming season.

Beckenham is part of old Horselake field, which was found too large, especially as no other church is attending to its needs.

Birmingham is a new field or rather new name arising out of development along G.T.P., formerly called Plainview.

Bradbury is making progress.

Buchanan is a live new town on C.N.R., where Doukhobor land was allocated to homesteaders and where there are considerable Doukhobors who have broken away from the thralldom of the community and are known as Free Doukhobors.

Canora has felt the results of the failure of the last two crops severely.

Dunleith. The Crofter Gaelic mission is making progress slowly.

Eden Valley. Settlers struggling with pioneer difficulties and crop failure.

Garnsey. New, near Lanigan.

Humbolt passes to Augmentation.

Invermay. Its best year so far with promise of rapid development. Church completed and proving a great help.

Kamsack. Enlarging its borders and soon to be augmented or self-sustaining.

Kelvington has done well this past winter under Mr. W. Horn.

Lanigan has been raised to ordained field, is soon to pass to Augmentation.

Leslie. Prospect of new church in a few weeks' time.

Llewellyn. New—a large Welsh colony where a gracious revival is now being experienced and with a missionary direct from the Old Land greater things are expected.

Malby, part of the old Horselake field, was unfortunately vacant all winter.

Melville passes from the list and becomes a self-sustaining Union congregation under Rev. J. Reid.

Othon. Our Hungarian congregation is doing well under Rev. J. Kovacs.

Plunkett passes to Presbytery of Saskatoon within whose bounds it is found to be

Prairie Rose is developing under Rev. J. A. Leitch.

Rokeby. New church has been built. Passes to Augmentation.

Sheho is moving forward to self-sustaining point.

Snake Creek. New field; has been maintaining ordinances among themselves. It is in the Thunder Hill extension of C.N.R.

Stony Creek. New.

Theodore is developing Union Church idea.

Wadena is practically ready for augmentation, and has acquired a manse during the year.

Waldron. New. Out of the old Crescent Lake field, which ceases to be a name. Melville is also an offshoot from Crescent.

Wallace has been raised to ordained field—in a few months to be self-sustaining.

Watson is only partly supplied this winter.

Wishart is doing well.

Wynyard is a growing town; last year railway extension work; now being organized.

JAS. FRAZER, Convener.

Arcola. In looking back over a second hard year we are grateful to be able to report that if the progress has not been great yet there has been no serious back set—this too without any increase in our assistance from the Home Mission Board over last year. By special appeal to the people in the more fortunate districts we were able to cover by their increase in support what was short in the fields that has been hailed or frozen out.

Two fields moved forward to the augmented stage and one student field became an ordained field. Our fields are all manned and the outlook is very hopeful and encouraging. We have thirteen mission fields and forty-one stations, worked by six ordained men, one catechist and six students.

A. C. STRACHAN, Convener.

During 1908 ten mission fields were worked.

Alameda.

Dalesboro. Mr. John Kelly laboured for the past year in this field, and in Dalesboro met with considerable encouragement. The other point Arthur did not respond so well. This field requires close attention, and much visitation.

Douglaston. This mission includes Rockland, Fairplains, Idle Wild and Douglaston. Mr. Prentice occupied the field during the summer. A failure of crop on account of hail affected the successful financing of the field.

Dirt Hills South. This was a new field in the country west of the Soo Line to Moose Jaw, which is fast filling up. Mr. Alex. Stewart was the missionary in charge. Owing to our not having sufficient men it was necessary for Mr. Stewart to give services at a number of points near Estevan, making occasional visits to the remote part of the field. Services were held and visitation made at Albany, Roche Percee, Goodwater, Short Creek, Hitchcock, Berdahl, Mt. Green. No organization was effected, but a very complete list of families was made in the entire field. In this territory there will soon be need for several missionaries.

Glen Even is rapidly advancing to ordained supply. Good work has been done during the year by Norman McDonald and J. M. Fraser.

Halbrite, with outside point, De Ville, under the faithful ministry of Rev. A. M. Skea, went on augmentation list in November. There will likely soon be a self-supporting congregation here.

Macoun is well supplied by Rev. R. O'Brien. Two new points have been opened up, which will likely be a strength to Macoun.

Romford is a new field west of the Soo Line, and was worked by W. W. Bryden, of Knox College Society. Mr. Bryden did splendid work and we have a good mission there consisting of three stations.

Roscoe. This field cannot report much progress, though Blaine Richardson worked faithfully during the summer.

Taylorlton. Rev. Jas. Hollinshead did good work under rather discouraging circumstances. Owing to strike at the coal mines things were very unsettled for some months. Bienfait was worked with Taylorlton. This is a promising point and will be the headquarters of the missionary after this.

Viewfield was until this year in connection with Macoun sixteen miles away. Rev. Wm. Muir gave services during the greater part of the year. Other points are being worked with it and the prospects for the future are bright.

B. GLOVER, Convener.

Abernethy. This Presbytery, which was organized by the last meeting of the General Assembly from the northern parts of the Presbyteries of Qu'Appelle and Regina, is one of the great Home Mission Presbyteries of the Church. It stretches for 230 miles along the Pheasant Hills Branch of the C.P.R., and also includes the greater part of the G.T.P., for the same distance. There are at present, three self-sustaining and three augmented charges, one Indian Mission and sixteen Home Mission fields. Three of the latter have ordained supply, and three others have ordained catechists. Two new fields, Semous and Watrous, were opened during the year, and two others, Atwater and Tullymet, have been opened for the coming year.

That there is a lively interest in mission work in the different congregations is shown by the fact that at the second meeting of the new Presbytery, a Women's Home and Foreign Missionary Society was organized, with the following officers: President, Mrs. J. G. McKechnie, Tantallon; Vice-presidents, Mrs. J. Gilchrist, Longlaketon, and Mrs. W. S. Smith, Welwyn; Recording-secretary, Mrs. R. McMillan, Balcarres; Organizing Secretary for Mission Bands, Mrs. W. R. Motherwell, Abernethy; Corresponding Secretary-Treasurer, Mrs. J. E. Walker, Rocanville. There are already twelve affiliated societies, including three Mission Bands in connection with the Presbyterial.

The new Presbytery has already displayed a vigor which augurs well for the success of its Home Mission work.

WM. BELL, Convener.

Qu'Appelle.

All the fields in Presbytery of Qu'Appelle have been supplied during the winter, except Fairmede, which became vacant by Mr. Heddle unexpectedly leaving during the month of January.

Fairlight was re-arranged, and placed on a more permanent basis. They are now talking of building a manse. Mr. Lowe has done splendid work in this field.

Fleming and South Qu'Appelle, have decided to become self-supporting after March 31st.

Windthorst and Weldon have both been placed on the Augmentation list. They both intend calling as soon as possible.

A new field, South of Indian Head, was opened through the efforts of Rev. T. McAfee. It has been named Sunny South. During the coming summer it will be under the care of the Missionary Society of Manitoba College.

Two congregations have been removed from the list of Augmentation and two new ones added.

We are arranging to visit our mission fields early in May, when we expect to add to our number by re-arrangement and additions. The new line of railway from Reston to Wolsely has made this a necessity. We must keep pace with our country's progress.

J. LEISHMAN, Convener.

Prince Albert. *Birch Hills.* The town has not grown and the congregation remains about the same. The Church building has been a great help to the community.

Duck Lake. This old historic place now rejoices in a fine little church which has made the congregation take heart, and now excellent work is being done. The service is conducted by supply from Rosthern.

Flett's Spring has been supplied as often as possible by the minister at Melfort. The cause is not strong and it is difficult as yet to find support for a missionary.

Gillies. A new field that needs thorough organization.

Hoodoo. A new field only occasionally supplied.

Kinistino. This old field is doing the best work in its history. The present missionary, Mr. Lennox Fraser, has few superiors as a preacher and organizer in any Church.

Melfort. The managers report most hopefully and expect great things from the work of their missionary.

Prince Albert East. This field has suffered from the closing of one of the lumber mills, but it is now in better financial condition than ever before.

Shell Brook. This field needs thorough organization.

Star City. Mission discouraged over crop failure. Most critical time for the Church at this point.

Steep Creek. This old mission is doing well. If Prince Albert's power scheme at Coal Falls is a success, this field will be greatly helped.

Tisdale. The new Church at Tisdale is one of the finest in any small town, and the work is progressing favourably.

Willoughby. This old field is growing very slowly, and there is not much advancement.

Petrofka mission, among the Doukhobors, has been organized by our missionary at Gillies, and he is now devoting all his time to these people with considerable success. Mission work among the foreigners is continued, and a new Hungarian mission will be started at Prince Albert.

Adanac. Steps were taken to build a church in the town of Adanac in the fall, but the early arrival of winter prevented its erection. The field is a compact and promising one.

Ashford. This field is a new one in the remote Eagle Lake district, which is rapidly filling up.

Bowden has been vacant for a year, but we hope to have it occupied this summer.

Cut Knife had a prosperous half year, but has been vacant all winter.

Dowd Hill is in the Eagle Lake country and has been occupied for the last two summers. The new coal mine is in its vicinity.

Eagle Hills has had a good year. The field is a scattered one demanding endurance on the part of the missionary especially in the winter.

Eagle Lake is a pioneer field, as yet largely unexplored and undefined.

English River prospered under the care of K.C.M.S. last summer, but had no supply all winter.

Eye Hill Creek is not being worked as a separate field this year, but will receive some attention from our missionary at Unity.

Gettysburg is a new field. Services were asked for last summer, but could not be given.

Jack Fish Lake had a successful summer, but the work has dragged during the winter.

Landis had only partial supply last summer and since New Year. At the town of Landis a neat little church was erected last fall without application for loan. The field is a promising one.

Lashburn has had the first good year in its history. Since fall it has had the service of an ordained missionary and although it is a rather small field to assume the obligation it is bravely making the attempt.

Manitou Lake is being worked for the first time as a separate field.

Meeting Lake is a scattered and rather weak field at present, but a number of Presbyterian homesteaders have gone in recently and a more assured prospect of a railway will bring about more rapid settlement. It has been vacant all winter.

Paynton has been moving on. In the town itself a nice new church is nearing completion. The field is a large one demanding long Sunday drives.

Radisson has developed strength during the year and has paid off quite a share of its liabilities over its new church.

Richard has become organized during the year and is in a better condition than heretofore; it should make good progress this year.

Round Hill has not prospered as it should. It has been idle during most of the winter.

Unity is a new field partly unexplored and offers plenty of work to the missionary.

Swarthmore has had ordained supply for some time, but this summer will have the service of a student.

Turtle River is under the care of K.C.M.S., but has been vacant through winter months. Its bounds are enlarging on the north as settlement moves out.

Wiggins has been received from Regina Presbytery by rearrangement of its bounds. It has been occupied for several seasons by K.C.M.S. and has a strong Presbyterian element.

Wilkie has moved on rapidly since fall. The Presbyterian element is specially strong in the town of Wilkie, and adjacent town of Scott.

S. W. THOMSON, Convener.

Vermilion. Within the bounds of Vermilion Presbytery there are at present 21 charges receiving aid from the funds of the Home Mission Committee, reporting 75 preaching stations and 17 railway construction camps. They are classified as follows: 8 fields in charge of ordained missionaries, 12 fields in charge of students and 1 field in charge of an approved catechist.

Of this number eight student mission fields have been without supply all winter, and two others were closed from the end of September until after the first of January, 1909, and one ordained mission field was supplied all winter by a layman who did very satisfactory work.

And with the opening of the current ecclesiastical year three of these mission fields have been closed and abandoned or merged into adjacent fields on either side of them, and three new fields have been opened so that the number will remain the same for next year.

Battle Crossing. 17 stations, was a mission field in the railway bridge and construction camps of the Grand Trunk Pacific Railway, near the crossing of the Battle River. It was operated from April until the end of September. In all 17 camps were supplied by our missionary and, notwithstanding the fact that the missionary was laid off for several weeks through an attack of smallpox, still good and efficient work was done.

This field has been closed, for the work of railway camp work is now beyond the bounds of Presbytery.

Beaver Lake. Four stations. Two new stations on the line of the G.T.P. were added to the Beaver Lake field last spring and good work was done by a student missionary during the summer months. But during the winter term no student was available, and supply was given all winter by Rev. M. R. Gordon, who is homesteading near the southern end of the field. It was found necessary to rearrange this field again this spring for the development taking place along the line of the G.T.P. necessitated the placing of a missionary in the southern points of the field and the ten northern points have been united with Ross Creek under the missionary at that point and will still be known as the Beaver Lake field.

Bloomington. Three points. Was vacant all last year, for owing to the predominance of Norwegians in a large part of this field it was impossible to obtain a suitable missionary. The field will be continued this year in anticipation of the need arising from the construction of the Vermilion and Whitford branch of the C.N.R.

Campbell Lake. Five stations. Was supplied for about three months last summer. But the response given by the people was very unsatisfactory, and when a vacancy was caused by the resignation of one of our ordained missionaries the missionary at Campbell Lake was removed at the beginning of July to supply this vacancy and Campbell Lake has been left unsupplied for the remainder of the year.

Cummings. Five stations. Was supplied half of the year and good work was done. But the people are wholly American and not deeply interested in spiritual things. Sunday sports and Sunday work are prevalent and dancing and picnics and sports occupy an unduly large place in the lives and thought of the people. Three Sabbath Schools were organized and one has continued in operation all winter. The field has been vacant during the winter.

Denwood (now Wainwright) has three stations. It is a divisional point on the G.T.P. and is likely to be the most important place in Alberta on that line east of Edmonton. Our services have been continued throughout the year with good success. Lots have been bought and paid for, for church site, and at an early date we hope to have the charge advanced to augmented status.

Ganton. Five stations. Was supplied for five months last summer and has been vacant all winter. A large number of new settlers have gone into this vicinity this spring. At present we are trying to secure a ten acre grant for church sites from the Dominion Government.

Innisfail. Five stations. During last summer this field was supplied by an ordained minister, but as our expectations from the people were not realized, the field was reduced to student status in the autumn. Reports for the winter are more satisfactory and encouraging.

Islay. Three stations. Has been supplied continually throughout the year. But owing to accidents the missionary appointed last autumn was not able to take up his work, consequently the charge was supplied by a layman during the winter with most encouraging results. At the last communion season five young people were received on confession of faith.

Lamont. Two stations. Has been supplied continuously throughout the year. We had anticipated this field being advanced to augmented status during the year. But owing to the invasion of the out station of the Methodist Church our work has been interrupted and our revenues from that point seriously reduced, and while we are able to report all obligations met, still advancement will have to be postponed for a year or two. We have a fine manse at Lamont.

Lloydminster. Three stations. Has made good progress financially during the year. Extensive improvements were made on the church and the giving for the people in support of ordinances increased from \$5.50 per week to \$8.35 per week.

Manville. Three stations. Has made steady progress during the year. The surrounding country was badly hailed last autumn. But all obligations were fairly well met.

Meridian. Five stations. Was to have been supplied last summer by the K.C.M.S., but the student misinterpreted his instructions and located his work down in the Lacombe Presbytery. Consequently Meridian has been vacant throughout the year.

Moose Hills. Three stations. Was supplied by the K.C.M.S. during last summer and good work was done. A Sabbath School has been carried on by the people during the greater part of the year. Preparations are being made for the erection of a big church during the coming summer on the ten acre site received from the Dominion Government last year.

Plaxton has been vacant all the year. This field has been dropped and the territory formerly assigned to it will be worked from Wainwright and Edgerton.

Ribstone Creek (now Edgerton) has four stations and has been worked throughout

the year. The country is well settled, but there are a large number of aggressive Mormons, which necessitates keeping an ordained man on the field, who is able to meet them in debate and counteract the influence of their pernicious doctrines. A new church is being built at Edgerton this summer.

Ross Creek. Three stations. Has been worked for about eight months out of the year. A good number of families are leaving the principal point in the field and moving back into the United States. Consequently this field has been dropped and the territory merged into the Beaver Lake field for the present.

Sunnydale. Five stations. Has been supplied for the whole year by an ordained minister who was doing homestead duties in the vicinity. As the revenue from the field did not give him a fair living the field has been reduced to student status. A new church is being built at one of the stations in the field.

Tofield. Four stations under the care of an ordained missionary has done very well during the year. The church has been repaired and finished and a rented house provided for the minister. During the past month a disastrous fire has swept out many of the business houses of the town which will probably affect our revenues for the coming year.

Viking (Meighan). Five stations. This field was supplied for about nine months of the year and splendid work has been done. This is a promising town and district on the G.T.P. and will doubtless require an ordained missionary in the autumn.

Whitford. Five stations. Has been under the care of an approved catechist for the greater part of the year and excellent spiritual work has been done.

In conclusion let me say that considering the difficulty we experience in obtaining continuous supply on the fields, and the character of the people in most of our fields, I find that excellent work has been done. Our financial returns and contributions to schemes do not show well in statistical reports. But we are labouring among people, many of whom are absolutely indifferent to the claims of the gospel; many consider the church a menace to their freedom of action and Sabbath desecration. And others are here solely for the purpose of making money. All these classes have to be influenced and educated before the Church can expect any spiritual or financial returns from her present outlay of men and money. And not infrequently concerted efforts are made by the people to drive the most faithful missionaries out of the neighbourhood by refusing or withdrawing financial support. But there are few, if any, places in the Dominion that are more in need of the influence of the church and missionary than Vermilion Presbytery, for we have a tremendous problem to face both in evangelization and in citizenship.

A new manse was bought during the year by the congregation of Vegreville, an augmented charge; and repairs were made to the Lloydminster church, and as I write two small churches are under construction, but will not be reported until next year.

WILLIAM SIMONS, Convener.

During the winter months twelve fields had been supplied; three had been left vacant, and two had been united with other fields, viz., Edmonton. Pea Vine Prairie to Belvidere and Belmont to Norwood in order to keep up supply. Goshen, also as part of the Morinville field, was under the care of the adjoining missionary.

We note with satisfaction the forward step taken by one of the fields in passing from mission stage to augmented. We are glad Norwood is now settled with a minister—Rev. John Duclos, late of Valleyfield. Reference should also be made to Stony Plain in going up to ordained man's field.

On the whole the Home Mission work has been fairly well done. Three fields deserve special notice.

Homewood. All the work has been vigorously carried on by our missionary, and

we are glad to note that a manse is in course of erection at Avaradson in a townsite on the G.T.P., and the finances are so improved as to admit of the Committee reducing the grant.

Lac St. Anne. The work here has been faithfully done. At one point, viz., Pine Ridge, a neat little church has been erected and was opened by Dr. McQueen and the Convener, on December 13th. It is satisfactory to note the hearty feeling there was on the part of all the people, which was helped on by the missionary with the result that the building was opened free of debt. It may also be pleasing to note that at the opening services, ten children were baptized.

Stony Plain. The people here have been anxious to make advance and to secure the services of an ordained man and the Committee is hopeful that they may in the near future go up to the augmented stage.

Belmont may again be united with Sturgeon and a church built to serve Belmont, Poplar Lake and Coronation, all on the Sturgeon field.

We hope for a forward movement all over the Presbytery the next summer.

A. FORBES, Convener.

Lacombe. *Aliz* has had an uphill struggle owing to the fact that they had no place of worship. But under the wise guidance of Rev. Wm. Hamilton, the work of building a church has been begun. The prospect of giving greater visibility to their cause has encouraged the people.

Amisk is a new field on the Wetaskiwin Saskatoon branch of the C.P.R. This field was worked for the first time last summer, but has been vacant all winter. Considerable development is expected this summer on account of the completion of the railway.

Battle River is in part an old field, the main appointment at one time forming a part of the Wetaskiwin mission field. For years it has been drawing large grants from Home Mission fund. But the work under Rev. J. G. Anderson has developed both in scope and interest and the augmentation list is its goal for the near future. There are five appointments in this field covering a large and thrifty community. Two of the appointments are largely Scandinavian, who are faithful in attendance. Many of these will yet become active members in Presbyterian Church.

Chesterwood is a large new settlement lying west of Morningside, Ponoka and Wetaskiwin, extending westward now about fifty miles. This is the only Presbyterian mission in all that territory. Presbyterians, some former members of our congregations, are scattered all over that community and yet only four points of service and these open only part of the year. The Convener has purposed scouting all this territory, but he feels there is little use until he has something definite to offer the people in the way of services. And until we find men to supply this and other vacant fields of the Presbytery there is no use opening up more new work.

Erskine. This field situated on the Lacombe branch of the C.P.R. has hitherto been associated with Ewing and Content. These two points are now within the bounds of Red Deer Presbytery, but Erskine, situated in a good farming locality, has received three new points into union with it and promises well for the future.

Hardisty, the present terminus of Wetaskiwin branch of C.P.R., with a lot of men, had good work done in it last summer by Mr. Marshall. But it has been vacant all winter. No congregation can flourish under such conditions.

Ponoka East is an interesting field from the fact that one of its appointments is composed of Calvinistic Methodists from Wales. Though Mr. Oliphant has rendered good service these people would like a missionary who can preach to them in their mother tongue.

Provost, like Amisk, is a new field on C.P.R., Wetaskiwin Saskatoon line, and was

worked last summer for the first with good results. Here Methodists, Baptists and English Church have missionaries all winter, and have lots for church building. We have not even a student for the winter.

Red Willow is a large rural field lying north of Stettler. This is a well settled community and gives ample scope for the best that a missionary can give of service.

Sedgewick, like so many other fields, has been unfortunate in that it has been vacant for part of the winter. The Merna appointment of this field is a Presbyterian stronghold. In about two years after settlement they had built a fine church and furnished it with organ, etc., but for months without service.

In *Stettler* conditions are better. The missionary, Rev. D. Robertson, has had a struggle for life, yet through many difficulties he has encouraged his people and to-day the Presbyterian cause is given the visibility it deserves in a beautiful new well furnished church and in the life of the community.

Strome and Killam have made good progress during the past year. They have paid off considerable church debt, paid all obligations to missionary, and reduced the Home Mission grant for this year.

Tees is a field of opportunity for a man of executive ability. There is some church debt to be paid off, and organization to be effected. But the people only need to be led and debt will be paid and cause advanced.

Many of our missionaries have rendered heroic service and lived lives of devotion and self sacrifice and are deserving of just as great honour from the church as many a foreign missionary.

The most disappointing feature of all our work is the many and long vacancies. We hope for improvements.

J. E. HOGG, Convener.

Red Deer. The financial depression so keenly felt throughout the West for the past two years has not been without its useful side. It has meant short salaries for many of our missionaries; but it has removed much reckless extravagance and feverish speculation so disastrous to religious work.

The *Blackjacks* field, for so long a time a synonym for stagnation in missionary work has at last received an uplift. The Rev. F. B. Marks has brought a message of intense earnestness and the response has been most encouraging. New Sabbath Schools have been organized.

The *Ridgewood* field in charge of the Rev. L. E. Gosling, has never been in as good a position as at present. The spirit of earnestness and fidelity is becoming contagious here. Is this not always true? Vacant fields during the winter are a disgrace to our church. This Presbytery has petitioned the Assembly's Home Mission Committee to allow us to set a man free to give occasional services in these fields during these months. We can remove this disgrace very largely with the present machinery if you will allow us. We have about 200 families of Finlanders west of Red Deer. Last summer the Rev. G. Blongren, a Finnish minister from Chicago, conducted a two weeks' mission among these people with most encouraging results. We hope to welcome him back for a longer term this summer when the work will be put on a more permanent basis. Mr. Blongren preaches in Finnish, Swedish, German, Russian and English. Here is an ideal man for a superintendent of foreign work in Western Canada. Let the Church consider the immense and ever increasing immigration of these people and ponder well the opportunity to secure so valuable a man.

On the *Trochu* field a small church has been built. The owners of the town site, Frenchmen from Paris, gave us the most suitable lots as a first contribution to the work.

A new field has been opened in the *Hand Hills* country. For this field our tried and

true sky-pilot, the Rev. Wm. Millar, has been secured. The presence of Mr. and Mrs. Millar in this new and most important country will be invaluable.

H. Appelton, at Ingleton; Q. C. Harry, at Nesbitts; A. C. Forsythe, at Three Hills; S. Jardine, at Trochu; Wm. Munro, at Lakeview; and the Rev. W. H. Jennings, at Olds West, have been holding the fort during the winter. "Fidelity" is the ear-mark of every one of them.

The motto of the burning bush with its "Nec Tamen Consumebatur" ought to inspire us so that the word "Fidelis" could be used to describe our whole church with as much truth as it can be used to describe 99 per cent. of our home missionaries.

W. G. BROWN, Convener.

Airdrie. On the C. and E. line twenty miles north of Calgary is a very hopeful field with three preaching points. For the present, Crossfield has been associated with Airdrie and the whole district put under the care of an ordained missionary with a student to assist in summer.

Atkins. This field comprises six points in some of which there is a strong Presbyterian community. For want of supply it was vacant through the winter. It lies west of Carstairs on the C. & E. We expect it will presently attain to the status of an ordained mission field.

Bowell, fifteen miles west of Medicine Hat, has three stations and a promising outlook. It is yet a student field, but received occasional supply during the winter through the kindness of Mr. D. R. Ware, Principal of the Public School at Medicine Hat.

Bow Island. The student sent to this point decided that Grassy Lake, a neighbouring district, was in greater need of services and spent the summer there. The latter point, however, is in McLeod Presbytery, and will be restored to that Presbytery. A new demand has been made by Bow Island for services, preparations are being made to erect a church, and a strong cause may yet be established there, since the C.P.R. has found natural gas there and are likely to use it extensively.

Carbon, seventy-five miles north-east of Calgary, is full of potentialities, but is waiting patiently for railway facilities. Our missionary, Mr. T. J. Warwick, has long distances to travel, supplying four points. The work has had other difficulties besides, but conditions are likely to improve, and that district, stretching away indefinitely north-east from Calgary towards Saskatchewan, is a most attractive homesteading region and is filling in very rapidly.

Cypress Hills. An extensive region stretching south from Medicine Hat to the international boundary. It is held chiefly by large ranchers who are non-resident, their cowboys alone being in charge. It is a very difficult field to work.

Foothills. This field lies south of Calgary and is one of the oldest settlements in Alberta. But owing to the large holdings of land the population remains small. The chief point is Red Deer Lake, and a handsome new church has just been opened there. Our veteran missionary there is Rev. Hugh McKellar.

Gleichen is a promising town on the main line fifty miles east of Calgary. Good progress has been made under the Rev. L. E. Lynd, who recently took charge of Airdrie and Crossfield. Some new points will be occupied east of Gleichen where a large number of new settlers are coming in.

Grand Valley field is a widely scattered coal mining and ranching district west of Calgary. Good work was done last summer by Mr. Urquhart, a student from Scotland.

Langdon is in the midst of a splendid district. Cheadle and Strathmore are connected with it. The work is progressing so that it is probable two new churches will be erected this summer. Rev. F. E. Davy is our missionary in charge.

Medicine Hat (Knox) is seeking to minister to the wants of the east end of the gas city. It is making good progress considering the depression and C.P.R. strike, and the transient character of railway men. Irwin and Coleridge are worked with Knox. The latter is a promising town. Irwin, and Walsh, farther east, are becoming more and more German, and we are compelled to withdraw from most of the region east of the Hat.

Rosebud was under the care of K.C.M.S. last summer. Settlers were not very numerous, but there is a good future for that district. It was worked with Carbon during the winter.

Shepard field lies a few miles east and north of Calgary. Mr. N. G. Campbell, of Pine Hill College, has given a year of faithful service. Delaware, the central point, has built a church.

Springbank is in charge of Rev. John Kennedy, and is making good progress. The arrangement of union services has been abandoned. Bankview, a western suburb of Calgary, has been joined to this field, and two western points have been attached to the Grand Valley field.

Sunnyslope is a very extensive field east of Didsbury. Rev. H. G. Gratz is trying to cover the ground, but cannot give more than fortnightly service at any one point. We must either have more men or quicker means of locomotion in this work.

West End, Calgary. A year ago some wondered if we should not give up all serious attempt to have a charge in this Hillhurst suburb. To-day we have a fine new church there, a growing, loyal congregation, and a cause whose strength and promise are very gratifying.

Bankview has been arranged for as stated above and the faithful minister, Rev. C. A. Mitchell, devotes all his time to Hillhurst.

The past year didn't record anything sensational either in decrease or increase. The commercial equilibrium has been pretty well restored, but development is marked with caution. The status of our fields remained stationary, but they met their financial obligations pretty generally. We will begin some new work on the Crow's Nest between Medicine Hat and Bow Island. There is a very large influx into that region. Rev. A. McLaren, of the Hat, has kindly consented to take the place of pastor at large for a number of student fields in that district in addition to carrying on the work in his own particular field. This will mean closer supervision and give the people the consciousness that they still have a pastor when the student retires in the fall.

A. MAHAFFY, Convener.

During the past year there were *nine* Mission fields operated in this Presbytery, viz: Beaver Creek, Claresholm E., Gladys, Granum, Little Bow N., Little Bow S., Rocky Coulee, Tongue Creek, and Willow Creek. All of these were manned by students or catechists, one by an ordained man for part of the year.

In April, 1909, the following changes were made: three fields are added to the list, viz., Black Spring Ridge, Highland and Snake Valley. One has the name changed, viz., Rocky Coulee changed to *Monarch*. Two have been made ordained Mission fields, viz., Granum, Tongue Creek. Total at present 12 fields.

Supply. During the first half of the year (April to September, 1908) the fields were all manned, and that, on the whole, by good men. The character of the men in charge determines to a large extent the success of the work, both materially and spiritually, in any given season. The man is the rallying point. Denominational interest, and loyalty to religion seem to count for little in retaining the people's interest and support, if the missionary is unsatisfactory. Organization being but flimsy in most fields, it does not serve to hold the people together. Interest focuses upon the missionary. During the winter half of the year (October '08 to March '09) the fields have suffered very much from

lack of supply. Most of them lay vacant. Ground was lost thereby. The cause of religion suffered.

Character of the fields. All the fields in the Presbytery are populated by farmers or ranchers. Conditions do not differ materially in one field from another. One or two of them are in the foot hills, where travelling is a little harder and a number of the settlers are of the "old-timer" order. But, with this exception, conditions are practically identical throughout the Presbytery. Where Americans predominate, religious work is a little more difficult. Either indifference to religion or a dislike to a decorous gathering for worship, or both together, militate against success in the missionary's work. Yet some of our most interested and self-sacrificing people are also Americans. All through the Presbytery, but especially in the southern half, there are scattered groups of *Mormons*. Near Claresholm they are particularly numerous and quietly aggressive in their work.

Finances. On the whole the measure of financial support given by the fields has been good. If students could remain a year upon the field, a much better showing could be made. Men on the field for the summer half-year leave in the fall before the grain has been sold. Farmers could give better two months after the student leaves than when he does go. Sunday collections in most farming fields seem to be better in winter than in summer.

Railway development. The line of railway between Lethbridge and Calgary being undertaken during this summer, will mean a rapid development of our work in the Eastern half of the Presbytery. In another year or so some ordained man should be established where at present we have simply students on the skirmishing line.

Results. Much good work has undoubtedly been done. This is vouched for by the testimony of many people as to the comfort and stimulus given them by our missionaries' ministrations. Seeds of gospel truth are being faithfully and vividly sown. Christian impulse is being imparted and Christian character created and nourished.

PETER HENDERSON, Convener.

MacLeod. Fortunately there has been no break in the ranks of our clergy during the past year. The ministers at Cardston and Raymond report little change in these towns. In other places under their supervision marked progress has been made. In the midst of clusters of non-Mormon settlers in the hill country west and south of Cardston, at Mountainview and Boundary Creek, spacious, neat little churches have been built. The number of non-Mormon settlers in and around Spring Coulee and Magrath has increased so much that these two places are to be formed into a separate charge this summer. Both promise well.

At Spring Coulee a new church is being built. At Magrath a handsome church has just been finished, thanks to the generosity of friends in the east and to the efforts of people on the spot. Such buildings, dotted through the country, greatly help the Church's work, and gives it what Dr. Robertson would call "visibility." Some sixty miles south-east of Lethbridge, on the disputed waters of the Milk River, a considerable American settlement has taken place. We hope to have a mission there soon. The mission stations along the C.P.R. line remain as they were in number and in name. In every other respect they change. In mountain mining towns like Coleman prosperity flows and ebbs. In spite of occasional dullness caused by strikes and other things, Coleman has made great progress. It goes this year from the status of an ordained mission to that of an augmented charge. On the prairie, population increases rapidly. The cattle ranchers give place to farms and homesteads. The influx of people, sometimes homesteading far from the railway, taxes the church's resources, and keeps the missionaries busy. Last summer the six student fields in Foothills and Prairie, were well supplied. In winter they had, with two exceptions, only such services as the nearest regular ministers were able to give. This summer we hope to have all manned, by students from Canada, from Scotland, and from the United States. At present the towns in the west of the Presbytery are sharing in the evangelistic work our church is doing, chiefly in the Kootenay country. Further east, the interest in the church is shown by church building and extension in Lethbridge and

MacLeod. And the towns are an index to the country surrounding them. Given as representation of the church a man of energy, able to appeal to men, in almost every place he finds people ready to respond.

ALEX. M. GORDON, Convener.

This year has been noted for a marked expansion of the Home Mission work in the Presbytery, more especially in the vicinity of Vancouver. Directly south of Mt. Pleasant a mission started last year has grown into a congregation, and in March a new church was opened and the field is on the augmented list, and is known as Westminster charge. On the east side of Mt. Pleasant St. Paul's was organized about a year ago, and a new church was opened at this point in March and looks forward to taking the status of a congregation at an early date. East of St. Paul's a mission was organized at Cedar Cottage in November and has just been raised to an augmented charge preparing to call a pastor. On the eastern border of the city there was organized a self sustaining congregation in September when a new church was opened in December and called the Robertson Church. And a little farther north a mission was formed known as Dundas Street Mission, which is almost self-supporting and in February had a new church dedicated to the work of the Lord. South of Westminster Church a new mission was started to be known as the South Arm station.

These fields have all been drawing aid from the congregations of the city, whose Home Mission energies have found a local outlet.

Abbotsford has had a good year and will soon be ready for a forward step. Both here and at Aldergrove there are evidences of growth. Before many months an electric railway will pass through this district and changes will then be necessary in those fields.

E. Chilliwack is considering an arrangement by which Methodists and Presbyterians may carry on the work to better advantage. In the meantime work is being vigorously prosecuted.

Mr. Kidd has held the fort at Prince Rupert. His church has already been enlarged and the outlook is most encouraging. This post which has made a bold fight for existence for the past two years will in the near future be a flourishing congregation. The work along the construction camps of G.T.P. was undertaken last fall by Mr. Neilson, who has visited about thirty camps and ministers to the Scandinavians, who are employed in large numbers by the railway company.

Mr. McAuly is still in charge of the Loggers' Mission. The work is arduous, and sometimes dangerous. There are not so many men in the camps this year as formerly, but the missionary has sufficient to occupy his time and tax his strength. The expense of running the boat, which is considerable, is borne by generous-hearted men belonging to the churches in Vancouver, who deserve the cordial thanks of the Committee.

Dr. Inglis is still bravely contending for the right in his far and lonely outpost. A hospital is being built at Telegraph Creek and the local and federal governments give us assistance to the medical work.

Howe Sound, Swanson Bay, Strawberry Hill, Millside, Kerrtain, Ruskin, Stone Lake are points at which we are carrying on work, some of these names appearing for the first time.

Settlement is beginning in the Nechaco and Bulkley Valleys and the Committee has decided to send in two missionaries at least. Already one, Mr. Ross, is on his way to Nechaco, and he will soon be followed by Rev. Mr. Richmond, a pioneer worker of Crystal, Dakota. It is expected that this season will see a larger immigration to that fertile and extensive region.

There is nothing marked in the Yukon work. There has been no change in the mission staff. The men in the North are engaged in a strenuous struggle. Heavy odds are against them. No one can estimate the value of their work. They deserve the sympathetic

and prayerful support of all the churches. The missionaries were cheered and stimulated by a visit from our Home Mission Superintendent.

As a whole it has been a record year for Home Mission work in this Presbytery. Some ten or eleven new fields have been started and several organized fields have progressed towards self-support.

The growth of the West for the next five years will call for a wise policy, and consummated energy and intense fervent zeal on the part of those who have to do with Home Missions.

J. A. LOGAN, Convener.

Alberni. Progress is noticeable in every branch. Prospect of the advent of the railway has stimulated trade and brought in new settlers. The congregation has asked to be placed on the list of augmented charges.
—Rev. T. S. Glassford, missionary.

Denman Island. Rev. C. E. Kidd has been much encouraged by the appreciation manifested by the people of Union Bay to the Institutional Church. It is evidently fulfilling an important mission. Very satisfactory work is also done among the ranchers on Denman Island.

Duncan's. A Men's Bible Class has given promise of great usefulness. The congregation, united and earnest, is about to suffer the loss of their minister, Rev. W. J. F. Robertson, who is under call to Ladysmith.

East Victoria. A little over a year ago the strongest of the three stations, St. Aidan's Church, was separated from the other two and along with Gordon Head erected into an augmented church. At present a petition is before Presbytery from St. Columba Church praying to be placed upon the augmented list as a separate charge, and another petition from the third station, Knox Church, asking to be raised to the status of a self-sustaining congregation and to call a minister. Rev. Jas. McCoy is the missionary.

Pender Island. The outlying sections have suffered much from removals. Pender itself maintains its strength. Too frequent changes in supply have mitigated against full development.

Sooke. Most encouraging report in many years has recently come to hand. Services well attended. New station opened. A considerable addition to the population through the operation of salmon-traps and of a logging camp in the district. Mr. J. W. Burns is the missionary in charge.

Wellington. A very small remnant of a once prosperous town and congregation has been faithfully ministered to by the Rev. Peter Fleming, who also gives regular service at Extension Mines. But little growth can be looked for.

Through the continued closing down of the smelter at Crofton no regular service was maintained there. The missionary from Duncan's paid occasional visits. A new field has been opened along the line of railway construction north and west of Wellington. Requests for service from points near Victoria have also been lately received.

W. LESLIE CLAY, Convener.

During the winter season the usual city mission work was conducted. Weekly services were held at the Central Prison, Sick Children's Hospital, House of Industry, Jail, Aged Women's Home, and occasionally at the Convalescent Home.

The educational campaign carried on in Ontario, through the delivering of addresses and distribution of literature, was vigorously prosecuted throughout the year. Upwards of 500 letters, descriptive of the fields and the nature of the work being done there, were written by our missionaries and sent to the friends and congregations contributing to our support. Further, a series of letters of a more general nature appeared in *The Presbyterian* from time to time. Five hundred maps showing the exact location of the fields were sent out. About 225 addresses were delivered throughout the province setting forth the work in a descriptive way, and 12,000 reports were issued.

The regular fortnightly meetings of the Society were conducted throughout the Session, and two public meetings in November and February, respectively. The first of these was presided over by Principal MacLaren, and addressed by H. R. Pickup, B.A. At the second the Rev. G. R. Fasken, B.A., was chairman, and addresses were delivered by Mr. C. D. Farquharson, B.A., W. W. Bryden, M.A., and T. A. Symington, B.A., the two latter addresses being illustrated by lantern slides.

The Foreign Mission meetings were held, one in the fall and the other in the spring term. These were addressed by the Rev. J. M. Menzies, M.D., and Dr. Waters, respectively.

FORM OF BEQUEST.

I give and bequeath to the Treasurer, for the time being, of the Committee on Home Missions of the Presbyterian Church in Canada (Western Section), in trust for the said Committee, the sum of..... to be paid out of my personal estate without any deduction whatever; and I direct that the receipt for the said sum of the Treasurer of the above named Committee shall constitute and be sufficient discharge therefor.

REPORT OF THE HOME MISSION COMMITTEE, EASTERN SECTION, 1908-9.

To the Venerable the General Assembly:

Your Home Mission Committee, Eastern Section, finds it a grateful task to report the work, with the direction of which it was entrusted. The story need not be long, but it is full of interest, and its discouragements, as well as encouragements, demand the careful attention of the Church.

The field cultivated is practically the same as it has been for many years; but more missionary work was done last year in Newfoundland through the instrumentality of catechists than ever before, three additional men having been put into the field in the Ancient Colony.

Particular attention is called to the large decrease in the number of ordained missionaries who have been in charge of congregations during the year. The number employed has fallen from eighteen to ten. This is at once one of the most discouraging features of the situation, and at the same time the most important factor in the explanation of the large balance to the credit of the Home Mission Fund. Undue complacency, therefore, over the apparently flourishing condition of our finances may well be checked by the consideration that the effectiveness of our work has been greatly lessened by the lack of ordained men. One of the small number employed, Rev. D. McDougall, died during the year. All the rest have reported and their reports indicate that the number of preaching stations occupied has been only 25, and that there has been a proportionate decrease in other statistical items. The number of families to whom they ministered decreased from 905 to 527, the communicants from 1,383 to 699, and the number of communicants added from 65 to 56, although, curiously enough, the amount paid by the fields increased from \$4,075.39 to \$4,249.00. The amount paid from the funds of the Church towards the salaries of ordained missionaries was \$2,434.33, of which \$1,884.33 was from the Home Mission Fund and \$550.00 from the Augmentation Fund, the latter for the ordained missionaries who had received appointments for two years. It is interesting to note further that the amounts contributed by these ten ordained missionary charges towards the Schemes of the Church have been larger than those received from the eighteen of the previous year, being for all the schemes \$841.76 as against \$697.65, and for Home Mission Fund \$192.70 as against \$142.00.

The number of catechists has increased this year from 55 to 58, the preaching stations supplied by them from 146 to 166, the families served from 1,802 to 2,225, and the communicants from 2,211 to 2,418. The amount contributed by the mission fields of the catechists for the Schemes of the Church has increased from \$650.22 to \$1,066.87, and for Home Missions from \$267.98 to \$465.45. On the other hand, the amount paid by fields for service has diminished from \$9,995.38 to \$9,444.77. To assist these fields your committee has paid \$3,829.95, as against \$3,185.28 during the preceding year.

The following extracts from the reports of some of the ordained missionaries and catechists will give glimpses of the situation in a few of the fields.

ORDAINED MISSIONARIES' FIELDS.

Presbytery of Picton:

McLellan's Mountain and Brook.—"This field has done nobly in every way during the year, and will strive at once for self support. Because of certain

local problems the work was a little difficult as the beginning, but the congregation is now united and will show its colors better in the future."

Presbytery of St. John :

Calvin Church, St. John.—"There is steady progress being made."

Waweig.—"The church building at Waweig is sixty years old, and had become very unsatisfactory in condition and appearance. Funds have been gathered during the past nine years, mainly from outside contributors, for the specific purpose of building afresh or of putting the present structure in thorough repair. The latter course was adopted. The church has now about ten feet added to the height of the ceiling, and is sheathed with steel throughout; has been painted within and without, and has a very attractive appearance. The work was well done, and cost \$600.00."

The Bible Class has proved a most encouraging feature during the past year."

CATECHISTS' FIELDS.

Presbytery of Sydney :

Ingonish and Neil's Harbor.—"A most loyal little field, with bright prospects for the future. The experiment of an ordained missionary in this field would meet the wishes of the people and would be well worth trying."

Presbytery of Inverness :

Port Hood.—"This field to be progressive needs a man in constant charge. It might be made an ordained missionary charge, and the people are ready to do their work financially." Since the missionary left the field the Presbytery of Inverness has raised it to the status of an ordained missionary charge.

Presbytery of Lunenburg and Yarmouth :

Blue Rocks.—"This is a place where the young men stay at home when they grow up, and so there is good prospect of the Church gaining in strength. It is even more important that they should have a man in the winter than in the summer, for in the winter the men are at home, while in the summer they are away on the Banks fishing." This field also has now an ordained missionary.

Presbytery of St. John :

Three Brooks.—"This field has great need of a man for the whole year. The G. T. P. R.R. crossing the field is likely to cause increase of population. Future prospects for the congregation are good."

Andover.—"This field is growing in strength, and if a permanent minister can be obtained they can maintain him. The South Tilley and Gladwyn sections are both about building churches which will be completed next summer. Andover is a strategic point and should be manned."

Presbytery of Miramichi :

Doaktown, etc.—"This field has great possibilities and needs an energetic man."

IMMIGRATION.

Your Committee desires to lay great stress upon the importance of maintaining a vigorous policy in connection with the looking after immigrants on their arrival in Canada at the ports of Halifax and St. John, as well as at other points.

Work on their behalf was carried on by Dr. Patterson at Halifax and by Mr. H. Read at St. John, under the oversight and with the co-operation of the members of the sub-committee of this committee appointed for that purpose. When their report was submitted the committee was so impressed with its importance that a special committee was appointed with the request that it would consider carefully the local conditions relating to the immigration movement, and prepare a recommendation as to the best method of dealing with immigration

matters, this recommendation to be submitted to the sub-committee, and, if approved, to be regarded as the basis of a conference with the Committee of the Western Section at the time of the meeting of the General Assembly.

HOSPITALS AND SCHOOLS.

As has been done for some years, your Committee still contributes to the support of Chaplains to the hospitals at such centres as Halifax, St. John and Charlottetown, and it has reason to believe that the work of the Chaplains has been most useful and is highly appreciated.

It has also done work which has been warmly commended by helping to maintain student teachers, chiefly those who are looking forward to the ministry, in school sections in parts of Cape Breton where the people themselves are not able to maintain schools, and in some of which there have not been schools for years. It has done this by making grants to teachers doing missionary work in the way of conducting Sunday Schools, and otherwise, in the sections in which they are employed. In this work it has expended during the year \$639.23.

REPORT OF THE SUPERINTENDENT OF HOME MISSIONS, SYNOD OF THE MARITIME PROVINCES.

Comparing the past season's operations with the preceding year, conditions were much more favorable. The weather throughout the summer was steady, attendance in preaching services was much above the average, and our missionaries and catechists had much encouragement in their work. The summer supply was ample for all our fields, i.e., every mission station within the bounds of the Synod was filled for the full term or part of the term. No mission was left vacant the whole summer.

During the winter months a few fields were supplied by catechists. Others were supplied by the ministers of adjacent congregations, but fully one-half of the pulpits in the mission fields remained empty throughout the entire winter. It is further to be carefully noted that while all the fields were supplied during the summer, student catechists had to be sought for from outside colleges. Ireland was well represented on the list. We are pleased to say that four promising young Irishmen have chosen to remain in the Synod, devoting themselves to mission work during the summer and prosecuting their studies in Dalhousie College and the Presbyterian College, Halifax.

The contributions for the Schemes of the Church have shown decided improvement, and in special instances substantial increases; but there is a painful lack of any systematic attempt on the part of catchists to present to the people the claims of our great missionary enterprises. Perhaps the blame rests with our system of supply in our Home Mission fields. With blanks of four to six months it is impossible to perfect organization, the coldness and indifference engendered thereby are not easily overcome in a few months, and our young men become disheartened and look on in sheer helplessness. But without arguing the question at length, it is plain that it is well worth while to furnish information and urge upon our people the duty and obligation of supporting all the schemes of the Church. Foundation work is an absolute necessity, and it is something to dig a hole and place a stone in position, even if it be not gigantic in dimensions.

A large number of our mission stations are self-sustaining; which demonstrates the fact that in them ordained missionaries could be placed, organization put on a permanent basis, and services made continuous throughout the year. This can only be done, however, when a larger number of young men will dedicate themselves to the service of the Master in the Gospel ministry. The need is manifest that young men who possess the necessary qualities of head and heart should give themselves and all that is theirs to the highest and best service which it is the privilege of men to enter upon.

The conditions of trade have been both good and bad. Building operations, except in Moncton, have been quiet. Labor has been a drug in the market, except for farm and domestic service. The construction work of the Grand Trunk Pacific stimulated trade in the Province of New Brunswick. The harvest through-

out the Maritime Provinces was above the average, and all crops were gathered in good condition. The fisheries in Newfoundland and Nova Scotia were less productive than last year, but in New Brunswick there was a substantial increase. The lumber trade was dull throughout the summer, but the market now shows slight evidence of improvement. The year has, upon the whole, been one of material prosperity, but it is an open question whether the moral and spiritual condition of our people in general is rising or falling. There is need on every hand for faithful and earnest effort to stem the tide of carelessness, sin, and unbelief.

There is some growth manifest at different points, particularly on the Upper St. John. Several new congregations have been organized and are awaiting the advent of ministers to fill their pulpits. Some new stations have been opened in Newfoundland, but it is too early to predict the future course of events. The Presbytery of Lunenburg and Yarmouth is prosecuting Home Missions with great enthusiasm and a good degree of success. It is unnecessary to duplicate the Convener's report as to Chaplains in hospitals, immigration service and student teachers. I regret to report that no missionary is forthcoming for service in the lumber camps. Our young men do not respond with alacrity to the cry from near and far "Come over and help us." Unless the Church will bear upon its heart before God the need which is so great and manifest, there is little hope that our fields can be occupied. Let us pray that the Spirit of God will quicken His people so that many shall respond to the call for service in the vineyard of the world.

Respectfully submitted,

JAMES ROSS.

FINANCES.

The receipts for Home Missions, East and West, excluding the credit balance of \$3,444.01 of March 1st, 1908, and repayments, were \$18,128.09, being \$370.48 less than those of the preceding year. They were sufficient, however, to meet our expenditure in the East, amounting to \$11,217.51; to enable us to contribute \$4,909.04 to Home Missions in the Northwest; to pay increased grants for immigration, hospital and educational work, and to add \$1,966.00 to our credit balance, which now stands at \$5,410.01. Of this amount \$3,000.00 has since the closing of the accounts been transferred to the reserve fund, all of which will be needed when the number of ordained missionaries required immediately for our Home Mission charges can be obtained.

The following comparative statement shows the sources and amounts of your Committee's receipts for three successive years, as well as the way in which the funds have been expended:—

Your Committee has paid out grants from the Wyllie Fund during the year as follows:—

Grant to Church at Oxbow	\$200.00
Grant to Church at Tilley	100.00
Grant to Church at Gladwyn	100.00
Proportion of Office Expenses	6.00
Total	\$406.00

The credit balance of the fund on March 1st, 1909, was \$265.90.

A very slight modification of the regulations respecting the payment of catechists, approved by the Assembly last year, has been made, and the Committee request the approval of the change in view of the importance of having them in as perfect a form as possible before the issue of the new revision of the Rules and Forms of Procedure.

The following is what is now proposed, and if sanctioned, will take the place of those submitted last year from January 1st, 1909.

"Catechists who have regularly entered upon the study of theology or who are graduates in Arts are to be paid at the rate of eight dollars per week, with board and necessary expenses, it being understood that this clause does not apply to students taking affiliated courses in Arts and Theology. Students in Arts will be paid at the rate of seven dollars a week with board and expenses. Laborers who have not entered upon their Arts course may be employed at any rate of remuneration approved by the Home Mission Committee. Where no special agreement is made the remuneration is to be that of Arts students."

"Presbyteries shall furnish the H. M. Committee a list of mission fields within their bounds in the order of their immediate or prospective importance."

Your Committee feels that the thanks of the General Assembly and the Church are due to the contributors who by their generous gifts to the Home Mission Fund have strengthened the hands of the Committee and enabled it to carry on its work with comfort.

All of which is respectfully submitted.

J. S. SUTHERLAND,

Convener.

E. A. McCURDY,

Secretary.

REPORT OF AUGMENTATION COMMITTEE, WESTERN SECTION, 1908-1909.

To the Venerable the General Assembly:

It is with profound gratitude to God, the source of all good, that your Committee submits its report on Augmentation for the past year. Though unable to raise the minimum, though having to draw \$268 from Reserve Fund to pay present minimum still, all things considered, Augmentation has held its own, and gained in the confidence of the people. The steady progress made by your Committee, the assurances of the different superintendents of the mission fields as to the help Augmentation has rendered, lead to the conclusion that Augmentation will yet see days of greater usefulness.

During the year the following 27 congregations have become self-sustaining:—

Synod of Montreal and Ottawa—St. Hyacinthe.
Synod of Toronto and Kingston—Midhurst, Blind River, Banks, Gore Bay.
Synod of Hamilton and London—Merriton, New St. Andrew's and Chalmer's, Port Colborne, Port Dalhousie. South Delaware Guthrie, Grand Bend.
Synod of Manitoba, Norwood, Cypress River, Plumas, Forwarren, Lauder, Pipestone.
Synod of Saskatchewan—Condrie, Grand Coulee, Maple Creek, Fleming.
Synod of Alberta, Calgary—(St. Andrew's) Nanton.
Synod of British Columbia—Cedar Cove, Central Park, Langley.

The following 20 congregations have been added:—

Synod of Toronto and Kingston—Riverdale, Sturgeon Falls, Bar River.
Synod of Manitoba—West Fort William, Dominion City, Home St., Little Britain, Goodlands, Hargrave.
Synod of Saskatchewan—Humboldt, Rokeby, Fillmore, Manor, Redvers, Halbrite, Weldon, Davidson.
Synod of Alberta—Norwood, Coleman.
Synod of British Columbia—South Vancouver.

In order to carry out the instructions of the last two Assemblies and raise the minimum to \$900, it was agreed to ask \$52 for Augmentation this year. Unless this sum is contributed no substantial increase need be expected. Your Committee would most earnestly ask the aid of Presbyteries—aid in keeping down what is asked to the lowest point consistent with fair play, and aid to get all congregations within their bounds to support this Fund liberally.

These regulations have been added or are somewhat changed:—

1. In the event of its being necessary to appoint a minister to an Augmented charge as stated supply, his salary shall be the same as that of an ordained missionary,—this resolution to go into effect July 1st, 1909.
2. In vacant congregations which contribute \$600 or more towards salary, no grants shall be made or claims paid, unless the Presbytery furnish to the Committee a detailed statement as to the congregations' expenses for ministerial supply of ordinances.
3. In view of the fact that a considerable number of Augmented congregations make either no contribution, or a merely nominal one to the Augmentation Fund, the Committee

resolved that no grant will hereafter be made to any congregation which does not make a reasonable contribution to the Augmentation Fund.

4. In relation to the Building Fund under the care of your Committee, the following are the rules:—

(1) The purpose of the Fund is to encourage and, to a limited extent, to aid Augmented charges to erect manses in Ontario and Quebec.

(2) That interest alone—interest from the part of the Century Fund given to the Augmentation Fund—be used, and that all grants be free, and not to be repaid.

(3) That all requests for grants must come to the Committee through the Presbytery of the congregation asking, and have the approval of said Presbytery, and that said Presbytery shall report as to title of property, cost of building and amount subscribed by congregation.

(4) Dr. Lyle, Dr. McLaren and Dr. Somerville constitute the sub-committee of the Building Fund. All applications for aid with accompanying documents, in terms of the regulations, must be sent to Dr. Somerville.

That the Church may have a fuller idea of the work of your Committee, the following three reports from men on the field will be interesting and instructive.

The following report is from Rev. S. Childerhose:—

REPORT OF AUGMENTATION IN NORTHERN ONTARIO.

No one can estimate the value of the help rendered weak congregations in Northern Ontario by the Augmentation Fund. It is beginning to dawn on the minds of some and as a result, it is expected that this Fund will receive more generous help in the future from them than it has received in the past. In the three Presbyteries of Barrie, North Bay and Algoma, nineteen congregations were on the list during the past year. Of these five are in Barrie, four in North Bay and ten in Algoma. The following changes may be noted:—

BARRIE.

Banks became vacant during the year and is at present supplied by a student without grant. It is expected that it will soon call a minister, and no doubt will again ask aid from the Fund.

Bala has not been able to reduce the grant this year, but the work is progressing.

Midhurst, after receiving help from the Fund for several years, became self-supporting this spring, and in doing so expressed its deep gratitude for the aid received from the Augmentation Fund.

Severn came on the Fund this year through the reorganization of some mission stations. The outlook on the field is hopeful, and no doubt reductions will be made from year to year in the grant required.

Waubashene is a heavy field where good work is being done by the minister.

NORTH BAY.

Burk's Falls has made cheering progress during the year in reducing the debt on the church. A slight reduction was made also in the grant required. Mr. Brown, the minister, has accepted a call to Campbellford. His loss will be sorely felt by the congregation, but it is hoped another minister may soon be called to continue the good work done by Mr. Brown.

Callander has been vacant for a year. This has been a severe trial, and the loss would have been great were it not for the loyalty of the people to the Church. Mr. Mitchener

has been called and will be settled in a few days. Good things may be expected now of Callander.

Powassan, after a long vacancy extending over a year, called Mr. Robt. Brydon, who was settled there last December. Under his able and energetic ministry Powassan is likely to become self-supporting at no distant date.

Rosseau does well to hold its own in spite of the many removals that are taking place in the congregation. It is not likely to become self-supporting for some years.

Sturgeon Falls has had hard lines during the past year. The minister, Mr. J. R. Mann, who did a fine work there, was called to another charge. A vacancy is bad for any congregation. During the vacancy the business on which the town is largely dependent shut down. This threw many of the supporters of the Church out of work. They had to move away. This very materially weakened the congregation so that it had to fall back on its old friend the Augmentation Fund. A grant was given to it on application. A minister has been called and the work of the Church is moving along very satisfactorily again.

Bar River was advanced to the status of an Augmented charge last October. It called Mr. McKinley of Toronto, who accepted the call. The congregation is steadily improving under his able ministry. It will not rest short of self-support.

Copper Cliff is another congregation placed on the Augmented list during the past year. The congregation is pulling itself together very well. For various reasons it is a difficult field of labor. There is every reason to expect a substantial reduction in the grant next year.

Little Current is on the list of Augmented charges, but it has not yet been settled. The outlook for this congregation is very bright if it only had a settled pastor. It is expected that it will be able to call a minister soon, and if so there is every reason to believe that Little Current will give a good account of itself.

The great drawback to the work of several of the Augmented congregations in Northern Ontario has been long vacancies. This is partly due to the minimum salary offered. Ministers cannot live as they should on the minimum salary offered in Northern Ontario. Living is much higher there than anywhere else in Canada with the possible exception of British Columbia. Augmented charges in Northern Ontario must receive special consideration or else with some of them it will be one long vacancy.

ALGOMA.

Bruce Mines has had a good year, and probably before the end of this year it will be able to stand alone and will rank with that increasing number of congregations which have been helped to self support by the Augmentation Fund.

Blind River has become self supporting, and for the past year received no aid from the Augmentation Fund.

Gore Bay is another congregation promoted to the self-sustaining status. This was done by the union of some adjoining mission stations.

Manitowaning is not growing, but good work is being done there and it deserves the aid it receives.

Richard's Landing is another field which has suffered by a long vacancy, extending over nearly two years. It is a testimony to the loyalty of the people that it did not go to pieces long ago. This spring the congregation has called Mr. Malcolm, who is a member of this year's graduating class in Knox College. Good work will be done and better days are in store for Richard's Landing.

MacLennan is a purely country district where things usually move slowly. Constant progress is being made under the able and faithful ministry of Mr. Sinclair.

Webbwood is hopeful. At present Espanola is receiving supply in connection with Webbwood. Should these places be united under one pastoral charge it ought to be self-supporting.

The following report is from Dr. Carmichael:—

REPORT ON AUGMENTATION IN THE SYNODS OF MANITOBA AND SASKATCHEWAN.

The Presbyteries in these Synods have been diligent in their supervision of the congregations on this fund. The aim is not to grant money where it would not be invested in the interest of maintaining ordinances or developing these congregations, or withholding it where it should.

The recommendations for increased or reduced grants are made according to the condition of the field and the best interests of our work. I have visited most of the congregations in Saskatchewan and a good many in Manitoba. The appeal for support the Home Mission and Augmentation Funds have not been separated, as the people in the West regard them as one. Each congregation on the Fund has been urged to regard the fund with special liberality when dividing its money for schemes. We are trying to so treat these congregations that when they become self-supporting they will be enthusiastic promoters of this Scheme.

SUPERIOR.

Fort Frances received \$175 last year and is asking the same for next year. There has been no growth in the town. The conditions are the same as last year. The dam across the river has not been completed and will not likely be till autumn. The work this summer will be on the American side, the workers will reside and spend their money there. The pulp mills promised have not yet started. There is \$1,500 debt on the church and manse, which is being paid at the rate of \$300 a year with interest. The management, if the town should be more prosperous than expected, will make a special effort in the interest of the Augmentation Fund which will amount to a practical reduction of the grant. As soon as the dam is completed across the river, and the pulp mills started, this congregation will become self-supporting and should contribute largely to the Schemes of the Church.

West Ft. William, a new field, will require a grant of \$250.00.

Rainy River received a grant of \$175 for the current year and has arranged for a reduction of \$50, and expects to reduce at the rate of \$50 a year until it becomes self-supporting.

ROCK LAKE.

Baldur received \$100 last year. This year it is served by a married man and will require \$150. It has no manse, and is raising for self-support \$800.

Rosebank received \$150 for the current year and has arranged to decrease the grant to \$100 for next.

Swan Lake is in a run-down condition, and is still vacant. The grant for the current year is \$50. The same grant is asked for next year.

Waskada, a new field, receiving a grant of \$250 last year, has arranged to reduce the grant to \$200 this year.

Goodlands is asking the same amount, \$200, for next year.

All these fields have been visited.

GLENBORO.

Cypress River received a grant of \$100 last year and arranged to become self-supporting this year.

Elm Creek where very faithful work has been done received \$250 last year. There is no manse, a debt of about \$800 on the Church, and a mixed population, who are not strongly Presbyterian, and have not the enthusiasm that might be expected among the people for the church, though in this respect there is improvement. It has reduced its grant of \$250 to \$200.

DAUPHIN.

Grand View received a grant of \$100 last year. There were six stations in this field. Three have been cut off to form a mission field in the interest of a fuller supply, and the congregation feel, that owing to the failure of the crops in the district for the last two years, they could not call with a grant of \$100.

There is no manse. They are asking for a grant this year of \$200, and have decided to begin the building of a manse immediately. With favourable seasons this field ought soon to become self-supporting.

PORTAGE LA PRAIRIE.

Austin. The conditions prevailing are the same as last year, and the grant asked is the same—\$150.

Plumas received a grant of \$100 last year, and early in the year it became self-supporting.

YORKTON.

Yorkton Presbytery is asking that Humboldt be put on the fund at a grant of \$250. Humboldt has forty-two families, and asks also that Rokeby, with thirty-two families, be put on the fund at a grant of \$300.

MINNEDOSA.

Foxwarren has been joined with Binscarth.

Rosburn received a grant last year, and the same conditions prevail at present. It asks \$150 this year. It is hoped that this grant may be materially reduced in the near future.

BRANDON.

Lauder and Pipestone have both become self-supporting.

Westhall asks a grant of \$100, the same as last year.

Hargrave has extended a call, and asks to be put on the fund at a grant of \$100.

ARCOLA.

Fillmore and Creelman mission have been joined, and are about to extend a call and ask to be put on the fund at a grant of \$100 a year.

Carlyle asks the same grant as last year, \$100.

Highview had a \$150 grant last year and asks for \$100 this year.

Manor has extended a call and asks to be put on the fund at a grant of \$100.

Crop failure for the last two years in this Presbytery is the reason for retaining old grants and asking grants for new fields.

ALAMEDA.

Alameda had a grant of \$150 last year. Owing to a Union Church being formed at Frobisher, which several of our people joined, a grant of \$250 is asked for next year.

Carrievale has wiped out nearly \$400 of debt last year. The grant last year was \$150. It asks \$100.00 this year.

Gainsboro had a grant last year of \$100, and asks for the same next year. It has a church debt of \$1,967, which is being paid off at the rate of \$300 a year. The same conditions prevail as last year.

QU'APPELLE.

Balcarres asks a grant of \$100, the same as last year. In this district the crop has been frozen for the last two years.

Flemming received a grant of \$100 last year, and is self supporting this year.

Fort Qu'Appelle received \$150 this year, and asks the same for next year. The conditions prevailing there are not changed.

Tantallon received \$200 last year, is vacant, and asks the same for this year.

Sintaluta was granted \$250 last year and asks \$200 this year. This congregation has suffered from removals.

S. Qu'Appelle had an overdraft at the bank of \$2,200, debt on the manse of \$1,200 and on the church \$3,000. This debt is being paid in annual payments of \$400. Last year, owing to failure in crops, payment could not be made. Six families left the bounds of the congregation, two came in. The French are buying up the property in the vicinity of the town and are building a splendid church. The Germans are creeping up from the south, and occupy nearly all the farms. Notwithstanding all these disabilities the Management have made a special effort and the congregation has become self-supporting.

Weldon, a new field, asks to go on the fund with a grant of \$250. In this field the Presbyterian element is not strong, but all denominations support our mission equally well. The success of the mission depends upon the man. The interests of the field are best secured by the pastorate.

Windthorst is a strong field, on the Reston branch of the C.P.R. There are a large number of people in the district. It has been raised to the status of a congregation, and asks to go on the fund at a grant of \$250.

REGINA.

Balgonie is composed of two stations, Balgonie and Pilot Butte. On account of the ong drive to Avonhurst, it was cut off and formed into a new field. Balgonie last year received a grant of \$300. It asks for the same this year. There are about thirty families in the entire field. The importance of maintaining our cause here, owing to the large percentage of Germans in the town and district and the large German colony to the north east and another to the south, is very great. The German population is being influenced by our Church. Many are attending the services, and there are fifteen German children in the Sunday School. The congregation, as at present constituted, has increased its givings during the year \$140 towards self-support. A thorough canvass is being made of the field. During the year \$325 was paid on the church debt. There is still a debt of about \$1,000. Over \$100 has been raised for Schemes. \$75 has been given to the Augmentation Fund. In the opinion of the management, a substantial reduction can be made in the grant from year to year until the field is self-sustaining.

Condie received a grant of \$250 last year and conditions are very much the same. By special effort the congregation has become self-supporting.

Drinkwater received a grant of \$300 last year and asks the same for this year. Last year they paid the balance of the debt on the church of \$430. They have secured a manse on which there is a debt of \$1,000 at eight per cent. They paid this year \$600 stipend. This is 200 per cent more than the previous year.

Sunny Hill, its outside station, is undertaking to build a church costing \$2,000, which they intend to dedicate this year without debt. The field is making an effort to give \$50 to the Augmentation Fund, and expects in two years to become self-supporting.

Grand Coulee was made a pastorate in 1906. There were only then a few families in the field who took special interest in our work. \$300 was the grant given then, and continued since. They have built both a church and a manse—debt on both buildings, \$3,200. Fifty-one families are identified with the congregation, and while conditions are very much the same as last year, they have decided on a complete canvass of the field, and to become self-supporting.

Maple Creek, which received a grant of \$100 last year, has become self-supporting this year.

Rouleau received a grant of \$300 last year, and is asking for the same this year. There is a church and manse at Rouleau with a debt of \$1,700. Last year the congregation paid \$600 toward the support of ordinances, and over \$400 of arrearage due their last minister, and are making an effort to contribute \$50 towards the Augmentation Fund. Five members contribute each \$1 per Sabbath. There is an active Board of Management, who are doing their utmost to develop the Grace of Liberality among their congregation. After next year they hope to be able to make a reduction in the grant.

St. Paul's, Moose Jaw, asked \$200 last year, and the same this year. The congregation is largely composed of railway men who suffered through the strikes last year a good deal, and are still feeling the influence of them.

Swift Current received \$200 last year and asks for the same this year. It is hoped that this field will become self-supporting.

Davidson, a new field on the Prince Albert branch, is hoping to extend a call, and asks to go on the fund with a grant of \$200.

PRINCE ALBERT.

Hanly received \$275 last year and asks a grant of \$250 this.

Rosthern received a grant of \$300 last year and asks the same for this. It contributed \$250 towards the Augmentation Fund, and is, therefore, practically self-supporting.

Smithville has received a grant of \$250 last year, and asks for the grant at the same rate for the first six months and at the rate of \$150 for the remainder of the year. The conditions here are the same as last year.

MISSION FIELDS RAISED TO THE STATUS OF AUGMENTED CHARGES.

West Fort William, Goodlands, Humboldt, Hargrave, Fillmore, Halbrite, Weldon, Windthorst, Davidson, Dominion City, Redvers, Little Britain, Home St. (13).

AUGMENTED CONGREGATIONS WHICH BECAME SELF-SUPPORTING DURING THE YEAR.

Blythfield, Cypress River, Plumas, Foxwarren, Lauder, Pipestone, Fleming, S. Qu'Appelle, Condie, Grand Coulee, Maple Creek (11).

CHARGES IN WHICH GRANTS ARE REDUCED.

Rainy River, River View, Rosebank, Elm Creek, High View, Sintaluta, Swift Current, Smithville (8).

The visit of Dr. Lyle, the Convener, through the Synod of Saskatchewan and Manitoba, last fall was most valuable in accentuating the importance of the work done by this Committee and its claims upon East and West for ample support.

The following report is from G. A. Wilson:—

AUGMENTATION REPORT FOR THE SYNOD OF BRITISH COLUMBIA.

During the past year, there were twenty-two congregations in the Synod of British Columbia under the charge of the Augmentation Committee. Three were in the Presbytery of Kootenay, seven in the Presbytery of Kamloops, nine in the Presbytery of Westminster, and three in Victoria Presbytery.

KOOTENAY.

The charges under the Augmentation Committee in this Presbytery were Trail, New Denver and Kaslo. Little development has taken place in Trail or Kaslo and all that can be said of these towns is that they have held their own. New Denver is considerably weaker than it was a year ago, owing to the continued diminishing of the population at one of the stations. Since the Rev. R. H. Gilmour was placed in charge in December of last year, new hope has taken possession of the congregation and better results are looked for.

KAMLOOPS.

The Augmented Charges in this Presbytery are Field, Golden, Shuswap and Ashcroft, all on the main line of the C.P.R.; Quesnel in Cariboo, Princeton in Similkameen and Nicola in Nicola Valley. There has been very little increase in the population of any of these places, and thus none of them have been able to become self-supporting.

WESTMINSTER.

In the territory included in the bounds of this Presbytery, the greatest expansion has taken place. The building of new railway lines, and the incoming of new settlers to old established congregations have strengthened these charges, and the result has been that three Augmented Charges have become self-sustaining. These are:—

- 1st. Langley, a country congregation in the Fraser Valley.
- 2nd. Central Park, situated between Vancouver and Westminster.
- 3rd. Cedar Cove in the east end of the city of Vancouver.

VICTORIA.

There are three congregations in this Presbytery, Ladysmith, Cumberland and Cedar Hill. During the year, the Rev. R. W. Collins became pastor of the Cedar Hill congregation. Promises of greater development are manifest in this suburban congregation of Victoria. Ladysmith has become vacant by the resignation of the Rev. J. McMillan. Within the bounds of the Synod three congregations have become self sustaining and one Home Mission field has been added to the list, namely, South Vancouver in the Presbytery of Westminster, where the Rev. J. H. Cameron, late of Kildonan, Manitoba, has been recently settled.

All of which is respectfully submitted.

SAMUEL LYLE,
Convener.

I give and bequeath to the Treasurer, for the time being, of the Committee on the Augmentation of Stipends of the Presbyterian Church in Canada (Western Section) in trust for the said Committee, the sum of..... to be paid out of my personal estate without any deduction whatever; and I direct that the receipt for the said sum of the Treasurer of the above named Committee shall constitute and be sufficient discharge therefor.

REPORT OF THE AUGMENTATION COMMITTEE, EASTERN SECTION, 1908-1909.

To the Venerable the General Assembly:

Your Committee has to report the successful working, through another year, of the Fund entrusted to its management. While the income was less than that of the preceding year, by \$317.86, and the expenditure was increased by \$2,253.00, there is still a balance of \$2,458.82 to the credit of the Fund. During the year two congregations, Murray Harbor North and Murray Harbor South, have become self-sustaining.

The income from all sources was \$10,660.91, of which \$9,816.62 was contributed by congregations, \$554.09 came from interest, \$250.00 refund, \$23.00 donations, and \$17.20 from C. E. Societies.

The payments for grants to fifty congregations amounted to \$10,166.74, all other expenses \$497.24, making a total expenditure of \$10,663.98.

At the meeting of the Committee in October the following grants were made, which the Assembly is asked to confirm.

During the year Augmented Congregations raised \$5,007.86 for Schemes of the Church. Of this \$1,230.15 was contributed to the Augmentation Fund.

Shortly after the last meeting of the General Assembly, Dr. Tufts, who was appointed Convener of the Committee at that time, was called to a congregation in Boston, and, having removed beyond the bounds of the Canadian Church, the ex-Convener, Dr. E. Smith, was requested to serve as acting Convener, and consented to do so.

At its recent meeting the Augmentation Committee, having heard the reference from the Synod in re improved methods of finance in assisted congregations, and the Home Mission Committee's action thereon, cordially agree with the same, and suggest further, that these Committees apply to the General Assembly for legislation to this effect.

All of which is respectfully submitted.

E. SMITH,
Acting Convener.

E. A. McCURDY,
Secretary.

REPORT OF THE BOARD OF FRENCH EVANGELIZATION, 1908.

To the Venerable the General Assembly:

In presenting its thirty-third annual report, the Board of French Evangelization would respectfully call attention to the inadequate financial support received from the Church and the consequent necessity of having to draw on other funds to meet the expenditure of the past year. The extreme economy practiced during recent years has in more than one instance been to the detriment of the work. Due attention has been given to the development of the people's liberality, and the results have been encouraging, but much remains to be done. Prayerful consideration has been given to the problem of bringing the Gospel home to those sincere souls who are the conscious and unconscious but unhappy victims of the unscriptural and superstitious practices of the Church of Rome as well as to the thousands who have lost faith in her teachings and lapsed into religious indifference and practical Atheism.

This report aims at giving a brief review of the work of missionaries, teachers and colporteurs in the several Presbyteries in which the operations of the Board are carried on, thus emphasizing its extent and importance, and also a view of Protestantism and the religious future of Canada from a Roman Catholic standpoint.

The latter is given in the following sentences which are translated from an article in *Le Canada Ecclesiastique*—"It must be noted that the religious point of view means the Catholic point of view; for Protestantism, which properly speaking, has never been a religion, and never been anything but a collection of doctrines and morals badly defined and often contradictory, has scarcely any existence except in a state of prejudices and passions or material interests, ever ready to give assistance to free thought, impiety and all disorderly elements in their fierce and incessant warfare against Catholicism, the only true Church.

"Our question is this—will all these countries which form more than half of North America one day become Catholic? Will the Church of God succeed in establishing herself all over it with the light of true faith, nourishing millions and millions of souls with her divine sacraments and guiding them in peace and security here below to the final goal of heaven, or will Catholic influence disappear little by little and these same countries become the scene of social upheavals and revolution—fall into a state of barbarism trampling under foot the principles of natural rights such as the rights of parents in the education of their children. Every society that turns its back on the Church of God or refuses obstinately to return to her is doomed to ruin. In what condition do we see to-day nations with a glorious past which have abandoned the principles of christian right and taken their inspiration from that 'New right, born, says Leo XIII. of the Protestant Reformation, which introduced the modern principles of unbridled liberty which aim at the overthrow of everything in church and state.' (Encyc. Sap. Ch.)

"The future for us will be decided by the attitude which our young society takes towards the church, and this attitude, let Catholics of Canada know it and understand the gravity of their responsibility before God and man—depends on them. If they close their eyes and remain inactive, leaving the field free for the enemies of the Church who are the worst enemies of the nation—or standing apart strike only a good blow here and there, it will be for their effacement, and in a short time death. If, on the contrary, they give an attentive and docile ear to the voice of the holy church which speaks to and instructs them by the mouth of her Pontiffs—if they will yield to the insistence of Pius IX., Leo XIII.

and Pius X., on the necessity of uniting together, of organization, and vigorously combatting by the Catholic press, by Catholic education, especially *Catholic education*, they will not only deliver their own souls, prove themselves worthy children of the church, and accomplish an imperious duty of conscience, but they will contribute most effectively to the propagation of the gospel, the diffusion of Christian life among the new people, and the extension of the Kingdom of God in North America. Is there anything more fitted to enkindle zeal."

MISSION FIELDS.

PRESBYTERY OF HURON: The Rev. S. A. Carriere reports continued success in his work among the French Canadians in the neighbourhood of Grand Bend. His influence and work are highly appreciated by his Presbytery.

PRESBYTERY OF ALGOMA: The Rev. E. D. Pelletier has ministered to groups of both French and English settlers and visited several lumber and mining camps along the Canadian Pacific Railway line, preaching and distributing scriptures and religious literature. He was supported conjointly by the H. M. C. and French Board. Two experienced French-Canadian colporteurs will labor in Northern Ontario during the coming summer.

E. S. LOGIE,
Convener.

PRESBYTERY OF NORTH BAY: Mr. J. A. E. Dubuc, colporteur, laboured four months within the bounds among the French Canadian people. He sold 188 copies of the Scriptures, and distributed 2,000 religious tracts. Owing to the active and well organized immigration policy of the Roman Catholic Church, the French-speaking population of Northern Ontario is increasing very rapidly and most important religious and educational problems are calling for attention. Some of these received the attention of the Board at its last meeting, and a Committee was appointed to bring them before the Synod of Kingston and Toronto.

PRESBYTERY OF GLENGARRY: The Mission, while covering a large area, does not include a very large number of families. We have but one missionary, Mr. S. Dayan. In Cornwall we have a very good though small church where services are held regularly for the French Protestants. Scattered throughout the Presbytery are a number of French Protestant families, mostly connected with local Protestant churches. Glengarry, originally a Scotch county, is rapidly changing its character as the French people are steadily buying up the farms and business of the Scotch people, and have already become a strong factor in the political and commercial life of the county. This field offers an exceptionally good opportunity for effective work.

J. U. TANNER.

PRESBYTERY OF OTTAWA: Ottawa city. The Rev. C. H. Vessot, son of one of the pioneer French missionaries, is in charge of the work here and in Hull. Mr. Vessot was absent five months of the year by leave of Presbytery. The work was at a standstill during this time owing to frequent change in supply. He resumed work in October and has more than regained lost ground.

Mr. L. Bonnenfant, a devoted colporteur, lives in Hull where he has won a place for himself and the work he represents in the face of strong opposition. About four years ago Mr. Bonnenfant began a school in a rented house in one of the most unpromising parts of the city. The attendance at first was small and irregular, but gradually grew. The next year a small building was purchased which serves now as residence for the colporteur and school. The school has developed into a boarding school with an enrollment of 30, of whom as many as 16 are boarders. The Board spent last year \$100 on this school exclusive of the teacher's salary. Other expenses, amounting to about \$300 more, were contributed by friends of the work in Ottawa. The teacher is Miss A. Cruchet and Mrs. Bonnenfant acts as matron. This school has in it the promise of great usefulness.

ANGERS AND PERKINS: The Rev. C. F. Cruchon entered upon his work in this field last May, to the great satisfaction of the people. Angers is a well-to-do farming community and among the best farmers are the French Protestants. Perkins is a mining, farming and lumbering district in the Laurentians. The field is laborious, as the two places are 13 miles apart.

MASHAM: Rev. A. F. Rivard entered upon work enthusiastically in this old field in May. It is well equipped and has connected with it a number of good farmers. It has suffered from emigration. Mr. Rivard visits also Quyon and Otter Lake. The school has been self-supporting for a number of years.

MONTE BELLO, ETC.: Mr. E. Etique, student, occupied this field during the summer. Since his departure it has been visited twice by Mr. Cruchon. It embraces a wide territory, including such centres as Papineauville, the Gore, Ripon, St. Andre and Treadwell. The outlook for our work is good.

NAMUR: Rev. J. Rey, missionary. This field lies about 18 miles north of Monte Bello, and has as two outlying stations, Grand Lac and Lac des Sables. A new church is being built at Grand Lac.

There are three regularly organized schools in the field to which the French Board makes small grants. The teachers last year were Messrs. D. Lebel, E. Weulleumier and Mme. Tessier.

The people for the most part are poor but progressive. Recruits from the ranks of Romanism are continually being made. There is no better exemplification in the Province of what the Gospel does for the individual and community. The missionary's life and preaching power influences the whole community. Mr. Rey has printed a very interesting historical sketch of this field.

JAMES TAYLOR,
Convener.

PRESBYTERY OF MONTREAL: ARUNDEL, ETC. The Rev. J. B. Sincennes preaches regularly at three stations every Sunday, two of which are English and one French. To do this he drives 27 miles. Rouge Valley, the French station, is the strongest numerically. Here our Church is alone, at the two English stations three other denominations are represented. Surely this is unseemly with 1,500,000 at the door and millions beyond to be evangelized. There is an organized dissentient school at Rouge Valley.

BELLE RIVIERE: The Rev. P. E. St. Germain is doing a quiet but effective work in this old field to which the Amaroons were sent in 1839 and where the Pointe-Aux-Trembles schools originated. The families of the first converts are worthily represented by their descendants living here.

CHAMBLY CANTON: This was a flourishing mission during the time of its first missionary, the late Ant. Bois. Within the past three years the families gathered in have gone elsewhere, only two or three remain. During part of the year occasional supply was given by the French students of the Presbyterian College, and during the summer months Mr. A. P. Blouin, licentiate, did the work of an evangelist in the district. The work was continued by Mr. J. A. Dubuc, colporteur, until the end of the year.

FARNHAM: Since the Rev. M. F. Boudreau removed to Quebec last May, no man has been found to carry on the French side of the work. The need for bi-lingual men is urgent.

GRENVILLE: The French students of the Presbyterian College supplied this field during the winter. Mr. P. Louys, B.A., was in charge during the summer and did excellent work as missionary and teacher. The school closed for some time for want of pupils and was reopened three years ago at the request of a number of Roman Catholics in the district. The enrolment was 43 of whom 9 were Protestants.

ITALIAN MISSION: The Rev. G. B. Castillini has done quiet and efficient work in this mission on St. Denis Street, Montreal, among his fellow countrymen. The condition of

the most of the Italians on their arrival is incredible. They are a living reproach to the church of the Pope, whose faith they nominally profess, but which has no reality for them. Mr. C. has been more concerned about the quality than the quantity of the converts. It is a real work of re-Christianization. Unless the work is genuine it is worse than worthless. Mr. C. is ably assisted by a small band of earnest Christian young men, all fruits of the mission. There is a flourishing day school taught by Miss C. Buckle, and a large Sunday School under the direction of the missionary's wife. The children are bright and very intelligent. During the winter months a night school was taught by Mr. C., the expenses of which are paid by the Government. There is an active missionary and literary circle which meets regularly and has now a library of 300 Italian books. The mission dwelling is well suited for the work. It was purchased three years ago for \$12,000. It was hoped at the time that friends would be found to furnish the required money. This hope has not been realized. The financial burden is too heavy and it has been decided to sell the property and to procure cheaper quarters elsewhere. This step has been decided upon very reluctantly. There is still an opportunity for some friend or congregation to come to the rescue and win the lasting gratitude of these Canadians in the making.

JOLIETTE: This old Protestant post, the home of the Rondeaus and Vessots, has been dependent upon student supply for the greater part of the year. It is the only Protestant Church in the town. The majority of the Protestant families, while nominally of other denominations, are loyal to our Church and desirous of presenting a united front in this citadel of Romanism. A forward movement is looked for with the arrival of the Rev. E. D. Pelletier, who has been appointed to the field.

LACHUTE: The Rev. I. Mathieu, notwithstanding his fourscore and three years, keeps up a live interest in the work amongst his fellow countrymen by holding cottage meetings and distributing literature. Fortnightly services are held by the Rev. P. E. St. Germain, of Belle Riviere.

LACHINE: The Session of St. Andrew's Church, Lachine, of which the Rev. C. B. Ross is pastor, kindly gave the use of the church for a French service, which was held on Sunday morning by Mr. B. Gallo, ex-priest, during the summer. This kindness was fully appreciated by the French Protestants, and not without effect in the old town which only a few years ago stoned one of our colporteurs. It is an example which is worthy of imitation in many other places.

MAISONNEUVE: This is a new preaching station, which was opened last fall by Mr. B. Gallo, missionary in charge of Lachine and Tetreaultville. The use of the Maisonneuve Presbyterian Church for a Sunday morning service was generously granted by the officials and pastor, Rev. Peter Walker. Thus far there has been encouragement, and the prospect is bright.

LACROIX: Within the past 20 years Pastor Duclos has had the satisfaction of seeing this mission grow from nothing to its present promising condition. The past year was the best in its history. Mr. Duclos has been the friend of all and a father to the young. Speaking of his work for the past year he says, "I have come in contact with over 500 families and over 100 single persons, but have not been able to follow them all. However, some 56 have made profession of their faith and many have left Montreal." He mentions little groups of his people who have settled in Northern Quebec and Ontario, and many points in Western Provinces, and adds, "I have received from some most encouraging letters, some thanking me, others asking for advice and New Testaments." Mr. D. has the honour of being the oldest minister in active service in our Church, and will celebrate his ministerial jubilee next June.

There is a school in connection with the Church with an enrolment of upwards of 40 scholars, of whom about one-third are Roman Catholic.

ST. CHARLES STREET: This is a bi-lingual mission in charge of the Rev. C. A. Doudiet, and is supported conjointly by St. Paul's Church, Montreal and the French Board. Mr. Doudiet is one of the veterans whose vigor remains unabated. He has a flourishing Sunday school with a good proportion of French scholars in it. There is also a good day school

for French children taught by Mr. J. H. Wattier, with an enrolment of 56 and nearly all Roman Catholics.

NEW GLASGOW: The Rev. R. S. Vernier is pastor. He has an English and two French preaching stations. Notwithstanding the decreasing number of English families, the field has kept up heroically all financial obligations and refused to increase the draft on the mission funds. All the interests of the Church are well sustained and the pastor stands high in the esteem of both Protestants and Roman Catholics as shown by the attendance at both of his services.

ST. HYACINTHE: The Rev. H. Joliat is pastor. The congregation is bi-lingual and composed of some two dozen families, a few of whom are well-to-do. It is a light whose life-giving rays are penetrating the surrounding darkness. At the close of the year it was moved to assume all financial responsibility and thereby relieve the mission funds of the Church to the amount of \$550. It is now the first and only self-supporting French congregation in Canada. Pastor and people received the well merited congratulations of both the Presbytery and Board.

ST. JOHN'S, MONTREAL: The Rev. T. S. St. Aubin is pastor of this church, which is in some respects the most representative and important of all our French churches. The long vacancy preceding the present pastorate caused numerical and financial loss. Under the faithful and energetic leadership of the pastor, the losses have been more than made good, as a glance at the statistics will show. At the close of the year the congregation decided to double its contributions toward stipend, and thus reduce the grant of the Board by \$200. It looks beyond this and is aiming at self-support in the near future.

ST. JEAN BAPTISTE, MONTREAL: The Rev. I. P. Bruneau has done substantial work in the northern section of the city where this mission is located. The people are in humble circumstances and for the most part poor. Removals have been about counter-balanced by additions, so that statistical progress is not marked. There is a good Sunday School and also a prosperous day school taught by Miss A. Belle Isle, a graduate of MacDonald College.

TETREAULTVILLE: During the year a French service was begun in the Presbyterian Mission Church here, the use of which was kindly granted by its trustees, under the direction of the Pointe-aux-Trembles session, for a number of French Protestants. Later it was placed in charge of Mr. Gallo. It is a growing suburb and composed of working people who are building very modest homes. The French Protestant families have been fluctuating, but there is a good promise for the future.

VALLEYFIELD: Apart from five months of the summer when the Rev. L. Abram was in charge, this mission has been dependent upon supply from the Presbyterian College.

This Mission, which is part of the Presbyterian congregation of Valleyfield, is a worthy monument to its late pastor, Rev. J. E. Duclos, now of Edmonton, who was mainly instrumental in establishing it and in interesting the congregation in this work for the French Canadians all around them. One of Mr. Duclos' last acts was the ordination of a second French Canadian to the eldership. Had such a policy been followed in all mixed communities in the past, conditions in Quebec would have been greatly altered.

COLPORTEURS: Mr. J. A. E. Dubuc laboured in Vercheres, Jacques Cartier and Chambly counties; Mr. R. Girardin in Montcalm, Messrs. X. Drapeau and A. Chagnon in Labelle and Terrebonne for parts of the year. They offered the gospel in 952 Protestant and 6,951 Roman Catholic homes, and sold 718 Scriptures and distributed upwards of 16,000 religious tracts.

C. E. AMARON,
Convener.

PRESBYTERY OF QUEBEC: During the past year we had difficulty in manning our mission fields for want of men. We are greatly indebted to some ministers of our Church

for occasional supply, and especially to the Secretary of our Board who, notwithstanding the vastness of his work, managed to give frequent services in some of our French fields, which otherwise would have been vacant. It is a matter for regret that more of our English ministers do not make it their business to learn the French language and thus be of service to the French people amongst whom God has cast their lot.

During the year 3 colporteurs, 4 teachers and 9 ministers and students occupied our fields, and by the blessing of God accomplished much good work. Many doors are open to the missionary. The harvest truly is plentiful. We want more of the sympathy and prayers and money for this work of placing the Gospel of our Lord Jesus in every French home in Canada.

CHICOUTIMI: This field was worked in connection with Lac St. Jean. A number of our families have recently removed from here.

DITCHFIELD: Mr. R. David, student, was missionary during the summer, and monthly supply was given during the winter by the Rev. G. C. Mousseau. The exodus of several of our families to the Northwest has weakened this field.

HAM NORD: Rev. G. C. Mousseau, missionary. Under Mr. Mousseau there has been marked improvement. The school has been regularly organized and is almost self-supporting. No suitable teacher being available, Mr. Mousseau taught school part of the year.

LAC ST. JEAN: Mr. A. Pelletier, missionary. Good work was done. There is no place in the Province where submission to the priest is more abject, and his claims to the exercise of miraculous powers more fully recognized than here.

LORETTE: We have a few French Canadian and Huron Indian families here. The minister of Quebec gives regular services, which are attended by the summer residents.

PORT-AU-PERSIL: The Rev. S. H. Bourgoin is missionary. Besides Port-au-Persil, Riviere Noire and Riviere au Canards, on the north shore of the St. Lawrence, Mr. Bourgoin visits all the places between Tadousac and Roberval, Lac St. Jean, where there are English and other Protestants who are not otherwise cared for.

QUEBEC: Rev. M. F. Boudreau entered upon the work here last May. He found it in a very unsatisfactory state owing to internal troubles of one sort or other. His tact and experience stood him in good stead. His discouragements have given way to hope and he sees a brighter future before the mission. Mr. Boudreau has given occasional supply to St. Valier and St. Anselme.

RIVER-DU-LOUP, ETC.: This is a bi-lingual field and supported conjointly by the H. M. C. and French Board. The Rev. A. F. Rivard left the field in May. Temporary supply was given for the rest of the year. All of the French Protestant families except one or two have left St. Cyprien and St. Hubert. No change at Cacouna.

ST. BLANDINE: Mr. E. David, student, did good work as missionary and teacher in this field. The school is regularly organized and receives aid from the Government, and had 15 scholars in attendance. The few Protestant families, all recent converts, are faithful and zealous.

ST. DAMASE: Rev. C. P. Lapointe, missionary. This is the only Protestant community between Quebec and River-du-Loup. The missionary is held in high esteem by Protestants and Catholics, and is welcomed in their homes. The outlook for the work is bright. There is an organized school of which Miss B. Beaulieu was teacher during the summer. Professors Morin and Walters of McGill University, have their summer homes here, and give much encouragement to the mission.

STE. SOPHIE: This field is 30 miles from Ham Nord and is visited fortnightly by the Rev. G. C. Mousseau who receives much encouragement from the people. The day school, taught by Miss Rainville, was not opened last fall. The senior scholars have gone to Pointe-aux-Trembles.

ST. VALIER: Mr. P. LeBel, student, was in charge during the summer. Little or no progress is to be noted. The missionary zeal of some of the families is commendable. The people are accessible and well disposed, but victims of the fear of man and religious indifference.

COLPORTEURS: Mr. G. Andre laboured in St. Frances district; Mr. J. A. E. Dubuc for six months in the counties of Nicolet and Drummond, and Mr. H. Fresque five months in Rimouski, Matane and Gaspé. They sold and distributed 711 scriptures and 2,500 religious tracts, and offered the gospel in 6,835 Roman Catholic homes.

C. A. TANNER,
Convener.

PRESBYTERY OF MIRAMICHI: Mr. A. Gouin, student, worked as a colporteur-evangelist for three months in the neighbourhood of Campbellton and had access to many Roman Catholics.

ST. JOHN PRESBYTERY: Mr. A. Boucher, student, worked as a colporteur-evangelist around Edmundston and St. Agathe, where his services were appreciated by the scattered French Protestant families, as well as by a number of Roman Catholics. From the intermittent supply given to some of these districts, progress, if at all to be expected, must necessarily be slow.

PRESBYTERY OF REGINA: An application of the Presbytery for a French speaking missionary and a grant towards his support was granted last fall. The minister, in view at the time was not available. The Rev. P. S. Rondeau has been appointed since, and will begin work in May in the Pinto Horse Creek district, where there is a large French settlement.

SUMMARY.

In 43 mission fields and colportage districts, the average attendance was over 1,900 persons upwards of 10 years of age, representing 880 Protestant families. There are 1,213 communicants of whom 189 were added during the year. 1,050 scholars were enrolled in the Sunday Schools and 768 in the mission schools, of whom 460 were Roman Catholics, 97 Protestants were lost by removals and 108 Roman Catholics became Protestants. 3,221 Scriptures and 31,854 religious tracts and booklets were sold and distributed. The gospel was offered in 12,290 Roman Catholic families.

The fields contributed \$5,312, of which \$636 were for missions, and the 15 mission schools \$4,358, making a total of \$9,670.

THE POINTE-AUX-TREMBLES MISSION SCHOOLS.

The Schools are situated on the north shore of the St. Lawrence River, nine miles east of Montreal. They were founded in 1846 by the French Canadian Missionary Society, and were purchased by the General Assembly of our Church in 1880, and since enlarged. There is accommodation for 190 boys and 80 girls. Upwards of 5,000 French-Canadians have been educated here. Many of these now occupy positions of trust and influence as ministers, teachers, physicians, lawyers, farmers, mechanics, etc. Pupils are admitted between the ages of thirteen and twenty-five, the average age last year being about fifteen. A preference is given to the sons and daughters of French Roman Catholic parents, and to the children of recent converts from Rome, living in parishes where there are no Protestant schools. The session begins in October each year and continues for seven months. The pupils reside in the buildings and thus enjoy the advantages of a Christian home, under the supervision of earnest, devoted Christian teachers. They all take their share of housework. The day's duties are thus laid out:—Rise at 5.30 a.m.; breakfast at seven; house all are in the class room studying privately from six to seven; breakfast at seven; house and out-door work from 7.30 to 8.50; family worship, when all assemble together, boys and girls. School begins at nine, the first hour being given to Bible study, and continues till twelve. Then dinner, followed by recreation to 1.30. Classes resume till four; re-

creation from four to five; classes from five to six; tea at six; recreation to seven; family worship; studying privately in the class-room till nine, and all in bed and lights out at 9.30 p.m. Eight teachers reside in the buildings.

Special prominence is given to the religious instruction of the pupils, and to the teaching of God's word on the points of difference between Protestants and Roman Catholics. It is no exaggeration to state that comparatively few, if any, of our English-speaking young men and women are better acquainted with their Bibles, or are better able to give a reason for the hope that is in them, than are the pupils of Pointe-aux-Trembles Mission Schools.

Great care is exercised in the selection of pupils from the increasingly large number of French-Canadians applying for admission. The schools are visited and examined monthly by a Committee of the Board. In January and at the end of the session written examinations are held in all the subjects taught. The work of the past session on the part of both pupils and teachers was very satisfactory.

When the Board acquired the property in 1880, it was resolved to admit no pupils gratuitously, except Roman Catholics whose parents were unable or unwilling to contribute; all others are required to pay something, in proportion to their ability, towards board and tuition. The amount received in this way during the past session was \$4,500. A considerable portion of this amount was money earned by the pupils themselves during the preceding summer. After deducting these fees, the average cost to the Church of each pupil is \$50 per session. The Board desires that the institution should be supported by means of scholarships of \$50 each, guaranteed by private individuals, Sabbath Schools and Young People's Associations. A particular pupil is assigned to the donor of a scholarship, to whom reports as to the progress made are forwarded from time to time. In this way a Sabbath School contributing a scholarship is put directly in correspondence with the Mission Schools, and the letters, if read publicly to the Sabbath School, tend to keep up interest in the work. It is hoped, therefore, that many more Sabbath Schools and Young People's Societies will assume the support of pupils. From those unable to do so a contribution is earnestly asked. The Board has no hesitation in warmly commending the schools as worthy of public confidence, assured that no means are likely, by the blessing of God, to be more efficacious in the work of French-Canadian evangelization, and in advancing the cause of Christ in the Province of Quebec.

The teaching staff is composed of trained and experienced teachers whose Christian character and missionary zeal give them special fitness for the work.

TEACHERS AT POINTE-AUX-TREMBLES:—Rev. E. H. Brandt, Principal; Rev. L. Abram, Mr. W. K. Miller, M.A., Mr. P. Louys, B.A., Mr. E. David, Miss L. Murray, B.A., Miss Blanche Beaulieu, Miss L. Tanner, Miss L. Fruitier, Miss F. Monpetit, Miss Raymond, Music Teacher, and Mrs. J. J. Bourgoin, Matron.

THE PRINCIPAL'S REPORT.

Never in the history of the schools had we at Pointe-aux-Trembles so many scholars, 265 in all. We could have received a few more boys, but in the fear of increasing our expenses we received a limited number. We received 320 applications for admission, and admitted 165 boys and 95 girls. Of these 105 came from Roman Catholic homes, the rest were children of our converts, with the exception of three English Protestants.

The classes were visited monthly by a Committee of the Board and their progress noted. Many pupils who came to us last fall not knowing their letters could this spring read and write. The gospel preached has been accepted. At the beginning of the session we could see boys and girls who, with their superstitions, entered our halls last fall with fear now rejoice in the gospel of truth and a personal Saviour Jesus Christ. In particular, let us mention one boy who last fall gathered around him Roman Catholics and warned them against our teachings. In spite of all, this boy was deeply touched by the Word of God, and he could not resist joining us at our last Communion service. How edifying it is to

hear him now speaking about the great treasure he has found here, the assurance of a salvation through the merits of Christ.

We had the pleasure of seeing 35 join the Church this session. A number of Roman Catholics for different reasons did not join the Church, but we know how their views are changed towards the Bible and Protestants. One great aim has been reached and these young people have learned here how to think for themselves and wherever they go, they will bring with them the knowledge of the Bible and the freedom of the children of God.

Five of our girls have taken charge of mission schools in the country, and three boys are now employed as colporteurs. About \$4,500 has been received from the pupils as fees. Progress in that direction is being made, but we aim at much more.

Among the improvements of the schools we mention the organization of a musical band which proved to be of great benefit to its members and to the school in general. The Ottawa government furnished us with 80 guns and a military instructor, who came once a week from Montreal to drill our boys. An officer paid us a visit at the end of the session and after inspection, complimented the cadet corps. The classes in manual training have been followed with interest and profit. On the closing day there was an exhibition of work for sale, prepared both by boys and girls. We would mention the printing department also, and the issue of a monthly paper, "La Feuille de Tremble," bringing to friends and old scholars the echoes of the institution. We hope many friends will become subscribers. It costs only 25 cents.

The collection of the Sabbath services amounted to \$120, and at a meeting this amount was distributed among the Schemes of the Church.

And once more we express heartfelt thanks to our many friends, old and new, who have been faithful to us and helped us to carry on this great work.

E. H. BRANDT,
Principal.

THE POINTE-AUX-TREMBLES BUILDING FUND.

The debt on the Pointe-aux-Trembles building stands at \$9,687.66. To meet this there are unpaid subscriptions amounting to \$3,964.26, leaving \$5,723.40 to be provided for. The Rev. A. D. Menzies will continue the canvass until this debt is wiped out.

ESTIMATES FOR 1909-10.

To meet the requirements of the work of French Eyangelization undertaken for the current year, \$25,000 and for the work at Pointe-aux-Trembles \$19,500, will be required.

THANKS.

The Board desires to express its grateful appreciation of the financial and other assistance given from congregations and Sunday schools, missionary and other associations and individual friends and especially to the Women's Missionary Society for the salary of a colporteur and 15 scholarships for Pointe-aux-Trembles, the Montreal Auxiliary Bible Society for large grants of scriptures, the National Bible Society of Scotland for grant towards colportage and other friends there for their subscriptions towards its work.

RECOMMENDATIONS.

1. The Board having considered several propositions for the fourth centenary of the birth of John Calvin, unanimously agreed to recommend to the General Assembly: (1) That commemorative services be held throughout the Church on the 11th July next, and suitable sermons be preached and inasmuch as the centenary of Dr. Charles Chiniquy falls on the 30th

of the same month, it be suggested that reference be made to his work also. (2) That at these services appeal be made for prayerful interest in the work of French Evangelization and for liberal aid for this Scheme of our Church as carried on in its missions, schools or other work approved by the Board of French Evangelization

2. The Rev. Leon Peyrie, having declined the appointment to the French chair in the Presbyterian College, Montreal, the College Board invited the Rev. Ch. Bieler to the position with the understanding that the salary should be a rate of \$2,500 per annum up to the end of the ecclesiastical year, and \$2,750 from that date. Mr. Bieler accepted the position and the College Board is applying to the General Assembly for his final appointment with respect to which the following recommendations were adopted by the Board of French Evangelization: (1) That the salary of the French Professor in the Presbyterian College be increased from \$2,000 to \$2,750 per annum, on the understanding that his whole time be devoted to the work of the Board, and that in addition to the conduct of the classes he render assistance in furthering the Mission in the city and elsewhere, as may be arranged for during at least nine months of the year. (2) That the payment of the salary be as heretofore, a first charge on the funds of the Board, the College to contribute the proceeds of the endowment provided for that purpose by the Robert Anderson bequest, and to seek an increase of that endowment at as early a date as possible.

3. That the Board recommend to the General Assembly the appointment of a Committee to consider the question of the unification of the different departments of missionary work in the Dominion.

Respectfully submitted,

A. J. MOWATT, D.D.,
Chairman.

REPORT OF THE FOREIGN COMMITTEE, OF THE EASTERN SECTION.

To the Venerable The General Assembly:

The Foreign Mission Committee presents its report to the General Assembly this year under the shadow of a great bereavement. On March 31st, after a few weeks' illness, its beloved Convener, Dr. E. D. Miller was called home, and your Committee, as well as the brethren who best knew Dr. Miller and the value of his services in connection with every department of the Church's work, but very specially as a member, for the past eleven years of the Foreign Mission Committee, and its Convener for four years, feel most keenly the loss which the Church has sustained in his death.

Its members also feel a keen sense of personal loss in his removal, and they have put on record the high appreciation of his deep and earnest Christian character, of his uniform kindness and courtesy towards his brethren, and of the fidelity, ability and zeal with which he discharged the duties entrusted to him, as well as the disinterestedness and efficiency of the services which he rendered to the Church, and especially to the cause of missions.

Your Committee has to report also that the past year has been one of great anxiety in some of its fields, of large ingathering in others, and of encouraging progress in all. It was the Diamond Jubilee of the planting of the Mission in the New Hebrides. Sixty years ago last July, Mr. and Mrs. Geddie, the first missionaries from any portion of the Presbyterian Church in Canada, reached Aneiteum, and two months later the Lord's Supper was celebrated for the first time on that Island, but on that occasion not one of the natives took part in the service. Most of those who participated in the ordinance have passed away, but Mrs. Geddie, who was there and who so bravely shared the toils and trials of introducing the Gospel, is still an active Christian worker in Melbourne, while no fewer than fourteen of the islands of the New Hebrides group have upwards of twenty missionaries, supported by six different Churches, laboring upon them, and quite a number of these islands have passed from Paganism to Christianity. Not only so, but as usually happens, commerce, civilization and government have followed in the train of the missionary, and, though outbreaks of violence, such as have occurred during the past year on Santo, sometimes happen, security, peace and order for the most part reign in those very places where infanticide, strangling of widows, war and the other abominations of heathenism long prevailed. "The people who sat in darkness have seen a great light, and upon those who dwelt in the shadow of death light has sprung up."

In Trinidad your missionaries have had to endure great hardness on account of the diminution of the mission staff through the death of Mr. Firth in November, 1907, and by the necessity imposed upon Dr. Coffin through failing health to take a long furlough, as well as in consequence of the uncertainty of the health conditions during a large part of the year. Happily, Dr. Coffin so far regained his strength as to be able to return in December last, and to resume in January his most important work of teaching and training teachers, catechists and native ministers. Your Committee deeply feel that the way in which the overburdened missionaries struggled to carry on their work, calls for the warmest appreciation of the Church, and it also feels that the Committee, the Assembly, and the whole Church are under very great obligations to Rev. J. Wilson, the minister of the Scotch Church in San Fernando, who gave regular supply to the English-speaking East Indian Congregation, so long served by Dr. Grant, once

a Sunday from the time of the death of Mr. Firth till the arrival of his successor, Rev. R. B. Layton, who reached his field and commenced his work about the middle of April.

Your Committee is glad to be able to report that the Mission Staff in Trinidad is likely to be still further strengthened in the near future, as Mr. J. A. Scrimgeour, a graduate of the Presbyterian College, Halifax, in April last, has been appointed to Trinidad with a view mainly to educational work, and Mr. G. W. Irvine, a graduate of Dalhousie College, is to be sent out to San Fernando for service in the Naparima College and in the Training School for Teachers. It is an interesting fact that these three appointments will add little, if anything, to the demands of the F. M. Fund, since the congregation which Mr. Layton will serve is a self-sustaining East Indian Congregation, and, indeed, has been for the past nine years, and it is expected that the Government grants for Naparima College and the Training School will nearly, if not quite, cover the salaries of those connected with them.

In British Guiana the mission staff has been strengthened by the addition of a third missionary, Rev. A. D. McKenzie, who has thrown himself into the work with an eagerness and enthusiasm like that of his brethren who preceded him.

In Korea the progress of the preceding year has been fully maintained. Its story is like the narrative of the progress of the primitive Church, and every letter from the field is fully fraught with incidents which stimulate joy and hope.

Since your Committee's last report two additional lady missionaries have been appointed to this field, one, Miss M. Rogers, to be supported by the W. F. M. Society, and the other, Miss Elizabeth McCully, provision for whose travelling expenses to Korea, as well as for her full support and maintenance while in the field, has been promised by a company formed by Mr. J. S. McKay, of New Glasgow, to whose active interest the Church is indebted for this addition to its staff.

FINANCES.

The receipts for the Foreign Mission Fund during the past year from all sources have been \$52,070.20, an increase of \$5,435.20 over the preceding year. The expenditure has exceeded this amount by \$7,209.56, though it ought to be added that upwards of \$3,000.00 of this amount, was the payment of an under-draft on the part of the Treasurer of the Demerara Mission on account of the previous year, thus reducing the real amount of the increase of the debt during the year to a little over \$4,000.00. The debt, therefore, now stands at \$19,251.75, by far the largest debt that the Foreign Mission has ever carried, a situation which has caused your Committee deep concern. With the view of guarding against this issue, which was apprehended when the estimates for the current year were under consideration, those estimates, with the exception of the New Hebrides, were all returned to the several Mission Councils, with the request that they should be reduced, if at all possible, without serious injury to the work. In almost every case it was replied that reduction was impossible, but, notwithstanding this reply, the Committee was under the necessity of declining to sanction some of the estimates, especially where they were asked with a view to further extension.

The debt, however, this year is so large that your Committee thinks that it is necessary to make a somewhat fuller statement than usual of the way in which it has accumulated. By a careful analysis of the facts and figures that have been submitted to the Assembly during the past five years it will be seen that the fund has not been out of debt since 1904. At the close of the year before that, the fund was in debt to the amount of \$12,597.90. By the time of the meeting of the Assembly in 1905, as the result of a special effort that debt had been completely removed. Naturally enough, there was a strong desire on the part of your Committee to guard against a repetition of the embarrassing

experience. But the calls from the various fields were so clamant, the amounts which the Committee was requested by the various Mission Councils to sanction were so greatly needed, and the pressure for the maintenance of the work already begun as well as for its extension, have been so steady and persistent, that the Committee found it impracticable to retrench, or, indeed, in some cases, to refuse to advance, so that the debt has been steadily increasing from year to year, notwithstanding the steady increase of the contributions of our people. If, however, the General Assembly is of opinion that retrenchment must be effected, and directs the recall of some of the missionaries, or orders the lessening of the work which has been undertaken, the Committee will, though with great reluctance, comply. But it is of opinion that there is a more excellent way. It thinks, that in view of the great development which has taken place in the Laymen's Missionary Movement, there are evident signs of a deepening and widening interest in missions throughout the Church and country, and it entertains the hope that if our congregations generally could be thoroughly organized on the basis of weekly offerings for the schemes of the Church, as well as for local support, the debt could soon be wiped out, sufficient funds for carrying on the work on a growing scale could be secured, and the embarrassments of the Committee and Church brought to an end. Possibly it might be well for the Committee to indicate about how much, judging from the experience of the past few years, would be necessary in the way of annual increase to enable it to reach this desirable position.

The attention of the Assembly has more than once been called to the fact that the apparent debt at the end of the successive Church years, as indicated in the summaries contained in the reports of the Finance Committee, does not always correspond with the real amount of the debt, for the reason that at the end of each successive February the Mission Treasurers may have made overdrafts or underdrafts on the General Treasurer of the amounts to their credit for the first half of the year to which the particular February belongs. Now, eliminating this element of underdrafts and overdrafts in such a way as to obtain material for the statement of the real debt at the end of each successive year, the following figures clearly indicate the situation since the time when the F. M. Fund was out of debt in 1904:—

On March 1st, 1905, the real debt was.....	\$ 2,738 58
On March 1st, 1906, the real debt was.....	3,101 90
On March 1st, 1907, the real debt was.....	6,769 71
On March 1st, 1908, the real debt was.....	14,969 53
On March 1st, 1909, the real debt was.....	19,024 26—

A glance at these figures shows that though the debt has increased more largely in some years than in others, yet taking the five years together the average increase has been a little less than \$4,000.00 per annum.

It would seem, therefore, that if this debt is to be wiped out, not by a special effort made at once, but by a gradual reduction during the next five years, and if the work in our various fields is to be carried on substantially along the lines of the past five years it would be necessary for the contributions of the Church to be increased by at least ten or twelve thousand dollars per annum, an increase which if approved would imperatively call for vigorous and sustained effort in the way of improved organization and active dissemination of needed information and stimulus throughout our congregations, more particularly among the men. That such effort as this is an urgent necessity seems apparent from the fact that while the W.F.M.S., consisting of 8,207 members, contributed \$18,723.52 to our F. M. Fund, all our congregations as congregations, with the rest of their 35,976 members, contributed only \$18,695.86. For the continued generosity of the W.F.M.S. the Committee feels profoundly grateful, and it desires to acknowledge with thankfulness the gifts which have been received from all contributors.

The Foreign Mission Committee at its meeting on April 20th, took the whole matter respecting the debt into very careful consideration, deliberated

long upon the action which should be taken with a view to its removal, and unanimously adopted the following resolutions:—

1. With reference to the propriety of making a special appeal for the immediate removal of the debt, it was agreed that in view of the number of special appeals which are addressed to our people, of the fact that it will be necessary for us to raise a very large amount more than the Church has been contributing annually year after year, if the work in progress is to be maintained, it would probably be better to aim at its more gradual reduction by co-operation with the Laymen's Missionary Movement in the effort to secure more efficient organization in our congregations generally, to give fuller information as to the clamant need for increased contributions for the maintenance and extension of the work, to endeavor to rouse our people to a truer and fuller sense of obligation to the Master, and to raise the whole matter of Christian liberality to the plane of worship and devotion to Him who gave Himself for us.

The Committee therefore requests its Convener to prepare at his earliest convenience, for publication and wide distribution throughout the Church, a statement of the facts of the situation, and of the plans of the Committee for dealing with it. It also requests its lay members, as well as others whom they may associate with themselves, to visit Presbyteries as soon and as generally as possible, to bring to their notice the amount of the debt of the Foreign Mission Fund, the need that there is of largely increased contributions to carry on the work in our various fields, and to co-operate with Presbyteries to the utmost of their power in the direction of the organizing of our congregations, first in the chief centres of our Presbyterian population, and afterwards as rapidly as possible throughout the whole Church, along the lines endorsed by the Laymen's Missionary Movement.

2. That the Executive prepare a statement of our present position, and in view of the clamant demands on all sides, which we are at present unable to undertake, that we urgently request the Western Section to come to our aid, at least in the Korean field, where the demands are most pressing and where at present our forces are inadequate, the decision of the Joint Committee to be laid before the Assembly, the Executive to arrange for members of the Committee present at the Assembly to speak on the question.

All of which is respectfully submitted,

E. A. McCURDY,

Sec. F. M. Com., Eastern Section.

WESTERN SECTION.

INTRODUCTION.

The Reports from all our fields are hopeful, perhaps more optimistic than any in the past history of our Missions. The number of baptisms is increasing, and it is a normal increase. In Honan 226 communicants were added to the communion roll, and 443 enrolled as catechumens. In Central India 271 were baptized, and 141 communicants added on the profession of their faith. In Formosa 219 were baptized during the year, and in Macao they have two congregations of 100 members each.

These figures, however, convey but a slight impression of the situation. There is a new spirit pervading the east. They are in daily touch with the west. The telegrams of Europe and America appear in the press of Asia the following day. They hate the nations they seek to imitate. Freedom from all foreign authority is the supreme ambition, especially of the student class. The danger is that this spirit will gain such momentum as to disturb the peace of the world. The only antidote is the Spirit of Christianity. It is the simple truth to say that the times in both India and China are ripe for the largest possible effort on the part of all Christian Churches. A supreme effort now would give direction to the future and evade disaster. If our Church is to do her share and provide for 14,000,000 of the world's unevangelized, for which we have become responsible, it will be necessary to increase our staff of foreign missionaries five fold, and it only requires an average of ten cents a week per member to do it. This calculation has now become a platitude, but it ought to bring a blush. If it is so easily done it ought to have been done long ago, and the best atonement for neglect is to do it now. Our present obligations are set forth in the following table:—

NORTH FORMOSA.

1. Population, 1,000,000.
2. Present staff, 4 men; 2 single ladies.
3. Adequate staff, (1 man for 50,000) 20 men besides women and native helpers).
4. Suitable buildings.

HONAN, CHINA.

1. Population, 8,000,000.
2. Present staff, 18 men, 8 single ladies.
3. Adequate staff, (1 man to 50,000) 160 men, besides women and native helpers.
4. Suitable buildings.

MACAO MISSION, CHINA.

1. Population, 1,000,000.
2. Present staff, 3 men; 3 single ladies.
3. Adequate staff (1 man to 50,000) 20 men besides women and native helpers.
4. Suitable buildings.

CENTRAL INDIA.

1. Population, 3,000,000.
2. Present staff, 20 men; 20 women.
3. Adequate staff (1 man to 50,000) 60 men, besides women and native helpers.
4. Suitable buildings.

FORMOSA.

The Formosa Mission has had a good year. There was depression for a time owing to the serious illness of Mr. Jack, but he has been mercifully restored to health and to the work.

The whole report is so interesting that it is difficult to epitomise. It will, however, reach the Church in another and more readable form.

EVANGELISTIC.

All possible time is given to the visitation of chapels and supervision of Chinese evangelists, and attention given to open air preaching by students and other evangelists. During an exhibition in Bang Kah, held in honour of the visit of an Imperial Prince, tent meetings were held by the native pastors, giving many thousands an opportunity of hearing the Gospel. The quickened sense of responsibility on the part of the native pastors and elders is a hopeful sign, and this the missionaries strive to promote. Conferences have proved helpful by affording an opportunity of comparing notes, discussing difficulties, and developing a spirit of friendly emulation in study and service.

There were 93 adult and 126 infant baptisms during the year.

The total contributions for the year were \$2,659.00, which is an increase over last year, and in view of their extreme poverty, a considerable sum. This goes towards building and repairing chapels and the support of native evangelists.

EDUCATIONAL.

The rising standard of education makes it imperative that better educational equipment be provided. In the American Board Mission in Foochow an eight year's course is required before entering upon their theological studies. That may be too exacting but some preparatory work is necessary in order that theological studies may be appreciated. The appeal for such a school is urgent.

MEDICAL

Neither accommodation, equipment, nor qualification of assistants, fulfils the requirements of the law. Yet the Japanese kindly allow the institution to be called an hospital, and expressed appreciation of the work done. There were in the ten months reported 3,606 out-patients, 201 in-patients and 112 patients seen in their homes. There were in all 13,662 treatments—of these 253 were operations. Much suffering has been relieved, and with it fruits for eternity gathered. In-patients give the best results. They have time to discuss together what they hear and there is usually amongst them a Christian who can read his Bible and spends part of his time in reading aloud from the wonderful Book.

One blind man who came from the east coast and remained for a few days returned later for operation. When on the operating table he sat up, bowed his head in prayer, making confession of sin, giving thanks, and seeking help, physical and spiritual. Dr. Ferguson was amazed, having only known him as a heathen. He afterwards learned that this man on his first visit had heard the Gospel, and now on his return visit was accompanied by a Christian lad who instructed him by the way.

The variety of cases is interesting. There were between seventy and eighty opium cases, and whilst many cannot be traced, one became an enthusiastic Christian, and others are well spoken of by their neighbors.

There are but twelve beds in the hospital, and of course the work is hampered. Every effort is made to extemporize wards in out-buildings, so as to avoid the distress of turning sadly away many who have come long distances, and in order to come, have spent much of their limited patrimony. Would that some who have wealth could spend an hour and see with their own eyes,—then appeals would not be in vain.

WOMAN'S WORK.

The two ladies, Miss Kinney and Miss Connell, are co-operating with the married ladies in pushing the work among women and children. Its magnitude grows upon them and they long and pray for more workers.

BIBLE WOMEN.

There are nine employed in various parts of the field. They teach woman and children to read and help to promote attendance at church services.

BOARDING SCHOOL.

There are thirty-six girls enrolled. Parents come and witness the annual review, and prize-giving to those who recite correctly chosen passages of Scripture,—in all about 185 verses. Several studying with a view to the General Assembly's diploma.

Four girls made public confession of Christ and united with the Church

ITINERATING.

Miss Kinney and Mrs. Jack visited seventeen of the churches on the east coast in May and June. Other nearer churches are visited at intervals as school duties allow, and services are held with the women and children.

It is all delightful, but it is arduous, and one can understand the earnest longing for more labourers and for the Holy Spirit's power than can open blind eyes and set the captives free.

CENTRAL INDIA.

The report from Central India is the most encouraging that it has been the privilege of the Committee to present to the General Assembly. Spring has not yet come, but indications are increasingly evident that the bonds of centuries are giving way before the pressure of a new life. The number of baptisms increases, and the spirit of optimism prevails. Multitudes seem ready to renounce their old superstitions, fearing only the tyranny of the ruling classes. There are now 1,031 communicants, of whom 141 were added during the year. There are, besides, 1,095 baptized members not yet communicants, of whom 271 were baptized during the year. As the consciousness of strength grows the volume of baptisms will increase and the Church should be ready.

INDORE.

THEOLOGICAL SEMINARY.

The first session of the Seminary had ten students in attendance. The course comprises the whole Bible in four six-month sessions, besides kindred subjects, such as outlines of theology, church history, the Christian ministry, and Hinduism. Dr. Wilson reports that already the regular organization of this institution has deepened interest, and several young men in the college course signify their intention of studying for the ministry.

COLLEGE.

They have reached the high-water mark. There were 110 enrolled. As 50 had been fixed as the maximum admitted to any one class, some were turned away from the second

year. The Bible Class had to be divided, no classroom being large enough. Much in the beginnings and struggles of Christianity in Western Asia and Europe remind them of the humble beginnings they see around their own homes. Two special students, not taking a full University course, elected to take English and Bible Study in preference to any other studies.

The first storey of the new building has been completed and is used exclusively for college purposes, much to their advantage.

UNREST.

Student life is naturally much affected by political unrest. The intense nationalism that repels everything foreign, resents Christianity as a Western innovation. The missionary shows that Christianity is Eastern, not Western, and is in sympathy with every true, noble ambition. The missionary is thus a mediator between the secluded official and the people.

INSPECTOR'S REPORT.

"There is very great improvement in this College and more improvements are in progress. Separate buildings for the school are nearly completed, and the work of the College staff is devoted to their legitimate duties.

Important additions have been made to the professional staff and the teaching of philosophy is to be made very thorough.

There is adequate science apparatus for work up to the Intermediate Standard. The Library is not good,—improvements are necessary."

SCHOOL.

The High School has an enrollment of 250, and the Vernacular Department 94. Thus, in the whole institution there are 454 pupils.

The Inspector adds, "I examined the classes and found results satisfactory . . . the English unusually good . . . the results of the University examinations very satisfactory . . . the tone and discipline of the school struck me as excellent."

Principal King is now a member of the Faculty of Arts of the Allahabad University, and has recently been appointed a member of the Board of Studies in Philosophy.

MHOW.

The church having become too small for the congregation at Mhow, another service was begun at Rasalpura, where the orphanage boys and the families of the staff largely make up the audience. The total Christian community is 419, having 187 on the communion roll.

ITINERANCY.

It becomes more hopeful year by year. Mr. and Mrs. Taylor and Miss Weir visited about 70 towns and villages, and the reception was uniformly friendly. Some wished to come to Mhow to be baptized, others to be baptized secretly, but they were kindly but firmly urged to give public testimony in their own villages. At one point water was refused from the wells to missionaries and villagers, but the authorities administered such a rebuke that such persecution will not be repeated there.

BIBLE READERS' CLASS.

There is, at Mhow, a two years' course of Bible Study, attended by 50 boys and young men. For more advanced study they will go to the Theological classes, Indore.

BOYS' ORPHANAGE.

"More satisfaction than ever before," is Mr. Cock's report. "One boy who had never given indication of interest in the kingdom, spent a few days in his own village

amongst his own villagers and returned with a new joy. He went in search of his own relatives and told them the glad tidings of the Gospel. One old man in tears replied that he had never expected to hear such good news."

"The coming to Rasalpura of the blind boys from Ujjain awakens an interest in the less fortunate."

The villagers about are asking for education and are willing to undertake the support in whole, or in part. The boys will become teachers.

Mr. Cock adds,—“The downfall of idolatry cannot be reported, but in the villages it seems nigh. . . . Like a mirage, hope seems about to be realized, and it ever vanishes. It will come. In every province industrial exhibitions indicate the coming change. The progress of Japan affects India as it does China. The change is at hand,—will it be Christian?”

RUTLAM.

The completion of a new church costing \$2,000.00, has proved a great comfort, and it was largely paid for by the congregation, which is a satisfaction.

There are ten Sunday Schools in connection with the station, and in the Orphanage there are 48 girls.

PRINTING PRESS.

This serves for industrial training as well as an evangelistic agency. It has cost the Mission very little and yet published much that is of value, besides the Satyarth Patrika, which succeeds the Gyan Patrika, for a time discontinued. The boys do the work, which is both mechanical and intellectual training.

The interest at Jaora, Alote, and Sitamau continues to fluctuate,—at times full of hope, then receding,—so common a condition in India to-day. There will be times of refreshing by and by.

UJJAIN.

Dr. Nugent exults in his medical work. "Here," he says, "we meet high and low, rich and poor, literate and illiterate, and they come to feel that we have a real interest in all that concerns them. They come into the waiting room, sit and discuss, and little by little the light dawns."

LEPERS.

The government is building a leper asylum, which is under the control of the Mission. The very hopelessness of the poor leper makes him an object of special sympathy, and the interest he manifests in the Saviour who befriended the leper inspires expectation.

EVANGELISTIC.

The Mission has been fortunate in securing the services of a converted Mohammedan, who has education and is acceptable to educated Mohammedans, and also a converted Brahmin who studied for years under the most learned pundits at Benares. He now, in Apostolic fashion, seeks to build up what he formerly sought to destroy.

Mr. W. G. Russell spent part of the year amongst the villages about Ujjain before he was transferred to Rasalpura,—thus in towns, villages and market places books are sold and the sound of the Gospel is heard, and heard to purpose.

DHAR.

The congregation, which has 148 members, has been doing some Home Mission work by way of contribution as well as making inroads on city and villages.

An interesting man named Dewaji, labouring amongst his own people away down near Barwani, at great sacrifice, has his ups and downs. So little troubles the waters! His

son married an orphanage girl at Dhar which gave offence. He should have married a girl from amongst his own people. The tide ebbs and flows, but the wave each time comes a little farther and carries with it a larger number. They are children and we must have patience.

LEPERS.

The asylum at Dhar has had as many as 40 and as few as 18 patients. Now there are 24. They have been accustomed to wander and like to return to their old ways. But there is no compulsion, and when away for a while they recall the comforts of the asylum and come home.

NEEMUCH.

Congregational and itinerancy service engage the time of Mr. J. S. MacKay and Mrs. MacKay. They take wide circuits, establish themselves at centres, visit villages round about, sell literature, sing and present the old, old story, converse with many a Nicodemus who comes by night and discover the silent results of seed sown years and years ago. They are received with uniform kindness and increasing sympathy. It is assuredly not labour in vain. Some day the world will be startled with a great land slide. The congregational work at Neemuch fell chiefly to Mr. D. F. Smith, who has so far mastered the language.

SCHOOLS.

The school at Jawad has suffered through the plague of last year, whilst at Neemuch the school has grown in attendance.

AMKHUT.

They have been having amongst the Bhils times of refreshing. Dr. Buchanan and his good wife have been tasting of the fruits of their labours. The Presbytery organized three congregations,—one at Amkhut, one at Sardi, four miles from Amkhut, and one at Mendha, fifteen miles from Amkhut.

At Mendha 38 were baptized this year,—33 from heathenism and 5 children of Christian parents.

At Sardi 19 were baptized during the year,—12 of these from heathenism. At this point the Mission has taken up farm land, and in that connection Mission work began amongst the Bhils, who work on shares.

Amkhut is the central station where the Mission House is. There is there a Christian community of 289,—of these 101 are communicants. Last year 63 were baptized,—41 from heathenism and 22 children of Christian parents.

In the territory comprised by the three congregations there are 18 villages in which there are Christians. The baptized Christian community is 512, and of these 120 were baptized this year. The communicant roll has 161 names. Surely in so young and so difficult a mission these results are inspiring.

Ten native workers have been supported locally,—that is without Mission Funds. Dr. Buchanan illustrates in an interesting way the stable and unstable characteristics of the Bhils by these different men. One named Guman keeps some poor man in his house and feeds him while he teaches him the truth. Another, through the influence of friends, called in a witch-doctor when his wife was very ill. This prevented election to the eldership and led to much penitence and humiliation and finally to restoration. But the Lord who used unstable Peter uses also these.

THEOLOGICAL CLASSES.

A Class of 24 pursued a course of Bible study which has become an annual thing. Dr. Buchanan was assisted by a native professor of the U. P. Church in the Punjab.

Schools, orphanage, medical work, and industrial farming all go together, and with such results as indicated above. Women will get up at 3 a.m. in order to get through with their grinding and be able to get to class for Bible study.

WOMAN'S WORK—INDIA.

MEDICAL.

1. INDORE.

During the last fifteen months 530 patients were admitted into the hospital,—a larger number than in previous months. Not only do they come in larger numbers, but confidence has so far increased that they are willing to wait until recovery is effected. Spiritual results in hospital work are hard to estimate. Many touching incidents occur, giving the assurance that there are results, but it is largely casting seed on the waters to return after many days. It is found that the hospital, not the dispensary, is most fruitful.

2. UJJAIN.

Dr. Marion Oliver, who is in charge at Indore, pays a weekly visit to the dispensary at Ujjain, which during other days of the week was kept open by a faithful native woman until December last when she passed away. Daily attendance of patients averaged 52. Hospitals and dispensaries require nurses and dispensers, and these are being trained for their work.—Boarding school, Widow's home, and Hospital work into each other's hand and little by little an educated class of workers gathers that creates new ideals and will enable India to care for herself.

3. NEEMUCH.

Dr. Margaret McKellar reports 6,568 new patients, and of these there are 150 in-patients and in all 28,988 treatments. These patients come from 157 different places of which 147 were villages in surrounding districts. Thus the circle widens and with the physical help fragments of truth are carried on card, or leaflet, or in the heart.

Opposition is strenuous as might be expected. The heathen still rage. Two women who professed interest in the Gospel returned home and died so suddenly as to leave the suspicion of foul play. Two others were carried violently away from the presence of the missionary not to return. But there will be joy in the morning. Some patients, who are beyond human aid, sing the hymns learned in the hospital with their dying breath. Others have the courage to come out and brave the consequences. Every new case of conversion leads to renewed resistance. Even the Bible-woman who ministers to the distressed in their homes finds the door closed against her. But necessity knows no law,—the doors again open and the Bible-woman returns.

4. DHAR.

Dr. Margaret O'Hara writes:—"It is the old steady fight with sin, ignorance, and disease. Many times defeat seems certain, but the Captain of our Salvation ever near gives victory." There were in the year 8,599 new patients and 27,494 treatments. Alongside the hospital and dispensary runs an outside practice besides Gospel teaching, preaching and personal helpfulness.

EDUCATIONAL.

1. BOARDING SCHOOL, INDORE.

This interesting school is well equipped and has an attendance of 115 of whom 14 are day pupils, the remainder in residence. The work in the school has been so satisfactory that some of the children won scholarships which entitle them to continued study for Ma-

trication, but in order to avail themselves of these scholarships must attend some High School. In order to make this possible for their girls, Miss White made application to have the Boarding School reorganized as a High School. The Inspector examined and reported favourably with the result that the Boarding School has now the status of a High School and is cordially approved by the Allahabad University as well equipped and satisfactorily administered. As the school is near the Indore College, the girls will receive instruction these in physics and chemistry.

2. WIDOW'S HOME.

For want of workers, Dr. Elizabeth McMaster was drawn away from her dispensary work and Dispenser's classes to take charge of the Widow's Home. This is a pathetic institution, having 79 inmates,—all under 25 years,—and many much younger. All are engaged in industrial work from 7 to 9.30 a.m. They do plain sewing, drawn thread work, embroidery, make rugs, crochet work, weave, spin, grind flour, cook, wash, make their own clothing,—in short everything that may be of service in after life. After this comes Bible and other studies and only two of the whole class were unbaptized.

3. CAMP SCHOOL.

In this there are about 20 little scholars taught in both Hindi and Marathi. The children are of families in better circumstances and are on that account more regular in attendance and do better work.

4. MARATHI SCHOOL.

In this School the attendance is 40, but not so regular. Many religious and other festivals distract. The birth of the Maharajah Holkar's son was an occasion of much festivity and bestowment of gifts to the demoralization of the school. Yet at S.S. examinations nine of these children won prizes.

5. CAMP SCHOOL, MHOW.

This is in charge of Miss Clearihue, and has an attendance of 80 children. A new class of Marathi speaking children increased the attendance and the diligence of the calling women secures regularity, except so far as ever recurring festivals make that impossible. Yet, in spite of all obstacles progress is satisfactory. Here, as elsewhere, Bible study, memorizing texts and Christian hymns have prominence.

6. BLIND CHILDREN, UJJAIN.

The older boys have been drafted to Mhow Industrial school, which has brought the number of blind children in the Ujjain school down to 23 boys and 21 girls. It is a delightful school, makes great draft on the sympathies of the teachers but pays. Miss Goodfellow has succeeded Miss Grier in charge of the school.

7. ORPHAN HOME, NEEMUCH.

There are now 177 girls on the roll. Miss Campbell has expended a wealth of heart and strength on these girls and cannot be expressed in a report and with results that are alone a vindication of all the money and labour bestowed by the Church on the famine children. The details of work and training are such as are intended to make good wives and mothers and Christian workers, in the days to come.

EVANGELISTIC.

Miss Weir and Miss Herdman in and about Mhow are devoted to evangelistic work. With Bible women sometimes borrowed from the Indore Hospital or Boarding School,—they go out into the villages and come into touch with the women. Some of the castes show a degree of interest that is quite unusual and full of promise. As reported already a great movement is possible at any time.

HONAN.

Four central stations are now occupied.

Change the most northerly lies on the railway, 400 miles north of Hankow and 300 miles south of Peking, and has a population of 90,000.

Weihwei is 60 miles south west of Change and has a population of 40,000.

Hwai King has a population of 40,000, and is situated 90 miles south west of Weihwei.

Tao K'ou, the new centre, is situated to the east of Weihwei and has a population of about 30,000—It is an inspiring field.* Only three miles away lies Koa Hsien, the county town of a district having 3,000 villages, and to the north is Hsun Hsien city, where stands the Tao Nai Nai temple, which is visited by hundreds of thousands of worshippers annually. It is a challenge to Christianity and an invitation to "come over and help us."

Each of these central stations is surrounded by many thousands of villages year by year becoming more accessible. Opportunities are greater than can be told. China's time has come.

There are now 1086 communicants, 266 having been added during the year. There are 1,286 catechumens enrolled, 423 having been added during the year. As catechumens are professed believers, although not yet baptized, the Church in Honan has now 2,372 who profess their faith in Christ.

EVANGELISTIC.

This has been a year of thanksgiving in Honan, as in many other parts of China. Prayer has been answered. Mr. Goforth, who has been released for special work, conducted evangelistic services in Manchuria, Shansi, Honan, Chili, and amongst foreigners at two summer resorts. Manifestations of the Spirit's presence, especially in the conviction of sin, were experienced at every point where meetings have been held. All classes, foreigners included, were deeply affected, and lives were consecrated afresh to the service of God. Old feuds were dissolved, forgotten pledges were recalled, and all classes were drawn more closely together in the bonds of unity and love. It was a Pentecost, a gracious outpouring of the spirit of God, and the lives yielded up to Him have since been bearing fruit in all parts of our wide field.

Regular services at central stations have gone on with increased interest, and even in outstations amongst surrounding villages the new impulse has been felt. Dr. MacKenzie has reported large gatherings at many points,—as many as 4,000 having assembled at one station, so great was the religious interest. The missionaries endeavoured earnestly to take advantage of this special interest, promoting it as far as possible throughout the whole field. Their earnest longing is for a mighty movement of God's spirit that will avert the dangers incident to the commercial and political awakening of China.

MEDICAL.

A new departure was made in the charging of a small fee for treatment. For a time it seemed as if the hospital might be boycotted. They had come to regard free medical attendance as a right. Whilst many remained away who had little the matter with them, who used to come because they thought they might as well share in what cost nothing, the really afflicted came in large numbers. The number of operations was in excess of any past year. An encouraging feature is the largely increased number of opium patients, 98 in all,—87 of whom remained until cured. This is due, in part, to increased tax, but also to strong public sentiment which has arisen against the habit. Many of these human wrecks have not only been delivered from the bondage of opium, but have experienced the liberty wherewith Christ doth make His people free. Owing to Dr. Dow's absence on furlough, the women patients at Change fell to the lot of Dr. Leslie. At Hwaiking

the hospital work was largely suspended owing to the absence of Dr. Menzies on furlough, and the importance of allowing Dr. Scott to give undivided attention to language study. Even then urgent cases could not be resisted.

The number of treatments reported at Changte were,—men, 18,249; women, 6,786, in all 25,035; at Weihwei in all 14,094.

Dr. McClure, in addition to his arduous duties in the hospital, has for many years acted as treasurer of the Mission. The tax is too great and the Presbytery urges that a man be appointed who will relieve Dr. McClure of the treasurership and also be able to attend to other business interests. The Committee hopes to send such a man who has not only business capacity, but missionary enthusiasm as well.

EDUCATIONAL.

BOYS' BOARDING SCHOOL.

This school at Changte known as the Norman McPhee Boys' Boarding School, because largely built by the generosity of the Rev. Norman McPhee, is overtaxed. It properly accommodates 50 pupils, but seventy-five were taken in by utilizing other neighbouring buildings. The course of study followed is that prescribed by the North China Educational Union. Thirteen boys are doing High School work, and three have completed the course. The evening when they received their diplomas was an event at Changte. These boys give promise of being useful. The revival touched the boys and gave direction to many of these young lives.

The Presbytery purchased two and a half acres of beautiful land alongside the school for enlargement and suitable playground. Many candidates were turned away last year, which is to be regretted, and, if possible, to be avoided in the future. Mr. Griffith has the oversight of the School and four Chinese teachers do satisfactory work.

GIRLS' BOARDING SCHOOL.

This school, under the direction of Miss Pyke, has made splendid progress. In two and a half years the attendance has grown from twenty-seven to seventy-five. Although it is a new building, yet more room is needed. The North China Educational Union course of study is followed, and sixteen pupils have completed their fifth year.

THE HIGH SCHOOL.

This is at Weihwei, and is under the control of Rev. R. A. Mitchell. There were forty-three names on the roll. The purpose is to train young men as teachers. China to-day above all things needs a multitude of her own young men fitted to impart western education from the Christian standpoint. The accommodation has been quite inadequate, but, through the generosity of Mrs. Mary A. Maxwell, of Peterboro, who has donated \$5,000.00 for that purpose, a suitable building will be provided. Large results are expected from this school.

PRIMARY SCHOOLS—WEIHWEI.

At the Primary Boys' Schools there were thirty-five in attendance and twenty-one at the Girls' School. The work at both is elementary. Mrs. Mitchell, who is in charge of the Girls' School, teaches music in both.

A Boys' Boarding School at Hwai King has been less encouraging because of the difficulty of finding an efficient teacher.

There are in all five day schools having 70 pupils in attendance and six Boarding Schools having in all 149 male and 95 female pupils. This is but the entrance of the wedge. Educational work must in the future claim a larger share of attention.

WOMAN'S WORK.

The staff is small—only seven single lady missionaries. Dr. Dow has the hospital, Miss Pyke is in charge of the Girls' School and the other ladies labour amongst the women and children at the central stations and surrounding villages. The married ladies of the Mission share in these labours,—striving together for the furtherance of the Gospel.

INCIDENTS.

Miss M. McIntosh accompanied by Miss M. Thomson and two Bible women, took a journey to the north of the Changte Field, visiting villages by the way, the round trip taking twenty-seven days.

The idolatrous fair at Hsun Hsien was attended by several missionaries and over sixty Chinese Christians for twelve days. It is a great preaching campaign amongst many hundred thousand heathen worshippers. As a result, seven were recorded as catechumens. At one of the fairs where the missionaries were preaching, a Buddhist priest was selling charms and reading the books of his religion to the crowds across the way. The priest sometimes stood in the crowd listening to the missionaries. One of the missionaries got into conversation with him and invited him to call in the evening. He came, talked long and earnestly, told them the names of his village, and asked them to call on him. A little later it was found convenient to do so. He gave a cordial welcome, bought Christian books and gave a hearty invitation to return.

When the missionaries were on the way to Tao K'ou, taking their household goods down the river from Weihwei, the captain's wife fell into the river and would have been drowned had not one of the Mission boys saved her. Her husband and son were paralyzed with fear.

On the same voyage the boat struck on a sandbar. Hours were spent in fruitless effort. Two of the Christian servants in childlike faith dropped on their knees on deck. Whilst the prayer was on their lips another boat came down the river in full sail, creating a swell which lifted the stranded boat several inches higher than the bar, and she floated into the deep water beyond.

An official lady was much interested in the revival meetings at Hwai King. She led in prayer and gave her contributions which she used to give to idol worship, but she refused to be recorded lest she should spoil her son's chances of promotion.

In the Hwai King district Mr. Mowatt reports that two members have each devoted a room in different villages for services whenever a preacher comes. In another place twelve Christians agreed to rent a preaching hall in a large market town.

Mr. Ross had some pruning to do at one of the stations. He discovered that they had come into the Church membership in the hope of protection against the aggression of the Roman Catholics. They were cut off the communion roll.

SHANGHAI.

Rev. Timothy Richards reporting a trip through North China says: Formerly coolies despised our message,—now statesmen are glad to converse with us." In Japan, whilst some are striving to revive Buddhism, various leading statesmen have uttered their deep conviction that no religion but Christianity possesses the dynamic force of progress in the things that matter most for their land. Not only Government Universities, but private and even Buddhist colleges have started the study of comparative religion in order to find out the best.

The Christian Literature Society in connection with which Dr. MacGillivray serves, has had a remarkable offer which shows how the land lies. A Shanghai publishing syndicate proposes to translate a good encyclopaedia, to prepare an extensive series of text-

books for schools and colleges, and also to have translated the best religious books, though they themselves are not Christian. Their proposal was that the Secretary of the C. L. S. should manage their translating staff. This not only shows growing demand, but also confidence in the business capacity and integrity of the C. L. S.

The Society, through the generosity of the late Sir Thomas Hanbury, has been able to provide new and suitable premises. But they still feel the need of more men. Whilst there are 200 medical workers in China, over 200 educational workers, and 3,000 evangelistic workers, there are but *ten literary workers*. It is the universal cry and so much more appreciated by those who are on the ground, face to face with the need. Dr. MacGillivray has prepared a "Life of Christ" which is now on the press. New magazines and publications of all kinds crowd on his attention. He is a weekly contributor to some of these, which contain articles ranging from Moral Philosophy to agriculture. The whole range of human thought is in agitation. The desire for reform which a few years ago was only cherished by a few leading men, seems now to be practically universal and has in some cases degenerated into a craze for novelty. The old ethical standards are in danger of eclipse ere new and better take their place.

MACAO.

The name is historic and may remain although the Mission is no longer there.

KONG MUN.

Kong Mun, the present centre of the Mission, about forty miles inland, has a population of 100,000, and is in the midst of an immense plain of great fertility and of vast populations.

Eight outstations are already occupied, viz.,—Shek-ki, Ping Lam, San Ui, Tsing Ha, Fung Tseng, Ku Tseng, Sha Tui and Kin Hang. These are but a few of the very many cities in that region giving amplest opportunity for all kinds of mission work. Shek-ki has a population of 200,000, and San Ui has 300,000, each being the capital of a large district. Even what are called villages have populations of ten, fifteen, or twenty thousand. The whole area is divided up by a series of rivers and waterways, making nearly every part accessible by boat.

The Cantonese are enterprising and many of them go abroad to America, England, Australia and New Zealand, and return with new ideas, broken down prejudices and a mind susceptible to impression.

EVANGELISTIC.

SHEK-KI.

In Shek-ki the first inland congregation, where Knox Church stands, there are already 100 members, 24 having been added during the year. The church has been organized and elders appointed. With its 200,000 souls, and many surrounding towns, it is an inviting field for a resident missionary.

SAN UI.

In San Ui, a city of 250,000, there is also a chapel with 100 members. A native preacher is stationed there and 11 new members have been added during the year. It also is a centre of vast opportunity.

PING LAM.

In Ping Lam there is a school which has suffered from the opposition of the proprietor of an incense shop, who feared his craft might suffer.

There are four other chapels, in three of which native preachers are located, and many

other points would be occupied if preachers were available. There are at present four students in the Canton College in training, and by and by a native ministry will arise.

MEDICAL.

Dr. Macdonald has not yet got beyond language study, but has, in addition, done medical work at Kong Mun, and several other points. It is interesting to note that three have been baptized who came into touch with the Mission through the dispensary.

WOMAN'S WORK.

Miss McLean has put in an uninterrupted year of language study, and in addition, has taken trips into the country with the other ladies and has begun to use her gifts. Miss Dickson says "We have entered upon a practically untouched field, and our work is creating an atmosphere in which it will be possible for future Christians to live. Mrs. McKay, Dr. McBean and myself, with one of the native women, have paid regular visits to five of the outlying villages and occasional visits to others. We have found the women hospitable and willing listeners to the truth we had to tell."

"We have organized the Sabbath School at Kong Mun into five classes, the missionaries being the teachers. We have 33 pupils in all." The Shek-ki school has an enrollment of 39. Two other schools have been opened and others are projected.

There are three Bible women at work and three girls are in training for service.

Dr. McBean's report of medical work is encouraging. The dispensary at Kong Mun has been open for a year and patients come daily from surrounding villages and some from afar. During the last half of the year a dispensary was opened at Ngoi Hoi, a large town farther down the river which is visited once a week. There is an average attendance of 19, and latterly some of the better classes. At a third point, Chin Lin, a large island near by, work has been begun at the request of the people themselves. Besides these regular appointments, many calls are responded to from other villages. As missionaries, Bible women and doctors work together, the incorruptible seed is dropped into the soil prepared by affliction.

This young Mission has already much to show and the outlook is bright.

It is with much regret that we have to report the failure of Mrs. Broadfoot's health in a tropical climate, and the probability of their return.

UNION.

The Presbyterian bodies have united to form the "Presbyterian Church in China." The ordained missionaries of the American, New Zealand, and Canadian Missions are thus members of the Canton Presbytery, whilst still retaining connection with their own churches in the Home Land.

INDIANS—NORTH-WEST.

There is probably greater demand on the patience and faith of the missionary to the Indian than in any other. Yet it is not without reward. There are many instances of reformed and beautified character upon which the missionaries delight to dwell. They are their "joy and crown." But results are not confined to individual instances. The whole tone of Indian life on the reserve has been changed for the better. Some reserves have been so far Christianized that, judged by attendance at the sanctuary and general bearing they will compare favourably with ordinary communities of white people.

In the Regina Industrial School the six Boarding Schools and the four Day Schools the work has gone on with the usual measure of encouragement mingled with discouraging notes.

The colony at File Hills is no longer an experiment. It is accepted as a success and henceforth surveying the land into homesteads in order to induce permanent settlement, will be the policy of the department.

Perhaps the most noticeable feature of the work amongst the Indians during the year was a series of evangelistic services conducted by the missionaries themselves. They were in line with the general evangelistic campaign in the west, and were greatly appreciated by the Indians. In the Regina School at the close of special services conducted by Dr. Hugh Mackay, assisted by Principal Heron, 31 of the boys declared their purpose to follow Christ. The Indians on many of the Reserves were quickened, and the missionaries themselves were greatly refreshed. It was a delightful departure from the ordinary routine of Reserve work.

There have been changes in the staff by removal and death. Miss Kate Gillespie and her sister rendered years of eminent service amongst the Indians. As teacher and evangelist, and general enthusiast, in Indian work, Miss Kate Gillespie has had but few equals. She carries with her into wedded life the affection of the Indians and the gratitude and best wishes of the Foreign Mission Committee.

Dr. and Mrs. Gilbert spent a few singularly self-denying years amongst the Rolling River Indians. Never rugged in health, and not expecting long life, Mrs. Gilbert desired to devote whatever years were granted to the Indians whom she had learned to love. She passed away amid the lamentations of the poor Indian women who had reciprocated her affection. Her memory will abide, a fragrant memory. Dr. Gilbert courageously continues the work.

INDIANS—BRITISH COLUMBIA.

Mrs. Swartout's retirement from Ucluelet is the removal of a landmark. Mr. Swartout's long and arduous service, and then after his death Mrs. Swartout's continuous devotion to the Indians until compelled to retire, is another illustration of the bond that exists between the missionaries and these dependent children of the wild. They love the Indians and only love prevails.

Mr. John Ross has been removed from Dodger's Cove to Ucluelet. Mrs. Ross was called away after months of illness in her Ontario home. Mr. Ross returned to the work they both loved. But the Dodger's Cove Indians have always had two homes—about eight miles apart,—which greatly interfered with continuous work amongst them. Since Bamfield became the Pacific cable station and a point of importance, the Indians gravitated thither, thus being divided into three sections. The day schools became impossible. As the department did not see its way to authorize a Boarding School, and Mr. Ross felt both the loneliness and discouragement of the field, he was transferred at his own request and the request of the Ucluelet Indians.

The Boarding schools at Alberni and Ahousaht are in excellent condition. They are well attended and enjoy the confidence of the Indians as well as of the Inspector, whose reports are always satisfactory. The staff at Ahousaht have had sickness, but health has been restored and they rejoice in their work. Away amongst the snow capped mountains amid the windings of the sea, these devoted missionaries live their solitary life, shedding light and blessing upon the benighted and unblest. It is historic and will surely be recognized in that day when He maketh up his jewels.

CHINESE IN CANADA.

In Toronto there are 1,300 Chinese, employed in 256 laundries, 20 stores, 8 restaurants and one bake shop. They are quiet, inoffensive and exceedingly industrious citizens. Their vices are such as sometimes land them into police courts, but seldom disturb the peace. There are 19 Sabbath Schools in which they are taught—9 of which are Presby-

terian. In all these schools about 300 Chinese are enrolled, less than one fourth the entire Chinese population. Mr. Ng Mon Hing gives diligent service on Sunday and week days and seeks to impress the truth.

On Sunday evenings a Christian Endeavour Society meets, where the most of the men gather for instruction and worship. Their interest may be judged by the fact that these meetings last about three and one-half hours.

They contributed to the Macao Mission \$612.34.

WINNIPEG.

There are about 800 Chinese in Winnipeg. There are 112 laundries, employing about 500 of these. Others are employed as cooks in restaurants, hotels, and private homes.

Mr. Jas. Thomson, who has for 20 years rendered most loving and faithful services, is still in charge of the work. He pays a visit to all these laundries and restaurants every three months, being an amount of pastoral work that might be considered arduous for a younger man.

The school is conducted in rooms rented from the Winnipeg Business College, and has an average attendance of 50 Chinese and 38 teachers. If teachers could be secured very many more Chinese could be induced to attend. Whilst appreciating the valuable services rendered by a large number of devoted men and women at many points in Canada, yet the presence of such a large number of Chinese in Canada is such an opportunity that the most should be made of it and as many as possible enlisted.

Mr. C. A. Colman, who has served for years amongst the Chinese in Vancouver, is appointed to assist in Winnipeg, at least temporarily.

They contributed \$60.00 during the year which with \$20.00 contributed by the Chinese in Kenora, goes towards the support of the work in Kong Mun.

BRITISH COLUMBIA.

Reports from British Columbia did not come to hand in time for this report. In Victoria and Cumberland the work has gone on with about the usual interest, but in Vancouver it has come to a practical stand still. This is in a measure due to the fact that suitable premises are not available, and the expense of purchase in that city is so great as to be prohibitive so far as the Foreign Mission Fund is concerned. The Chinese in Vancouver who are connected with the Presbyterian Church, have organized themselves into an independent Church, but seeking the fellowship and patronage of the Presbyterian Church.

CHINESE—MONTREAL.

There are in Montreal about 1,000 Chinese, a decreasing number, but excellent work is being done amongst them under the leadership of Dr. Thomson, and of Prof. Welsh, who is President of the Mission Association. There are 18 Sunday Schools in the city with week-day and night schools. Church ordinances are specially connected with Knox Congregation, where six Chinese were baptized, and eight received into the full fellowship of the Church.

There is also a Chinese Christian Association in connection with which are several Bible classes, besides other religious gatherings. In connection with these various activities the great majority of the Chinese in the city are touched by Christian influences.

The Opium Prohibition Act of July 20th, was gratifying not only to the friends of the Chinese Mission, but as well to the great majority of the Chinese themselves, and is on that account fairly well enforced.

Mr. Peter Hing, son of our missionary, Mr. Ng Mon Hing, graduated in McGill University with distinguished honours. His success was recognized by a banquet at which many of the leading educationists of Montreal took part. Mr. Hing's success emphasized the injustice of restraining by poll-tax, the attendance of Chinese students at Canadian Universities, and resulted in a petition to the Dominion Government to so amend the Act as to allow free access to Canada of duly certified Chinese students.

The detention of many Chinese, in quasi imprisonment, who are passing through Montreal, in bond, is a blot on our civilization. Whilst it is believed that authorities of the Canadian Pacific Railway are doing their best to ameliorate the indignity, yet it is regarded by the Chinese as an indignity and may lead to unhappy international relationships in the future.

The Chinese Sunday Schools contributed \$1,018.00, whilst the total contributions of the Mission, including the Chinese Association, were \$1,822.28. It has been a good year.

JEWISH WORK.

Last year the commencement of work among the Jews in Toronto was reported. This year we have before us the record of an unbroken year of work. The Jewish population in the cities and larger towns of our Dominion is increasing. If our Church is to take seriously the work it has begun in the interests of this ancient people, then adequate equipment should be provided for the Mission in Toronto, and at an early date work should be started in other needy centres.

The Jews in Toronto number more than 15,000. They find their residence for the most part within a certain fixed area in the centre of the city, and here features of social and business life in evidence in all large Jewish centres begin to shew themselves. Eleven synagogues, two Jewish theatres, (one large and recently opened,) Jewish banks, and a daily paper published in Yiddish, are some of the features that mark them as a community by themselves.

The organization in the work of the Mission is fairly extensive and complete. Much hard work has been overtaken, and the results (as such go in Jewish Missions), are unusually gratifying.

THE DEPARTMENTS OF WORK.

(a) *The Gospel Services* on Saturday, and on Sunday evening. These are fine and orderly gatherings and attended by a good class of Jews. The attendance averaged 62 for the year.

(b) *Sunday School*. This is one of the hopeful departments of the Mission. It is well manned by good teachers. The attendance has fluctuated. It is one of the features of the work that has incurred the special displeasure of the Rabbis. Notwithstanding the opposition, the attendance averaged for the year 24 scholars.

A girl's sewing class has met each week for six months, and a Boy's Club once a week for the past three months. Both these strengthen the work amongst the children. The average attendance at the former was 29, and at the latter 14 little boys on an average came each week.

(c) *The Night School*. Each evening, except on Monday and Wednesday, a school for men for the study of the English language is held. This is a fixed feature of the work, and continues throughout the year. As soon as a Jew is able to read the Bible becomes the Text book. The average attendance for the year was 42.

(d) *The Evening Bible Class*. This follows the night School each evening, the attendance being about the same as the latter. Messianic prophecy, prophecy fulfilled, and the Divine plan of human redemption are the usual themes of study.

A class for earnest seekers who, Nicodemus like, come to enquire for the way of life is held by the superintendent each Sunday afternoon from 3.30 till 5 o'clock. Two hundred and eight different persons became members of this class during the year.

(e) *Mother's Meetings*. The ignorance of the Jewish women of the humble class is distressing. A group of faithful Christian women meet Jewish mothers each week for sewing. Advantage is taken at these gatherings to spell out to them the Gospel message.

(f) *Free Dispensary*. Advantage has been taken of this Department by a very large number of Jews. It has entailed great labour upon the physicians and their helpers, but in the results that followed it has been worth it all. Two competent physicians, a dispenser, a trained nurse, and an interpreter, are kept busy on dispensary days.

Tuesdays and Fridays from 9.30 till 1 o'clock are given to general diseases, and on Wednesdays and Saturdays from 2 o'clock till 4 o'clock diseases of the eye, nose, and throat are treated. Number of Jews treated at the dispensary, 2,515. Jews visited in their homes, 295.

(g) *Visitation*. This is carried on in the homes, City Hospitals and prisons. Nothing quite takes the place of faithful unhurried visitation—particularly in the homes of the people. The total visits by our four missionaries to homes and public institutions, 2,868.

(h) *Reading Room*. This is open each evening, except Mondays and Wednesdays, from 7 till 8.30 o'clock. It is always in charge of a Christian Jew. Papers and periodicals in English, Yiddish, Hebrew and German are provided. It has been a popular rendezvous for the men, particularly in the winter evenings.

(i) *Tract distribution*. These silent messengers have been judiciously given away. Our Missionaries have put the following into the hands of the Jews. Yiddish New Testaments, 233. Hebrew New Testaments, 45. Yiddish Bibles, 32. Hebrew Bibles 5. Yiddish tracts, 5,252; Hebrew tracts, 2,693; while a number of Bibles, Testaments, and portions of scripture have been sold.

(j) *Poor relief*. This was unsatisfactory because through insufficiency of funds the missionaries were quite unable even to measurably relieve the distress that met them in their daily work. As it was relief in modest measure was given in 516 cases. Employment was secured for 28 persons and the missionaries were instrumental in securing admission to the city Hospital of 33 Jewish patients.

Results. These are greater than appear. It has been a year of hard and faithful work. There are secret believers not a few. To openly confess Christ means bitter persecution and loss. Five have openly confessed the Saviour, have been baptized and have united with the Christian Church, one Jew also accepted Christ and was baptized and died in the hospital.

The Staff. Associated with Mr. S. B. Rohold, the Superintendent, are Miss Florence Tasker, Miss D. Macdonald, (without salary) who give all their time to the work, and Miss Martha Smith, who gives only a portion of her time. Mr. Henry Bregman, a Christian Jew and graduate of the Toronto Bible Training School, has recently been engaged for a portion of the present year. Grateful mention is made of the fine group of voluntary workers. Mr. T. C. Wilmott, an experienced druggist, and Miss Mitchell, a trained nurse, gave invaluable help in the Dispensary.

New premises. The Committee is persuaded that steps should be taken at an early date to get a building of our own. The present premises are occupied on a yearly lease. These may have to be vacated at any time. Enquiries are now being made with a view to securing premises which shall be the property of the Church in which the work, now so hopeful, may be carried on and extended without fear of interruption.

GENERAL.

1. The depreciation in the opium trade in India is likely to lead to a depreciation in property. Bungalows occupied by Government agents connected with the opium trade will be on the market at greatly reduced rates and at important centres. It is important that we be in readiness to purchase some of these for mission purposes as opportunities offer.

2. The British Government is likely to hand over to our Mission the hospital at Sirdarpore, Central India. The formal transfer has not yet been made and there is always room for disappointment until the transaction is completed, but it may now be regarded as an accomplished fact. Dr. A. G. McPhedran will be in charge when the time comes.

3. The Synod of British Columbia has asked that a missionary be appointed to labour amongst the Hindus in that Province. The Foreign Mission Committee did not feel justified in undertaking new responsibilities. The fields already occupied being so numerous and so populous and so urgent in their appeals, the Committee feels that in order to reap the results of our own labours we must strengthen the staff in every field at present occupied rather than open new ones.

4. Mr. K. G. McKay and Miss Anna M. Nairn of the Central India Mission, were married on the 24th March, and on the 22nd April Rev. J. A. Sharrard and Miss Edith Murray were united as husband and wife. The congratulations of the Assembly are extended to all.

5. In Formosa a new hospital is much needed. When the time comes it is to be called the Mackay Memorial Hospital, in memory of Dr. G. L. Mackay.

6. There has been an unusual amount of affliction amongst missionaries during the past year in India, Formosa, Honan, and Macao. The sympathy of the Foreign Mission Committee and of the whole Church goes to all who have been afflicted with the prayer that they may find these painful experiences to be blessed in results.

7. Much of the time and energy of the secretaries of the Foreign Mission Committee were given during the past year to the Laymen's Missionary Movement. Both took part in the fall campaign extending from Sydney to Victoria. The interest that followed that campaign and the Toronto Congress continues to widen and deepen, and deserves the best efforts the different Committees of the Church can contribute. A wider campaign is being organized for the coming fall, and to this the Foreign Mission Committee's best endeavours are pledged. The Movement has already justified its existence and gives promise of results that are beyond computation.

8. The W.F.M.S. has had another prosperous year. They now report 811 Auxiliaries and 427 Mission Bands, and their total contributions from all sources were \$70,955.27, being an increase of \$2,558.00 over the contributions of the previous year. Of their total expenditures, \$23,000.00 were expended on the Indians in Canada. The W.F.M.S. thus takes its share in development of our own country, as well as in the regions beyond.

9. The W.M.S. of Montreal has also had a prosperous year, reporting a revenue of \$8,699.26. Besides contributing generously to French Evangelization and Home Mission Work, they contributed \$2,468.78 to Foreign Mission Work, having undertaken the entire support of the woman's work in the Macao Mission.

10. Financial. The previous year closed with a deficit of \$11,485.42. Total receipts last year \$184,659.61, including legacies, \$5,555.81; W.F.M.S. \$59,001.04, and Government grants for Indian Schools \$4,495.50. The actual contributions directly to the Foreign Mission Fund, excluding W.F.M.S., legacies, and Government grants, were \$115,607.26, which reduces the deficit of the previous year to \$9,999.02.

11. The Foreign Mission Committee adopted the following resolution:—"In view of the fact that for several years past our Foreign Mission work has been greatly hampered owing to the lack of proper equipment, more especially in the way of suitable housing

for our missionaries, which has been the cause of considerable inconvenience and ill-health to the staff, and besides taking into account the need of still further expansion in order to take advantage of the present crisis, this Committee considers the time has come when the rules of Assembly in regard to the Foreign Mission Building Fund should be modified. The Committee, therefore, requests the Assembly to grant its permission to expend annually if deemed necessary, a sum not exceeding \$10,000.00, provided that the capital fund be not reduced beyond \$25,000.00."

12. Re a reference from Honan the Committee recommends:—"That for the present temporary condition of affairs, while mission fields are in a state of transition, the missionaries should be connected with the local Presbytery of the native Church with full rights in Presbytery, but not subject to its discipline, and at the same time be authorized to continue as a Presbytery of the Presbyterian Church in Canada with all the rights and privileges and responsibilities thereto pertaining, that this dual relationship may continue for a period of five years, but shall then terminate, unless otherwise decided by the General Assembly."

13. In view of the extraordinary spiritual awakening in Korea during recent years, and the increasing prospect of rich harvests in the near future, and in view of the fact that the Eastern Section of the Church is burdened with a considerable deficit and does not feel justified in increasing the staff in response to the requirements of the work, and has requested the Western Committee to co-operate in that mission—that the Foreign Mission Committee of the Western Section of the Church be authorized by the Assembly to undertake work in that section of Korea assigned to the Canadian Presbyterian Church, and to make such appointments and provide such equipment as the state of the funds will allow.

THIRTY-SIXTH ANNUAL REPORT OF REV. H. A. ROBERTSON, D.D.

I am both thankful and pleased to be able to give a good report this year. We have had more to cheer us in the general work of the mission on this island during the last twelve months, that is, from the time of last Synod to the present date, than during any other year for the long period of eight years. Not only has there been a very large accession to the membership of the church, but there has also been a most cordial feeling among the people themselves all over the island, and in no district has this good feeling been more marked than in that of Unapang, which was far otherwise for a long time, or since the war eight years ago. The Lord's Supper was dispensed at Potnarevin in August, and at Dillon's Bay in December (1907.) 100 adults were baptized and admitted to full communion, and 25 infants were baptized. There were 31 marriages. Only once during our time have there been so many adults baptized in one year. That was in 1882, when 110 were baptized. I have given much time to the work of visiting the outlying districts, and with good results. Contributions:—Cash for new church at Potnarevin, £16; for church lamps, £4; arrowroot, 1,200 lbs.; free labor at West side, Dillon Bay people especially, value £20.

EFATE.

THIRTY-SIXTH ANNUAL REPORT OF REV. T. W. MCKENZIE, D.D.

The great event of the past year was the establishment of the Convention at Fila. That this has been an immense benefit to our work here is evident from the fact that the heart-crushing curse of drink among the natives has been almost entirely removed. For this, if for no other reason, the Condominium is a great blessing. Whereas, formerly, especially on Saturday nights and Sundays, it was a common sight to see natives staggering along the road scarcely able to walk, or lying about dead drunk, now you seldom see one under the influence of liquor. A number of our young men from the different villages have been drafted away to form a police force. They are drilled several hours a day by Captain Harrowell, and it is astonishing to see how they are improving. Of course, we are sorry to lose them, but the training they are receiving will, I believe, have a decided influence not only on themselves in brightening them up, but will have a beneficial effect on their respective villages as well. The state of my health did not admit of my spending as much time as usual at the out-stations. The work at these, however, was satisfactorily carried on by the native teachers in charge. The Sacrament of the Lord's Supper was dispensed both at Fila and Erakor in August and March. The collections amounted to £28 2s 8d. Thirteen new members were admitted to the church, and two or three under discipline were restored. Out of these collections, the deficiency of the teachers' salaries at several of the villages was made up. Most of these teachers have been trained at the Institution at Tangoa, and receive larger salaries than the villages at which they are settled can raise. The balance of the Communion collections was added to the arrowroot account. The two teachers at Mele held service on alternate Sabbaths for the labour of French planters. For this service Dr. Bolton gave them £2 10s each towards their salaries. The Nguna-Efatese Bible has just arrived, and will soon be in the hands of the natives. By last mail I forwarded a cheque for £100 sterling to the British and Foreign Bible Society, towards defraying expense of printing our share of the Bible, and I hope to have another £100 on hand for this object by the end of this year.

REPORT OF THE TRAINING INSTITUTION FOR THE YEAR ENDING 31st DECEMBER, 1908.

The year has been one of large accessions to the number of students, and of steady progressive work.

We began the year with thirty-nine men and thirteen women. Of these twelve graduated and went out to work. One was sent home ill of consumption, who died a few months later.

On the other hand, thirty-one entered the Institution during the same period. Thirteen men and seven women left us, and thirty-one men and eight women came, making a net increase of eighteen men and one woman. At present there are fifty-seven men and fourteen women in residence here.

The progress made has been at least a fair average. The conduct of the students has been commendable, so that the work of the year has been both pleasant and profitable. The health of our little village has been upon the whole good. Thus we have good cause for thanksgiving.

The two outstanding events of the year were, first, the Synod meeting here in June last, and the visits of the High Commissioner and his deputy at that time. The second was the massacre of Mr. P. C. Greig and his two daughters, nearly women-grown, by six bushmen, merely for the plunder that they hoped to obtain. The punitive expeditions that were sent after the murderers made their base of operations here. These sad doings cast a cloud over our little community for a time.

The industrial department of our work has yielded somewhere about seventy pounds sterling towards the support of the Institution, besides increasing the value of the property here.

TRINIDAD.

GENERAL REPORT FOR 1908.

The work of the year just closing was carried on under unusually trying conditions. Times were hard in the comparative, if not the superlative, degree. The abnormal health conditions reported last year continued throughout the greater part of this year also.

Plague, too, gained an entrance into our colony, and for a time almost paralyzed trade. The shadow of death was cast upon not a few of our homes. Our forces all through the year were under strength; Dr. Coffin's absence was a serious loss. The brethren of the San Fernando District had the care and anxiety of the Susamachar congregation in addition to their own heavy tasks. This vacancy still remains unfilled.

As reported last year, Rev. J. S. Wilson, M.A., with characteristic generosity, came to the rescue and supplied with great acceptance the pulpit of Susamachar, English congregation, all through the year. He also gave religious instruction in Naparima College. He has the best thanks of the whole Mission for his much valued assistance.

Rev. Paul Bhukhan, one of the first graduates of our Theological College, and a valued pioneer worker, after a lingering illness, was called to rest in July.

One of the bright signs of the times is the serious efforts now made all over the Mission by the native Christians to provide their own church buildings entirely at their own cost.

The ordinary church collections fell off slightly, due to the financial depression, locally characterized as the most severe in the history of this generation. Counting the special gifts of the people for their new churches, however, the grand total is above the best of previous years.

The growth of the native Christian community has for some time past created a situation that taxes to the utmost the force of paid workers that can be employed. The work of "ingathering" must more and more be left to each individual convert. In this respect we are far behind. The vision of each convert, in the joy and gratitude of the new heart, seeking to win others to the Saviour, and turning not back "empty handed" has not yet come to the native church. Past traditions of heathenism, and the example of the so-called Christian community have not been helpful to missionary effort.

Extension work has played so large a part, of necessity, in the past, that intensive work has not had its due share. Accumulated material is abundant. What is needed now is the "working up" process.

Dr. Coffin's classes promise large rewards, and the first fruits already gathered have been good indeed.

It is worthy of note that by far the greater number of baptisms for the year were infants and young people. This is significant, and should make clear to all that the young are our chief care and have the first claim. They are indeed the key to all the problems of our future church. Fit and proper shepherds of the lambs of the flock, strong, Christian homes as centres of influence and power, and "lights" to those around, mothers who are capable of training up their little ones in the way of righteousness, these are our chief and pressing needs.

Will the friends in Canada keep this in mind, and back up by prayer and deeds the institutions and workers that have these as their chief "care." In this alone lies our hope of future triumph, that the young be won and kept and trained for Christ and the church which He purchased with His blood.

We are grateful to the home church for past help, and are confident that at this present time, when old and new and newer problems confront us, the additional help asked for will be cheerfully given.

We also record our thanks to all the friends, old and new, who have stood by us and helped us to put through the work of a most trying year. The Lord hath been mindful of us: He will bless "us." To Him be the praise!

Respectfully submitted,

A. W. THOMSON, Secretary Mission Council.

FORTY-FIRST ANNUAL REPORT OF REV. JOHN MORTON, D.D.

The work of the year has followed on the lines of previous years. Shut in for a great part of the year by quarantine and with much sickness around us, we scarcely left our field for a day, and all the stations have been supplied, and the work of ourselves, our wives, our agents, and our printing press has gone on with unfailing regularity. No effort has been discontinued, or relaxed. Preaching has been intensified and printing extended.

Seed sown far afield has borne good fruit. At one station I found a man and his wife present who had carried their babe twenty miles to be baptized. They came on Saturday and walked back on Monday, and their offering to the church was one dollar.

Take an illustration of a different kind. Within a few years several cacao

estates in the Sangre Grande district have been receiving indentured Indian immigrants. Twenty-five of the last to arrive were allotted to a cacao estate, the owner of which has just leased us an acre of land for ninety-nine years at a shilling a year for mission purposes.

I was asked to meet them as soon as they arrived and tell them in their own language what the manager and his wife wished to do for them and what the government required them to do. These twenty-five new immigrants are living but half a mile from our school house. Seven of them are women, and none can read.

There are two hundred others within three miles of the same school, not one of whom is a Christian.

Twenty-five years ago this easterly district, where we have five schools and hope soon to open another, was unbroken forest. It is now tapped by a railway and intersected by numerous gravelled roads.

No head teacher and only one catechist has been struck off the list in 1908, and we close the year with good feeling and hopefulness throughout this wide field.

In Sangre Chiquito the people are gathering up their strength to build a church, but the determination is to take time so as to avoid debt and secure native lumber well seasoned.

A few East Indian friends have provided by a special effort a reed organ of excellent tone for the Tunapuna Church.

A former contributor in Ireland, on her death bed, out of very limited means, sent up £15, by which being dead she yet helpeth.

It seems to us that in no past year have Mrs. Morton and myself been able with such satisfaction and joy to give of our best to the work of the Mission. We had both a short, sharp attack of illness in July and our doctor very urgently advises us to go North for complete rest. Since our return in April, 1904, I have been only five Sabbaths out of the pulpit, in every case through illness. I therefore ask for furlough from May. My field work and the Hindi S. S. Lessons will be provided for by special effort of the workers in the Tunapuna field. The Mission Council will arrange for the pages of our Hindi monthly "Presbyterian."

EIGHTH ANNUAL REPORT OF REV. H. H. MORTON.

Schools.—In the Tunapuna District there were nineteen schools in operation during 1908, of which seventeen were assisted by Government and two unassisted. Of the latter, one was open for only five months of the year.

Our teachers have great opportunities of doing good. By their teaching, religious instruction and manner of life they can point children, parents and fellow East Indians to Christ, the Saviour of the world. In numberless ways they can be of the greatest service to the Kingdom.

Our catechists and teachers meet once a month at Tunapuna and at Gualco to give in monthly reports of church and school work, pay in collections, and get instruction and guidance. The travelling done by one in this wide field is no easy matter.

Permission has been granted by the Government to open a new school at Biche, seventeen miles from the Sangre Grande Railway Station, just where the Tunapuna and Princetown fields meet. There are a great many East Indians in this new settlement, and several Christian families from our old districts, and a school is greatly needed.

The supervision and care of our nineteen schools is no easy task. Rev.

Andrew Gayadeen, Caroni, and Joseph Gibblings, catechist, Gualco, are of great assistance in sharing the labour of this supervision.

Preachers.—There are twenty-one fully established preaching stations in the Tunapuna district and several other places where occasional services are held. Besides the two Canadian missionaries and the Rev. Andrew Gayadeen, our invaluable native ordained minister, ten other preachers supplied the needs of these stations. Besides travel, each preacher holds service at two or three stations on the Sabbath. On an average Dr. Morton, Andrew Gayadeen and myself hold a Bible Class and three services each Sabbath, and often have fifteen to eighteen miles to travel.

Slowly and surely does the area of people reached by the preaching of the Word from, and the cry come from some new settlement for the preacher and the Word preached.

Fifteen miles in the woods from Guanapo Station is a settlement of East Indians, anxiously awaiting a catechist and a school.

In November five of them, three men and two women, Christians in the midst of a multitude of heathen, walked long weary miles to Arima and sat down to the Lord's Table for the first time.

Christian sentiment is growing stronger every year, and leavening little by little the heathendom with which it comes into contact.

We are constantly struck at the silent hidden force of Christianity in the lives of many who outwardly are stalwart defenders of Hinduism.

FOURTEENTH ANNUAL REPORT OF REV. S. A. FRASER.

The absence of two missionaries from this district during the past year entailed a large amount of additional work on the one who was left. The financial management and general oversight of the Educational Institutions in San Fernando; with Hindi instruction to the boys of the Training School; conducting weekly prayer meeting in the town, visitation of the sick, and general management of Susamachar Church affairs, in addition to the growing demands on time and strength in carrying on the work in the rapidly growing country districts, was a serious tax on one's strength.

Educational.—Seventeen Day Schools, including the new school opened on Rock River Moruga road, and twenty-two S. Schools, with a total yearly enrollment of about four thousand children, have been in operation for the whole year; religious instruction was regularly given in all our schools. There were four hundred and twenty-five more children enrolled in our schools this year than last, and the average attendance increased over one hundred.

Eight of our Training School boys secured their teacher's certificates at the teachers' examination, four getting the certificate of the highest class. The results were very satisfactory.

I spent one Sunday every month with the teachers, reviewing Adam's Primer, etc. Different teachers were selected every month to put down on the blackboard an outline of the lesson for the day, for the primary and senior department, and others were invited to criticize and suggest improvements, paying particular attention to the principles and methods of teaching given them by Dr. Coffin in his extramural course. We found these exercises interesting and profitable.

Evangelistic.—The work of evangelizing has been carried on as usual by the missionaries, catechists, teachers, and Bible women, preaching and teaching the Gospel in churches, school houses, hospitals, barracks, houses, huts, highways, and hedges, wherever opportunity offered.

The heathen listen attentively and very few of them make any attempt to defend their religious beliefs and customs, before the missionary or the better educated native preacher. O! for a Pentecostal baptism of the Holy Spirit to bring them to decision in large numbers.

One hundred and twenty-two were baptized during the year. Twenty-eight couples were married. Communion was dispensed twice in each of the six centres during the year. Religious services were well attended in town and country.

Although the year has been a hard and trying one in every way the native church has contributed \$1,570.41 outside the town of San Fernando, being an increase over last year of \$135.

Buildings.—We built a new school house of native wood, with temporary accommodation for the teacher, on Rock River Moruga Road. This is a new district, situated about twelve miles from San Fernando, which is rapidly increasing in Indian population, and after the completion of the new railway extension to Siparia, it will form part of one of the most prosperous districts in the island.

Native wood, though more expensive in the beginning, will last four times as long as the imported pitch pine lumber. We enlarged Fyzabad school house, and catechist's house at Marabella, and built new teachers houses at Siparia and Bonneaventure.

We purchased four lots of land at Penal for the erection of a new church in the near future by the people of that district.

Rev. Lal Bihari has to the utmost of his strength carried on the work of former years. He gave the catechists instruction on Fridays, in Comparative Religion, and usually also in the S. School lesson for the week. He spent more time in the town than formerly on account of the vacancy.

In spirit the faithful, devoted Babu shows no signs of lagging with increasing years, but he is not so strong physically as we would like to see him.

Rev. Mr. Wilson has relieved me from the Sabbath evening English service in Susamachar Church during the whole year; for which I am devoutly thankful.

It is very disappointing that from among all the young ministers of our Church in the Maritime Provinces no suitable person could be found to obey the call of the church to preach the Gospel in this town. Anyone who comes will have a congregation of about two hundred and fifty Christians and about two thousand heathen to whom he may preach, and all within this town and its suburbs.

A local newspaper speaking of the past year said: "The past year can without exaggeration be described as perhaps the most terrible and trying of any that this generation has witnessed for Trinidad." Notwithstanding this, your missionaries have had much to be thankful for, and we go forward to the New Year with hope and confidence, knowing that He whom we serve shall reign.

Our thanks are tendered to all kind friends who have helped with money and clothing, cards, papers, etc.

THIRD ANNUAL REPORT OF REV. W. J. JAMIESON.

The story of our work for the year in Princetown district is in brief as follows:—

BUILDINGS.

Some necessary repairs were made to our Church (St. Andrew's). Our people out of their poverty gave \$275.00. Several outside the congregation generously helped. The building now, with concrete walls and drains, new wood work, and paint inside and out, presents a finished and substantial appearance.

The increased attendance of children in several of our schools necessitated enlarging the buildings to accommodate them. Teachers' rooms at the end of the school houses had to be taken for this purpose, and new houses built for them instead. Part of this work has not yet been finished.

Catechists.—Mr. C. C. Soodeen and thirteen catechists have given faithful and hearty service. One old man was retired, and a young man taken on. Old faithful Padarath was pensioned, but his influence among his people will still be helpful. Weekly classes have been continued throughout the year on the same lines as last year. These men have held Sabbath public worship regularly in twenty-one places and have assisted in some twenty Sabbath Schools during the year. They have visited regularly the Christian families in their several districts, have travelled many miles, often over deep, muddy roads and during wet weather, in visiting and carrying the Gospel to their fellow-countrymen. Their service and encouragement given to us, I wish to acknowledge, and to share with them any success which has come to the work here.

Teachers.—There are thirteen head teachers, two assistants and nineteen pupil teachers on the staff. Monthly classes were held for these during Dr. Coffin's absence, and an attempt made to keep them in touch with the prescribed Teachers' Training course, and to follow work laid down by Dr. Coffin.

The International Beginners' course, adapted to our school and children, has been tried during the past year in all our schools with success.

Christian Endeavor.—Christian Endeavor Societies have continued as during last year,—Princetown, Mount Stewart and Riversdale, and Tabaquite young people are working up to an organized Society. Princetown young people have taken hold of the work of the year with a will. They have followed the monthly missionary topics with earnestness and intelligence.

The Outlook.—Two new schools should be opened without delay. We cannot expect to economize more in the future than we have tried to do in the past. Where is the money for advance to come from? Our increase during the year, though slight, has been general and healthy. The outlook is hopeful, if only the workers on the field have the co-operation and prayerful sympathy of the Church at home.

Many youths are in our schools; the Word of God is being taught not only on Sabbath, but during five days of the week. The Christian people generally are living on the land, and are sure to become more prosperous later on. They are few in numbers, but they are certainly moulders of public opinion, witnesses to nobler ideals, and examples of better lives than those about them who do not know the Gospel.

BRITISH GUIANA.

ELEVENTH ANNUAL REPORT OF REV. T. B. CROPPER.

In 1907 the Council recommended, and the Foreign Mission Committee approved the recommendation, that the mission districts should be co-terminous with the counties of the colony.

Of the events that fall to be chronicled the most important is the advent of the Rev. Mr. Mackenzie who arrived on the 26th of April. Mr. Mackenzie's coming was long expected, and the need for his aid in the work was growing greater every day. To Mrs. Mackenzie and himself I would record the extension of most hearty greetings; and thanking God for His goodness to the latter in the hour of sickness, would pray that both may be spared to labour for many years in this needy field.

At Letterkenny the new building begun in 1907 was completed and the opening service was held in February. This building was greatly needed, and its erection has been a stimulus to the growth of the congregation. Some families travel seven miles each way, to and fro, to attend the Sabbath services, but it is hoped that this year a building will be put up to serve the neighbourhood whence they come.

At Port Mourant the work has been maintained under great difficulties. Port Mourant is a large sugar estate with a resident East Indian population of over 6,000. A little building for worship (30x17 ft.), and a part of the time of a catechist, with a monthly visit from the missionary, represent the sum total of effort which the means at our disposal have enabled us to make here.

In the end of 1907, work was opened on the East Coast, Berbice, at Bohemia, a point six miles from the town of New Amsterdam. A building was rented, day school was started and regular Sabbath worship was set up. Much opposition was experienced; but our efforts have proved successful, and the station is now one of our most prosperous and vigorous.

At Cotton Tree, West Bank Berbice River, a long-felt want was met by the erection of a small and inexpensive building and the opening of a day school. Sabbath services were previously held in the houses of Christian families, but an impetus has been given to the work by the setting up of the "House of Prayer."

Helena is, Better Hope excepted, the oldest station; and though not large in numbers, the community is fairly advanced in life and sentiment as a Christian congregation. Many of the women have lately shown commendable zeal. They meet in class on Sunday afternoon for religious instruction, and on Monday afternoon to learn to read. There is no Bible woman, but they are instructed by the male catechist. This is a very unusual feature and speaks well for the earnestness of the women and the trustworthiness of the catechist. They also study the singing of Christian hymns set to the several native airs used at marriages and other festivals; and it is pleasing on these occasions to hear the tunes the people have sung for centuries, laden now with Christian sentiment instead of the ungodly burdens they bore before.

The schoolhouse, which is used for worship, is far too small for the congregations that assemble on Sacrament Sundays and on other special occasions, and it would be of great advantage to the work if a regular place of worship could be built. We already own a site.

The catechists have, on the whole, laboured faithfully, and evidence of their toil is visible in many places. Day school teachers, too, have worked well, and the schools show that good work is being done.

We have enjoyed our wonted measure of health and have been happy as

missionaries in close touch with our people. The year has been laden with much anxiety and unrest to me, but the call of duty has been loud and strong, and it has sustained me. Evidences, too, of Divine Guidance have been unmistakable. Grateful for these, I take courage and go forward.

THIRD ANNUAL REPORT OF REV. R. GIBSON FISHER.

As statistics go, we, in Essequibo, though our mission is still in its infancy—five and a half years old to-day!—have much to be thankful for. Robert Morrison worked for twenty-seven years in China, and had only three converts. McFarlane, of India, after years of devoted ministry in the Punjab, prayed almost in despair for one convert. We had fifty baptisms in Essequibo during 1908, and no less than forty adults were added to our Communion Roll.

There has been an unusual amount of sickness amongst our people this year. The work of all our catechists and teachers has been frequently interrupted thereby, and the mission house itself did not altogether escape. For a time, indeed, the eyes of the Colony were on us, as the dreaded "Yellow Jack," after an entire absence of twenty years from our shores, very mysteriously elected to return, early in June, his first victim being our newly-arrived missionary, Mr. MacKenzie, then on a visit to Suddie, with his wife. For a few days the outlook was dark, indeed; but God was merciful, and to our great joy and thankfulness our brother's life was spared, and the disease claimed no other victim. For a month, however, we were all in quarantine, guarded by officers of the law, so that "none went out, and none came in;" and this, of course, somewhat retarded the progress of the work. But when we contemplate what might have been, we have no words for aught but praise.

Buildings.—Thanks to the generosity of our friends at home, we have this year made some little progress in the matter of mission buildings. Our accounts, indeed, show an expenditure of over \$1,330.00 in this direction; but ten times that amount is still needed before we can be properly equipped. About \$800 of this amount has gone for one good building at Maryville, Leguan; which, however, still needs painting, fencing, and a host of other things. It was opened, nevertheless, with great joy, on Sunday, November 29th, all the three "Sahibs" being present, and a mixed multitude of delighted people. Much less pretentious buildings have also been erected at Queenstown and at Airy Hall; which, for the time at least, will satisfy our urgent needs at those two points.

But we are still quite homeless at Hampton Court, Anna Regina, Bush Lot, Reliance, Taymouth Manor, Golden Fleece, Huis't Dieren, and Aurora on the Coast; at Maria's Pleasure and Friendship, in Wakenaam; and at Blenheim, in Leguan; whilst at Suddie our temporary "cathedral" is anything but a credit to us, and the gaping wounds in its walls and roof cry aloud for immediate attention, or rather for premises more in keeping with our needs.

Schools.—Day, Sunday, and Night Schools—have caused us much work and anxiety this year; but, we are glad to say, they have, under very trying conditions, made substantial progress. Our ten Sunday Schools now number 555 scholars, and there are 412 children in our seven day schools; also 41 adults attending four night schools. Five of our seven day schools, it may be noted, are conducted on sufferance, and for but one hour each day—8 to 9 a.m.—in school premises belonging to other denominations—Anglican, Scotch and Wesleyan—Scripture knowledge and the elements of Hindi being the only subjects taught by us. In all these places, the Government regulations preclude any possibility of our securing Government aid for any new school, and we, therefore, thankfully avail ourselves of this opportunity of co-operating with existing schools, and thereby influencing the East Indian children of the neighbourhood.

To the many kind friends who have cheered us by sending picture cards and mission boxes full of good things, for these, we again tender our warmest thanks. They would feel amply repaid could they but see the joy their kind-

ness brings to many of "the least of these," His little ones, or estimate the influence for good the anticipation of their gifts exerts all the year round, in securing regular and punctual attendance at school and service, on the part of some, who perhaps otherwise would not come at all.

Catechists.—These, now eight in number, have again proved faithful and invaluable helpers. None of them have enjoyed any advantages in the way of training, and their devotion and perseverance in the face of great trials and opposition, have been very encouraging. In the absence of any training institute, I have again given one day every week—sometimes two—to my Catechists' Training Class; and though the time can ill be spared for this undertaking, and the expense of bringing the men together is great, I have nevertheless always felt this to be about the most fruitful part of my labours. The profiting of most of the men is manifest, and makes one long for the day, when by means of a properly equipped and adequately staffed training institute we may be enabled to get the maximum of service and efficiency out of the material Providence has placed within our reach.

FIRST ANNUAL REPORT OF REV. A. D. MacKENZIE.

My report this year must be a brief one. Although I arrived in the colony at the end of April, it was not until October that I was able to do much work. I desire to express gratitude to God for His goodness in restoring me to health after a severe illness.

To my colleagues and their families, as well as to other kind friends in the colony, Mrs. Mackenzie and I owe a deep debt of gratitude for their sympathy and help extended to us. Our debt to Mr. and Mrs. Fisher, at whose home I stayed during my illness, cannot be expressed in words. At great sacrifice to themselves, everything their minds could suggest was done to help and comfort us.

On the 15th of September, I assumed charge of the district of Central Demerara, the boundaries of which had been determined by the Mission Council. This district includes the stations occupied for years by my predecessors—Better Hope, Triumph and Ogle, each with a catechist.

As the missionary residing nearest Better Hope, the care of the English speaking congregation there was assigned to me. In this I had the valuable services of Mr. Cosson, a young West Indian, as catechist. He had previously assisted my predecessor, Rev. Mr. Cropper, in the same capacity. To him fell the great share of pastoral visitation and the conduct of the prayer meetings as well as some of the Sabbath services. My residence in Georgetown, seven miles away, made this a necessity.

The work has been carried on along much the same lines as reported in previous years, although through non-residence lacking somewhat in the personal touch with the congregation's life. This lack I tried in a measure to make up for by more frequent Sabbath services.

At Triumph, two miles to the east, a small church has been erected and opened after the New Year. Our first Sabbath was encouraging—but I am trespassing on next year's report. The work here will, I trust, receive an impetus. The building is in the heart of a large East Indian village population.

At Ogle, two miles west of Better Hope, and nearer Georgetown, the work is promising, although only open-air services have been held for some time. The catechist, James Kunar, seems to have a good hold on the people, and has a good following of young men who are inquiring into the Truth. Both the station and the man give me hope and the early opening of a new building gives assurance for better things.

Work has been begun in Georgetown at two points. Here I have a cate-

chist, Robert Rajkumar, one of the first engaged by our mission, also a Bible woman. Both are working energetically and the little congregations are growing. Two Sunday Schools are in operation. At one point we are building a small place of worship. The money to begin it came in response to an appeal to the little church at Sydney Forks, C.B. More is required, but we believe it will come. At the other point we are occupying a school building kindly placed at our disposal for Sabbath services by Rev. W. B. Ritchie of the Scotch Church.

Within the district are three schools, viz., Better Hope, Ogle and Uitkomst. The two former cost the church nothing for maintenance as they are Government aided, and the other we hope to have in the same position as soon as we are able to erect a proper building. The Ogle building has for the past years been falling into decay, and as a result the school and religious work in general has been hampered. As hinted above, a new building is in course of erection.

Uitkomst is situated in isolation, forty miles up the Demerara River. We have as yet no catechist here, but faithful work is being done in the religious training of the children by the teacher, a man of excellent parts. This must be one of our first points named, as the opening is a good one.

To the kind friends at home who have helped our work by their generous gifts of clothing, cards, toys, etc., as well as by their words of sympathy and good cheer, we extend our sincere thanks.

In beginning our report it is necessary to state that early in the year, in accordance with the recommendation of the Central Evangelical Council of Missions in Korea, that a division of territory be effected by which a definite territory will be secured to each Mission, our Mission, with the approval of the Foreign Mission Committee, came to an agreement with the American M. E. Church (South) Mission.

We agreed to withdraw from most of the territory south of Wonsan and transferred to that Mission twenty-seven groups, ninety-seven baptized members, one hundred and seventy-one catechumens, and about one thousand adherents. They, on their part, agreed to recognize the territory north of Wonsan, in the Ham Kyung Province, and part of Tokwon and Anpyon counties, south of Wonsan, as the territory of the Canadian Presbyterian Mission, and transferred to our care the one group of Christians they had in that district. The group numbered twenty, three of whom were baptized.

Most of the Wonsan Station itinerating field being thus cut off, the counties of Munchun and Kowon and part of Yong Heung north of Wonsan, were transferred from the care of our Ham Heung Station to our care.

The Local Church.—The congregation grows steadily, and during the past mission year seventy-seven persons were baptized and received into full communion of the church. One, who had been baptized in infancy, united with the church on confession of faith, and ninety were admitted to the catechumenate. At the last communion service about four hundred were present, all of whom are regular attendants.

Four elders were elected and ordained during the year.

In the women and girl's department there are three classes of baptized women, one of catechumens, three for newer women, and three of girls. There are eight regular Korean-teachers and several who act as substitutes. The teachers' class, which was begun last fall, has proved of great benefit to the school.

Classes.—Mrs. Robb's weekly class for women was continued, and met regularly in the church on Thursday evenings. The attendance, though not yet what is aimed at, was better than in any preceding year. A Harmony of the Life of Christ was studied, and also the Scripture course presented by our Mission. Since last September forty-two women and girls completed the first year, twenty-two the second, fourteen the third, six the fourth, and one the fifth year studies.

A somewhat similar class in charge of Miss Robb was held in Sin Pungul and this also met regularly for, during Miss Robb's absences from the city on country work, Mrs. Robb took charge of this as well as the Saturday class for the women Sunday School teachers.

Evangelistic Campaign.—This year again at the Korean New Year an evangelistic campaign was carried on in the city for ten days by a number of the men and women of the congregation. Large numbers of Gospels and tracts were sold, and though we will never know the full result of the work done at that time, we know that a number of persons were brought into the church who have continued in regular attendance since.

Educational Work, Primary Schools.—Four boys' schools have been in session throughout the year, and a fifth has recently been organized. The total enrollment was forty-eight.

For Scripture memory work we use the course prescribed by our General Assembly Sunday School Committee, and during the year thirty-five certificates, diplomas and seals were won by the pupils. Three scholars, who had already received the General Assembly's diplomas and seals, received certificates for reciting the Gospel of Mark in groups of one hundred verses.

With the interest from the Charlotte Costley School Fund three younger pupils are being helped, who could not otherwise attend school, and we hope that these also will develop into helpers in the future. The balance of the interest from this fund we used to help with the running expenses of the school.

The Academy.—The Academy came as a necessity. To satisfy the needs of the boys the missionaries had for several years helped them as much as possible in night schools and by teaching certain subjects in the common schools. This year an academy seemed imperative, and one was opened in the mission compound about the beginning of the year, with Mr. Foote as Principal. Mr. Foote, Mr. and Mrs. Robb gave part of their time to teaching, each giving an hour daily when all were on the Station, which was very seldom. When one was absent the others gave more time to the work. At the close of the term there were twenty-one pupils in regular attendance who, as a rule, were so earnest and ambitious that the teachers felt well repaid for their work, especially as we look forward to almost all becoming teachers of our schools, helpers or ministers.

The Theological Seminary.—This is the first year that Korea has had a Theological Seminary, in name at least. Students have been studying for the ministry the last six years in what was known as Theological Classes. These classes met in Pyeng Yang and lectures were given in different buildings here and there as rooms could be found. Last year when Presbytery was organized it was decided to call the institution a Theological Seminary, and now that a good suitable building is being erected the College may be said to be firmly established. The building is the property of the Presbyterian Church, U. S. A. North, which provides for its maintenance. In other matters all members of Presbytery have an equal voice, and each mission provides instruction in proportion to the number of students. Our Mission has eight students and sends a man to teach for a month and a half. Mr. Foote, who went from our mission this year, taught from April 1st to May 15th.

Country Work, Mr. Foote's District.—Mr. Foote, who has charge of the district south of Wonsan, reports as follows:—

"This year the section of country placed under my care was much smaller than in other years. The church farthest from home is now only thirty miles distant, whereas before furlough I had the care of a line of churches reaching eighty-five miles south of Wonsan. My present parish is situated in a rich agricultural part of the country, which is well populated. There are Christians in twenty different towns and villages, who for the most part attend church at eight different places, in five of which there are churches; but in several cases the distance is too far to travel and other congregations will have to be organized.

The largest country congregation is in Anyon, where there are seventy-five communicants, fifty-eight catechumens, with an attendance of one hundred and seventy-five. During the year thirteen were baptized and received into full communion with the church, forty-one catechumens enrolled and five children baptized. The church supports two schools, one for boys and one for girls. In the former thirty-six, and in the latter twenty-one pupils were enrolled. Two of the pupils from the boys school united with the church, and several from both schools were received as catechumens. One boy came into the Wonsan Academy and another expects to come in September. This is a regularly organized congregation, with an elder, who is also a student for the ministry, and has completed his first year.

"If I were to report on each church separately I would largely repeat what I have said, except that the others are not so large and have no schools; each, however, is doing well and making progress.

"I have not been able to give so much time to this side of the work as I would have liked to do, and there are two groups, one where the people have a church, that I could not visit. These, however, I hope to see at an early date."

Country Work, Mr. Robb's District.—Mr. Robb, who has the district north of Wonsan, reports as follows:—

"The work in the Wonsan northern circuit is very encouraging. At Mun-chun the work has progressed steadily under the care of Helper Chon and his wife, and the Sabbath congregation now numbers eighty. The building bought last year and nicely renovated for a church will soon be too small.

"At Nun Kni the Christians have recently bought a house to use for a church.

"In the village of Konami the little group has grown till it now numbers over fifty members and adherents.

"At Sin Chang Ni, also, there are some new believers, and the congregation now numbers over twenty.

"But it is at Tok-chi that the largest increase has taken place. There are now sixty-six baptized members, seventy-six catechumens, and in addition over one hundred and thirty adherents. The contributions of the group for the year, for congregational, education and missionary purposes was one hundred and sixty-one dollars and twenty-three cents, or two dollars and forty-four cents per communicant, which means much greater liberality than shown by many churches at home.

"Four months out of the last ten have been spent itinerating.

"During my stay in Kyung Sung, the capital of the northern province, the Christians there bought a suitable house for a church outside the west gate. Examinations for the catechumenate and baptism were held for the first time; twenty-five persons were enrolled as catechumens.

"This northern territory, with a quarter of a million of unevangelized Koreans, needs resident missionaries. A Station should be opened there as soon as possible, and it is for this reason that we have urged that the Western Foreign Mission Board of our home church co-operate in the work in Korea.

Adjoining this field in Manchuria there are said to be one hundred and fifty or two hundred thousand Koreans."

Bible Training Classes.—Like all our work in Korea these classes were organized to meet a demand. Numbers of the Christians were anxious for more instruction in the Word of God, and this led to appointing times for study as far as possible, in every group. A class usually lasts from seven to fourteen days. This is an important and regular part of our work.

Two different kinds of classes are held. One is for everybody, and one for leaders only who can do more advanced work than the ordinary Christian. In the largest classes two or more missionaries take part, and in the smaller ones the missionary's helper gives assistance. The results are most gratifying. In addition to an increased knowledge of Scripture, the people from different groups get to know each other better; they get a new inspiration and lay plans for future work. At one class where about one hundred attended, the missionary at the close of the session asked how many would volunteer to give some time during the coming year to travelling and preaching the Gospel to those who knew it not. One man said he would lay aside his other duties and devote two weeks to this work; others, both men and women, made similar promises, with the result that the day's volunteered numbered more than a year.

This year the Helper's Training Class met as usual for a fortnight in June. Ham Heung and Wonsan Stations united in holding the class, and instruction was given by Messrs. Foote, Robb and Young.

At the General Annual Class held in January in addition to the Bible studies conducted by Mr. Robb and Mr. Foote, Mrs. Robb gave a daily lesson in singing, and also a Scripture lesson to the boys of the congregation.

During the year throughout the Wonsan field one hundred and twenty-eight diplomas, certificates, red and gold seals from the General Assembly's S. S. Committee were won by diligent study.

Women's Classes.—Miss Robb spent two months in the country accompanied by a Biblewoman and male evangelist. Classes, which continued for a week, were held at the four largest outstations, and a shorter time was spent at several others. The largest class was at Tok chi, where, in spite of very muddy roads, there were about forty in regular attendance. Three sessions were held daily; at the morning and evening sessions the lessons from the Institution of the Lord's Supper to the Ascension were studied, and in the afternoon lessons from the life of Joseph.

Native Helpers.—We cannot begin to say how valuable has been the services of the band of faithful native workers under our care. The missionaries' personal helpers, the church evangelists, the Bible Society colporteurs and Bible women, have each in their place served the Master with zeal and earnestness.

Helper Yong Chai and the present church evangelist, Pak Nai Hyon, have completed their third year in the Theological Seminary, and Helper Kim Nai Pom and Elder Yu have completed the first year's study.

Looking back upon the past year our hearts are filled with humble gratitude to the Giver of all for His manifest blessing on the work, and for His many mercies. Not the least of these has been the good health enjoyed by the members in the field, the restored health of Mrs. Foote, and the uninterrupted good health of the children of the Station.

Another year of proving the faithfulness of our God, of putting to the test His promise that He will take the weak things to put to shame the things that are strong, calls for our deepest gratitude and most heartfelt praise.

City Church.—The work in the city church has lately taken on new life and activity by the return of the students from Pyeng Yang, who brought with them many plans, together with fresh zeal with which to carry them out.

The young men of the church have lately been meeting on Sunday afternoons for Bible study, and we are glad that they have for themselves planned this way of making the day profitable.

The fact that our church building is too small for a mixed meeting on either Sunday morning or afternoon is a cause of grief to us, and we long for a new church where all can meet together for Sunday preaching service. Nothing definite has been done this year towards the building of a new church. We have continued our former plan of having the men's Sunday School and preaching service in the morning, and the women's in the afternoon, with a general prayer meeting in the evening.

An invitation to preach to the prisoners in Ham Heung jail was lately given to us by the Japanese Superintendent and gladly accepted. Li Chu Han made a visit at once distributing Bibles and Gospels for which money had been given by a Cape Breton friend, and we are now awaiting permission from Seoul to gather these men on Sunday afternoon for a Gospel service.

Women's Work.—In our city work the ordinary routine of Sunday School and weekly classes has been added to by a daily class attended by twenty-six women, and carried on for seven weeks during May and part of June and July. The growing desire on the part of the women to be taught, together with our great need of some who can help with the teaching in our schools, has made the teaching a pleasure as well as a most necessary part of our work.

The city work has lately been organized after the plan already referred to, and our nine leaders of tens have been replaced by twenty women who are to work in sympathy with the brothers similarly appointed. In this way all our workers seem very happy to feel that they can help in the work they have learned to love. The desire to help others creates the need of personal study, and we have an interesting class for these workers on Friday afternoon.

Our class for all the women of our stations was held in March, and we were gratified to have thirty-three women and eight large girls from the out-stations in attendance.

In January the mission class for Bible women was held in Ham Heung attended by twenty-one women from our three stations. This not only gave us opportunity to teach these workers, but made us realize how important it is that we should have better facilities for training them.

Itinerating.—During the year Mr. Young visited all except four of the out-stations. In Pan Chen he found the people much encouraged because a number

of heathen had recently decided to believe, and were eager to be taught. In Chin Heung the enemy had been busy and caused some to fall away, here too, however, encouragement was not lacking.

At Massan the work has gone on steadily; the prospects for a strong church there are very promising.

At Yong Heung Mr. Robb from Wonsan Station joined us, and for a week taught an interesting class of about sixty men and boys gathered from the surrounding towns and villages. A deep interest was shown and good results have since been manifested.

At Cheng Pyeng the work was found to be encouraging, and a splendid zeal for service manifest. During the year the members supported one of their number and sent him out as their evangelist into the surrounding country.

We are hoping for great things for this centre of over one hundred thousand souls, and pray that the coming year may be one of rapid growth for this church.

At Hong Won the cause is steadily advancing; a new building has been purchased and at present is undergoing repairs.

Classes.—The Ham Heung annual class met in December, when thirteen out-stations were well represented, as well as several other places where as yet no church has been organized. Dr. Grierson and Mr. Robb were present to assist in the teaching. An interesting feature of the class was the evening debates. The Korean is never so happy as when in an argument, and on these evenings the tide of happiness ran high.

A number of our leaders attended the class for native helpers held in Wonsan in May, and in the examinations at the close one of them stood highest. All were greatly strengthened by their two weeks' faithful study.

Book Room.—During the past summer the book room was enlarged and improved. The upper story erected over the old room gives much better accommodation to the young men who from week to week gather to study with the silversmith the Book of Life.

Advanced Boys' School.—This year twelve young men were in attendance at our Academy. Of these six completed the regular first year's course. One, led captive of the evil one, fell away. Two others were unable to take the examinations; the other three studied the preparatory course and hope to be able to take the first year's course next term.

On the evening of the closing day each student gave a ten minutes' talk to the congregation assembled in the church on a subject, or part of a subject, which he had studied during the year. The point and eloquence of the speeches gave cause for much encouragement, for it was very evident to all that the boys were capable of making good use of what they had learned.

Several spoke on subjects assigned them from the Word of God, and their talks showed that thoughtful work has been done upon the Master's great truths.

As already mentioned, the more advanced pupils were sent at the beginning of vacation to teach in the boys' schools in the out-stations. Good reports have reached us from all. Not only are the school children studying under their new teachers, but many of the men as well are humbly enquiring more perfectly the Way of Life from these boy instructors. Thus the truths learned during the winter months are finding their way through the whole field, and we trust they will bring forth a rich harvest for the Master.

Boys' Schools.—Eight boys' schools are at present in operation. In six of them, owing to the presence of their new teachers already referred to, the numbers have greatly increased, and a deeper interest has been manifested. The

Ham Heung school has grown too large for its present buildings and arrangements are being made for obtaining a larger one next year.

Medical Work.—Who can estimate the value of the relief from pain and suffering, of the good from Miss K. McMillan, the preaching, teaching and sale of books done by the Doctor, per assistant and her Bible woman during the first year of having a resident physician in this great heathen city?

Could a home doctor see the building, the utter lack of accommodations under which this work was carried on, he would indeed be shocked and distressed; but in the absence of anything else what can be done? Only the best that the situation offers.

Dr. McMillan was indeed a welcome member of Ham Heung station, welcomed both by missionaries and natives; her time and labors were given to both and deeply appreciated by all.

SUNG CHIN STATION FOR 1908.

Missionaries.	Appointed.
Rev. R. Grierson, M.D.	1898.
Mrs. Grierson	1898
Rev. A. R. Ross	1907

Summary.

Largest field of any mission station in Korea, fifteen counties.
 Smallest staff of any station in Korea, three persons.
 Regular meeting places, 20.
 Church buildings, seven.
 Total adherents, 580.
 Communicants, 80.
 Total contributions, \$449.00.

This is the eighth report. For the eighth time we "thank God and take courage." Our optimism is evidenced by the abbreviated motto, based on Philipians 4:13, which has gradually become our station catch word, "Can Do." In previous years we have allowed ourselves to be too much overwhelmed by the magnitude of the field and the smallness of our force. This year we have cheered up and say "Can Do." Yes, trusting in the Shepherd of Israel, who loves this mighty flock of 750,000 souls, we cry "Can Do." The Church of Christ shall yet be strongly established in this region.

Evangelistic.—Our optimism has a basis in both faith and fact. God's gracious blessing has been granted on the evangelistic work in a new way this year. A year or so ago it was very hard for us to get fitting native agents to devote their life to colportage and evangelistic work. The preaching zeal of the church members, too, was below the Korean standard. This is all changed. Since last fall a new blessing has been poured out upon the people. There are now more men willing to be colporteurs than can be employed.

At the Sung Chin class in March, amid great rejoicing, an evangelistic association, whose membership is our whole constituency, was organized, called "The Three Empire Evangelizing Association." The name is so given because the Christians attached to the Sung Chin Station account themselves (in the absence of other organized work) as responsible for the evangelization of the Koreans in Manchuria and Siberia, as well as those in Korean territory proper.

The Sung Chin Station, too, regards itself from its position, as for the time in charge of the work that has sprung up in the Trans-Tuman and Siberian districts.

In response to the election of the Association, Evangelist Kim of Tan Chun, a man of fine parts and high character, has devoted his life to this work, and has travelled over most of the field, including the Trans-Tuman territory.

In the immediate vicinity of Sung Chin there are this year signs of awakening consciences and repentant hearts.

The local church, as a branch of the general Evangelistic Society, sends out a band of preachers to neighbouring towns every Lord's day, and these go out with great zeal and eagerness. Besides Evangelist Kim, five colporteurs of the Bible Society, and Helper Yi form the pioneer corps of our station, and they have all nobly worked in preaching and teaching and have founded many new groups.

The senior missionary has followed up their work and visited the groups as far as medical and local work would allow; and the junior missionary, together with language study, has done likewise.

Yea Dong Class.—The holding of this class meant the crossing of seventeen mountain passes, averaging probably three hundred feet in height, with considerable snow in places.

While en route, Dr. Grierson and Mr. Ross visited a group of new believers who gave them a hearty welcome.

The average attendance of men and boys was about twenty-seven, while during the evenings a few women were also present.

During the class they held a communion service and received eight new members into the church.

Tan Chun Class.—The missionaries' trip to Tan Chun was also over a difficult road owing to a very high mountain pass that had to be climbed amid the snow. The Christians showed a keen interest in the class and crowded the room where the men usually sit, some also having to go into an adjoining room owing to lack of space.

Kilju Class.—Dr. Grierson conducted this alone and instructed in Bible truths the comparatively new believers there.

Sung Chin Class.—Just previous to this our station had the joy of welcoming at a communion service eighteen as catechumens and six for baptism.

We very much value the help of Mr. Robb in the conducting of this class. Our Christians came from near and far from eight different groups apart from the local church, some walking one hundred and forty miles to be present.

It was a matter of deep gratitude to God that on one evening of the class a society was started for the sending out of evangelists to be supported by the Korean churches. The Christians cheerfully promised sixty yen (\$30.00) towards the salary of an evangelist. The above amount, supplemented by the missionaries, enabled the society to appoint and send out an earnest able worker to be supported by the native churches. This man has sacrificed much in business owing to his determination to keep the Sabbath. He is now far north preaching the "unsearchable riches of Christ."

Educational Work.—The teaching in our boys' school in Sung Chin has continued as usual during the year. On January first a girls' school was started which continued till the summer vacation. April ninth marked the opening of our Boy's Academy, which met a long-felt need. Last summer some of our brightest boys attended a local heathen school because they had advanced beyond the teaching given in our Christian school. Eight boys have been in regular attendance at our Academy.

The interest in education in Korea is rapidly growing. The call is becoming louder and more pressing for the Christian Church to bring under the influence

of its teaching very many bright and promising lives. From young men won for Jesus and trained in our Christian schools we may hope for future workers whose lives will tell effectually in helping to bring the hermit nation into the Kingdom of Christ.

Women's Work.—Our women's work has been more encouraging this year than ever before. We have had a larger attendance, and the women have shown a greater desire to study than in former years. You no doubt have heard many times how difficult it is to get the women's attention, with a child on the back and perhaps one at either side.

This year, just before holding a week's Bible Study Class, Dr. Grierson, one Sunday morning in church, suggested that the husbands should do the cooking and look after the babies to enable their wives to go to class free from care, and, to set a good example, he said that during that week that was what he was going to do. And sure enough, the first day the mothers and sisters came without even one child, and, with the exception of one woman, they kept this up during the whole week.

One afternoon, walking down the street with the women when class was over, we saw some of the anxious, expectant fathers, with their arms full, waiting on the street to be relieved of their cares. To our knowledge such a thing never happened before, and shows how anxious the men are getting to have their wives study.

We have had visits this year from Miss McCully and Miss Mair, who rendered valuable service in our work. Our Koreans as well as ourselves, lamented when they had to leave us. Our Korean women fully realize that we need to have such workers continually with us if the Gospel is to be heard in the north. We do appreciate the great love and interest of our home church toward this field, but pray that the interest may grow greater in both prayer and liberality.

Medical Work.—For the first time in the history of the station has the medical work been carried on in a way that could be called effective. Owing to the occupancy of the hospital proper by Mr. Ross, Dr. Grierson was compelled to build a dispensary in the native town. Here, with the assistance of Kim, the Korean lad whom he educated in a school in Seoul, and trained before in Wonsan, the doctor has conducted as full a work as pastoral, educational and administrative duties would permit.

Mr. Kim's quickness, skill and intuition, together with the close touch which is made possible by telephonic connections between house and dispensary, have allowed the medical work to go along continuously. Over one thousand different persons, amounting to fully five thousand treatments, have been entered on the books during the nine months of the mission year, many of them for severe surgical operations. We thank God for a good measure of success in the results of treatment, and rejoice that some have been brought to Christ through the touch of the healing hand.

As the fame of the work spreads more and more throughout the country, the patients come in greater and greater numbers, and Dr. Grierson's hands will be more and more tied to the local work as time goes by. And as this work of love, the only philanthropic work we do, and the only scientific medical equipment for a population of over half a million of people cannot be discontinued, we must have either another doctor to relieve Dr. Grierson, or another evangelist missionary to take a part in the pastoral oversight of the immense field.

We wish to thank the N.S. Telephone Co., in Halifax, Bethany Church N. W. Arm, and Park St. Church, Halifax, for the telephone equipment that enables the doctor to keep his hand on the work while doing other work in school and church.

Medical receipts of \$212.52 for nine months sufficed to pay salaries of assistant, fittings, fuel, and running expenses, and also pay \$82.32 on the drug bills of the past year. The work is thus practically self-supporting. The equipment

is still, however, very incomplete, especially in diagnostic apparatus. Apart from equipment and rent, the work can be quite self-supporting.

Requests.

(1) Workers.—With a population of 750,000 Koreans, spread over a district stretching from seventy miles south of this station, west and north-west into China, and far north into Russia; with local work including medical, primary boys' and girls' schools, and an Academy, what staff could be used? What ought there to be? Two married men, one single man, and one single woman. This is considered the smallest force that can at all touch the work here in the north. This means the addition to our present staff of one married couple, and one single woman.

(2) Houses.—How can this number be housed in one foreign house, and one Korean house which ought to be used for its original purpose, a hospital? Two new houses should be granted immediately so that work may be begun to accommodate the force which we hope to see appointed.

(3) Funds.—We also request funds for Academy and Girl's School Work and for additional Bible women.

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, HALIFAX, 1908-1909.

To the Venerable the General Assembly:

The Board of Management of the Presbyterian College, Halifax, is happy to report that the past year was in many respects one of the best and most successful in its eighty-nine years history.

I. THE STAFF.

During the year, the four professors, the assistant in Hebrew and the Lecturer in Eloquence carried on their work to the satisfaction of the Board and Students. Dr. Currie was unable to lecture for part of the winter owing to illness, but the health of the other professors and of the students was good.

The Board asks the General Assembly to reappoint Mr. Kent as Lecturer and Assistant to Dr. Currie for another year at a salary of \$1,500.00 and three rooms in the residence, the salary of Dr. Currie to be \$1,000.00 and the house now occupied by him free of rent. Presbyteries will be notified to nominate to the Board an assistant and successor to Dr. Currie. The Board also agreed to advance Dr. Stewart's salary to \$2,000.00 and free house. Dr. Stewart, since his appointment last year, has given entire satisfaction to the Board and to the students, both as Professor and Dean of the Residence.

The Board regrets to inform the Assembly that Principal Magill gave in his resignation at a meeting on the 28th of October. The Board had a conference with him with a view of ascertaining if he could not see his way to retaining the Principalship of the College and his Chair, but he felt it to be his duty to adhere to his resignation with a view to the acceptance of the Chair of Philosophy in Dalhousie University, and on November 25th the Board, subject to the approval of the General Assembly agreed to accept it to take effect on September 1st, 1909. In doing so the following resolution was adopted and inserted in the Minutes:

"The Board accepts the resignation of Principal Magill with sincere regret. Since his appointment as Professor of Systematic Theology in 1903, he has labored indefatigably for the welfare of the College

"By the ability and brilliancy of his lectures in the classroom, and by his courtesy, kindness and sympathy at all times, he succeeded in winning the respect and affection of all his students.

By his earnest and self-sacrificing efforts as Principal in perfecting every department of college life and work, he has gained the gratitude and esteem of the members of the Board and of the Church. The development of the Bursary Fund, and the renovating and re-furnishing of the Residence will be lasting memorials of his energy and zeal.

"By his interest, too, in all literary, social, philanthropic and religious matters outside of the College, he has secured the grateful appreciation of the Community at large.

"The Board sincerely wishes that Dr. Magill may have much happiness and success in his new sphere of work, and rejoices that in it he will be able still to render valuable assistance to the Presbyterian College, Halifax."

The Board then requested the Presbyteries to nominate a successor to Dr. Magill, and when all had been heard from, it was found that the Presbyteries of the Maritime

Provinces were without exception, unanimous in their nomination of Rev. Clarence McKinnon, B.D., D.D., Winnipeg, for the Principalship and vacant Chair, and when the nominations of Presbyteries came to be considered, it was found that the Board was equally unanimous in nominating him to the General Assembly as a suitable person for that position. Dr. McKinnon having intimated his willingness to accept the appointment in the event of the nomination, and appointment being unanimous, the Board agreed to request the Assembly to appoint him to be Principal of the Presbyterian College, Halifax, and Professor of Systematic Theology and Apologetics.

II. THE STUDENTS.

As shewn by the report of the Senate, thirty-five students were in attendance and twelve graduated. More than twice this number are, however, required for the work in hand at home and abroad, and the Board appeals to our young men of intelligence, piety and gifts, to consider whether or not God is calling them to the sacred ministry.

III. THE BUILDINGS.

The five buildings used as College, College Residence and the three houses occupied by three of the Professors, are now in thorough repair and well furnished. Some \$8,000.00 were subscribed in the way of a special effort, for repairing and refurnishing the Residence, and for the removal of the debt incurred by former repairs. Most of this amount has been paid, and when it has all been received by the Treasurer, it is believed that the College Fund will be out of debt.

The Residence for the students is now more comfortable than ever before, and thoroughly sanitary.

The Board has decided to build a new house for the Principal. When it is completed the Church will own six fine buildings all fronting on Fracklyn St., and overlooking the beautiful North West Arm. These buildings and their contents are kept well insured.

The Faculty recommend new arrangements for the management of the Residence. The local Board has been authorized to consider the same, to make temporary arrangements for looking after the Residence and to report to the Board.

The Board most heartily thanks all contributors to the special Repair Fund as well as to the Ordinary Fund for their generous gifts.

IV. FINANCES.

The receipts for the year from all sources were \$19,448.73.

The contributions from congregations amounted to \$6,799.66, as against \$5,915.81 for the previous year. The income from interest was \$7,841.86, from donations \$4,715.75 and from all other sources \$91.46.

One dollar per week was allowed for each student towards board, making the expenditure for this purpose \$816.00. In addition to this an advance was made to the boarding department of \$40.00, which has since been refunded. Office expenses amounted to \$63.36. * At the recent meeting of the Board attention was called to the fact that the Board of Governors of Dalhousie University had felt it to be necessary to increase the salaries of the Professors in that institution from \$2,000.00 to \$2,500.00 per annum, that at present the professor nominated by this Board receives an annual salary from the Church Funds of only \$1,750.00, that it had been proposed at a recent meeting of the Governors of Dalhousie University that possibly if the Governors of the University would become responsible for the \$500.00 at present and for some years past paid by this Board as an annual salary for the Tutor in Greek, the Board might be willing hereafter to become responsible for the whole amount of the salary for the Professor of Mathematics in Dalhousie.

After due consideration it was unanimously agreed to adopt the following resolution:

"That the Board of the Presbyterian College, Halifax, raise the salary of the Professor of Mathematics in Dalhousie University to \$2,500.00, on the understanding that the Tutor to the Professor of Greek be retained at the expense of Dalhousie University: the resolution to take effect from the first of September next."

All of which is respectfully submitted.

JOHN McMILLAN,
Chairman.

E. A. McCURDY,
Secretary.

POST GRADUATE SCHOOL.

During the closing week of the session a post graduate school was held. A course of lectures on "The Kingdom of God" was given by Rev. Prof. James Denney, D.D., Scotland. These lectures were heard by the students of the colleges, by a large number of ministers from all parts of the Synod of the Maritime Provinces, by brethren from other churches, and by a considerable number of laity as well, and the Senate desires to put upon record its conviction that Prof. Denney's lectures were an inspiration to the whole Church in the Eastern Provinces.

During the school, lectures were given as follows:

Rev. G. Dickie, M.A., St. John. Modernism in France.

Rev. M. MacKinnon, M.A., Halifax. The New Theology.

Rev. T. F. Fullerton, M.A., Prince Edward Island. The University Training for the Ministry.

Rev. F. MacIntosh, M.A., Sydney. The Theological Training for the Ministry.

Rev. J. Nicholson, M.A., Inverness. The Social Problem.

Rev. W. H. Smith, Ph.D., Fredericton. The New Testament and the Social Problem.

Conferences were held during the school—one on the New Theology, one on the College, and one on Socialism. The Senate desires to express its appreciation of the lectures given by these brethren.

THE CURRICULUM.

The Senate is pleased to be able to report that the standard of work done in the College during the past season was high. It is not satisfied, however, that sufficient attention has yet been given to the all important matter of training for effective pulpit work. Orators may be born, not made, but much can be done to improve composition, pronunciation, accent, delivery, etc. The Senate cordially approved of the plan submitted by the Faculty of the College for making improvements in this regard, and it commended the plan to the Board of Management, asking that the desired changes be made.

Principal.

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, MONTREAL.

To the Venerable the General Assembly:—

The Board of Management of the Presbyterian College, Montreal, beg leave to present the following report for the past year, and are glad to be able to do so with a large measure of satisfaction at the work that has been accomplished.

The total number in attendance in all the classes was seventy-six (76), of whom, however, eight were students of the Congregational College not registered with us and taking only a single class. The graduating class numbered eleven, of whom one is French speaking and qualified to conduct services in two languages. For the most part the health of professors and students has been good. But the Board have to report with deep regret the sudden death of the Rev. E. A. MacKenzie, Professor of Practical Theology, on the 21st of January last after an hour's illness. Professor MacKenzie had been appointed to this chair only in 1905, but he had already succeeded in organizing his work along original lines and was rendering most admirable service.

The last General Assembly authorized the Board to make suitable provision for the conduct of the French work in the college, and if possible to secure a professor from France or elsewhere, whose permanent appointment should be subject to the approval of this Assembly. They are very glad to be able to report that they secured the services of the Rev. Charles Bieler, of Paris, who has carried on the work of the French classes to the entire satisfaction of the Faculty and of the Board. Both in the college and elsewhere, M. Bieler has shown himself the type of man needed for this work, and the Board can most cordially recommend his permanent appointment.

The financial statement shows this year a deficit in the ordinary fund for the first time in many years, amounting to \$1,779.60. This was anticipated and is due not to any diminution of income, but solely to the increased expenditure arising from the completion of the staff to meet which the Assembly two years ago sanctioned an appeal for increased endowment. The effort to secure this has been continued throughout the year by the Rev. A. L. Burch. The total amount subscribed now amounts to about \$35,000, of which one-third has been paid in. The Board regrets that it is not yet in a position to make a nomination to fill the chair rendered vacant by the death of Professor MacKenzie, but hopes to be able to bring in a supplementary report dealing with this matter at the Assembly.

Notwithstanding the fact that they have given careful attention to the matter of filling the chair of Practical Theology left vacant by the death of Professor MacKenzie they do not find themselves in a position to make any nomination to this Assembly, and have appointed a committee to make further inquiries.

They would ask that authority be given to make an appointment to the vacant chair if the way be clear and that failing this they be allowed to make suitable provision for the conduct of the work during next session.

They would recommend:

1. That the appointment of the Rev. Charles Bieler, as French Professor of Theology, be confirmed, and that the Presbytery of Montreal be instructed to arrange for his induction into the chair at the opening of next session.

2. That the effort to increase the Endowment Fund of the College be again commended to the liberality of the Church, so that the increased expenditure may be fully met in the near future.

All of which is respectfully submitted.

MONTREAL, April 1st, 1909.

DAVID MORRICE, Chairman.

REPORT OF THE SENATE OF THE PRESBYTERIAN COLLEGE, MONTREAL, 1909.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

The Senate makes sorrowful reference to the severe loss which the College sustained on the 21st day of January last, in the sudden death of the Rev. Ewan A. MacKenzie, B.A., B.D., Professor of Practical Theology. Just as he was winning a place of large usefulness in the Church, God called him to the higher service.

During the past session, the work of the various departments was carried on as follows: Principal Scrimger conducted the classes in Systematic Theology; Professor Fraser, those in New Testament Literature; Professor Welsh, those in Apologetics and Church History, and Professor Gordon, those in Old Testament Literature. After the death of Professor MacKenzie, the Principal continued the courses in Homiletics and Pastoral Theology, and the Rev. W. R. Cruikshank, B.A., the course in Church Government. Mr. Cruikshank also gave an hour a week during the session to a class in Sunday School Pedagogy. A short course of lectures was given on Ecclesiastical Architecture by D. Norman MacVicar, Esq., A.R.C.A. The students in the three years of Divinity received training in Elocution from Mr. J. P. Stephen. The work of the Matriculation Class was carried on by Mr. N. R. Gillis, B.A., and Mr. W. A. Hunter, B.A.

The classes in French Literature and Theology were conducted by the Professor-elect, Rev. Charles Bieler, B.A., B.D., Officier de l'Instruction Publique. The Senate is glad to report that Mr. Bieler has entered upon the work of his department with great energy, and already by his remarkable gifts as a teacher and organizer has proven himself a valuable acquisition to the College and the Church.

QUEEN'S COLLEGE AND UNIVERSITY.

REPORT OF THE BOARD OF TRUSTEES.

The Trustees of Queen's University respectfully submit the following report:—

The enrolment for the past session, in comparison with that of 1907-08, has been as

follows:—	1907-8.	1908-9.
Undergraduates in Arts (in attendance).....	390	439
Postgraduates in Arts (in attendance).....	34	19
Undergraduates in Arts (extra-mural).....	261	318
Postgraduates in Arts (extra-mural).....	39	21
Candidates for B.Paed. and D.Paed.....	36	29
Students in Theology.....	284	292
Students in Practical Science.....	213	210
Students in Medicine.....	42	56
Students in Education.....	1299	1409
Registered in two Faculties.....	48	58
Total number of students.....	1251	1351
Increase over preceding year.....	112	100

Last year the increase was mainly in the Department of Practical Science; this year it is almost entirely in Arts. The work of the several departments, as presented in the calendar, has been carried on steadily.

The University publishes a somewhat detailed report of the work of the Arts Department. Copies of this will be sent to the ministers of the Church, and it, as well as the calendar, may be obtained by any others on application.

TRUSTEES.

During the year, Sir Robert G. Reid was removed by death from the Board of Trustees. Mr. Robert Meighen, of Montreal, was recently elected to take his place. Prof. Shortt, who has been appointed by the Dominion Government Civil Service Commissioner, was elected by the members of the University Council as one of their representatives on the Board of Trustees.

THE STAFF IN ARTS.

On the withdrawal of Prof. Shortt, Oscar D. Skelton, Ph.D., who had been Assistant Professor in Political Science, was appointed Professor, and W. W. Swanson, Ph.D., was appointed Assistant Professor. W. E. MacNeill, M.A., has been appointed Assistant Professor in English and Lecturer on Public Reading and Public Speaking. This appointment will not only relieve the extreme pressure of work in the Department of English, but will provide much needed instruction in Public Address.

Hebrew belongs both to the Department of Arts and of Theology. The Rev. Herbert T. Wallace, B.D., Ph.D., who has for the past three years been Fellow, has been appointed Assistant Professor of Hebrew.

CONVOCATION.

At the Spring Convocation the following numbers received degrees:— 39, the degree of M.D.; 16, M.A.; 59, B.A.; 42, B.Sc.; 2, M.E.; 1, Ph.D.; 10, Testamurs in Theology.

Of Honourary Degrees, the degree of LL.D. was conferred on Prof. Barnard, of Yerkes Observatory, in connection with the University of Chicago, and, in absentia, on Prof. Alexander Graham Bell and the Hon. Justice McGuire. The degree of D.D. was conferred on Prof. H. A. A. Kennedy, M.A., D.Sc., of Knox College.

FACULTY OF EDUCATION.

The Faculty of Education is maintained by the Provincial Government of Ontario, for the professional instruction and qualification of High School teachers. It was instituted in 1907, and Dean Lavell, the head of the Faculty, in his report to the Board of Trustees, says, regarding the work of the past year,

"The second session of the Faculty of Education has run its course smoothly with few features or incidents that merit special attention. The experience of the first year made possible a better organized schedule of classes, and a simpler and more effective arrangement of the practical side of the work. The observation and teaching of Public School classes has been greatly simplified for the students by the use of Victoria School instead of Central School. The fact that our two practice schools occupy the same block, within four minutes' walk from the University, has been a convenience not easily overestimated."

FACULTY OF THEOLOGY.

The registration in Theology is less this year than last,—twenty-nine in all,—due partly to the fact that a number not in class attendance were last year registered for B.D. work. The graduating class, however, is larger than last year, numbering 12. Several students who had dropped out for a year are expected to return next session.

As the Board were not prepared a year ago to appoint a successor to Prof. MacNaughton in Church History, the Assembly agreed that the appointment might be made without further reference for confirmation. Acting upon this authority, the Trustees appointed to this Chair the Rev. Ernest F. Scott, D.D., already well known among the younger Theological writers of Scotland.

The appointment of the Rev. Robert Laird, M.A., a year ago as General Secretary and Professor of Practical Theology, was to take effect "at the completion of the present canvass for additional Endowment" and was agreed to by the Assembly. The Trustees, however, lately made this appointment definite, so that Prof. Laird will be duly inducted at the opening of next session.

The work of the various classes has been conducted throughout the session with scarcely any interruption, the students being faithful in attendance and diligent in study. In addition to the regular class work, as laid down in the time-table, Prof. Jordan gave some lectures in Old Testament Theology, and Prof. Scott in New Testament Theology. They have kindly agreed to give weekly lectures on those subjects next session.

During the first part of the session a course of instruction in Public Reading was given by Mr. Macdonald, Assistant Professor in English. While Mr. Macdonald's work was very helpful, yet his other duties prevent him from giving adequate attention to this subject. It is necessary that much fuller provision be made for it, and arrangements to this effect have already been made in connection with the English Department.

The classes for instruction in the English Bible, open to and designed for students in Arts as well as those in Theology, were conducted by Professors Jordan and Scott, the former taking the Old Testament and the latter the New Testament. These classes are

voluntary and are not yet reckoned by the Senate a part of the course leading to the B.A. degree, so that the attendance upon them indicated a real interest in the subject on the part of all present.

Among the courses of post-graduate study leading to the degree of Ph.D. in the University, provision has been made for a course in Old and New Testament Language and Literature. Candidates may offer themselves for the degree in one of the Arts subjects and either Old Testament Language and Literature or New Testament Language and Literature; or they may offer themselves for the degree of Ph.D. in Old Testament Language and Literature and New Testament Language and Literature. In the judgment of the Faculty the work for this degree will require three years' post-graduate work at the University or six years extra-mural work. Details regarding the course are given in the Calendar.

The effort is made, not only by such courses of study, but also, in a less severe way, by the subjects taken up in connection with the Alumni Conferences, to provide for those in the ministry helpful lines of post-graduate study.

The Alumni Conference was held, as usual, during the first week in November. The papers and discussions, as at previous conferences, were of deep interest to the members. The Conference provides a week of helpful and inspiring post-graduate study. It is proposed that next autumn it be held during the last week in October, so that the Theological students may not lose the first week of November from their class work.

The autumn Convocation was held on Thursday, 5th November, during the week of the Alumni Conference, when Prof. Scott was inducted to the chair of Church History, and Prof. Skelton to the chair of Political Science.

The work done in the various classes is shown by the following statements:—

Hebrew and O.T. Criticism. Professor W. G. Jordan, D.D.

Junior Hebrew. Of intra-mural students, 20 registered in this class, 12 of these took the full course and entered the final examination; one of these only was a student in Theology. Four extra-mural students were registered and three of these are taking the final examination. The class met three times each week, the work of teaching and of examining the various written exercises was done with great diligence and care by the Fellow and Tutor, the Rev. H. T. Wallace, B.D.

Senior Hebrew. This class was below the average in numbers, consisting of three Arts and four Theological students. There were three extra-murals in this class also. Mr. Wallace met the class twice a week for the study of grammar and text. Once a week the class read with Prof. Jordan, covering in this way Job I.-V.

O.T. Exegesis and Criticism. Twenty-seven Theological students were in attendance. The passages read were chosen from Psalms and Proverbs; in the other hour a series of lectures were given on "The Wisdom Literature of the Hebrew People." Each member of the class was required to hand in a carefully written essay on "The Book of Job;" these essays were, on the whole, very satisfactory.

Honour O. T. Criticism. This class meets twice a week and takes up subjects prescribed in the B.D. course. It is an optional class and was attended this year by twelve senior students. The first six chapters of Ecclesiastes were read and the character of the book considered; the second hour was devoted to the study of Daniel, on which book each member was required to give an essay.

Post-graduate class. The only member of this class was Mr. H. T. Wallace, who, for the last four years has been pursuing the Ph.D. course under the guidance of the Professor.

Apologetics. Professor Donald Ross, D.D. The subjects passed in review in this class were the Causes of the Unbelief of the present time, the Theistic view of the World, and the theories offered as substitutes for the same, Socialism and the Gospel, and Personal Immortality. *Viva Voce* examinations were held daily on the lecture of the preceding day. The first two books of Bruce's *Apologetics*, and Butler's *Analogy*, Part II., occupied the class once a week during the greater part of the Session. Two essays were also written by each member of the class, which numbered twenty. A commendable diligence was manifested in all the work done.

New Testament Exegesis. Twenty-nine students attended the class which met for an hour two days in the week. The first ten chapters of the Book of Acts were made the subject of minute critical and exegetical investigation. Lectures on General Introduction were also given. A deep interest was manifested in the study of the Origins of the Christian Church. Eleven "Greek Exercises and Additions" were written by the Senior students and carefully examined by the Professor. In addition to the above, a class for the Linguistic and Grammatical study of Hellenistic Greek was held once a week, from the beginning of the session until the end of February, and attended by all the students except three.

Church History Professor Ernest F. Scott, D.D. The lectures in the ordinary class dealt with the history of the Church during the early period,—from the end of the first century to the Council of Constantinople in 381. The development of doctrine in the course of this period was studied in connection with the general history. Gwatkin's "Selections from early Christian writers" was used as a text-book. Once a week the subject of lecture was the Apostolic Age,—special attention being given to the various types of New Testament Theology. In the Honours Class, the Apostolic Fathers, in Lightfoot's edition, were carefully studied. There was a high level of intelligence in the class, and the results of the two examinations, in December and April, were most satisfactory.

Practical Theology. Professor Robert Laird, M.A. Lectures introductory to this study were given on the Kingdom of God and the Church of Christ; and the Christian ministry in the New Testament, its functions and qualifications.

Considerable time was also given to practical training in the construction and delivery of sermons and the conduct of worship, and suggestions were made as to the carrying out of various ministerial duties. Members of the graduating class, according to the custom of recent years, conducted the services and preached to congregations in the city, with distinct advantage to the whole student body.

Systematic Theology. Principal Gordon, D.D. This class is attended for each of the three years by all the students of Divinity. The work during the past session dealt particularly with the Doctrine of God, the Doctrine of Man, and the Doctrine of Sin. Two essays were written by each student, the first on "Man made in the Image of God," the second on "The Idea of God in the Book of Psalms." These essays are regarded as of special importance, being together reckoned as of equal value with the final written examination in assigning the class standing of the student.

A special course of lectures on the "Organization and Management of Sabbath Schools" was given to the students by the Rev. J. Robertson, B.D., Secretary of the General Assembly's Committee on Sabbath Schools.

The members of the graduating class are:—J. H. Douglas; Wm. Ferguson, B.A.; John Galloway; R. C. Jackson; T. J. Jewitt, B.A.; J. R. McCrimmon, B.A.; H. D. McCuaig, B.A.; R. J. Macdonald, M.A.; John L. Nicol, M.A.; D. C. Ramsay, M.A.; L. K. Sully, B.A., and J. R. Urquhart, B.A. These were all licensed by the Presbytery of Kingston in St. Andrew's Church, Kingston, on the evening of Thursday, April 29th. On the same occasion, by arrangement with other Presbyteries with which some of them were to be connected, Messrs. Galloway, Jackson, McCrimmon, MacDonald, Ramsay and Sully were ordained.

CONSTITUTIONAL CHANGES.

At the regular meeting of the Board of Trustees, held on Wednesday, April 28th, the following resolution was unanimously passed:—

"That the Trustees having regard to the needs of the University, and to the action of the University Council, as reported in the Minute of 27th inst., regarding proposed changes in the Charter of the University, resolve as follows:—The Trustees desire to express their appreciation of the sympathetic and helpful interest manifested towards the University during its past history by the Supreme Court of the Church, and by many of the members of the Church. They recall how, on previous occasions, the Church assented to changes in the constitution of the University that tended to further its development and to increase its usefulness. They believe that it would be greatly to the advantage of the University to make further constitutional changes. They therefore respectfully ask that the Assembly will assent to the removal from the Charter of such denominational restrictions as might impede the development of the University, and that the Assembly will appoint a Commission to co-operate with the Board of Trustees in regard to such changes in the constitution of the University."

The financial statement of the Treasurer, and the report of the Committee on the Endowment Fund of the University, which were submitted to the Board of Trustees, are herewith presented.

All of which is respectfully submitted.

KINGSTON, April 15th, 1909.

REPORT OF ENDOWMENT FUND, QUEEN'S UNIVERSITY.

APRIL, 1908,—APRIL, 1909.

Since April, 1908, thirty-five congregations in the Central Synods have been visited in the interests of the Endowment Fund, and in nearly all of these a canvass has been made. Many graduates and other friends of Queen's both in Eastern and Western Canada were called upon, and a large number of letters were written to those upon whom it was not practicable to call personally. Subscriptions amounting to \$12,704 were received. The total sum now secured by subscriptions and other definite assurances is \$316,205.10. In addition to this, conditional and verbal promises which amount to about \$40,000 have been made by close friends of the University.

The cash receipts during the year were \$15,112.34, making the total amount paid since the inception of the movement, \$182,381.18. This has been paid as follows:—

From July, 1904, to April, 1905.....	\$1,459 66
From April, 1905, to April, 1906.....	45,314 25
From April, 1906, to April, 1907 (including \$50,000 from Mr. John Charlton)...	87,671 39
From April, 1907, to April, 1908.....	32,823 54
From April, 1908, to April, 1909.....	15,112 34

The total number of congregations visited has now reached 400, and the thirty-five visited in the past year were all in which appointments could be secured during that period. In about thirty there are no openings for a canvass, and from about twenty no replies have been received to our requests for appointments. Sixty congregations have deferred action owing to local and other obligations, financial circumstances and the unsettled condition of the policy of the University. It is expected that several of these will be available in the autumn of this year. These figures account for the congregations in the Central Synods that are of sufficient strength to repay a canvass in the interests of the fund.

The work done this year has been carried on under unusual difficulties. Uncertainty as to the future relation of the Church and University, financial depression and the partial failure of crops in Eastern Ontario, and the many other appeals made to men of ample means, have made effective work well-nigh impossible. Many men, however, who are deeply interested in Queen's are still considering what they can do for the Fund, many graduates have not yet responded and no general canvass has been made in the city of Kingston. If, for any reason, a large portion of the amount subscribed be not lost, and if an earnest and united effort can be secured on the part of the authorities and friends of the University the movement can undoubtedly be brought to a successful issue.

The Committee desire again to express their gratitude both to those who have subscribed to the fund and to those who have so willingly shared in the arduous task of appealing for contributions.

While the Committee regret that circumstances have arisen during the past year that have hindered so promising a movement, they are of the opinion that a solution of the constitutional difficulties should be found, which may conserve a Fund which has already been a great financial strength to the University.

And, inasmuch as the maintenance of the relation between Queen's and the Church was the basis of the undertaking, would recommend that the General Assembly refer the destination and completion of the Fund to the Commission appointed on Queen's by this Assembly, in conjunction with the Trustees of the University.

ROBERT LAIRD,
Agent.

Convener.

April 22nd, 1909.

THE REPORT OF THE BOARD OF MANAGEMENT OF KNOX COLLEGE.

The Board has the honour to present to the General Assembly its sixty-fifth Annual Report.

From the Report of the Senate herewith transmitted, it will be seen that at the close of the last session, twenty students completed their theological course, and received their diplomas. The Board has much satisfaction in calling attention to the fact that of these students, seventeen held University Degrees. Although the Board has no means of definitely arriving at the number of undergraduates taking a university course, either wholly or partially, and who contemplate entering the ministry of our Church, it is believed that in addition to the men now taking the Theological course, from 80 to 100 are looking forward to entering Knox College.

The expenditure of the College during the past year has been.....	\$29,252 01
While the revenue during the same period amounts to.....	21,659 30
Leaving a deficiency of.....	\$7,592 71

This serious condition of affairs calls for the immediate attention of the Church.

It will be of interest to the Assembly to know that all the investments of the funds of the College are passed on by the Trustees of the Presbyterian Church, of whom the Chairman of the Board is one, and that a Finance Committee of the Board has been constituted to watch over the finances of the College. It may be further stated that a continuous audit of the accounts of the College is conducted by Mr. Henry Barber, a chartered accountant, who was appointed auditor by the Board.

The total amount of the capital of the Endowment Fund is now \$314,870.77. Full particulars of the funds of the College will be found in the accounts of the Treasurer, appended to this report.

The Committee appointed to take steps for the erection of new college buildings have secured the choicest site on all the University Campus, and hope to be able to secure additional property so as to make sure of ample room for all time to come. Owing to the financial stringency of the past year or two, and for other reasons, the canvass for subscriptions has been delayed. But the time for aggressive action has, in the opinion of the Board, arrived, and the campaign began in Toronto on March 7th. One hundred and fifty thousand dollars were asked from the Presbyterians of Toronto, and already more than half of that amount has been subscribed. During the past year the Rev. Dr. Gray, Agent of the College, has been prosecuting the canvass here and there throughout the Province where opportunity offered, and now that Toronto has taken up the matter heartily, the appeal for funds will be vigorously pushed to all parts of our constituency.

If there be one place in this Dominion where our Church ought to have a well-manned, thoroughly-equipped, training school for the ministry, it is in the city of Toronto—the greatest college centre in Canada, with thirty-nine hundred students in the University of whom more than 40 per cent. are Presbyterians. The Board confidently looks for the loyal co-operation of Presbyteries and Sessions in bringing to a successful issue this work which is of such vital importance to our Church and to our national life.

The last Assembly empowered the Board and Senate to select and appoint a principal for the College in the room and place of Dr. McLaren, and to assign to the principal such duties as they may deem expedient. At a joint meeting of the Board and Senate, held on Sept. 28th, the Rev. Alfred Gandier, D.D., of St. James Square Church, Toronto, was selected and appointed principal of the College. Dr. Gandier having indicated his accep-

tance of the appointment, was inducted by the Presbytery of Toronto, on Thursday, November 19. In addition to his duties as principal, the Board and Senate have appointed Dr. Gandier professor of Pastoral Theology and the English Bible.

The Board of Management very much regrets that it has received from Rev. Prof. Kennedy, an intimation that he has accepted a Chair in the New College, Edinburgh, and has placed his resignation in the hands of the Board, which is herewith transmitted to the Assembly. The loss of Dr. Kennedy's services to the Church will be most deeply felt, and his resignation at this crisis in the history of the College, occasions great concern to the Board and the friends of the institution. The manner in which Dr. Kennedy has discharged the duties of his office during his stay in Toronto, has merited the warmest approbation of the Church, the Faculty, the Board and the students, while his pulpit ministrations have been received with great admiration. The resignation of Dr. Kennedy having come so suddenly and unexpectedly, the Board of Management finds it impossible to make any recommendation as to his successor, or even name any one suitable for the Chair.

It only remains now for the Church to take steps to fill the vacancy, if possible, before the beginning of the next Session. To permit of this being done, the Board would respectfully request the Assembly to authorize it and the Senate to make an appointment before the opening of the College at its next session, and should it be found impossible to do so, to make suitable arrangements for the supply of teaching in the department of New Testament Literature and Exegesis during the session.

The Board requests the Assembly in accepting the resignation of Dr. Kennedy, to remit to the Board the fixing of the date at which the resignation shall take place.

It is with profound sorrow, that the Board has to report the very recent death of the Rev. Dr. Gregg, Professor Emeritus of Church History.

Dr. Gregg has been a very familiar and prominent figure in the Church for many years, and his uprightness of character, singleness of heart, fidelity in the discharge of his duties and great amiability of disposition, obtained for him a very warm place in the affections of the Church. He will long be remembered as one of the most worthy servants of the Church.

At the time of the resignation of the Rev. Dr. MacLaren as Principal of the College, the matter of his future relations to the Institution was not clearly defined. It is the desire of the Board, and doubtless of all the members of the Church, that Dr. MacLaren should have some official recognition in connection with the College, and the Board therefore recommends that Dr. MacLaren be appointed Principal Emeritus of the Institution. The Board would also respectfully request the Assembly to place the name of Dr. MacLaren upon the list of members of Senate, and also of the Board of Management, as it is very desirable that the Church should continue to receive the benefit of his counsel and wise judgment.

All which is respectfully submitted.

WM. MORTIMER CLARK.
Chairman.

During the past session the health of professors and students has, on the whole, been good, and class reports indicate that attendance, conduct and work were all that could be desired.

The following is a summary of the reports from the teaching staff:—

Professor Ballantyne reports that in the Department of Church History lectures were given to the Junior Class on the history of the Christian Church during the first six centuries. Special attention was devoted to the apostolic age and to the development of doctrine in the succeeding centuries.

In the Senior Class the leading movements of the Middle Ages were discussed as well as the history of the Reformation in Germany and Switzerland. The lectures in both classes were such as to require the study of text books and other works of reference. Each student of the College wrote an essay on some subject connected with the work of this department.

A course of lectures of an informal character was delivered to the members of the Senior Class on Presbyterian Church Polity.

Professor Kilpatrick reports that his course of study with the Junior Class was divided into three parts:—(1) the development of religious experience as presented in the Scriptures of the Old and New Testaments; (2) the experimental character of theology, with special reference (a) to the Eastern Church; (b) to Latin Christianity; (c) to the theology of the Reformation; (3) the Christian doctrine of God, (a) the knowledge of God, (b) the being of God, His person and attributes, (c) God and the World—Creation and Providence. The essays presented by the students were of a very high standard.

In the Senior Class, three great doctrines were considered: (1) the doctrine of Sin; (2) the Person of the Redeemer; (3) the Atonement. Essays were written by students of the Second Year; and these showed careful preparation and earnest thought.

The discipline in the classes was good; and the students evinced a real interest in their work.

Professor Robertson reports that in Apologetics he discussed systematically with the Junior students the problems connected with God, the world and man; that he prescribed readings and received essays upon subjects akin to those dealt with in the class, reviewing the work at intervals. With the Seniors he studied religion as the life-relation between God and man, and as introductory to the problems of the Inspiration and Authority of our Bible among the Bibles of the world, Miracle being treated as an integral part of its authority, concluding with the discussion of the new social demand made upon Christianity, and the evidence of the truth of the Gospel afforded by its ability to meet this new demand.

In Homiletics,—Lectures on the Theory of Homiletics were given every Thursday to students of the Second and Third Years. By the courtesy of the city ministers each member of the graduating year conducted a morning or evening service in Church, and

preached his college discourse from the pulpit. The Professor and a delegation of students were present as members of the congregation, and the officiating student received the benefit of their criticism during the hour for practical Homiletics on the Tuesday following.

The attendance and interest reached a high mark and the work compared favourably with that of any other year.

Professor McFayden reports that in the department of Old Testament Literature lectures were delivered to the Junior Class on Hebrew Grammar, and Hebrew exercises were written weekly. Certain selected psalms were read and commented upon, and each student of the class read a short paper on some subject connected with the literature, history, or religion of the Old Testament, which was subsequently discussed in the class.

In the Senior Class selections from Isaiah, Jeremiah and Ezekiel were read and commented upon. Lectures were delivered on the Ethics of the Old Testament, and on the later Historical books. Every student of the third year wrote a critical exercise on some passage of the Old Testament which was examined by the Professor and discussed with the student in private conference.

Professor Kennedy reports that in the department of the New Testament Literature and Exegesis the Epistles to the Galatians and the Philippians, and the First Epistle of John were read and expounded in the Senior Class, the students themselves doing a large part of the exegesis. The Epistle of James was read in English. Questions introductory to these various books were fully discussed. Extended courses of lectures were given on (1) The Teaching of Paul, (2) The Relation of Paul to Jesus. Each student of the Second Year wrote a critical exercise on a selected passage.

In the Junior Class a careful study was made of the Gospel of Luke (with parallels in Matthew and Mark) as a basis for the Life of Christ. The introductory questions of the Canon of the New Testament, the Synoptic Problem, and Textual Criticism were discussed in special lectures. A full course was given on the Teaching of Jesus, supplemented by a separate series of discussions on the bearing of that teaching on Social Problems.

Each student wrote an essay on a theme connected with the life or teaching of Jesus.

During the second term the Principal met with the students of all three years for one hour a week when such subjects were discussed as, The True Conception of the Christian Church and the Christian Ministry, The Motives to Missionary Effort, Our Place in the Providential Order, The Best Methods of Educating and Interesting Congregations in the Work of Christian Missions, How to Promote Liberality and Systematic Giving.

Each student prepared a short essay on one of the themes mentioned.

The students were twice addressed by Rev. H. Roswell Bates, of the Spring Street Settlement Church, New York, once on Mission Work in Great Cities, and once on Mission Work in Korea as witnessed by himself.

The training in elocution has again this session been under the supervision of Principal Frank H. Kilpatrick, of the Toronto Conservatory School of Expression, and has given much satisfaction to the large number of students who attended.

The money at the disposal of the Senate for the purchase of books enables them to keep the Library well supplied with all the latest and best books published. Over three hundred volumes have been added this year by purchase and upwards of fifty volumes by selection from the Library of the late Rev. Dr. Torrance, of Guelph. The retiring Principal has again shown his interest by donating "The Great Events of Famous Historians," comprising twenty handsomely bound volumes. The Library has done more than serve professors and students, it has proved a boon to many of our studious ministers. Its value would be greatly enhanced were there more shelf room and proper facilities provided for reading.

In the Students' Literary and Theological Society questions of speculative interest and of practical importance have been discussed, and the Missionary Society reports one

of the best years in its history. Forty men are being sent to labour in the Home Mission field for the summer months, fifteen in Northern Ontario, two in Manitoba, eleven in Saskatchewan, nine in Alberta and three in British Columbia. Not only does the work of the Society tend to develop in the students a missionary spirit, it affords them practical training for the administrative and executive work of the ministry.

At the installation of Principal Gandier, the degree of Doctor of Divinity was conferred on Rev. Frederick B. Duval, D.D., Moderator of the General Assembly; Rev. Daniel M. Gordon, D.D., LL.D., Principal of Queen's University; Rev. Daniel J. Fraser, B.D., Montreal Presbyterian College; Rev. J. Dick Fleming, B.D., Manitoba College; Rev. Donald McGillivray, B.D., Shanghai, China; Rev. William Farquharson, B.D., Durham, Ont.; Rev. William J. Clark, Westmount, Que.; Rev. John Macdonald Duncan, B.D., Toronto.

The Executive of the Senate having had under their consideration the whole question of Practical Training made the following recommendations which were adopted at a joint meeting of Board and Senate:—

1. That we have in our Knox College Curriculum a department of Practical Theology, to include such subjects as Church Polity and Organization, Homiletics, Conduct of Public Worship, Pastoral and Practical Duties of the Minister, Knowledge and use of the English Bible, Evangelism, Christian Missions, Sunday School and other educational methods, Christian Ethics, and the bearing of Old and New Testament teaching upon present day problems.

2. That in addition to his duties as Principal, Dr. Gandier be asked to have charge of the work in Pastoral Theology and Christian Missions, and be general Director of the practical Christian work of the students.

3. That we call attention to the law of the Church requiring each student, during his College course, to connect himself with some one of the congregations in the city, where the College is situated, and that each student be expected to have part in some definite form of congregational or practical missionary work within the city, under the supervision of the principal and of the pastor or missionary with whom he works—this to be considered a regular part of each student's training.

4. That of the practical subjects outlined above,—

Professor Ballantyne be asked to take up Sunday School Methods, Church Polity and Organization.

Professor Kilpatrick—Evangelism.

Professor Robertson—Homiletics and Christian Ethics.

Professor McFadyen—The Social Teachings of the Old Testament and the Conduct of Public Worship.

Professor Kennedy—The Social Teachings of Jesus and How to teach the Bible.

5. That a Three Years' course in the English New Testament be arranged with a special view to undergraduate students, who may take this as one of the religious option courses for a University degree and that the Principal be asked to take charge of this class

6. That we accept the generous offer of Mr. John Penman, of Paris, to provide a three years' lectureship, whose special aim will be the fitting of men for practical Christian work, and that the Rev. H. Roswell Bates, of the Spring Street Church, New York, be appointed to this lectureship, it being understood that Mr. Bates will not only lecture to the students, but place the wealth of his practical experience at their disposal in private conference.

When these proposals have been carried out Knox College will be second to none in the thoroughness of the practical training given to students.

In view of the establishment by the Assembly of a summer session in Theology at Westminster Hall, Vancouver, the Senate would respectfully request the Assembly to define the conditions under which students will be permitted to pass directly from a winter to a summer session, or from a summer to a winter session, and the time a student shall be required to spend in completing the Theological course prescribed by the Church.

MANITOBA COLLEGE.

REPORT OF THE BOARD OF MANAGEMENT.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

The Board of Management of Manitoba College has the honour to present its annual report to the General Assembly, together with the report of the Senate and the Financial Statement.

The report of the Senate shows that the number of students is again the largest in the history of the College.

The Board desires to thank the congregations East and West for their contributions to its funds. The contributions from congregations in Ontario and Quebec exhibit a gratifying advance over those of last year, and the Presbyterian Church in Ireland has generously continued its donation of £50.

Since the completion of the usual report to the Assembly, the Board has received the resignations of Professors Bryce and Hart. After conference with them and after mature consideration, the Board recommends to the Assembly to accept their resignations. A copy of the minute adopted by the Board appreciative of their long, faithful and valuable services to the College and to the Church is transmitted along with this report. The Board has been able to provide a generous retiring allowance in each case.

The Board unanimously suggests that the Assembly in accepting their resignations shall give them the title of honorary professors and declare them entitled to a seat in Presbytery.

In view of the vacancies thus created, the Board requests authority from the General Assembly to appoint a professor of Classics to hold office during the pleasure of the Board and in general to appoint and remove such lecturers in Arts as they may judge necessary.

All of which is respectfully submitted.

WILLIAM WHYTE,
Chairman.

WINNIPEG, April 19th, 1909.

The behaviour, diligence and ability of these groups are favourably spoken of by their teachers.

Rev. Hillis Wright having fulfilled two of the four years of probation required of a Minister Evangelist, spent the past session in studying in Manitoba College, and passed at the close a satisfactory examination. The Senate asks that his two years of probation and his extra year in College be recognized as fulfilling the recent enactment of the Assembly that two additional years in College should be accepted as equivalent to the four years of probation, and that his full standing as a minister be accorded to him.

Mr. John Davey, a Home Mission worker recently arrived from Scotland, made application to have his status defined and the Senate, after examination of his credentials and his record, gave him the full standing of a minister evangelist.

All of which is, respectfully submitted,

WILLIAM PATRICK,
Principal.

J. H. MENZIES, F.C.A. (Can.)

Auditor

ANDREW B. BAIRD,

Treasurer.

WESTMINSTER HALL, BRITISH COLUMBIA.

To the Venerable, the General Assembly:—

The Board has the honour to submit its first annual report, together with that of the Senate.

The appeal made by the Principal and financial agent throughout the West has met with a most gratifying response. The Presbyterian business men, alive to the importance of such an institution, from a national as well as religious standpoint, have made it possible to close our first year with an excess of assets over liabilities of \$17,651, in addition to the full endowment of the Chair of New Testament. The opening exercises for the session of 1909 attracted great attention and showed the deep hold which the College already has upon its constituency. It is becoming more and more evident that the Pacific Coast is a centre of great strategic importance, from a political as well as religious standpoint and that Westminster Hall is destined to exert a world-wide influence. The Board feels sure that with a better understanding of the importance of this undertaking, the whole Church will give it all needed assistance. The West will do its full share, but for the first few years it needs the sympathy and help of older communities. The ordinary expenditure for this year will be about \$15,000. Of this amount \$8,000 is already pledged, by a large number of individual contributors, leaving \$7,000 to be contributed by the Churches East and West.

Two other scholarships, in addition to those reported last year, have been received; each of the annual value of \$100.00—The Logan Scholarship, contributed by the family of Rev. J. A. Logan, and the Price Ellison Scholarship, contributed by Mr. Price Ellison, M.L.A. and Mrs. Ellison of Vernon, B.C.

By the will of the late Mrs. Florence A. Archibald of Toronto, a sum of \$5,000.00 has been bequeathed to the Board to be invested in perpetuity for the maintenance of the Dr. F. W. Archibald Memorial Library.

In addition to these Capt. J. J. Logan has given the magnificent sum of \$40,000.00 for the endowment of the J. J. Logan New Testament Chair. This amount will be allowed to accumulate until it provides an income sufficient for the Professor of this Department, Capt. Logan, in the meantime, paying for the supply provided for this chair. The Board would record its deep appreciation of this gift, which marks a new era in the history of the Church in the West and sets a new and worthier standard for the gifts of its members.

The Ladies' Auxiliary has already spent on the furnishings and maintenance of the College, \$2,300.00 and the Board wishes again to record its deep gratitude for the great service rendered by this most efficient organization, not only in assisting to bear the financial burden, but in increasing interest in the work.

The Board greatly acknowledges the great service rendered Westminster Hall by her sister College in Montreal, in lending three of her best men for the Sessions of 1908 and '09, by Pine Hill in lending us Principal Magill for our first Session, by Toronto University in lending Dr. Davidson, by Professor Denney who journeyed from Glasgow to Vancouver to add strength and inspiration to our second session, also to Dr. Smith for his presence and the encouragement and stimulus which it gives, as well as by all those who have taken part in the work of either session.

The last session of the Legislative Assembly of British Columbia passed an act incorporating Westminster Hall and granting the power to confer the degrees of B.D. and D.D., in accordance with the regulations of the Church. The thanks of the Board are due to the members of the Government for their kindness in having this Bill passed into law with the least possible trouble and expense to the College.

It is with a deep sense of the loss sustained that the Board records the death of two of the best friends of the College.

Dr. William Stephen, its first Treasurer gave of his time and energy, when far from well, and contributed with great liberality to put the finances on a sound basis. His death at the early age of forty-four, deprived the College and the whole Church of a man of rare winsomeness of character, coupled with a sanity of outlook and depth of spirituality that made him a power in any cause with which he was identified.

Mrs. Florence A. Archibald was the first to make a special contribution to the work of the College, installing a well stocked library at the very beginning of the work. By this and her generous legacy she has permanently linked her own name and that of her husband with the history of Westminster Hall,

The Board recommends:—

1. That the General Assembly express its deep appreciation of the munificence of Capt. J. J. Logan in contributing \$40,000, for the endowment of the J. J. Logan New Testament Chair and heartily commend his example to others in the Church who have been entrusted with wealth

2. That Rev. Geo. C. Pidgeon, D.D., be appointed to the Chair of Practical Theology.

3. That Rev. J. A. Logan, B.A. be appointed Financial Agent and Treasurer of the College and that Westminster Presbytery be instructed to place his name as such upon its membership roll.

Respectfully submitted.

REPORT OF THE SENATE OF WESTMINSTER HALL FOR 1909.

The following students were enrolled in the various classes, viz.:

First Year—Nelson W. Graham, Joseph Goodfellow, B.A., Thomas Gillieson, W. A. Davis, R. A. Macconnell.

Second Year—Ronald M. McLeod, B.A., Daniel R. McLean, B.A., Chas. B. Kerr, B.A., E. H. Lockhart, Andrew O. Paterson, B.A., C. M. Wright, B.A., W. H. Henderson, B.A., W. L. Raynes.

Special students in Theology—Rev. John McLean, M.A., Rev. G. H. Findlay, James S. McMillan, J. A. S. Burns, B.S.A., Norman MacDonald.

Though the attendance is less than was anticipated, three of those who made application having been prevented from attending, it is exceedingly gratifying, so early in the history of the College. The students are regular in their attendance and the ability and interest which they have already shown has given much satisfaction to the staff. Matters of discipline and of the details of College life have been put into the hands of a students' Council and this organization gives promise of great helpfulness in assisting to lay the lines for the future policy of the College.

The work of the session is being done as follows:—Church History, Rev. R. E. Welsh, D.D. of Montreal; New Testament, Rev. James Denney, D.D. of Glasgow; Old Testament, Rev. A. R. Gordon, D.D. of Montreal and a short course of lectures by Rev. Geo. A. Smith, D.D., L.L.D. of Glasgow; Practical Theology, Rev. G. C. Pidgeon of Toronto; Apologetics and Systematic Theology, Rev. Principal Mackay. In addition to the regular courses short series of lectures will be delivered on Comparative Religion by Rev. T. Wardlaw

Taylor, Ph.D.; on Sociology, by Rev. H. W. Fraser, D.D., and on Buddhism, by Rev. Principal King, of Indore College, India. The tutorial department is under the charge of Messrs. Jos. Goodfellow, B.A. and T. Gillieson, M.A. Fifteen men are now or have been during the past year connected with this department. They have done splendid work and most of them are looking forward to completing a full Arts as well as Theological curriculum before seeking entry into the ministry.

During the winter months, they, together with the Arts and Theological students who were in residence, maintained a very efficient Literary Society and a most helpful Mission study class.

All of which is respectfully submitted.

Clerk.

REPORT OF OTTAWA LADIES' COLLEGE.

To the Venerable the General Assembly :

The Board of Trustees of Ottawa Ladies' College has much pleasure in presenting to the Assembly the report of the college for the session of 1908-09.

The Assembly will be pleased to know that the work of the college has been carried on in a satisfactory manner, and the educational ideas of the college in a large measure realized.

The lady principal and her staff of teachers have performed the duties assigned them in an efficient manner and have spared no pains to make the work of the school in every way successful. The superintendence of the household department has been all that could be desired.

The attendance has been encouraging, at times taxing the full capacity of our present building.

There has been a total enrollment of 146 pupils; of these 72 were in residence.

The average attendance has been 61 boarders and 65 day pupils. In addition to the regular academic course 52 (residents) have taken music, 34 elocution, 42 domestic science, 25 art.

The most important element, however, is not statistical. It is the quality of the education given and the influences that tend to mould true, useful, intelligent womanhood.

The college is a Christian school. Whilst in every department the teachers are qualified to do and are doing thorough work from an academic point of view, the Assembly has a right to ask what religious influences are brought to bear on the pupils. We believe the strongest influence is in the fact that the teachers are all pronounced Christian women. Religious instruction is constantly and carefully given. In addition to the usual services of praise and prayer with which the school is opened, a verse is selected as a motto for the day, and memory verses are prescribed, which the pupils learn and recite. Besides this, thorough instruction is given in the Bible and in Bible history.

This year several of the books of the Sunday school teachers training course have been used as text-books. In one class "The Life and Times of Jesus Christ," by Principal Falconer, is used; in another, "The Books of the New Testament," by Prof. Kennedy.

In the class in psychology Principal Murray's "One to Twenty-one" was taken up, and in a recent examination the whole class, 21 in number, passed and received the Assembly's certificate. Of these 16 took honors.

Your Board is persuaded that girls trained in this way have laid an excellent foundation for effective Sunday school teaching in the future.

In regard to the year's finances we cannot at this date give definite figures, but present indications are that the year will close satisfactorily. Expenses have been heavy. This year over \$1,500 have been already expended on repairs and furnishings. The cost of living has increased, and your Board will be compelled to take this into consideration in arranging the fees for the coming year.

During the year not as much has been done as we should like in regard to the removal of the debt. Some additional subscriptions have been secured and some have been paid in. \$3,000 has been paid off the mortgage, and there is about \$500 in the bank, which we hope soon to make into another \$1,000.

Perhaps now that times are better and fewer claimants abroad for special patronage, the time has come for the college to receive its due share of attention from the Church. We do not like to complain, but in comparison with other denominations the Presbyterian Church looks rather coldly upon its own child.

The college, we believe, is steadily progressing in public favor. It may be claimed that it is a national institution. We have pupils from Vancouver, B.C., to Glace Bay, Cape Breton.

We do not hesitate to affirm that in no ladies' college in this country is more really satisfactory educational work done.

GEO. L. ORME,

Secretary.

W. D. ARMSTRONG,

President.

REPORT OF THE BOARD OF MANAGEMENT OF THE CHURCH AND MANSE BUILDING FUND OF THE PRESBYTERIAN CHURCH IN CAN- ADA, FOR MANITOBA AND THE NORTH- WEST, FOR THE YEAR ENDING FEBRUARY 28TH, 1909.

To the Venerable the General Assembly:

During the year 38 applications were received and considered; 31 for loans and 7 for grants; 27 to help build churches, 11 manses, and one, a combined church and manse. Only one of these applications was declined—declined because to grant it would have required the Board to go far beyond the sphere marked out for it by the General Assembly. 28 were granted, and the remainder will receive further consideration on receipt by the Board of more complete information regarding them. A year ago the Board reported that it had considered 82 applications for help; and an expenditure on church buildings of \$30,926.77; this year the expenditure for this purpose has fallen to \$12,839.52. Why should there be such a contrast in the reports of the two successive years? It is not denied that the partial failure of two successive harvests in Northern Manitoba and the newer portions of Saskatchewan, and the financial state of the country generally, accounts in part for the reduction in the number of applications received by the Board as well as in the amount of help it rendered to the building operations of congregations; yet, undoubtedly the main cause is to be found in the state of the fund under the care of the Board. Last year the Board reported an overdraft at the bank of \$5,483.19. This was increased last summer until in October it amounted to \$8,084.03. This compelled the Board, first to warn all applicants that all its funds were out in loans on churches and manses, and that, consequently it could consider no applications for help, save the most needy, to reduce the maximum loan on one building from \$750.00 to \$500.00, and finally to refuse to consider any application. Months before the final stage was reached, Presbyteries and Superintendents of Missions had ceased to encourage congregations to expect help from the Board. The one cheering item in the present report is the item of repayments of loans by congregations. A year ago these amounted to \$20,664.56; this year to \$25,323.67, an increase of \$4,659.11, the largest amount ever received in one year from this source. While the Board is glad to report a balance in hand of \$5,635.51, it desires that the Assembly should understand that promises of grants, and especially of loans already approved, commit the Board to an expenditure exceeding this sum.

The experience of the year, the first for many years in which the work under the care of the Board has been seriously hampered for lack of funds, can scarcely fail to draw the attention of the Assembly and the Church to the splendid service rendered by the Church and Manse Building Fund. Twenty-eight years ago the late Dr. Robertson had seen the need of such a fund; was advocating its creation and actually taking subscriptions for it. Twenty-seven years ago the Board was organized and began its work. During the intervening years it has assisted in erecting 769 church buildings, 226 by grants and 543 by loans. It has expended \$35,096.70 in grants and paid to congregations as loans \$323,550.56. Its help has reached out beyond men of our own race, our kith and kin from Eastern Canada and the British Isles, to Scandinavian, Hungarian and Ruthenian strangers. In providing the means necessary to complete the school buildings erected partly by the labour of Ruthenians and entirely for their benefit, it did much to win the confidence of these people for our Church, and thus added a very material contribution to the organization of the Independent Greek Church. The 769 buildings, many of which

but for the stimulus furnished by the existence of the fund, and its assistance, would not have been thought of, or if thought of at all, merely as a dream of the far future, are scattered over the vast region from Lake Superior to the Pacific Ocean and from the International Boundary Line to the Yukon. That there would be disappointments in connection with this work was to be expected. The Board was compelled, in lending money, to take risks that no commercial body would venture, and the wider interests of the Church prevented it from employing the most effective means of collecting from defaulting congregations. Already the Board has cancelled obligations of congregations to it amounting to \$14,922.82, consisting partly of the principal of loans, but more of interest on them. Most of these losses belong to the period immediately after the Western boom of 1881-2; but no period is entirely free from them.

The 769 buildings, mostly churches and manses, but including three or four school houses, built for Galicians at a time when there was no school within their reach, are the monument of the originator of the fund, and of others who, along with him, rendered faithful service in connection with it. But, like all real monuments, this one calls to similar service now. It may soon do more; it will put us to shame if we fail in making adequate provision for the wants of our day.

The Assembly of 1907 authorized the Board to raise an additional capital fund of \$60,000.00. It is the intention of the Board to take steps at the earliest possible date, probably during the autumn of this year, to increase the capital fund in accordance with this resolution of the Assembly.

All of which is respectfully submitted.

Signed on behalf of the Board by,

R. HILL MYERS,
Chairman.

JAMES FARQUHARSON,
Secretary-Treasurer.

REPORT OF THE AGED AND INFIRM MINISTERS' FUND, FOR THE YEAR 1908-1909.

To the Venerable, the General Assembly:

The Committee begs to submit the following Report, including the Financial Statement in the usual form.

It affords the Committee great gratification to be able to report the payment of annuities in full, and also that, in the combined account, the debit balance of \$5,795.54, at the close of last year, has been changed to a credit balance of \$2,461.97, at the close of the year now reported. This satisfactory condition, however, has not entirely arisen through the increased liberality on the part of the congregations of the Church—though it is pleasing to report that there is an increase from that source of \$2,852.85—but is owing chiefly to three items; one, the large amount received from the Hymnal Committee, namely: \$3,874.22, an increase of \$3,124.22 over the sum received from that Committee in the previous year, and also a reduction in the amount of annuities paid in the Western Section, arising from the death of annuitants, of \$1,647.28, and from an increase in the interest income in the Western Section of \$1,156.36. These three items make a total of \$5,927.86, which is \$132.32 more than the debit against the Fund at the beginning of the year. The item of interest may be expected to be permanent from year to year, while the other items must be, to a considerable extent at least, incidental. It may be assumed with safety that there is continued need for greater liberality on the part of congregations. In all the sources of income there has been an increase. In Ministers' Rates the increase is \$636.88, being \$118.32 in the East Section and \$518.56 in the West. In interest it is \$51.18 in the East, and \$1,156.36 in the West. In congregational contributions, the increase is \$2,852.85 in excess of the previous year, the East Section contributed \$490.98 of the increase and the West Section \$1,924.09.

It will be remembered that the Committee in its Report for the year 1902-1903, owing to the needs of the Fund, and in order that annuities might be paid in full, recommended "that notwithstanding Section C of Rule 3, Ministers' Rates be used as far as may be necessary, and the balance, if any, added to capital." Up to the present year it has been necessary to use those rates, but now that the adverse balance has been overtaken, the Committee expresses the hope that increased liberality on the part of congregations will admit of Ministers' Rates, either in whole, or a considerable part, being added to Capital instead of being used for the payment of Annuities.

The following statement of the Ordinary Fund embraces both Sections of the Church:

With regard to the Ordinary Fund, it will be seen that the debit balance in the United Fund has been discharged with a balance of \$2,461.97 at credit; but dealing with the separate branches, it should be pointed out that in the case of the Eastern Branch, the share of the debt was \$2,900.49, and in the Western Branch it was \$2,895.05. In the latter case, the income for the year was sufficient to meet all claims and discharge its share of the debt, and leave a surplus of \$227.68. In the case of the East Branch, the income was sufficient to meet the claims for the year and apply \$678.22 to its share of the debt, leaving \$2,222.27 still outstanding. Of the balance of the Ministers' Rates, represented by the credit balance of \$2,461.97, under the Rules this is credited to Capital and has been apportioned as between the two branches on the basis of four-fifths to the West and one-fifth to the East, being respectively, \$1,969.57 and \$492.40.

THE ENDOWMENT—WESTERN SECTION.

While there has been an increase of \$3,836.99 during the year, there has not been any special effort put forth. So many special appeals were being made for various Church objects that it did not seem opportune. The Convener had hoped by personal effort to have done some work in the way of securing an addition to the Endowment Fund, but the many pressing claims on his time prevented him. It is hoped it will not be long before the two hundred and fifty thousand dollar limit will be passed.

EQUALIZATION OF RATES.

In connection with the introduction of the new Deferred Annuity Rates, equalized according to the age, it may be well to refer to the action of the Assembly and the reason for the equalization.

The Committee, finding advantage was being taken of the sliding scale of Rates to the injury of the Fund, recommended in its report to the Assembly, in June, 1906, that the Rates be recast, and equalized, so that the rate for each age would provide for the same amount of annuity as for each other age in the scale, and the rate for age 55 would be the rate for the same amount of annuity as at age 25, and that a period of TWO years be allowed, within which, Ministers might make connection with the Fund at the existing Rates.

As explained when the Rates were introduced, they embodied the principle which entered into the former "Group Rates," that is, a favoring of older ages in each successive group, by which a minister at the age of 25 paid the net mathematical consideration for an annuity of \$200 on his attaining the age of 70, while a minister connecting at age 55 only paid the net consideration for an annuity of about \$90. It was the effect of this sliding scale that made it possible for ministers to delay connecting with the Fund, and make gain, as against the younger men, in doing so. That will be no longer possible under the new Rates. The Rates used up to the present were made up on what is known as the Hm. Table of Mortality with interest at 4% and without any addition or loading for expenses. This Table of Mortality is a well-known one, and has been generally used by Companies for life insurance purposes, and is the table at present used by the Canadian Government. A new table has been more recently constructed under the supervision of the Institute of Actuaries of Great Britain, which is considered the best Mortality Table yet compiled, and is coming into general use. This Table known as the Om. Table, or Office Males Table, is a safer table for annuity purposes than the other. The Rates on this as well as on the Hm. are given so that the Assembly may adopt either. There will also be found in the lateral column the present Rates. It will be borne in mind that Rates under the two tables provide for an annuity of \$200, and that the Rates in the first column are the present sliding scale Rates which are to be discontinued.

ANNUITANTS AND ANNUITIES.

124 Annuityants drew benefit from the Fund last year, 97 in the West Section and 27 in the East Section.

The Rev. Norman McPhee, having taken a charge under the Home Mission Committee, the annuity was withheld last year. Rev. Geo. A. Yeomans has also returned to regular ministerial work and only received benefit to the date of resuming work. The Rev. James Carmichael, D.D., and the Rev. John Davidson, who were allowed to retire and go on the Fund by last Assembly, have not yet retired from active work, and consequently did not receive benefit.

In the East Section list, the Rev. A. Simpson only received partial benefit, as it appeared that he is an active work in the West under the Home Mission Committee. The Rev. James Sinclair, also on the Eastern list, allowed to retire by last Assembly, continues in the active work, and has not therefore received benefit from the Fund,

The following annuityants have been called to their rest and reward during the year:

James Hanran, John Anderson, A. M. McClelland, John Turnbull, Robert Leask, R. Moodie, R. Hume, Wm. Hodnett, John Carter and D. McDougall, the last named in the Eastern Section.

APPLICATIONS FOR LEAVE TO RETIRE.

Applications for leave to retire and be placed on the Fund for benefit have been received from the following Ministers:

Murray, J. L., D.D.....	Maitland.....	70...	40 years.....	Age

Bell, J. W.	Toronto.....	65...	40 ".....	Infirmity

The Committee recommends that all the applicants, except the Rev. W. M. Reid, be allowed to retire from the active duties of the Ministry and be placed on the Fund as Annuitants; annuity to commence from the date of retirement, subject, in the case of the Rev. Joseph Gaudier and Rev. Robert Cumming, to Presbyterian action according to the rules.

In the case of the Rev. W. M. Reid, it is hoped that the infirmity may not be permanent and that rest may restore him to health. It is, therefore, recommended that he be placed on the Fund for one year, with an additional grant of \$65 to the annuity, to which his ministerial services entitle him, the case to be again considered next year.

STATUS OF MINISTER EVANGELISTS IN REGARD TO THE FUND.

The question of the status of Minister Evangelists has been raised by one of the brethren now serving the Church in that capacity. In the correspondence the ground has been taken that right to connection, as well as to benefit, only arises on ordination. It is a question on which the General Assembly might properly express itself, and the Committee has deemed it proper to bring it up for consideration and deliverance.

ACTION OF LAST GENERAL ASSEMBLY AS TO MINISTERS CONNECTING WITH THE FUND.

The Committee is greatly encouraged by the sympathy shown with the Fund, expressed in the action taken by last Assembly on the overture anent the matter which came before it. It is a matter of regret, however, that the Interim Act, in its terms, was so much at variance with the rules regulating the Fund, and with the spirit that pervades Presbyterians, that to a large extent it could not be acted upon. It is, however, hoped that the consideration of the Interim Act by Presbyteries may result in a larger practical sympathy both on the part of the ministers and people.

HYMNAL COMMITTEE.

The Committee desires to express their most cordial thanks for the generous contribution to the Fund.

The following Tables of Annuity Rates are given, as they will probably be of interest. Om. Table with 4 per cent. interest used.

For Annuity on attaining the age of 70—For \$200.

Age 56.....	\$57 00
" 57.....	64 16
" 58.....	72 80
" 59.....	83 32
" 60.....	96 42

For Annuity on attaining the age of 65—For \$100, at intervals of 5 years.

Age 25.....	\$ 5 71
" 30.....	7 65
" 35.....	10 43
" 40.....	14 74
" 45.....	21 83
" 50.....	32 86
" 55.....	62 20
" 60.....	172 31

The Committee recommends to the Assembly the adoption of the Ministerial Rates under the "Office Males Table," of Mortality in connection with which, a rate of 4 per cent. interest was used, but without allowance for expenses.

AGED AND INFIRM MINISTERS' FUND. SUPPLEMENTARY REPORT OF THE COMMITTEE.

To the venerable the General Assembly:

There has reached the hands of the Convener since the opening of the Assembly, papers anent the retirement of the following ministers, with recommendation that they be placed on the Fund for benefit, namely: the Reverend James Rosborough, of Halifax Presbytery, whose age is seventy, having given thirty-six years of service, and who wishes to retire on account of age and impaired health. His papers, though late, are quite regular and it is recommended that he be allowed to retire and be placed on the Fund for benefit.

The Reverend L. G. MacNeil, M.A., of St. John Presbytery.

Mr. MacNeil's papers are incomplete, failing to show retirement and other necessary information is wanting, but as it appears that his case is one calling for immediate attention, it is recommended that the Convener be authorized, on obtaining the necessary information and completed papers to place him on the list of annuitants.

I would respectfully recommend that the question of allowing ministers between the ages of 55 and 60 to connect with the Fund be considered as, in my judgment, this may be done under the new Deferred Annuity rates with only reasonable strain upon the Fund.

Respectfully submitted,

J. K. MACDONALD,
Convener.

REPORT OF THE COMMITTEE OF THE WIDOWS' AND ORPHANS' FUND, WESTERN SECTION.

FOR THE YEAR ENDING 28th FEBRUARY, 1909.

To the Venerable, the General Assembly:—

Your Committee begs to present the statement of the Widows' and Orphans' Fund for the year ending 28th February, 1909.

The amount received from congregations is slightly in excess of last year, and together with an increased grant from the Hymnal Committee and increase in interest earned upon the Reserve Fund we have been enabled to pay the annuitants at the rate of \$150, and to add a small amount to the Reserve Fund to provide for future liabilities.

Seven annuitants died during the year and fourteen names were added to the list, making the number now receiving annuity from this fund 139.

In order to enable the Fund to discharge its increasing obligations the revenue should be increased so as to permit yearly additions to be made to the Capital Account.

The number of Ministers now connected with the Fund is 394 and we trust that, if the suggested amended rules are adopted by the General Assembly, a large number of Ministers will avail themselves of the opportunity given to become connected with the Fund. The terms of admission are as liberal as can be devised with safety, having regard to existing and prospective obligations and are such as should be availed of by all.

The rates suggested provide for Ministers contributing only one-third of the costs in the hope that the church will contribute the remaining two-thirds. We would, therefore, urge all Ministers not only to avail themselves of the benefits of the Fund, but also to seek to create an interest throughout the church that will result in the Fund's being adequately sustained.

Your Committee has carefully considered the overture from the Presbytery of Maitland which was remitted to them by the last Assembly. They venture to express the hope that the amended rules will fairly meet what was sought for by the overture.

Your Committee have also carefully considered the suggestions received from presbyteries and have gone over these suggestions with the Consulting Actuary, but they beg to recommend that, since the majority of the presbyteries have approved of the suggested amended rules which were submitted in the report of your Committee in 1908, these rules should now be adopted by the General Assembly.

Since the financial year closed additional investments have been made, and the amount awaiting investment has been reduced.

The list of annuitants who have died during the past year is as follows:—Mrs. Eliza Beattie, Mrs. James, Mrs. Christina McKay, Mrs. McMillan, Mrs. Moffat, Mrs. Porteous and Mrs. M. A. Robertson; and the following names were added to the list:—Mrs. Barr, Mrs. Anna Grant, Mrs. Hume, Mrs. Leask, Mrs. McClelland, Mrs. Elizabeth MacLeod, Mrs. M. A. MacKenzie, Miss A. E. McMillan, Mrs. Moodie, Mrs. Stevenson, Mrs. J. G. Scott, Mrs. J. R. Scott, Mrs. Sutherland and Mrs. Torrance.

All of which is respectfully submitted.

J. HENDERSON,
Convener.

REPORT OF COMMITTEE ON CHURCH LIFE AND WORK.

To the Venerable the General Assembly :

Your Committee on Church Life and Work submits the following report :

The subject for triennial review this year is "The Home." The Convener has come under the critic's lash as all former Conveners have done. Some years ago the questions were regarded as vague; this year they have been regarded a little too definite to suit some. Would that the Assembly could appoint a committee wise enough to frame questions that would suit everybody, and every question bear directly on the work in every congregation within the bounds of this great Church with its diversified conditions.

The questions sent down to sessions in October deal with "The Home," under the following heads :

1. The Home and Its Problems.
2. The Home and the Public School.
3. The Home and the Church.
4. The Home and the Community.
5. General Suggestions.

I. THE HOME AND ITS PROBLEMS.

Under this head the questions deal with the problems that confront the home and how best to solve them. It is quite evident from the answers received that many sessions interpreted "problems" to mean "evils" and answered accordingly. A problem may surely be how to promote some specific form of good, so that there may be many problems in connection with home life which are not in themselves evils. The following are regarded as some of our home problems : "The holding of young people in the church," "People living beyond their means." Maitland answers, "How to minimize the evils which threaten it and how to magnify the good of which the home is capable." "The failure of parents to realize their duty or to see the precious opportunity to fortify their children against the evils of later years by drilling into them the truths of the Gospel."

Another sums up their problems under two heads :

1. How to teach our people that life is serious, that worldly advancement should ever be subordinate to spiritual culture, that pleasure is not the chief good.
2. How to make vital godliness the native air of and the ruling principle in the home.

The causes to which these problems may be attributed are gathered up into two :

1. Rush of business in the day, making it impossible for parents to find time enough to devote to the spiritual welfare of themselves and families, and

2. Rush of pleasure in the evening, thus things harmless in themselves become a destroyer of family life, leading boys and girls to think pleasure can only be obtained outside of the home.

Perhaps after all the biggest problem that confronts the home is how to preserve its essence. To this end several questions were asked and various answers have been given. Simple living would doubtless help to solve some of these problems, and by simple living we surely mean a broader term than less expensive clothes and fewer luxuries on the table. Yet even from this viewpoint a simpler living would reduce the cost of living, afford more leisure for higher ends, lessen temptations to questionable methods of making money, and elevate the general tone of life. It would give time to cultivate the mind and to train the children in Christian conduct and virtue. If, as some Presbyteries think, our home life is being destroyed by the multiplicity of meetings, then surely a simplified life would materially aid in restoring it.

It is not hard to see how, with the conditions named as existing, that parents will tend to become indifferent to the spiritual life of their children, relax their authority; and with this lessening of authority the children will gradually lose their reverence for sacred things, due largely to lack of contact.

These changed conditions bring about an apparent change, at least in the home. As there are more societies, more breadwinners, more liberty, the responsibility seems to shift from the shoulders of parents, whether in reality it does or not. If parents are too busy or too weary from the struggle for existence to care for their children, it is quite evident that authority must be relinquished.

In one Presbytery half of the sessions seemed indignant that such a question as to whether parents were losing their grip of the children should be asked at all, while the other half said it was lamentably too true.

All are agreed that parental authority is not what it once was, but varied are the answers as to whether it has shifted or only assumed a different and more companionable form. At any rate, it is true that when problems arise from lack of home training, discipline is weakened and unconsciously parental control becomes a fiction.

Many of the problems would be solved if the altar were found in the home, but it is feared from the reports that there is a small percentage of our homes where reading the Word and prayer find a place. It would look as though the family altar was hopelessly on the decline, while from nearly all the Presbyteries there comes the cheering news that the Bible is being studied more regularly than ever, due very largely to the work of the home department and adult Bible classes in connection with the Sabbath school.

There is perfect unanimity in how to make home life more wholesome in tenement houses. Prevent them going up where possible, but when up make more effort to dispel the ignorance of sanitation, diet and the value of fresh air. Careful inspection on the part of the Government and the providing of places of pleasant resort placed under proper supervision would go a long way towards remedying the evil.

II. THE HOME AND THE PUBLIC SCHOOL.

This section deals with the home in relation to the public school, looking towards character building and the equipment of girls for the home sphere.

About 30 per cent. of the sessions say there is little vital touch between the home and school, while the rest say nothing more is to be desired.

As the home and public school are so intimately connected, it is of vital importance that the teacher should know the home and the ambitions of par-

ents for their children's future, and the parents should know the teacher and his aims if the best work is going to be done in the school.

All are agreed that character building should be the end for which the school and the home exist, and to aid this more emphasis should be laid on moral training, even if less is spent in getting pupils through the examinations. The great essential seems to be the personal example of the teacher.

As abstract teaching is of little value, unless made vital by a living personality, it is necessary that our teachers should be in their lives a standard of truthfulness, fidelity and purity.

The teaching of more history and biography would be a great help in inculcating principles on which character is based. Some sessions make a plea for more male teachers and better salaries to induce men to make teaching their life work, while others think an effort should be made to have more individual work done among the scholars. Nearly all advocate the Bible being used as a text-book, and the half hour on Friday afternoon used by the minister to inculcate religious truth.

Regarding the girls the cry comes that many of the girls finish their public school education, and by reason of the heavy strain put on them to pass examinations they have no time to receive training in household matters from their mothers at home, where it ought to be given, but in many is not. In view of this, many sessions urge more training in domestic science, and less time spent in square root and other rootlets, believing that mental development of the scholar can be quite as certainly secured along lines of practical usefulness as in abstract teaching.

A little more time given by lady teachers in setting before girls womanly ideals would materially aid them, and to this end the girls should be separated from the boys after a certain age. Home duties should be emphasized a little more, and not the becoming a stenographer or operator held up as the sine qua non of existence. According to one Presbytery women are swarming into business as men's rivals, confronting us with a problem more serious than the Oriental cheap labor. As a result this continent has produced a crop of between three and four million bachelors and a corresponding number of "unclaimed blessings."

III. THE HOME AND THE CHURCH.

This section is divided into two main subjects:

1. The co-operation of parents and Sabbath school teachers.
2. The work of parents and ministers in developing the spiritual life of the young and in leading them out into active Christian service.

It is believed by most sessions that the best work will be done in the Sabbath school when the parents are personally interested in the teachers, and as far as possible accompany the children to the school, after studying the lessons with them, and when the teachers visit the homes of their scholars and confer with parents about them.

The other question of personal dealing with the young is a delicate one, full of possibilities and difficulties, and yet one which is calculated to bring us to our knees in humiliation.

It is quite evident from the answers that this is the weak point in our work. There seems to be a failure on the part of parents and not a very large measure of faithfulness on the part of the ministry. Too many visits of the minister are regarded as social functions, not for spiritual profit.

In the matter of systematic giving it is lamentable to find so many con-

gregations practically strangers to it. Much education needs yet to be given before it becomes general. There is more heresy practised by our people on the giving question than there is higher criticism preached in our pulpits, and yet no trials, as far as we know are on the order paper. There are more Conservatives than Reformers among our people when the policy advocated is the opening of the pocket book.

Concerning the great question of men for the ministry, let some of the Presbyteries speak for themselves. "Young men of the right spirit and ability," says one, "will enter the ministry without pulpit appeals. Ministers are born, not made."

Another says, "Parents are looking for temporal advantages for their boys." "Thoughtful young men are not eager to enter upon a life work from which they are turned adrift at a time when they have reached their best powers for doing it." Here is another: "The ministry is cribbed, cabined and confined," and seriously handicapped in leadership and effectiveness by "poverty's insuperable bar," and that a "man of good ability, on this account, may reasonably hope to make his Christian services and personality more effective along other lines." This question, along with the family altar, with which it is indissolubly connected, affords much room for serious thought on the part of the Church; more perhaps than it is getting at the present time. It is cheering, however, to note that some congregations can boast of two or three of their sons giving themselves to the ministry, and others where in a long history there has always been a representative from the congregation preparing for the active work of the Church. When the home forms a real ally of the Church, their united influence will be felt among the young people in leading them into active service.

IV. THE HOME AND THE COMMUNITY.

What can save the home from being swallowed up by the community? "Stop the robbery," cries the Synod of Hamilton and London, "the home is being filched." The Church needs to set her face against "Bridge" and all institutions tending to lead mothers to dissipate their time and energy outside the home. Fraternal societies, clubs and church functions are named as enemies of the home.

It will wonderfully help to elevate the homes of the poor if the Church were to take a more profound interest in them, and if more were done to make the Church a place where rich and poor would meet together and God recognized in a practical way as Father of all.

Extremes in societies should as far as possible be abolished by applying the principles of the Gospel to existing conditions. Make Christianity a vitalized thing, not a Sunday dress.

London sums it up in a sentence. "When the rich look upon wealth as a trust and the poor learn that indigence is a curse, a better day will dawn."

Lift the lower and purify the upper, and deterioration of the home will be arrested. There is absolute unity in the Church's attitude towards billboards, playhouses and saloons.

Montreal puts it tersely, "Take down the billboards, clean up the playhouses, and shut up the saloons." Banish the bar rings from the Atlantic to the Pacific. Seek legislation to prevent any boy or girl under sixteen years of age from attending a theatre without parent or guardian, and have frequent and rigid inspection of all the nickel theatres and penny shows that thrust their glittering fronts so glaringly on our main streets to catch the unwary.

It is cheering to note that mixed marriages are not on the increase, some believing that the attitude of the Roman Catholic Church on this question will

have a good effect. Inasmuch as Protestants are likely to suffer more than Roman Catholics, why should not our own Church pronounce on the religious disaster of such marriages. At any rate, it is plain from the reports that, as Montreal says, we ought to build Protestant Christianity out of nominal church adherence into knowledge, experience and Christian character.

In summing up these reports, we have reason to be profoundly thankful to God for the sacred fire that glows in many of our homes, but, inasmuch as the home is the corner-stone of the Church and State, and as it is essential to the well-being of both that it should breathe the atmosphere and be filled with the fragrance of that presence that rendered the Nazareth home so ideal, let us seek more and more to unite our forces against the evils that threaten them, and to keep before our people as pastors and elders the great truth that the home, not the individual, is the unit in society, and that the attitude of the home to the Church will eventually determine the triumph or failure of the Church.

Let the words of one Convener close our report. Rejoicing in all that these reports have disclosed of the wholesome and uplifting influence of the home, in its relation to the school, the Church and the community, and deeply regretting any symptoms of a waning of that influence, we would affectionately urge upon parents and heads of families to "strengthen those things that remain," so that pure and undefiled religion may flourish more and more and thus the truest well-being of the home be conserved.

RECOMMENDATIONS.

1. In view of the various problems that confront the home, parents be urged to recognize more fully their solemn responsibility for the careful religious training of their children, by the use of the family altar, and a closer supervision over the habits and amusements of their children.

2. That loyalty to Christ and His Church as shown by regularity of attendance at the services, by regular and systematic giving, by entering into full communion, should be constantly kept before the young people by ministers and elders in the pulpit and in the homes.

3. That parents be reminded that as the home is the citadel of the moral and spiritual force of the community, the training of the children rests primarily with them and cannot be evaded, regulated or delegated to others without guilt or loss.

4. That the adult Bible class and home department in connection with the Sunday School be commended to all parents as furnishing a strong link in the chain which binds the home to the Church.

5. That the Laymen's Missionary Movement be commended as an antidote for the abuse of money by giving men a higher conception of their stewardship.

6. That we endeavor by appeals from the pulpit and by personal conversation with the young men to enlist their services in some department of the Church's activities, especially in the ministry where the call is so loud and urgent.

7. That we unite our forces and use all legitimate means to banish the bar from our land.

8. That thanks be given to our God and Father for all the tokens of His presence and blessing in our homes, and that continued prayer be made for a revival of family religion in our beloved Church.

Respectfully submitted,

A. E. MITCHELL, Convener.

REPORT OF COMMITTEE ON SABBATH SCHOOLS.

To the Venerable the General Assembly:

Your Committee has much pleasure in presenting the following very encouraging report of Sabbath School work for the year 1908.

REVIEW OF GENERAL WORK DURING THE PAST YEAR.

The plan of recognizing each Synod as a unit for the purposes of organized work has been systematically followed out during the year with great advantage to our Sabbath Schools throughout the Church. The Synod Sabbath School Committees have proved themselves to be a most valuable factor in supervising and promoting this work in the various Presbyteries within their bounds.

1. *The Synod of the Maritime Provinces* arranged for a series of Institutes covering one-half of the Synod during the summer of 1908, the remaining half to be visited during the summer of 1909. In these Institutes the Presbytery Convener was in direct charge in each Presbytery, with the Synod Convener and General Secretary taking part in all the meetings. The results, judging from expressions of opinion at the meetings, and also from statistical reports of Presbyteries visited, are of the most satisfactory nature.

2. *The Synod of Montreal and Ottawa* continued the Sabbath School work by Presbyteries during 1908. The most comprehensive plan in this Synod was arranged and very successfully carried out by the Convener of the S.S. Committee in the Presbytery of Lanark and Renfrew, in a series of five Institutes at carefully selected centres, at which more than half of the schools of the Presbytery were well represented. For 1909, a Field Worker, Mr. A. G. Howat, Student of the Presbyterian College, Montreal, has been appointed for six months to visit principally the rural schools in the Province of Quebec.

3. *The Synod of Toronto and Kingston* employed Mr. W. A. Cameron, B.A., student of Knox College, for six months during the summer of 1908, to visit principally in Northern Ontario. His work was very highly appreciated by ministers and all Sabbath School workers with whom he came in contact, as also by the Committee. Mr. C. F. McIntosh, M.A., has been appointed for six months of 1909, to continue this work in the districts not touched last year.

4. *The Synod of Hamilton and London* arranged for and successfully carried out a series of Institutes in the various Presbyteries, under the general oversight of the Synod Convener, who personally took part in nearly all the meetings, in co-operation with one or more Presbytery Conveners in each Presbytery. The results of this work are apparent in the remarkable advance in S.S. work shown in the statistical report for this Synod. Similar work is being arranged for the autumn of 1909.

5. *The Synod of Manitoba* carried out a series of Institutes in several Presbyteries, under the personal supervision of the Synod Convener, at most of which the General Secretary was able to take part. Very thorough work has also been done by the Presbytery of Winnipeg, whose S. S. Committee carried out a personal visitation by members of the Committee, of a large part of the schools of the Presbytery. The Synod Convener has agreed to give two months during the summer of 1909 to a personal visitation of schools in the outlying districts in Presbyteries not visited last year, and two Presbytery Conveners have agreed to give a month each for similar work in their own Presbyteries.

6. *The Synod of Saskatchewan* continued their plan of visitation of schools by Presbytery Conveners during 1908, and they have been fortunate in securing the services of Mr. W. A. Cameron, B.A., for six months during 1909, as his experience last year in similar work in Ontario especially fitted him for this very important work. His programme is

arranged by the Synod Committee, and in each Presbytery his work is under the direction of the Presbytery Convener, who, so far as possible, will accompany him in the visitation of schools.

7. *The Synod of Alberta* has made very thorough arrangements for the supervision and promotion of Sabbath School work within its bounds, by setting apart the Synod Convener, Rev. A. D. Archibald, for this special work for an entire year. This step was very heartily endorsed by your Committee because of the urgency of this work, and the special fitness of the Synod Convener to carry it out successfully, and the required increased grant was willingly made for the year.

8. *The Synod of British Columbia* has taken careful oversight of its Sabbath School work during the year in the various Presbyteries. The Home Mission Superintendent, at the request of the Committee, co-operated heartily, especially in looking after the interests of schools in the far remote districts. Your Convener had the opportunity of meeting with a group of the leading workers in Vancouver in February, when plans for advanced work were carefully considered. It is hoped that arrangements may be made for a field worker for the summer of 1910 to visit the mission stations of the Synod.

The plans as outlined above, will very considerably increase the expenditures for 1909, and your Committee would, therefore, call attention to the importance of every congregation heartily supporting the Children's Day Fund, which is at present practically the only source of revenue for meeting the expenses of this work, as well as of all the other expenditures of your Committee.

Special help to Schools. Your Committee has given careful attention to encouraging Sabbath Schools in new and needy districts, and in this work the assistance of Presbytery Conveners and Field Workers has been of the greatest value. Two hundred and eighty-five schools, including several among the foreign population, were provided with our own Lesson Helps and Illustrated Papers at a cost of \$556.00, paid from the Children's Day Fund. The grant of \$350.00 from the same fund has also been continued to *Le Rayon*, which is increasingly supplying the requirements of the French Protestant children throughout Canada for suitable religious instruction.

Special Services. The Patriotic Service prepared for 1908 was very extensively used, and your Committee has, therefore, provided a similar service entitled "Canada for Christ" for the last Sunday in June, 1909. This may be obtained at cost by any schools desiring to use this special service on that day. The Children's Day Service is also being prepared as in previous years, for the last Sunday in September, and will be sent free in sufficient quantities for the entire enrolment of our schools, to all Superintendents whose names and addresses are included in the Presbytery S. S. Reports for 1908, and any other schools organized since the end of the year, so far as these are known.

Teacher Training. In each of our six Theological Colleges some definite instruction was given to the students in Sabbath School work during the past year, and plans are being formed in most of the colleges for a more extended course during next session. Your Committee note this movement with great satisfaction, as they feel very strongly that the responsibility for the training of Sabbath School workers must rest very largely upon the ministers of our Church, and that the work of this department will not be adequately done until there is a Teacher Training Class in connection with every pastoral charge.

It is also a pleasure to report that the Ladies' College, Ottawa, and the Ewart Training Home, Toronto, are now using part of the General Assembly's Teacher Training Course in their regular class work, as is also the Provincial Normal School at Toronto, and at Hamilton. The additional textbook in our Teacher Training Course on "Missions" which is being prepared by Dr. R. P. MacKay, will doubtless further increase the popularity and usefulness of this department of our work.

Office Work. The decision last year to print all Presbytery S. S. Reports in full, increased the office work very materially, but the results have abundantly proved the wisdom of this course. The large increase in enrolment reported for 1908, is doubtless

due to a considerable extent to the fact that the Presbytery S. S. Reports for 1907 were printed in full and a copy sent to each minister and superintendent, with a statement that the same plan was to be followed in 1908, and subsequent years. More care and thought have evidently been given to the reports, and this must inevitably lead to more care and thought in all the work of the Sabbath School.

In addition to the usual duties of the office, the General Secretary has devoted considerable time and attention to arranging details of Field Workers' duties, four of whom as indicated above, are now at work within the bounds of as many Synods of our Church.

Nearly one half of the time of the General Secretary has been given during 1908 to work outside the office mainly in Institutes in the various Presbyteries in co-operation with Synod and Presbytery Conveners, thus learning at first hand the conditions in the present, and the requirements for the future.

REVIEW OF STATISTICAL REPORT FOR 1908.

The feature of this report is the remarkable increase in the number of schools, and the consequent increase reported in enrolment and in nearly every department of Sabbath School work. This increase is very evenly distributed over the entire Church, and is to be accounted for in two ways, (1) by the large number of schools organized during the year, which probably accounts for about one-half of the increase, (2) by more careful reporting than ever before of the schools previously in existence, and especially of the Adult Bible Classes. In further explanation, special mention should be made of the faithful work of Synod and Presbytery S. S. Conveners and Field Workers, as also of the officers and teachers in the individual schools.

The total number of schools reported for 1908 is 3,154 (2,773 Presbyterian, a gain of 195, and 381 Union, a gain of 40), making a total gain of 235 Schools.

The total enrolment (including Presbyterian Officers Teachers and Scholars, in Union Schools reported, is as follows:—

Number of officers and teachers.....	24,430, a gain of 1,419
Number of scholars, including Bible classes....	210,248, a gain of 15,914
Number in Bible classes	39,637, (not previously reported)
Number in average attendance.....	144,488, a gain of 10,237
Number on Cradle Roll.....	12,939, a gain of 3,947
Number in Home Department.....	8,832, a gain of 448
Number in teacher training classes.....	1,699, a loss of 80
Number of teacher's meetings.....	500, a gain of 104

In explanation of the apparent decrease in Teacher Training during the year it should be stated that a very considerable amount of Teacher Training is now being done outside of the regular classes, for example, in Prayer Meetings, Young People's Meetings, and in other ways not reported. This is further substantiated by the fact that the sales of the textbooks continue to increase from year to year.

An additional textbook on Missions by Rev. R. P. MacKay will be ready for classes in the early autumn, also a revised and enlarged edition of "Sabbath School Methods," by Dr. Tracy. Examination Papers in Teacher Training will hereafter be provided half-yearly for the end of June and December, instead of yearly as heretofore. Your Committee anticipates a very large increase in the number of classes taking up this work in 1909, and hopes that many schools may plan to take it up as one of the regular classes of the school.

"Supplemental Lessons" is the name now applied to all the work taken up during the Sabbath School hour, in addition to the teaching of the lesson. Progress has also been made in this department, although on account of regrouping these subjects, they cannot be satisfactorily compared with previous years.

Number taking Bible Drill.....	144,81	Number memorizing Hymns.....	7,493
Number memorizing Scripture....	51,578	Number taking Mission Questions.	16,306
Number memorizing Catechism....	59,092	Number receiving Assembly Awards	3,561

The Lesson Helps and Illustrated Papers prepared by the Sabbath School Publications Committee have shared in, and doubtless also materially helped to promote, the general forward movement of S. S. work during the year. The number of schools now using our own Publications is as follows:

Teachers Monthly	2,105, a gain of 213
Home Study Quarterly or Leaflet.....	2,053, a gain of 231
Intermediate Quarterly or Leaflet.....	1,402, a gain of 322
Primary Quarterly or Leaflet.....	1,680, a gain of 49
East and West.....	1,331, a gain of 202
King's Own.....	1,273, a gain of 170
Jewels.....	1,358, a gain of 238

Church Relations. Your Committee is specially pleased to note that this vitally important department has also made proportionate advance with all the others, as follows:

New communicants.....	6,685, a gain of 436
Total number of communicants.....	33,575, a gain of 6,147
Number of schools officially visited.....	379, a gain of 138
Number of elders engaged in S. S. work.....	3,231, a gain of 180
Number of schools open all the year.....	1,792, a gain of 112

Contributions. These show a decided advance throughout, with one exception, which your Committee would again commend in, so far as it indicates that the schools are more and more giving to the regular Missionary Schemes of the Church.

For running expenses.....	\$93,137, a gain of \$8,760
For Children's Day Fund.....	11,541, a gain of 1,246
For other Schemes of the Church.....	39,131, a gain of 3,701
For other purposes.....	28,956, a loss of 1,645
From congregations for schools.....	14,281, a gain of 2,021

1,759 schools, a gain of 123, contributed to Children's Day Fund.

1,096 schools, a gain of 114, contributed to other Schemes of the Church.

It is worthy of special commendation that the Sabbath Schools of our Church last year contributed more than \$50,000 to the Schemes of our Church, an increase of nearly \$5,000 over the preceding year.

RECOMMENDATIONS.

1. That the General Assembly expresses its pleasure at the marked increase in enrolment during 1908, and its hope that through the regular school, with the Cradle Roll and Home Department, we may ultimately reach every member of every home in every congregation.

2. That the Organized Bible Class be commended to all schools in its plan to provide adequate Christian service for its members, and that a Registration Certificate be provided by our own church for any classes desiring the same.

3. That in view of the fact that efficient teaching is a first essential in Sabbath School work, we earnestly request our ministers to co-operate with S. S. workers in establishing a Teacher Training class in every congregation.

4. That our Sabbath Schools be commended for the increased interest in and contributions to Missions, and that a yet more general use be made of the means available for missionary instruction.

5. That teachers and parents co-operate in helping scholars to form the habit of Bible study at home, and attendance at the regular services of the Church.

6. That Sessions, Parents, Superintendents and Teachers be affectionately urged to keep in view the supreme importance of leading the children to a saving knowledge of Jesus Christ, and of training them in his service.

ALEX. MACGILLIVRAY,
Convener.

J. C. ROBERTSON,
General Secretary.

**REPORT OF THE COMMITTEE ON YOUNG
PEOPLE'S SOCIETIES.**

To the Venerable, the General Assembly:

Although the reports from year to year do not indicate remarkable growth, yet when the report of this year is compared with those of seven or eight years ago, it will be seen that real progress has been made. Then there was no text book covering the missions of our Church; now there are three. Then there was probably not a single mission study class; now there are 94. Then there was no Young People's day; now the day is regularly observed and a special exercise is prepared for it. Then, so far as known to your Committee, no lectures were delivered in the theological colleges on the organization and maintenance of societies; now lectures on these subjects are delivered in all the colleges. A manual, a Guild topic card, Guild pledge cards for both active and associate members, a Guild wall pledge, a society button have been added to the list of requisites for societies. The societies have increased in numbers. The membership is considerably larger than it was; contributions show a decided increase, and apparently more earnest efforts are put forth to educate the young people in systematic and proportionate giving. Much, very much more remains to be done, but your Committee rejoices that some progress has been made.

A glance at the statistical report will show that during the past year the list of societies has been considerably augmented, and that the membership has increased by more than 1,300. Of these a goodly proportion were young men. It is gratifying to be able to state that the number in full communion with the Church is much larger than it was. There has been an increase also in the number studying the courses prescribed by your Committee, in the number of Mission Study Classes, and in the number of societies observing Young People's Day. There has been a slight decrease in contributions. Some say the financial stringency of last year is accountable for this; but others think, and probably with greater reason, that congregations are becoming more thoroughly organized for missionary purposes, consequently more of the young people are contributing through the regular congregational channels. But even though there is a slight decrease this year, the contributions show a decided advance on those of six and seven years ago.

HARVESTS IN MANY LANDS.

Early in December last, "Harvests in many Lands"—the third in the series of missionary text-books, was issued. It is a work of 312 pages, three of which are devoted to a bibliography on missions, and especially the missions of our own Church. The book contains 24 chapters, twelve of which constitute the missionary studies for this year, and the remaining twelve will be prescribed for next year. The work was published by William Briggs, and it certainly deserves the very favourable notices given it by the reviewers. There should be a copy in every Sabbath School library, for the volume will be found useful not only by those for whom it was specially designed, but by teachers of mission study classes, leaders of mission bands and by members of men's or women's missionary societies.

BUTTON.

As requests had been repeatedly received for a button for societies, your Committee decided last autumn to procure a supply. A very chaste button has been designed.

The back-ground is of blue, the emblematic burning bush adorns the centre, and around it in letters of gold is the inscription, "Presbyterian Y.P.S." The buttons sell at five cents each, and the demand for them has been good.

CLASSIFICATION.

No elaborate classification is attempted. It may be enough to say that the figures differ only slightly from those of last year. One gratifying feature is that the Christian Endeavour and the Presbyterian Guild are increasing in number, and that the nondescript societies are being slowly weeded out. The C. E. now numbers 308, as against 292 last year, and there are 213 Guilds as against 197 the previous year.

EVERGREEN SOCIETIES.

Several societies neglected to state whether they met throughout the year, but of those reporting, 424 are evergreen. The others take a holiday, but usually a brief one, during the summer months. A popular plan, and one that has much to commend it is to unite the mid-week service and the Young People's meeting during the months of July and August.

HOW LIBERALITY IS DEVELOPED.

"What is the society doing to develop liberality among the young people?" To this question many replies have been given, but the following may be regarded as typical:—"Placing emphasis upon the need of the world; missionary education; making known the needs of the Church; teaching that it is a privilege to help in missionary enterprises; teaching the duty of systematic and proportionate giving; giving sums of money to be used as talents; teaching tithing and using mite boxes; frequent addresses on mission topics; aiming to raise a certain amount each year for missions." Judging from the replies one may conclude that in many quarters an earnest effort is made to develop in the young people the grace of liberality. This bountiful sowing will result in an abundant harvest in due time.

COURSES OF STUDY.

Apparently the courses of study prescribed by your Committee are growing in popularity, for they were adopted by 308 societies last year, as against 195 the previous year.

The question, "If you have not adopted any of the courses of study prescribed by the Assembly's Committee, what course is adopted?" was in many cases, either ignored, or else answered in such an indefinite way as to convey little information. Often the reply was "Our Own," or "Special," but these replies give no indication of the merits of the course. The following are the courses adopted, but usually by only one society: The Books of the Bible, The Life of Christ, Bible Parables, Bible Miracles, Church History, The Gospel according to Mark, The Gospel according to John, Missions in Labrador, Missions in Formosa. Two societies took up the Teacher Training Course and a few studied the International Sabbath School Lessons.

CANDIDATES FOR THE MINISTRY

In view of the fact that there is not a sufficiently large number of candidates for the ministry and mission field, your Committee considered what might be done to enlist a greater number for these spheres of service. A sub-committee was appointed to work along the following lines: (1) To write articles for the religious press, bearing upon the subject. (2) To co-operate with other Committees working toward the same end. (3) To seek to approach the students in Normal Schools and Universities as opportunity might be afforded by the authorities. (4) To instruct the Conveners in the several Presbyteries to bring the matter before pupils in the High Schools in their respective districts.

A beginning has been made, but it is too soon yet, to report anything in the way of results. Your Committee believes, however, that if the seed be sown, the harvest will surely follow.

Brandon Presbytery reports:—"An effort has been made to have the claims of the ministry brought to the notice and consideration of young men in our High Schools. A definite plan is being formed for more effective action in this direction during 1909."

YOUNG PEOPLE'S DAY.

The offerings on Young People's Day amounted to \$421.30 as compared with \$324.25 the previous year.

GLEANINGS.

The following gleanings from the reports may be of interest: Stratford—"Every society contributed to missions this year." . . . Bruce—"It is a matter of regret to the Committee that in only two societies is Young People's Day observed. The opportunity and inspiration possible through this special service is thus lost by most of the young people and pastors." . . . Montreal—"Some years ago there seemed to be a sort of deadness all along the line in this branch of the Church's work. Now all is different. There is not the same effervescent enthusiasm there was when the C. E. first came out, but it appears as if we were now back upon solid ground and that our young people are doing splendid, solid work 'for Christ and the Church.'" Portage la Prairie—"There is marked evidence of strongly increasing interest in this branch of our Church work throughout the Presbytery." . . . Pietou—"We think the present an opportune time for a forward movement." . . . Owen Sound—"Some do not know what Young People's Day is."

OPINIONS OF MINISTERS.

Ministers with only a very few exceptions, speak in the very highest terms of the work done by their societies. One says that the services rendered by his society were of little value, and another declares that his work was increased because of his efforts to keep the society alive. But almost all other testimonies are along a very different line. The Synod of Toronto and Kingston says, "The ministers who have expressed their opinions are united in their testimony regarding the valuable services being rendered by their Young People's Societies."

These testimonies ought to have weight, and should encourage those who are still hesitating as to whether to organize societies in their congregations or not. Some of these testimonies come from ministers with large societies in flourishing congregations, but many of them are given by men in struggling congregations or mission stations. In view of these things one is safe in concluding that when a few earnest young people are banded together for study and work they may exert a most helpful and uplifting influence in a community.

RECOMMENDATIONS.

1. That ministers occasionally call the attention of their young people to the importance of entering upon a ministerial or missionary career.
2. That in every congregation, wherever practicable, a mission study class be formed.
3. That "Harvests in Many Lands" be recommended as a suitable text book for Missionary Committees in Young People's Societies, and for leaders in Mission Bands, Mission Study Classes and Missionary Societies generally.
4. That Committees on Young People's Societies in the several Presbyteries be instructed to take such steps as may be deemed practicable for the organization of new societies, and for the strengthening of those already in existence; and that in the formation of new societies, the preference be given to the Christian Endeavour or the Presbyterian Guild
5. That in order to bring the societies into line with the Laymen's Missionary Movement, the Assembly suggests that whether the young people give their contributions through the regular congregational channels, or through their own societies, they endeavour to attain to the standard set by the Laymen's Missionary Movement viz., ten cents per week for missions
3. That in view of the fact that only one Synod and one Presbytery have expressed an opinion regarding the amalgamation of the Committees on Sabbath Schools and Young People's Societies, the subject of the amalgamation of these Committees be sent down, as a remit. to Presbyteries for consideration and report.

7. That ministers call the attention of their young people to the importance of prayer for the quickening of spiritual life, and for the conversion of the unsaved in their communities, and that where Presbyteries are undertaking simultaneous evangelistic campaigns, the young people be encouraged to co-operate by prayer and personal work.

Respectfully submitted.

SPECIAL COMMITTEE ON AMALGAMATION OF SABBATH SCHOOL AND YOUNG PEOPLE'S SOCIETIES.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

Your Committee appointed to frame a plan of operation for carrying out the decision of the General Assembly of 1908 to consolidate under one Committee the work hitherto carried on under the two Committees on Sabbath Schools and Young People's Societies, begs leave to report that two meetings of the Committee were held, at which all the members of the Committee were present, when the whole matter was very carefully considered and the following recommendations unanimously approved:

1. In accordance with the Instruction of General Assembly to provide for consolidation of the work of the Committees on Sabbath Schools and Young People's Societies, this Committee recommends that the work be administered under a single Committee of the General Assembly, to be known as the "Committee on Sabbath School and Young People's work," with corresponding Committees in Synods and Presbyteries, and that the work of the General Assembly's Committee be administered with the aid of a General Secretary.

2. That the same relation shall exist between the new Committee on Sabbath School and Young People's Work, and the Committee on Sabbath School Publications, as now exists between the Committees on Sabbath Schools and Sabbath School Publications.

3. The attention of the Committee on Sabbath School Publications shall be drawn to the proposed consolidation of the Committees on Sabbath Schools and Young People's Societies with change of name, and they be requested to consider adapting their name to the new conditions.

4. This new Committee shall consist of eighteen members together with the Editor of the Sabbath School Publications, the Home Mission Superintendents, and the Assistant Foreign Mission Secretary.

5. The work of this new Committee shall be a Scheme of the Church, as the work of the Committee on Sabbath Schools now is.

6. The present General Secretary for Sabbath Schools shall be the General Secretary for this new Committee on Sabbath School and Young People's work.

All of which is respectfully submitted.

(Signed) JOHN NEIL,
Convener.

MONTREAL, Feb. 20, 1909.

REPORT OF THE COMMITTEE ON SABBATH SCHOOL PUBLICATIONS, 1909.

To the Venerable, the General Assembly:—

The year began with a cash balance at credit of \$12,260.29; cash received during the year \$78,545.71; expended \$73,751.16, leaving a cash balance to credit at date of \$17,054.84, being \$4,794.55 in advance of that of previous year.

Correspondingly, the excess of assets over liabilities has increased from \$18,927.96 in 1908 to \$27,898.70 at date, a gain of \$8,970.74 for the year. The profits go to the providing of a fund, which it is hoped may by and by become an adequate working balance.

There has been a gratifying increase in the circulation of each of the Publications during the year. This has been specially marked in the case of *EAST AND WEST* and of *THE KING'S OWN*, which latter was enlarged at the New Year, so as to present one third more reading matter than previously.

The Publications have now completed ten full years under the present Committee. A brief summary of the work accomplished during that period may, therefore, be of interest.

Ten years ago, the Publications were five in number, namely, the *TEACHERS MONTHLY*, the *HOME STUDY* and *PRIMARY QUARTERLIES*, and the *HOME STUDY* and *PRIMARY LEAFLETS*, with a total circulation of 93,969.

These five Publications have been variously improved and enlarged, and five others have been undertaken, bringing the present total circulations to 253,352, which is more than two and a half times that of 1899.

The five new Publications are:

JEWELS: An Illustrated weekly for the Little Ones, begun in 1900.

THE KING'S OWN; an illustrated weekly for the Boys and Girls, begun in 1900 (*THE KING'S OWN* is a continuation of *The Children's Record*, published, to the above date, by the Presbyterian Record Committee, under Rev. Dr. E. Scott).

EAST AND WEST: an illustrated weekly for Young Canadians, begun in 1903.

The *INTERMEDIATE QUARTERLY* and *INTERMEDIATE LEAFLET*; Lesson Helps for Sabbath School scholars of the intermediate grade, begun in 1907.

In addition to the above, *LE RAYON DE SOLEIL*, a Sabbath School Illustrated weekly in French, was taken over from Montreal Committee in 1903 and published by us under a joint arrangement with the Board of French Evangelization and the General Assembly's Sabbath School Committee to the end of 1908. For the present year, for greater convenience, *LE RAYON* is published in Montreal.

It is no small satisfaction to the Publications Committee that each and all of its several Publications have been heartily received by the Church, and have had their share in promoting, in our Sabbath Schools and homes, keener study of God's Word, deeper interest in missions, and a truer, because more intelligent patriotism.

The labors of the past ten years, following upon the years of experiment in which the Publications originated, have yielded to the Church a thoroughly established series

of periodicals, suited to the conditions of our Church and country, and representing in "good will" alone a money value of at least \$100,000.

Mention should be made also of the series of Teacher Training Handbooks, published for the General Assembly's Sabbath School Committee—the only Teacher Training Handbooks published in Canada. The sales have been large and constant and they have also had a considerable circulation in other countries.

As mentioned in the Report of last year, the providing of Contribution Envelopes for Congregations and Missionary Associations was undertaken, during that year, in response to many demands. This part of the business, as well as the supplying of other requisites for church work, has largely increased during the present year.

The rapid development of the work of the Committee, in its various branches, had, some time ago, outgrown the possible accommodation of our former offices. New and larger quarters became an absolute necessity. On the expiry of lease in April, therefore, the business was transferred to the present large and commodious, and excellently situated premises at 60 Bond Street, which provide amply for present needs and further necessary development.

Respectfully submitted.

R. DOUGLAS FRASER,
Secretary.

Convener.

REPORT OF THE HYMNAL COMMITTEE.

To the Venerable the General Assembly:

Your Hymnal Committee, in presenting the thirty-first annual report, record with sorrow the death of Mr. W. B. McMurrich, K.C. As Secretary-treasurer of the Committee throughout the long period of thirty years, from the date of its organization in June, 1878, till his death in August, 1908, Mr. McMurrich gave ungrudgingly of his time and knowledge, and thus rendered most valuable and lasting service in the interests of Church Praise. The Executive of the Committee conveyed to the family, through Dr. Somerville, an expression of sympathy and appreciation of the important work accomplished.

At a meeting of the Executive, held on the 18th day of September, 1908, action was taken to fill the two fold position thus rendered vacant, when Dr. Somerville was appointed Treasurer, and Mr. Alexander MacMillan, Secretary, of the Committee.

The books, papers and accounts have been transferred to them, and the work has continued to be discharged as before.

Since the date of meeting of last Assembly the new Edition of the Book of Praise with music, of which intimation was made in the report of last year, has been issued from the University Press, Oxford. The book is of the size of the former smaller edition with music, is printed from new plates, and is provided with speed marks placed at the head of each tune. It is confidently expected that this new and beautiful edition will be received throughout the Church with great satisfaction.

Your Hymnal Committee further report that the royalty now being received from the sale of the various editions has been increased from 10 to 15 per cent.

The Joint Committee of American and Canadian Churches appointed to prepare a new version of the Psalms in metre have not met since 1905, when they reported the result of their labours to the respective Churches for examination. In the light of criticisms and suggestions received work has been continued by several of the Church Committees and by members of the Joint Committee individually.

The Joint Committee are likely to meet at an early date to complete the work. Your Committee, therefore, beg leave simply to report progress in this matter.

REPORT OF THE COMMITTEE ON SYSTEMATIC GIVING.

To the Venerable the General Assembly of the Presbyterian Church:

It will be remembered that the last General Assembly reconstituted its committee on Systematic Giving, so as to make it representative of the Committees having charge of the Missionary and Educational work of the Church; that the Committee was divided into an Eastern and Western Section and that each Section was asked to meet as soon after the Assembly as possible, prepare an outline statement of the needs of the different departments of the Church's work and issue one appeal to Presbyteries and congregations for the amount required.

The Eastern Section of the Committee met on August 22nd, the Western Section on September 8th. Estimates were adopted for the current year amounting to \$98,000 for the East and \$630,000 for the West. (These amounts do not include the gifts of the Woman's Foreign Missionary Society, East or West. The amount for the West includes what comes from the East toward the work of French Evangelization.) These estimates were sent down to all ministers and sessions throughout the Church, together with booklets outlining the needs and possibilities in each department of the Church's work.

But your Committee did more,—they felt that they had not done their whole duty when they had cut down the estimates sent from the fields and had stated to the Church the irreducible minimum without which the work already in hand would be jeopardized. The Committee were unanimously of opinion that the leaders of the Laymen's Movement are right in holding that each Church is responsible to do the whole work allotted to it in the Providence of God and under the commission of Jesus Christ, and to do it now.

We dare not neglect our own land and we dare not neglect any of the fourteen or fifteen million heathen allotted to us under the Comity of Missions, and who depend on us alone for the Gospel of Christ. The Committee, therefore, felt it to be their clear duty to estimate the number of missionaries required to do our honest share of the work in Canada, and adequately to occupy the fields assigned us in the regions beyond—then to find out what amount of money would be required to send, support and equip these missionaries, and then to ask the Christian people of our Church to underwrite the budget. In response to the challenge, "Will the Presbyterian Church in Canada evangelize her share of the world?" your Committee, representing as it did all the Missionary and Educational Boards of the Church, answered, "Yes."

In seeking to have the Church measure up to that challenge, your Committee estimated that to maintain our Home Mission work in its completeness, including Augmentation and French Evangelization, to support our Colleges for the training of ministers and missionaries, to provide small annuities for the aged and infirm who have given their life's work for the Church, and for the widows and orphans of those who fall upon the field, we would need from the Church at the present time from three hundred and fifty to four hundred thousand dollars a year. With the opening up of the country, North and West, to settlement, and the rapid influx of population, the demands upon these funds must speedily increase, and by the time any forward movement can become effective throughout the Church, at least half a million dollars will be needed.

Your Committee also estimated that the least number of missionaries required to occupy our foreign fields, would be one medical or one ordained missionary, with proper staff of lady helpers and native workers for each fifty thousand of the people. That is the irreducible minimum, assuming that the W.F.M.S. will provide the lady missionaries required, and making the lowest possible calculation of the people for whom

our Western Section of the Church is responsible in India, China and Formosa, two hundred and forty ordained and medical male missionaries would be required,—five times the number now in the field. The amount now expended outside of Canada and apart from the work of the Woman's Foreign Missionary Society, is about ninety thousand. Multiply this by five and add what is needed for work among the Indians, Chinese and Jews in Canada, and we have five hundred thousand dollars as the amount required, apart from the givings of the Woman's Foreign Missionary Society. Nothing less will enable us to occupy in any adequate way the field for which God and Christendom alike hold us responsible. Your Committee, therefore, decided that they could appeal to the Church for nothing less than

ONE MILLION DOLLARS,

and that each Presbytery and each congregation must be asked to become responsible for its share of that amount. A communication was sent to each Presbytery indicating its share, and asking the Presbytery to divide up that amount among the congregations of the Presbytery, and by means of Presbyterial conferences, congregational visitation and Men's Banquets, seek to have the men of each congregation undertake to provide the means for evangelizing their share of the world.

Your Committee have aimed to utilize the impetus of the Laymen's Missionary Movement and to make this forward movement for our Church co-incidental with the Presbyterian side of the Laymen's Movement.

All the Presbyteries in Ontario and Quebec, save those of North Bay, Algoma and Superior, were visited by representatives of this Committee and the whole forward movement placed before them. Your Committee are glad to report that, with a few exceptions these Presbyteries accepted the amount allocated, and made plans to bring the matter effectively before the men of each congregation. In some Presbyteries the work has been thoroughly organized and every congregation will be reached, but your Committee regret to report, that in many cases the Presbyteries have been slow to follow up their resolutions by actions, and the year has passed without any definite attempt to arouse and organize individual congregations.

The contributions of the growing West have fallen far short of what might have been expected, but there have been reasons for this and it is evident that a new missionary spirit is stirring among the men of the prairies and the mountains. In reports from the West there are such statements as these,—

"Edmonton Presbytery proposes to raise the whole Home Mission and Augmentation Grants to the work within her borders and also do her share of the world's work"—

"You have allocated \$25,000 to the Presbytery of Westminster. The Presbyterian congregations of Vancouver alone have pledged themselves to aim at raising that amount for 1909."

Even in the best organized Presbyteries action was not taken in time to materially increase the giving for the current year, and your Committee regret to report that we have fallen far short of the million dollars and face a deficit in many of the important funds of the Church. We have to remember, however, that 1908 was a year of financial depression, and the state of the funds on March 1st, 1909, would have been altogether disastrous to our work, had it not been for the largely increased giving in Toronto and a few of the other centres, where, under the influence of the Laymen's Movement and the Weekly Offering, some congregations doubled, trebled or even quadrupled their giving.

The hope of the future is in reaching every congregation in the Church, urban and rural, and so presenting the claims and possibilities of the present age, that the men of each congregation will rise up in all the strength of their Christian manhood and demand their full share in the missionary enterprise. The congregation is the unit in the organized work of the Church, and forward movements of any kind are only so much talk until the individual congregation is reached and quickened to definite and systematic giving. When

each congregation has assumed its honest share of the million dollars, when the men of each congregation have felt the providing of this amount to be their responsibility and their privilege, and when every person in the congregation has promised a definite amount weekly toward the making up of the whole sum required, then will the million dollars be forthcoming.

In a small minority of the congregations, the men have already taken such action and the number is speedily increasing. The appointment of a general secretary to give his whole time to the Presbyterian side of the Laymen's Movement ought to greatly facilitate this work of organizing the individual congregations.

WEEKLY OFFERING.

Last year forty-seven congregations reported the system of weekly offering by envelop in use. This year two hundred and eighteen congregations so report and others are arranging to introduce this system in the near future. Such rapid spread of better methods must result in largely increased givings, which will, we doubt not be manifest at the end of the present Church year.

One Presbytery reports that in only one of their congregations has the weekly offering by envelop been adopted, and that there it does not work well. Another Presbytery reports that seven congregations have adopted the weekly offering, but that one of these has given it up as unsatisfactory. Still another Presbytery speaks of a congregation in which the weekly offering by envelop was "introduced but not adopted." Perhaps it would be well to sound again

THE NOTE OF WARNING

given last year. "Let no one imagine that the problem of Missionary Giving is settled the moment the Session has decided to depart from special collections and has given the people envelopes for quarterly, monthly or weekly returns. Most people will give a collector something, but when it comes to filling an envelop and putting it on the plate of one's own accord, many neglect. The envelop system is the worst possible if it means nothing more than that envelopes have been distributed, for it is probable the majority will not use them and those who do will give irregularly."

The introduction of a weekly offering for Missions should follow a period of missionary awakening, when the hearts of people are warm toward the cause of Christ, or when some great forward movement, like that of the Laymen's is stirring the Church. Under such an impulse as is now being felt in all the Churches, it ought to be possible to have the men of each congregation set before themselves a definite amount to be aimed at, an amount large enough to appeal to the imagination and worthy of a great effort. This should be followed by a thorough canvass of the congregation and each member or adherent, who has an income, induced to promise a definite sum weekly toward the attaining of the amount mentioned. Immediately thereafter each contributor should be provided with a bunch of envelopes dated for every Sunday of the year. The new system once introduced and a new enthusiasm kindled, it is the pastor's duty to see that the interest is not allowed to wane.

THE UNANSWERED QUESTION.

Among the questions sent to congregations one was, "State the number of contributors to the Schemes of the Church—members, adherents?" This question is so frequently unanswered, or answered in so vague a way that no Presbyterial report could pretend to anything like accuracy. Evidently there are a few congregations in which almost every family contributes something, but the general inability to answer this question shows that there are still hundreds of congregations so loosely organized that no one has any idea how many are contributing, except that the amount contributed proves the number contributing to be very small.

The answers to this question and the lack of answers show clearly the need of the present propaganda for better methods of giving.

QUESTIONS OF INTEREST TO MINISTERS.

1. "How is the minister's stipend paid?" 2. "Is the congregation prompt in paying the minister's stipend at the specified time?" Of the congregations reporting—43 per cent. pay the minister's stipend monthly; 40 per cent. quarterly; 14 per cent. half-yearly; 3 per cent. weekly. In cities and towns monthly payment is all but universal; in villages and rural districts quarterly and half-yearly payments are the rule, save in some Mission Fields, where the collections are given to the minister every Sunday.

The great majority of congregations report promptness in meeting their obligation to the minister. But one reports, "No, a thousand times, No," and from too many come such answers as, "Irregular" "As often as anything of consequence is in the treasury," "Whole amount made up at the end of the year."

Reports indicate that ordained missionaries and student catechists are often placed in difficult positions and sometimes made to suffer real hardship through irregular and delayed payment of amount promised. The Convener of one Presbytery writes:—

"It is not claimed that the men are not paid, but it is claimed that the payments are so uncertain and unsatisfactory that the missionaries are often placed in very awkward positions. One young fellow, e.g. informed the Presbytery that he was not able to enter college last fall because the field he had served for a year was so seriously behind in his stipend. As a Church, in this particular, we are met with a two-fold problem. 1. Scarcity of candidates for the ministry. 2. The growing frequency with which many are dropping out of it. Can it be that the treatment many of our young men are receiving in their mission field has anything to do with the latter?"

RECOMMENDATIONS

1. That this Assembly again express their gratitude to God for the Laymen's Missionary Movement and their confidence in it as a means of introducing a new standard of giving to missions and better methods, and that Presbyteries be urged to utilize this movement to the fullest extent possible for the extension of the work of our own Church.

2. That this Assembly express gratification at the rapidly increasing number of congregations in which methods of systematic giving to the Schemes of the Church have been adopted, and again recommend to congregations the weekly offering by envelop on the Lord's Day as the method likely to develop liberality and increase of missionary offerings.

3. That this Assembly place itself on record as heartily in accord with the National Missionary Policy adopted at the Laymen's Congress held in Toronto, March, 1909.

"In view of the universality and finality of the Gospel of Christ and of the spiritual needs of mankind, we believe that the Church of our generation should undertake to obey literally the command of Christ to preach the gospel to every creature.

"According to their ability and several opportunity, we believe that the laymen of the churches are equally responsible with the ordained ministers to pray and to work for the coming of the Kingdom of God upon earth.

"We believe that every Christian should recognize the world as his field and to the full measure of his ability work for its evangelization.

"We recognize the clear duty of the Churches of Canada to evangelize all those in the Dominion or who come to our shores, who have not been led into the Christian life, and also to provide for the adequate preaching of the Gospel to forty millions of the souls in the non-Christian world.

"We believe that the call to make dominant and regnant in all human relationship, either personal, racial or national, the principles and spirit of Jesus Christ present to every man, His supreme opportunity of development, usefulness and satisfaction, and we appeal to men everywhere to invest their intelligence, their influence, their energy and their possessions in the effort of combined Christianity to redeem the world."

4. That this Assembly recognize the responsibility of the Presbyterian Church in Canada to do her share in caring for the people of our own land, and to evangelize the fourteen million heathen allotted to this Church under the Comity of Missions in India, China, Formosa, the Islands of the Sea.

5. That not less than one million dollars from the Western Section of the Church, and two hundred thousand dollars from the Eastern Section, be aimed at as the amount necessary if the Church is to perform adequately her educational and missionary work at home and to meet the most pressing needs of those parts of the heathen world for which we have become responsible.

6. That the comprehensive statement of the Church's work at home and abroad, and the amount required for the different Schemes, prepared by the Committee on Systematic Giving, be sent to all congregations; that these congregations be requested to give systematically, and wherever possible, weekly, to the whole work of the Church, and that at the close of the congregational year the total amount be allotted according to the comparative needs of each fund as set forth in this statement.

7. That Presbyteries have a care to see that ministers and missionaries within their bounds receive their stipend regularly and in accordance with the promise made to them.

REPORT OF THE COMMITTEE ON PUBLIC WORSHIP AND AIDS TO DEVOTION.

To the Venerable the General Assembly:

After due consideration the Executive of the Committee on Public Worship and Aids to Devotion, believing that one of the most urgent needs of the Church is the reviving of the institution of family worship, agreed that as a step toward this end the Assembly be asked to authorize your committee to revise and publish the aids for family worship, which was reported to the Assembly of 1904 as practically ready for publication. At the direction of the Executive your Convener got from Dr. R. D. Fraser a statement of the conditions on which the Committee on Sabbath School Publications would publish the work, the terms of which are as follows:

"To publish an edition of one thousand Aids for Family Worship, limp covers, in good style, there should be a guarantee of \$200; or for an edition of two thousand, \$225."

These facts were reported to the Committee on Public Worship, most of the members of which promptly replied. Almost all are in favor of publishing the Aids; some would like certain changes made in the draft; some would add, with the consent of the American Presbyterian Church, the "Family Prayers" in the "Book of Common Worship" of 1906. The majority of those replying are opposed to your committee making a special appeal to the friends of the scheme for the amount of the guarantee and desire instead that the Assembly be asked to assume the full financial responsibility.

Since the above was in type, further communication from Dr. Fraser gives the explanation that, in the prices previously quoted, "limp covers" meant good paper covers. He adds: "If it should be bound in limp cloth, the guarantee would be \$255 for first thousand, and say \$285 for two thousand. If bound in stiff boards, there should be a guarantee of \$260 for first thousand, and \$290 for two thousand."

Your committee would therefore recommend:

1. That they be authorized to revise and publish Aids for Family Worship.
2. That the Assembly guarantee a sum sufficient for an edition of two thousand copies, the amount of the guarantee not to exceed \$300.
3. That an Executive be appointed with the privilege of meeting in Toronto.
4. That all matters pertaining to the price at which copies are to be sold and the contract with the publishers be left to the Executive.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON CORRESPONDENCE WITH OTHER CHURCHES.

To the Venerable the General Assembly:

Nothing occurred during the year calling for action on the part of the Committee. Commissions were issued by the Moderator of the General Assembly to Rev. J. A. Macdonald and Rev. A. H. McGillivray, M.A., authorizing them to appear before the supreme courts of the Presbyterian Churches in Great Britain and Ireland. I also furnished Rev. Professor Bieler, of the Presbyterian College, Montreal, with a commission to appear at the General Synod of the Reformed Evangelical Churches of France, assembled in the month of June at Grenoble, and tender the greetings and best wishes of this Church to the same.

ROBERT CAMPBELL,

Convener.

MONTREAL, May 14, 1909.

REPORT OF COMMITTEE ON ORDER OF DEACONESSSES.

To the Venerable the General Assembly of the Presbyterian Church in Canada, called to meet in Central Church, Hamilton, on Wednesday, the second day of June, nineteen hundred and nine:

Your Committee appointed to consider and complete the report touching the Order of Deaconesses, begs leave to submit the following regulations:

1. The Order of Deaconesses shall consist of women trained for the service and devoting their whole time thereto, and of godly women of mature years, sober-minded, thoroughly tested in the school of experience who shall have received the approval of the Church's Deaconess Committee, as hereinafter provided.

2. A candidate for training should not be less than twenty-two years of age nor more than thirty-five. She must possess literary attainments at least equivalent to entrance standing in the High Schools of Ontario, must present a certificate that she is a member in full communion of the Presbyterian Church, and that she is of excellent Christian character. She must, also, undergo a medical examination satisfactory to the Board of Management of the Home.

3. Graduates of the Missionary and Deaconess Training Home shall, on the completion of their course and passing the prescribed examination, receive a diploma, and on the appointment of such graduates to work under the Foreign Mission Committee or the Home Mission Committee, or to Parochial work, they shall be designated to their work as Missionaries, or Deaconesses, as the case may be, by a Presbytery. Such designation is not, however, to be regarded as an ordination, nor shall any pledge of perpetual service be exacted, but each worker shall be free to retire from her work upon three months' notice duly given to the Deaconess' Committee.

4. Godly women of mature years, who have proved themselves efficient Christian workers, may make application, through the Session of their own congregation to the Church's Deaconess Committee, to be recognized and designated as Deaconesses. Each such application should receive most careful consideration and the prayer be granted at the discretion of the Deaconess Committee, who shall prescribe any additional training considered requisite, this to include at least one session at the Training Home.

5. The following questions are suggested to Presbyteries to be used in connection with the designation of Missionaries or Deaconesses.

(a) Do you believe the Scriptures of the Old and New Testaments to be the Word of God, and the only infallible rule of faith and practice?

(b) Do you sincerely believe that the system of doctrine as set forth in the Shorter Catechism is founded on and agreeable to the Word of God?

(c) Do you believe in the government and discipline of the Presbyterian Church in Canada, and will you be loyal and faithful thereto?

(d) Are zeal for the glory of God, love to the Lord Jesus Christ, and desire of saving souls, so far as you know your own heart, your great motive and chief inducement to enter the office of Deaconess (or Missionary)?

(e) Do you promise as a Deaconess (or Missionary) to study the peace, unity, and purity of the Church?

(f) Do you promise loyally to obey the authorities of the Church, under whose direction you may be called to labour as Deaconess (or Missionary)?

6. Students in training, and graduates of the Deaconess and Missionary Training Home, who engage in Deaconess work, shall wear a plain, simple costume, details of which shall be arranged by the lady members of the Board of the Home.

7. Instead of a Deaconess receiving, as in the case of some Churches and organizations, a guaranteed home and support for life with simply a spending allowance while in the work, she shall receive from the Committee or church court employing her, a remuneration based, as in the case of foreign missionaries, upon what is necessary for comfort and health, and for making some provision for age. This amount will vary with the cost of living in different localities, and with the nature of the services in which she is engaged, but in no case should it be less than a minimum of \$300 per annum; in every case the remuneration shall meet with the approval of the Deaconess' Committee of the Church.

8. Deaconesses shall be entitled to at least one month's holiday annually, the time of which shall be arranged for by mutual agreement between the Deaconess and the church court under whose auspices she works.

9. Deaconesses shall report in writing annually to the Deaconess' Committee. Notice of the termination of a Deaconess' service shall be given both by the Deaconess and by the Church court under which she works, to the Deaconess' Committee, at least two months before such termination takes place.

Your Committee would further recommend that a Deaconess' Committee be appointed consisting of six ministers, six laymen, and nine representatives of the Women's Missionary Societies of the Church, and that this Committee or an executive thereof to be appointed by this Committee, should constitute the Board of the Ewart Missionary and Deaconess' Training Home.

Also. That the Assembly urge upon congregations, associations, and individuals, the necessity of providing for the support and maintenance of Deaconess' work.

All of which is respectfully submitted.

Convener.

BRANTFORD, May, 1909.

FIRST ANNUAL REPORT OF THE BOARD OF THE EWART MISSIONARY AND DEACONESS TRAINING HOME OF THE PRESBY- TERIAN CHURCH IN CANADA.

In presenting to the General Assembly the First Report of the Ewart Missionary and Deaconess Training Home, the Board feel that they have cause for encouragement and thankfulness. The action of the last Assembly in broadening the basis of the Home, so as to include training of young women as Deaconesses, has evidently met a widespread desire for such a class of labourers. And there can be no question, that, while such workers are already much needed, the rapid growth of our towns and cities and the influx of a foreign population will soon more urgently demand their services.

The Ewart Missionary Training Home, after having done excellent work, under the care of a Joint Committee appointed by the Foreign Mission Committee (W.D.) and the Woman's Foreign Missionary Society, did, on the 23rd September last, hand over the Home and its work to the Board appointed by the General Assembly in June last, who, since that date, have directed its operations.

From the late period at which the new Board entered upon its work, it was not found practicable to make many changes in the method of conducting the Training Home; and indeed changes were felt to be less necessary, as the training heretofore given was directly adapted to prepare for Home work, such as Deaconesses are expected to do. The mental discipline secured and the religious and other instruction given are almost of equal value to Home and Foreign workers.

Residence in the Home and participation in the work done by the students, supply many tests of character and adaptation to live and work comfortably with others, and thus enables the Church to judge of the fitness of candidates whether for the Home or for the Foreign field.

The direct work done by the students under the guidance of the Superintendent in the poorer districts of the city, among the suffering, the sorrowing, the vicious, and the ignorant, is almost identical with that which usually falls to the lot of the Deaconess.

Your Board have, however, been carefully considering the changes which may be usefully introduced into the training imparted.

The following extract from the report of the Superintendent will put the Assembly and the Church in possession of some important facts about the Home, viz., "This is the twelfth year of the existence of the Ewart Training Home, but the first year of its life under its new Board and its new name—the Ewart Missionary and Deaconess Training Home of the Presbyterian Church. Though this change will doubtless mean much in the future life and prospects of the Home, there has been so far little or no alteration in the internal arrangements or the practical work.

"We opened on the seventh October with a larger attendance than usual, ten students, one deaconess, and one medical student who is looking forward to foreign mission work, though not yet enrolled as a student in the Ewart Home, making twelve in all. As our present house will not accommodate comfortably a larger number than nine students, we have been obliged to find sleeping accommodation for the overplus of three in a neighboring house."

The premises in which the Home was conducted are the same as had been previously

occupied, and Mrs. Livingston, who in past years had done such excellent work in the Home, was secured as Superintendent. Under her supervision the work went on very satisfactorily, and the spirit evinced by the students was all that could be desired.

Miss Ethel Glendinning, who had completed her course in the Home last year, and Miss Madill who had resided in it for a shorter period, sailed for India about Christmas, to re-inforce the Mission Staff there.

During the Session of the Home which closed in April last, instruction was given in ten departments, viz: Christian Doctrine, Missions and Mission Work, Old Testament Church History, New Testament, the Practical Use of the Bible, Sabbath School Methods, Sanitation, Nursing and Bandaging, and Extempore Speaking. These branches were taught almost entirely by Professors of Knox College, pastors and ministers in Toronto and by medical men of the city, who all gave their services gratuitously. Their generous kindness has made it possible for your Board to secure instruction of a high order for the classes, and to carry on their work at a trifling cost.

During the past Session three students completed their course successfully, and received the Diploma of the Training Home, namely: Misses Lissa Glendinning, Annie O'Neil and Annie Ingram. Miss Lissa Glendinning, having accepted a position offered her of deaconess at Moosejaw, Sask., was, on the 26th of April, in accordance with the instructions of last Assembly, designated by the Presbytery of Toronto, in St. Andrew's Church, Scarboro. To her belongs the distinction of being the first Deaconess formally designated by the Presbyterian Church in Canada, and the Board has full confidence that she will prove worthy of the honour. Miss Elizabeth I. McCunn, formerly in the service of the Eastern Division of the Foreign Mission Committee, took the full work of the Home for the Session with much success, and is about to proceed to India under the auspices of one of the missionary societies in the United States. Miss Rodgers, who is under appointment of our Church in the Maritime Provinces for Korea, spent a part of the Session in the work of the Home, making for herself many friends, whose esteem and confidence she will carry with her to her new field.

Among the matters on which the Board was directed by the last Assembly to report, was a Constitution for the Board. The Board has given this question a good deal of attention, but does not feel as yet prepared to report to the Assembly. Indeed the Board is of the opinion that definite action in this direction beyond what was taken by last Assembly might safely be delayed, and the Board left to learn from experience the best way to conduct the work, under the instructions which may from time to time be given by the General Assembly.

The Board, however think that it is desirable to have representatives on the Board from various sections of the country, even although they cannot attend the meetings regularly, and it is of opinion that hereafter the Board should consist of nineteen members, five ministers, five elders, and nine ladies, selected chiefly from the various Women's Missionary Societies of the Church.

FINANCES.

The Board, as authorized by last Assembly, took steps to secure the Funds necessary to sustain the work. A small pamphlet giving full information in reference to the Home and the institution of an Order of Deaconesses by the Assembly was published, and widely circulated. A circular was also sent out in large numbers to the Church and its various organizations, appealing for help.

The Board also appealed, as the Assembly had authorized, to the Home and Foreign Mission Committees, West and East. The Foreign Mission Committee (W.D.) agreed to become responsible for the sum of \$1,000 for the year. The Home Mission Committee (W.D.) agreed to give \$700. The Home Mission Committee (E.D.) assumed \$150. The Foreign Mission Committee (E.D.) was also written to, but owing probably to the lamented death of the Convener, which occurred shortly after, no reply has been received. It was understood that these sums would be drawn upon, *pro rata*.

From the report of the Treasurer, which is appended, it will be seen that the expense of the Home has been less than the amount estimated, so that, while the full amounts granted by the Committees have not been drawn, the year closes with a small balance on the right side.

There is another matter which your Board feels should be brought before the General Assembly, namely, the pressing necessity for a larger and more suitable building for the Home. The present quarters are, as stated above, quite inadequate. More room and better equipment are urgently needed. In view of the present requirements, and to provide for growth and expansion, it is of great importance, that the Board be enabled, through the generosity of the friends of the work throughout the Church, to acquire or erect suitable premises for the Training Home.

A. F. ROBINSON,
Secretary.

Chairman.

REPORT OF COMMITTEE ON PROTECTION OF CHURCH PROPERTY.

To the Venerable the General Assembly:

During the past year there was no occasion for calling the Committee together.

As in former years, the Convener received requests for advice on several cases, and with these he dealt to the best of his ability.

A congregation in the Presbytery of Owen Sound having become extinct, the Presbytery sold the church building and sheds, and was then proceeding to sell the lot on which these stood. The question was asked—How is the lot to be conveyed to the purchaser, and who gives the deed? The Act (of 63 Vict., cap. 135), which the Assembly procured to be passed by the Ontario Legislature in 1900, incorporating the Board of Trustees of the Presbyterian Church, provides in the 5th section: "All lands which have been, or shall hereafter at any time be held by any trustee or trustees for any congregation, which shall have ceased to exist or has become disorganized, shall vest in the said Board of Trustees in trust to sell the same and pay over the proceeds of the said sale to the Treasurer of the said Church, for the benefit of the Home Mission scheme thereof, or as may be otherwise determined by the General Assembly of the said Church." Accordingly, the Presbytery was advised that it had no power to sell the property, and should lay the matter before the trustees to take action.

A congregation in the Presbytery of Bruce asked advice as to the title to a small piece of property sold by the congregation some years ago, without the provisions of the Religious Institutions Act regarding the sale of church property, having been complied with. The advice given was, that as the purchaser would soon have a good statutory title by possession, having held adverse possession for nearly all the time necessary to secure that, no action need be taken.

A congregation in the Presbytery of Guelph, proposing to purchase land for a burying-ground, requested advice as to how this should be held; whether persons other than members of the congregation could be permitted to acquire burial plots; and how the right to such plots, in the case of either members or non-members, could be given, the congregational trustees still retaining entire control over the burying-ground. On all these points the congregation was instructed.

These are the more important matters as to which advice was asked and given.

All which is respectfully submitted.

THOMAS W. TAYLOR,

Convener.

THE BOARD OF MORAL AND SOCIAL REFORM, ANNUAL REPORT, 1908.

To the Venerable the General Assembly:

Fathers and Brethren,—The Board desires to express its gratitude to God for the door of opportunity that has been opened before it, and for the measure of success with which its efforts have been crowned. Work of vital importance to the Church and nation, for which no one was responsible before, has been undertaken and carried through by this organization, and all connected with it feel that we have only begun to meet the need. This second report to the Assembly is the first covering a year of work. It is based upon 35 reports of Presbyteries, and 3 reports of Synods, and upon official records and reports of the Secretary.

1. SABBATH OBSERVANCE.

The reports, on the whole, are encouraging on this subject. The Lord's Day is almost universally observed throughout our country, as a day of rest, and by the vast majority of our people as a day of worship. For this we cannot be too thankful. Some express fears that the Sabbath is being made a day of social intercourse among certain classes. It cannot be too strongly emphasized that the maintenance of the Sabbath as a rest day depends upon its observance as a sacred day. Many complain of the failure of the railways to live up to the letter of the Lord's Day Act. Vigorous action is needed to secure to the toilers in their employ the benefit of the day of rest. The Lord's Day Alliance has been acting successfully along this line.

The Assembly will be glad to know that, as promised in the letter of the Premier read to last Assembly, the Lord's Day Act is now not only in force but enforced in the Yukon, and that while the Government of British Columbia has not yet consented to its enforcement in that great Province, there is a steadily lessening prejudice against it, and a turning of public opinion in its favour among all classes, employers, employees, municipalities, etc., and the outlook is hopeful for a united Canada, enjoying the benefits of this excellent law in the near future.

It would seem that the tendency among the people to claim on the Lord's Day any convenience such as the street car, defending it as more or less of a necessity, is next to impossible to arrest. In response to the demand of the people concerned, the right to introduce Sunday cars has been given by the Legislature of Alberta to Edmonton and Calgary, though the population is in each case under 20,000; and by the Legislature of Ontario to Port Arthur and Fort William, though the population is not above 15,000; and by general Statute to all cities of 50,000 or more. In all of these places the Lord's Day Alliance has secured that the cars may not run on Sundays beyond the city limits, and in some, secured the guarantee that no employee shall be required or permitted to work for more than six days of 10 hours each in any one week, nor upon any Sunday when he has worked the previous Sunday. The Lord's Day Alliance has succeeded in stopping hundreds of cases of law violation in these Provinces where the law has been enforced, and is seeking to have the law put into effect in every Province. It is a medium of communication on this matter in all the Provinces.

2. TEMPERANCE.

Steady progress has been made during the year in temperance reform. The policy adopted by last Assembly has been heartily endorsed by many laymen of the Church and has made its influence powerfully felt among other denominations and temperance organizations, and has probably permanently affected for the better the tone of discussion and methods of work on this great question.

Your Board has done what it could to induce the pastors and other leaders in Sunday Schools and Young People's Societies to extend the use of the total abstinence pledge by its circulation on Patriotic Sunday, and at other times, and while no attempt has been made to tabulate results we believe that much has been accomplished. We should like the Assembly to urge upon the Church the vital importance of inducing all young people to pledge themselves to abstain from the use of all intoxicants. The well-known action of Archbishop Bruchesi and other Roman Catholic authorities along this line is bearing manifest fruit in communities where that faith predominates and constitutes an example worthy to be followed by our own Church leaders.

In legislation for temperance reform, considerable progress has also been made.

The Dominion Parliament has considerably improved the Canada Temperance or Scott Act, so that it is being more effectively enforced in some parts of the Eastern Provinces.

The struggle for Provincial Prohibition, provincially enforced, is still on in Nova Scotia, and it would seem that the temperance forces, led by Rev. H. R. Grant, are gaining ground. Meantime a special movement is in progress in Halifax for further restriction of licenses, and for a better observance of the License Law.

In New Brunswick the new Government has committed itself to the Provincial enforcement of both the Scott Act and the Provincial License Act. It has also amended the latter Act so as to make it more easily enforceable and has given to municipalities, parishes, and wards, the right of local veto on a simple majority vote. One result has been that a campaign for Local Option has been carried on in the Wards of the city of St. John, N.B., with the result that Local Veto carried in three out of the four Wards voting. In this campaign, Rev. A. A. Graham, B.D., a member of our Board, was the recognized leader.

The Moral and Social Reform Council of New Brunswick has submitted to the Government a slight modification of the policy of our Church, as adopted by last Assembly, for its consideration, and there seems a good prospect of uniting all the forces, including the Roman Catholics and Anglicans, on this ground.

In Quebec many licenses have been cut off as in Quebec City and Montreal, and the Provincial Government is showing increased activity, and growing firmness in enforcing the Law. 664 of the 1,008 Municipalities are under Local Veto.

In Ontario 52 licenses in 21 municipalities were during the year cut off by local veto, and about 50 by licenses reduction, and 40 by action of License Commissioners. In 334 out of 807 municipalities in the Province now there are no bar-rooms nor liquor shops.

The Legislature has again improved the Law. The main purpose of the Bill was to perfect the enforcement machinery rather than to restrict further the liquor traffic. The sale of liquor by brewers in Local Option municipalities is absolutely prohibited, and the sale under a Brewer's Warehouse License is not only prohibited in Local Option municipalities, but it is provided that no liquor should be sold to unlicensed persons in places of less than 4,000 population. Provision is made for granting permits to inspected hotels in municipalities where no liquor licenses are issued. The penalty for a first offence of selling without license is increased from a fine of not less than \$50, or more than \$100 and costs, to a fine of not less than \$100 or more than \$200 and costs. Minors can be compelled to state who furnished them with liquor. Power is given to inspectors, police, and other peace officers to seize liquor in transit or in course of delivery, if he believes such liquor is intended to be sold or kept for sale in violation of law. The License Commissioners are given power to withhold license from clubs, at their discretion.

Manitoba Legislature has also during the year removed certain weaknesses and has given the people one of the most effective local veto measures to be found in Canada. The number of municipalities now free from the burden of the bar-room is 36 out of 128, as compared with 28 a year ago, and this year there is the brightest prospect of the number being doubled. The temperance reform in Manitoba is being directed by the Moral and

Social Reform Council, of which Rev. Principal Patrick, D.D., is President, and under his statesmanlike leadership, the Roman Catholic, Anglican, Lutheran, Methodist, Baptist, Congregational, and Presbyterian Churches, as well as the Trades and Labor bodies, and the Royal Templars and Good Templars, are all heartily co-operating in the promotion of this and other moral reforms. This great federation has already flooded the Legislature with petitions for the abolition of the bar-room, in line with our Church's policy, and with such effect that the politicians admit that this cry has entered the arena of practical politics.

While Saskatchewan Legislature greatly improved the License Act in its local veto and other features as commended by last Assembly, there has been since a slight retrogressive step taken in restoring to bar-rooms in cities thirty minutes out of the ninety then cut off from the hours of sale, and in granting of licenses to clubs. The Moral and Social Reform Council in this Province also has charge of the Temperance Reform, and, as it is securing the services of a capable Secretary, decided progress seems assured in the near future.

In Alberta, while no progress has been made in legislation during the year, much has been done through the Temperance and Moral Reform League, as led by Rev. W. G. W. Fortune, in informing and arousing public opinion, which in the near future is likely to bear fruit.

In British Columbia, the people have petitioned the Legislature for the right of local veto on the local option method. The Government has promised to take a plebiscite to ascertain whether a majority of the people of British Columbia believe in the principle or not, and meantime the Legislature has directed a Royal Commission to investigate the liquor question in British Columbia, and to report upon the working of the Gothenburg System in Scandinavia. Meanwhile the public opinion of British Columbia is rapidly taking form against the traffic in intoxicants and especially against the bar-room. The men in the traffic know this and are using the weapons of intimidation and the boycott to prolong their day of opportunity.

That inasmuch as difficulty has been experienced in properly enforcing the prohibition law in Prince Edward Island because outside liquor dealers can ship into the province to illicit vendors and to private individuals at will;

And inasmuch as the Legislative Assembly of Prince Edward Island has unanimously petitioned the Parliament of Canada to legislate so as to prevent this inter-Provincial traffic, nullifying as it seems to do the will of the people of Prince Edward Island;

Therefore resolved that the General Assembly respectfully requests Parliament to give effect to the petition of the Legislative Assembly of Prince Edward Island.

3. THE SUPPRESSION OF GAMBLING.

The Reports give no evidence that gambling is prevalent throughout the country as a whole. Some complain of the custom of playing cards for prizes, which is cultivating the gambling spirit in the homes of the people. This is strongly condemned. The crucial point in the gambling situation is professional race-track betting. Canadian law, as at present interpreted, allows pool-selling or bookmaking on our race-courses, provided that the bookmaker does not occupy a particular place, but moves about from one spot to another. This technicality allows the whole business of professional gambling at the race-meets to be carried on as before. In this connection, it is interesting to note that the states of New York, Missouri, Illinois, New Jersey, California, and Louisiana, all containing great racing centres, have enacted laws prohibiting professional gambling on race-courses. The result is that these people driven out of nearly all the States in the Union, are making Canada their happy hunting-ground.

Your Board has steadily pressed for the enactment by our Parliament of an Amendment to the Criminal Code that will outlaw the business of gambling altogether. So far our request has not been granted, but there is every probability that the matter will be introduced and forced to an issue at the next session of Parliament.

4. THE SUPPRESSION OF SOCIAL VICE.

Your Board has given special attention to the subject of social vice in all its bearings. One of its leaflets deals with "The White Slave Traffic" which has on this continent reached such proportions, that Hon. E. W. Sims' estimate is reasonably within the facts when he says that no less than 15,000 girls are imported annually and literally sold or allured into bondage and held by force to enrich a syndicate of inhuman brutes, who are engaged in this diabolical business. In addition to these, numbers of others, native born, are allured into a life of shame in dens of vice. To all this accursed business, Canada contributes her full share.

The Moral and Social Reform Council has been asked, and will doubtless undertake to devise some plan for organized effort to protect unchaperoned girls entering our ports from being caught in the net of the heartless agents of these traffickers in human virtue and life.

There are also certain feeders of this horrible traffic which have received the special attention of your Board. One of these is the traffic in immoral literature, pictures, and books. Some of it is only suggestive and is perhaps the more dangerous on this account. Much of it is as vile as depraved inventiveness and ingenuity could possibly devise. It is sold secretly in certain news-stands, barber shops, cigar stores, pool-rooms, bar-rooms, or on the street, by men who will sacrifice and risk anything for money. The profits are enormous. One little pamphlet which could not cost more than two or three cents, was sold regularly at one dollar, and cards and other prints costing half-a-cent, sell for from ten to twenty-five cents. Your Board was instrumental in having seized and put out of circulation 30,000 of such prints in Toronto. Equally large quantities have been seized and destroyed in Winnipeg and Montreal. Several men are in prison in consequence. One who seems to have been the king of these vile traffickers in moral and mental poison is serving a sentence of twenty-three months. He was caught redhanded in the manufacture and sale of indescribably vile material, the like of which it is doubtful if ancient Rome in her worst days knew. Christian parents should keep the closest possible watch upon their children lest they be found secretly poisoning the fountain of life by reading or gazing upon these abominations.

Another feeder of the White Slave Traffic is the cheap place of amusement and the lower grade of theatres. Some of the entertainments are harmless, some of them perhaps helpful, but it is impossible to know when the most shady or the most poisonous are to be presented. Neither children nor controllable youths should ever be allowed to attend these places unchaperoned by their parents or by the most trusted and sensitive moral guardians.

Your Board having found the serious need of certain amendments to the Criminal Code, has asked the Government to introduce and have enacted such legislation as will (a) make open and scandalous adultery and lewd cohabitation offences, (b) make adequate the penalties for procuring for immoral purposes, and (c) make the having in possession of immoral or obscene literature, pictures, etc., a crime under heavy penalties. The Government has introduced an Amendment to the Criminal Code embodying the second and third enactments asked for, but so far has refused the first. For the ground gained we are profoundly thankful, but no one who believes in the sanctity of marriage can be satisfied until the first is also placed on the Statute Books of the country.

Your Board desires to acknowledge its debt of gratitude to the Departments of Customs and the Post Office for the heartiest co-operation in dealing with the questions of immoral literature, pictures, books and amusements, which really left nothing to be desired.

Your Board has joined with the Boards of the other Churches in a campaign against the policy of segregating and tolerating social vice. The Moral and Social Reform Council representing all the denominations and moral reform forces of the country, has pronounced emphatically in the same direction. This system we found in effect in the Yukon, and in nearly all the Provinces, and in many of our great cities. Needless to say the attempt to regulate only aggravates the malady. The first to respond to our efforts has been the Ontario Government which is now carrying out a vigorous policy of suppression. Saskatchewan is now taking action along the same line. We hope that this example will

be followed by the other Provinces. A strenuous campaign, led by the Rev. Arthur French, has recently been waged in Montreal where a most systematic attempt had been made along these lines. Winnipeg inaugurated the same reform sometime ago. It is most necessary that our religious leaders utter their convictions on this subject with no uncertain sound, and that our people show the authorities that they will tolerate no further trifling with this great issue.

Other subjects that your Board has given careful attention to and has still in hand are: (1) the more adequate protection of the Indians against immorality, (2) The protection of children against employment in too tender years, (3) Compulsory attendance at school of children under fourteen, (4) the protection of women wage-earners against being compelled to labour over long hours, for inadequate remuneration, or in unsanitary or sweat-shop conditions, (5) the protection of unskilled labourers of all nationalities against needless danger, extortion and other shameful abuse in construction and lumber camps, (6) the promotion of purity in politics.

The Assembly will be glad to know that the Church of England in Canada, and the Baptists of Canada have since last Assembly appointed Standing Committees on Moral and Social Reform, and that these and the Methodist Church have shown a disposition to co-operate heartily with your Board in all its work.

The Moral and Social Reform Council of Canada as endorsed by last Assembly, has completed its organization and been of great service in the study and promotion of the various reforms claiming the attention of your Board. Under the same Constitution, Provincial Moral and Social Reform Councils have been formed in all the Provinces excepting Quebec, and are doing excellent work in dealing with reforms requiring attention in their respective Provinces.

Your Secretary has sought to do all possible adequately to interpret the Church to the workingmen and the workingmen to the Church. He attended with Rev. R. W. Ross and Principal Magill, many of the Sessions of the Trades and Labor Congress of Canada, which met at Halifax in September last, and addressed it. He was enthusiastically received as representing a Church that by official action has shown that it cares for the struggling masses and wants to be of assistance in righting their wrongs and helping them to rise to as high a level of life as possible. In this part of its work, your Board would gratefully acknowledge its debt of gratitude to Mr. Frederick Urry, who as a labour leader was last year made a member of the Board, and whose counsel has been of much value.

FINANCES.

The response to our appeal for financial help is disheartening. With a great field opening up before us we find ourselves curtailed by utterly insufficient funds. We estimated our yearly requirements at \$10,000. We expended last year \$6,546.50, and we received from the the Church \$4,322.39. This means that no forward movement can be made this year. The fields are white unto the harvest, the labourers are many, but we cannot provide them with implements for their work. We do not attribute this to indifference on the part of the Church. We believe our ministers and people are deeply interested in our work, but the fact that this is a new Scheme has led to its being overlooked. At the same time, unless our efforts receive adequate financial support this year, the work will be hopelessly embarrassed, and the Church will be guilty of a breach of faith with our Secretary. When he was called to the work, it was urged upon him that he would be freed from the necessity of providing for funds, and could, therefore, give his whole time and energy to the work of moral reform. So far we have not lived up to this understanding. This is not a large money spending department, and can never be. The amount we need is small. The effect of our work is to aid the other Schemes and quicken public interest in them, but the amount we ask for is absolutely necessary. To provide for the deficit and to carry on the work without expansion for the current year, we shall require a minimum of \$11,000.

GEO. C. PIDGEON,
Convener.

THE BOARD OF MORAL AND SOCIAL REFORM SUPPLEMENTARY REPORT, 1909

To the Venerable the General Assembly:

Fathers and Brethren,—The following Supplementary Report, giving information that was not available at the time of the drafting of the Report itself, is respectfully submitted.

1. REGARDING THE ENFORCEMENT OF LAW IN THE YUKON

To the statement made under "Sabbath Observance" in the main Report, that "The Lord's Day Act is now not only in force, but enforced in the Yukon," must be added a statement based upon letters of date 24th April that the Criminal Code in its bearing upon prostitution, is being rigidly enforced. Major Wood, the Commissioner in command of the Royal North-West Mounted Police for Yukon Territory, states that the attitude of the Police toward the enforcement of the laws against prostitution, is that "We will prosecute on every occasion when we can secure evidence to warrant a reasonable expectation of securing a conviction." He states also that certain remarks, widely published, made by Mr. Justice Dugas, in August last, expressing approval of the policy of "toleration" in regard to prostitution, must be understood as expressing the Judge's own opinion, and that they do not represent the attitude of the police, which is one of uniform and rigid enforcement of the law wherever it is possible to secure convicting evidence. He further states that "There are no women known to be prostitutes in Dawson," and that "certain women under suspicion, residing on the Creeks and in Klondike City, are closely watched, with the view of securing evidence that will make conviction possible. He further asserts that "The Customs Officers at the Summit and Forty Mile, have recently been appointed Immigration Agents under the Immigration Act, for the purpose of preventing undesirables from entering the Territory" and he adds "I have no hesitation in saying that these appointments have been most beneficial."

These statements by Major Wood, are endorsed as correct by the Roman Catholic Anglican, Presbyterian, Methodist clergy, and the ensign in charge of the work of the Salvation Army, their statement regarding the satisfactory enforcement of law being made to apply to the Lord's Day Act and the Liquor Laws, as well as to the Criminal Code in regard to Social Vice. The ensign in charge of the work of the Salvation Army is conducting services in Klondike City for the special benefit of the women resident there, and preaching to them the Gospel. This would indicate that he is in the best possible position to know all the facts of the case. He in particular asserts that "No one knows better than these same women that they are not 'tolerated' and they full well know that the first chance the police get that warrants their doing so, they will be hauled up and prosecuted." And he adds, "I do not see what more could be done than Major Wood and his worthy assistants are doing at the present time, unless they go and drive every woman in Klondike into the hills, on suspicion. That would hardly be right, would it?"

These statements indicate that the police are honestly endeavouring to do their duty but that they are seriously handicapped by the fact that Amendments asked by them and by this Board, making notorious adultery and lewd cohabitation offences under the Code, have not yet been enacted.

2. REGARDING MORAL REFORM IN THE KOOTENAY.

The Assembly will be gratified to know that those saloons and bar-rooms in the Interior of British Columbia, until recently open on the Lord's Day are now closed, with the possible exception of two or three places, and that it would seem general orders have been issued by the Department of the Attorney-General, to this effect.

It is most gratifying also to be able to say that the Government of British Columbia has announced its intention of enforcing the Lord's Day Act against professional Sunday sports. This warrants us in entertaining the expectation that the Lord's Day Act will in the not distant future be enforced in all its bearings in the Pacific Province, as it is in all the other Provinces of Canada.

Immediately following the great Evangelistic Campaign, the Christian forces throughout the Kootenay have been organized in Moral and Social Reform Councils, which are setting themselves to the enforcing of the Criminal Code in its prohibition of gambling and social vice, and have already, to a large extent, succeeded.

It appears, therefore, that there is quite as much reason to be concerned about the thorough enforcement of laws having a moral bearing, in Eastern Canada, as in the extreme West and North.

3. AMENDMENT TO CRIMINAL CODE.

The Assembly will be glad to have before it the text of the Amendments to the Criminal Code, recently passed by Parliament, dealing with the penalties for procuring for immoral purposes, the having of immoral literature in possession for sale; and the operation of opium joints. They are as follows:—

The Code is amended in—

Section 207—By repealing paragraph (a) of subsection 1 thereof and substituting the following paragraph:—

"(a) makes, manufactures, or sells, or exposes for sale or to public view, or distributes or circulates, or causes to be distributed or circulated, or has in his possession for sale distribution, or circulation, or assists in such making, manufacture, sale, exposure, having in possession, distribution or circulation, any obscene book or other printed, typewritten or otherwise written matter, or any picture, photograph, model or other object tending to corrupt morals, or any plate for the reproduction of any such picture or photograph."

(Note—The words *italicized* are new.)

Section 216—By striking out the word "two" in the second line thereof, and substituting the word "five."

(Note—Increases the maximum punishment for procuring from two years' to five years' imprisonment.)

Section 227—By inserting immediately after it the following Section:—

"227A.—An opium joint is a house, room or place to which persons resort for the purpose of smoking or inhaling opium."

(Note—This Clause and Clause 642A and the proposed amendments to Section 228 may be regarded as complementary to chapter 52 of the Statutes of 1908, which prohibits the importation, manufacture, or sale of opium except for medicinal purposes.)

Section 228—By repealing subsection 1 thereof and substituting the following subsection:—

"Everyone is guilty of an indictable offence and liable to one year's imprisonment,

who keeps any disorderly house, that is to say, any common bawdy-house, common gaming-house, common betting-house, or opium joint, as hereinbefore defined."

(Note—See Note to 227 A. The words *italicized* are new.)

Section 642.—By inserting immediately after it the following Section:—

"642 A. The provisions of sections 641 and 642 shall apply to searches in opium joints and to the seizure of devices, pipes, or apparatus for preparing for smoking or inhaling, or for smoking or inhaling opium, and all couches, beds and chairs in such joints, and to the proceedings thereupon."

(See Note to 227A.)

Section 226—By inserting immediately after it the following Section:—

"228A. Everyone is guilty of an indictable offence and liable to six months' imprisonment who is an inmate or habitual frequenter of a common bawdy house."

(Note. This offence under the Code is punishable on summary conviction. It is, however, treated as an indictable offence in Part XVI, "Summary trial of Indictable offences." It is no doubt indictable at common law, and for the sake of uniformity it is proper that it should be made indictable by an express provision in the Code (See the proposed amendments to sections 773 and 774).

4. RESOLUTIONS.

The following recommendations adopted by the Board are submitted for the consideration and adoption of the Assembly:—

(1) The General Assembly has heard with gratification of the improvement in the enforcement of laws having a moral bearing, and of the disposition shown by the Attorneys-General of almost all the Provinces to insist upon police and Police Commissioners doing their official duty faithfully.

(2) The Assembly has heard with horror and shame of the extent of the traffic in girls for immoral purposes, commends the diligence of the Board in seeking to bring to account the heartless traffickers, and to warn or rescue their victims, earnestly protests against the disposition shown by some Judges, Magistrates, and Police Commissioners or Constables, to "license," "segregate," or "tolerate" a vice sinful in the sight of God, loathsome in itself, and criminal in terms of the Laws of Canada, and of almost all civilized nations, and expresses the conviction that "discrimination" alike in social life and in the administration of justice against the weaker and usually less guilty sex, is unjust and indefensible, and is responsible for much of the difficulty in suppressing prostitution, and earnestly calls upon all concerned to do everything possible to see that men offenders are punished as uniformly and severely as women.

(3) The Assembly commends the Minister of Justice and the Government in leading Parliament to amend the Criminal Code prohibiting opium joints, and strengthening the laws against the traffic in immoral literature, and increasing the penalty for the awful crime of procuring for immoral purposes.

(4) That—

Whereas the Courts have interpreted the Clauses of the Criminal Code intended to prohibit professional book-makers from negotiating bets, in such a way as to make this lawful on a race-track if the book-maker moves about, while unlawful if he remains in any building, booth, or place, thus at once defeating the manifest intention of Parliament and making the law ridiculous;

And Whereas the State of New York, as well as most other American States, has recently put an end to all such professional gambling, leaving Canada almost alone on the

Northern half of the Continent as legalizing this vice, and making the Dominion the dumping-ground and her race-tracks the chief rendezvous of gamblers and other criminals from all over the Continent;

And Whereas our boys and young men, in thousands, are in consequence being publicly schooled in vice and crime, ruining their characters and destroying the happiness of countless hearts and homes;

And Whereas this Board of Moral and Social Reform, co-operating with the authorities of all other Churches and sympathetic organizations, has for two years been pressing the Dominion Government to ask Parliament to amend the Code making the original intention clear.

And Whereas the request is in the judgment of the Assembly extremely modest and reasonable.

Therefore, Resolved that the Assembly expresses its strong sense of disappointment, and indignation on learning that the Government has refused to accede to this request, though repeatedly and respectfully pressed, and insists that the Government bear full responsibility for the injury thereby done to the good name and highest well-being of our fair Dominion, and earnestly calls upon all who respect the Assembly's authority and judgment to join in awakening public opinion in all parts of Canada, and bringing every legitimate influence to bear upon the Members of Parliament and the Government until action is taken to right this great and serious wrong.

(5) *Whereas* the Assembly has learned with surprise that "habitual, open and notorious adultery, and habitual, open and notorious lewd cohabitation" are not unlawful in the present state of the Criminal Code of Canada;

And Whereas these scandalous vices are unlawful in most American frontier States;

And Whereas in consequence great numbers of those guilty of these offences are flocking across the line and making Canada a refuge where they can continue their vicious lives under the aegis of the Union Jack.

And Whereas the number of those disposed so to live is being rapidly and alarmingly augmented from the ranks of immigrants from Europe and the Orient, thus endangering the sanctity of marriage and the foundation of national virtue.

Therefore the Assembly would respectfully urge the Government to ask Parliament to amend the Code so as to protect Canadian society and morals against this grave peril.

(6) The Assembly is gratified to know that the Moral and Social Reform Council of Canada has completed its organization, thus making possible the hearty and effective co-operation of all the Christian and moral reform forces of the Dominion and of the Provinces in the interests of national righteousness and well-being, and authorizes the Board to see that from time to time the Assembly is worthily represented on the Council of Canada.

(7) The Assembly is pleased to observe the growing usefulness of the Lemieux Act in preventing strikes and promoting industrial peace and goodwill as between employers and employees, and notes with special pleasure the frequency and success with which Ministers of the Church are entrusted with the responsibility of serving on Conciliation Boards.

(8) The Assembly deeply regrets the inadequate support of the vitally important work the Board is called to do. Authorizes appeal to be made to the Church for \$11,000 for the work of the current year, and earnestly commends the work to the support of all our congregations, Missions, and people generally.

REPORT OF THE COMMITTEE ON EVANGELISM.

To the Venerable, the General Assembly:

The Committee on Evangelism beg to report as follows:

The experience of your Committee during the past year abundantly justifies the wisdom of the General Assembly in making Evangelism a distinct department of the work of the Church. Almost immediately upon the organization of the Committee, the need of evangelistic work became evident from the numerous appeals for aid that came in from all parts of the Dominion. It is a sign of life in our Church that everywhere there is a deep longing for a fuller experience of the presence of the Spirit of God in the saving of men. This cry for help that came into the Committee's ears—and it is a cry indeed, —is a cry from the living; the dead utter none.

The Church exists for the purpose of evangelizing the world. The Church that ceases to be evangelistic ceases to be Christian. The minister that is dead to the spirit of evangelism has lost touch with his Lord. The congregation from which the spirit of evangelism has died, thereby demonstrates its need to be evangelized.

While in comparison with the work to be accomplished only a small beginning has been made, yet your Committee feels bound to acknowledge that under God marvellous things have been accomplished.

The Committee was organized in three sections, and from each of these sections a most cheery report has been returned. The Convener of the Eastern Section, Rev. Anderson Rogers, of Amherst, N.S., reports that Synodical and Presbyterial Conferences were held, a Committee appointed, circulars issued to Sessions and ministers, with the result that throughout the whole Synod an eager and hopeful spirit has been aroused. Various evangelistic campaigns were carried on both by our own ministers and by evangelists from abroad, and plans were made for larger work in the coming year. From this Synod was received \$618 to aid the Committee in the Kootenay Campaign.

The Rev. Dr. McTavish, Convener of the Central Committee, presents a full and interesting report of the work done in his district. An ominous and impressive paragraph from Dr. McTavish's report emphasizes the need of a deeper spiritual life. Eighteen out of twenty-seven Presbyteries reported last year a decrease in the number of members received on confession of faith. In the Synod of Montreal and Ottawa the decrease was 109, in the Synod of Toronto and Kingston 755, in that of Hamilton and London 511, a total decrease in this district of 1,375.

The Central Committee, however, set itself resolutely to work. Conferences were held, committees appointed in all the Synods and in almost all the Presbyteries in this district. In 62 congregations special evangelistic services were held. These were varied in type and in results. In connection with the Simultaneous Campaign conducted by Messrs. Chapman and Alexander in Orillia, Paris, Galt and Brantford, the report speaks with profound gratitude. In these places it may be truly said that the Lord has visited His people.

An interesting experiment in the way of congregational evangelism was tried in east and central Toronto. The striking feature in this campaign was the employment of local ministers and elders of our Church. The results were in many cases truly remarkable. In connection with and following these campaigns, there were meetings held for the deepening of spiritual life. These took the form in some congregations of a week's pre-communion

services, while in Berlin and Waterloo successful institutes for Bible study were held. As a result of the experiment in Toronto, simultaneous campaigns were planned for Presbyteries in the Central District.

In the Western District, of which Rev. Clarence Mackinnon, D.D., is Convener, conferences were held in both Manitoba and Saskatchewan Synods. It was in connection with the first of these conferences that the suggestion was made which resulted in the experiment tried for the first time in the history of evangelistic effort, at least in Canada, of a Simultaneous Presbyterial Evangelistic Campaign. The success of this campaign, which was beyond every expectation of those engaged in it, was due humanely speaking, to the enthusiastic and united co-operation of the members of Minnedosa Presbytery under the leadership of its Moderator, Rev. H. G. Crozier, of Hamiota, and to the efficient aid rendered by ministers from the city of Winnipeg and neighbouring Presbyteries organized by the Western Committee under the able administration of its Convener Dr. Mackinnon.

The Western Committee makes special and grateful mention of the ready help and the splendid service rendered by Dr. McTavish and Rev. James Murray, of Toronto, in the Minnedosa Campaign, and of the willingness of their Sessions and congregations to put the services of these brethren at the disposal of the Committee.

The report of this Minnedosa Campaign has already been published in leaflet form and is in the hands of your Committee for distribution.

But of all the work attempted by the Committee during the past year, that planned and carried out in the South Kootenay country is by far the most impressive. The suggestion of a campaign that should sweep through a whole section of country was made during the meeting of the Committee of the Western Section at the Synod of Saskatchewan. The account of this campaign will be fully given in leaflet form. It will be sufficient here to say that as ever, the Lord God of our salvation granted His people exceeding abundantly above all they could ask or think in the manifestation of the power of His Spirit through the Gospel in the South Kootenay. With fear and trembling your Committee planned this work. The entrenched forces of evil had so long driven the Church into a purely defensive attitude, but in earnest prayer and with faith in God the campaign was initiated. From the very commencement, yes and before the commencement, the effects of the campaign were seen. The members of the Christian Church of all denominations were drawn together by a new bond, and were organized for definite service, and the spirit of determination seized the churches everywhere to do battle for their cause.

It is not a part of the policy of your Committee to publish results in statistical form, but for the glory of God and for the encouragement of His people it is right that the Church should know that both by those engaged in the campaign and by those who observed its effects from without, the conviction is held that the South Kootenay will never be the same again. In its churches a new courage, a new hope, a new sense of power and a new passion for the lives of men have been aroused. In the world outside, evils long triumphant have been either driven out of their intrenchments or have been made to assume a very humble attitude. While large numbers of men and women testified to the saving powers of Jesus Christ. The campaign was attended by a great volume of prayer from all parts of the Canadian Church, and your Committee feel that it is fitting that everywhere praise should ascend to God for the marvellous things that He has done.

Your Committee would make special mention of the services rendered voluntarily by a number of the Chapman-Alexander Evangelistic Band. It would be difficult to speak too highly of the splendid work done by these brethren.

An interesting letter from Mr. E. G. Chapman, a brother of Dr. Chapman, attributes much of the success in this campaign to the splendid organization of the work by the Committee and the Kootenay Presbytery, and makes special reference to the great and valued labours of Dr. Shearer. In this connection Mr. Chapman writes as follows:

"I was surprised as I went about from place to place to see how well Dr. Shearer

had been able to bring about the union among the churches, which had apparently been more or less antagonistic heretofore, and yet in almost every place we found them working harmoniously together, in fact, were told more than once that the fact that this Campaign was brought on by the Presbyterian denomination was what made it a success, as the different denominations would never have united had it been put forward by any other.

"I think Dr. Shearer's work was splendid throughout the entire district, and without the preliminary working and planning done by him, I do not think much could have been accomplished, as the places are so remote one from the other. Considering the difficulty of travelling, emergencies would have arisen and passed before any advice or instructions from the field could have been received, so that much of the success of the work is due to Dr. Shearer's forethought and foresight.

"I want to bear testimony to the high character of the men from your churches, who were engaged in the work, and since talking with them, am convinced that not the least results will be the reflex influence upon those engaged in it, quickening their interest in Evangelistic work."

Your Committee feel that it would be an unpardonable omission if it should fail to record its grateful sense of the importance of the service rendered in this Campaign by Mr. E. G. Chapman himself whose services were given without remuneration and involved great personal sacrifice to himself.

Your Committee venture to offer the following recommendations:

1. That the General Assembly record its gratitude to Almighty God for His great mercy granted to our people in the special outpouring of His Spirit in connection with the evangelistic services conducted in different parts of the Dominion throughout the past year.

2. That the General Assembly re-appoint a Committee on Evangelism, and warmly commend the work to the sympathies, the liberality and the prayers of the membership of the Church.

3. That the General Assembly record its grateful sense of the value of the services rendered by Messrs. Chapman and Alexander and members of their Band in Evangelistic campaigns conducted in Orillia, Paris, Galt and Brantford, and especially in the Kootenay country. The Committee assure the Convener of the American Committee on Evangelism, Mr. John H. Converse, and the members of that Committee that it very greatly appreciates the kindly and fraternal spirit that prompted this co-operation and the generous support given in this work by our brethren in a sister Church.

4. That while not confining its approval to any particular form of evangelism, the General Assembly would specially commend the simultaneous plan for Presbyteries or sections of Presbyteries as may be deemed advisable.

5. The General Assembly's Committee is instructed to make as large use as possible of the ministers, choir leaders and singers of our own Church in connection with evangelistic campaigns, and would urge Sessions and congregations to grant them such leave of absence as would enable them to co-operate in evangelistic work to which they may be called.

7. Finally, the General Assembly recommends that in connection with any evangelistic mission the greatest care be taken by pastors and Sessions in the preparation for

the same, and especially in the conserving of the results, and to this end would advise that classes and institutes for the systematic study of the Bible and for prayer as well as for the quickening of an intelligent interest in and devotion to the mission work of the Church, be established.

All of which is respectfully submitted.

CHARLES W. GORDON,
Convener.

CORRESPONDENCE WITH THE CHURCH OF ENGLAND
IN CANADA.

I.

REPORT OF THE COMMITTEE OF THE CHURCH OF ENGLAND SYNOD ON
CHRISTIAN UNION.

"The Joint Committee on Christian Union, appointed at the last General Synod met in London, Ontario, on October 10th, 1906, and in Toronto on February 19th, 1908. The principal subject under discussion at both sessions was the communication from the Joint Committee of the Presbyterian, Methodist and Congregational Communions on Church Union, addressed to the Archbishops and Bishops of the Church of England in Canada, and submitted to the Committee on Christian Union by the Episcopal members of this Committee.

The Committee is impressed with the earnestness and spirit of the invitation and the

gravity of the subject; and, remembering the pronouncement of the last Lambeth Conference urging "the Bishops of the several Churches of the Anglican Communion to appoint committees and to watch for and originate opportunities of united prayer and mutual conference between representatives of the different Christian bodies," the Committee welcomes the communication, and suggests that a suitable delegation be appointed to confer with the above-named Joint Committee, providing that Committee is willing to treat with us along the lines laid down by the Lambeth Conference of the present year, and understands that no action agreed upon by the delegation can become binding on the Church of England in Canada until approved by the General Synod, acting in full accord with the Anglican Communion throughout the world. Moreover, the Committee is of the opinion that there is no serious obstacle to union as regards the first articles of the Lambeth Quadrilateral, and believes that the time has come when an earnest effort should be made to find out the possibility of the acceptance by these Communions of the historic episcopate.

This Synod hereby adopts the following resolutions, passed by the Lambeth Conference of the present year, viz., Nos. 75, 76, 77, and 78.

75. The Conference received with thankfulness and hope the report of its Committee on Reunion and Intercommunion, and is of the opinion that, in the welcome event of any project of reunion between any Church of the Anglican Communion and any Presbyterian or other non-Episcopal Church, which, while preserving the faith in its integrity and purity, has also exhibited care as to the form and intention of ordination to the ministry reaching the stage of responsible official negotiation, it might be possible to make an approach to reunion on the basis of consecrations to the Episcopate on lines suggested by such precedents as those of 1610. Further, in the opinion of the Conference, it might be possible to authorize arrangements (for the period of transition towards full union on the basis of Episcopal ordination) which would respect the convictions of those who had not received Episcopal orders, without involving any surrender on our part of the principle of Church order laid down in the Preface to the Ordinal attached to the Book of Common Prayer.

76. Every opportunity should be welcomed of co-operation between members of different Communions in all matters pertaining to the social and moral welfare of the people.

77. The members of the Anglican Communion should take pains to study the doctrines and position of those who are separated from it, and to promote a cordial, mutual understanding; and, as a means towards this end, the Conference suggests that private meetings of ministers and laymen of different Christian bodies for common study, discussion and prayer should be frequently held in convenient centres.

78. The constituted authorities of the various Churches of the Anglican Communion should, as opportunity offers, arrange conferences with representatives of other Christian Churches and meetings for common acknowledgment of the sins of division and for intercession for the growth of unity.

Finally, the Committee believes that organic unity, such as contemplated, would result in a higher and truer conception and realization of the Christian ideal, and therefore that no opportunity should be lost in seeking it, and no sacrifice consistent with legitimate adherence in principle should be spared.

(Signed) A. H. QUEBEC.

The above report was adopted by both Houses of the General Synod, and the following resolution in furtherance of the object was also adopted:

That this Synod considers it advisable to invite the co-operation of other Christian bodies within the territory comprised in the jurisdiction of this Synod in the furtherance of the following objects:

(a) The more effective co-operation in Christian, social and moral reform work.

(b) The promotion of necessary legislation for objects of common interest.

(c) The encouragement of a spirit of brotherhood and unity among all denominations of Christians, with a view to their ultimate corporate reunion.

(d) Such other objects as the several participating or allied bodies may from time to time agree upon.

And that a standing committee, composed of members from each House, be appointed to invite, meet, consult, and act in concert with similar delegations from the other Christian Communions, and to report from time to time to this Synod. On recommending concurrence in the message of the Upper House, it must be understood that this House expresses no approval of, or opinion in regard to, the reference to "the precedents of 1610," mentioned in the seventy-fifth resolution of the Lambeth Conference.

The above-mentioned committee is composed of the following:

The Bishop of Quebec, Quebec, Que.
The Archbishop of Rupert's Land, Winnipeg, Man.
The Bishop of Columbia, Victoria, B.C.

LETTER FROM THE BISHOP OF QUEBEC.

"BISHOP THORPE," QUEBEC, Dec. 1st, 1908.

To the Rev. Principal Patrick, D.D.:

Reverend and Dear Sir,—At the meeting of the General Synod of the Church of England in Canada, held in Ottawa last September, a resolution was passed authorizing the Synod's Committee on Christian Union to send delegates, as requested, to the conferences of the 'Joint Committee on Church Union, representing the Presbyterian, Methodist and Congregational Churches in Canada,' as long as the Joint Committee would be willing to remember that our delegates are, of necessity, limited to the lines laid down at the last session of the Lambeth Conference.

Our Committee has not yet had an opportunity of meeting to appoint its representatives, but, as Chairman, I am prepared to call a meeting for this purpose on your assuring me that we shall be welcomed, subject as we are to the above-named limitations, and on your naming the place and date of the next proposed joint meeting.

The reference to the Lambeth Conference is explained by the following resolution, passed by the Bishops:

"75. The Conference receives with thankfulness and hope the report of its Committee on Reunion and Intercommunion, and is of the opinion that, in the welcome event of any project of reunion between any Church of the Anglican Communion and any Presbyterian or other non-Episcopal Church, which, while preserving the faith in its integrity and purity, has also exhibited care as to the form and intention of ordination to the ministry, reaching the stage of responsible official negotiation, it might be possible to make an approach to reunion on the basis of consecrations to the Episcopate on lines suggested by such precedents as those of 1610.* Further, in the opinion of the Conference, it might be possible to authorize arrangements (for the period of transition towards full union on the basis of Episcopal ordination) which would respect the convictions of those who had not received Episcopal orders, without involving any surrender on our part of the principle of Church order laid down in the Preface to the Ordinal attached to the Book of Common Prayer.

"76. Every opportunity should be welcomed of co-operation between members of different Communions in all matters pertaining to the social and moral welfare of the people.

"77. The members of the Anglican Communion should take pains to study the doctrines and position of those who are separated from it, and to promote a cordial, mutual understanding; and, as a means towards this end, the Conference suggests that private meetings of ministers and laymen of different Christian bodies for common study, discussion and prayer should be frequently held in convenient centres.

"78. The constituted authorities of the various Churches of the Anglican Communion should, as opportunity offers, arrange conferences with representatives of other Christian Churches, and meetings for common acknowledgment of the sins of division and for intercession for the growth of unity."

I understand the resolution of the General Synod of the Church of England in Canada to mean that, in any discussion on the subject of the ministry, our representatives should be at liberty to advocate some such plan as is suggested in the above resolutions of the Lambeth Conference.

At the same time, we recognize the fact that you have already had this and other matters under discussion for a considerable time, and that your deliberations may be so far advanced that our participation in them at this stage would only cause delay to negotiations which may be very near to a successful issue. If such should be thought to be the case, we, having been unable to act until now, would be content to await that issue, and perhaps, at a later date, to open negotiations with the united Church which would be the outcome of the present conference.

Trusting and praying that the great God will bless us all in our endeavors after Christian unity,

Believe me, reverend and dear sir,

Yours ever very sincerely,

A. H. QUEBEC."

P.S.—I have sent a copy of this letter to Dr. Sutherland.

*In so far as these precedents involve consecration to the Episcopate per saltum, the conditions of such consecration would require careful investigation and statement.

III.

REPLY OF THE JOINT COMMITTEE.

The Committee appointed to draft a reply to the communications from the Clerical Secretary of the General Synod of the Church of England in Canada, and from the Bishop of Quebec as Chairman of the Committee authorized by the Synod at its meeting held in Ottawa to send delegates to confer with this Committee on certain conditions, beg leave to present the following, and recommend it as the answer to be forwarded by the Secretary of the Joint Committee:

The Joint Committee on Union, consisting of representatives of the Presbyterian, Methodist and Congregational Churches in Canada, have much pleasure in acknowledging the courteous communications from the Secretary to the General Synod of the Church of England in Canada and from the Bishop of Quebec, Chairman of the Committee authorized by the Synod to send delegates to confer with this Committee on certain conditions; and, in doing so, desire heartily to recognize the fraternal spirit expressed in these communications. This Committee cordially reciprocate the desire for:

- (a) The more effective co-operation in Christian, social and moral reform work.
- (b) The promotion of necessary legislation for objects of common interest.
- (c) The encouragement of a spirit of brotherhood and unity among all denominations of Christians, with a view to their ultimate corporate reunion.
- (d) Such other objects as the several participating or allied bodies may from time to time agree upon.

The Joint Committee observe that the report passed by the General Synod provides, among other things, as follows:

"That a suitable delegation be appointed to confer with the above-mentioned Joint Committee, provided that the Committee be willing to treat with us along the lines laid down by the Lambeth Conference of the present year, and understands that no action agreed upon by the delegation can become binding on the Church of England in Canada until approved by the General Synod, acting in full accord with the Anglican Communion throughout the world. Moreover, the Committee is of the opinion that there is no serious obstacle to union as regards the first articles of the Lambeth Quadrilateral, and believes that the time has come when an earnest effort should be made to find out the possibility of the acceptance by these Communions of the historic Episcopate.

"This Synod hereby adopts the following resolutions, passed by the Lambeth Conference of the present year, viz., Nos. 75, 76, 77, and 78:

"75. The Conference receives with thankfulness and hope the report of its Committee on Reunion and Intercommunion, and is of the opinion that, in the welcome event of any project of reunion between any Church of the Anglican Communion and any Presbyterian or other non-Episcopal Church, which, while preserving the faith in its integrity and purity, has also exhibited care as to the form and intention of ordination to the ministry, reaching the stage of responsible official negotiation, it might be possible to make an approach to reunion on the basis of consecrations to the Episcopate on lines suggested by such precedents as those of 1610. Further, in the opinion of the Conference, it might be possible to authorize arrangements (for the period of transition towards full communion on the basis of Episcopal ordination) which would respect the convictions of those who had not received Episcopal orders, without involving any surrender on our part of the principle of Church order laid down in the Preface to the Ordinal attached to the Book of Common Prayer."

This resolution of the Lambeth Conference and the document as a whole seem, in the judgment of this Joint Committee, to require the acceptance of Episcopacy in the ordinary

sense of the term as a prior condition of negotiations for union with the Church of England in Canada. The Joint Committee regret that they are unable to accede to this condition.

While, however, the Joint Committee's interpretation of the proposal submitted by the General Synod appears to be the only interpretation which that proposal will bear, should it hereafter appear from any authoritative source that the Church of England in Canada interprets the Lambeth resolution in a different sense, and is prepared to enter on free and equal terms, into negotiations for union, the Special Committee of this Joint Committee, already appointed for the purpose, will gladly welcome any delegation duly authorized to treat with them as to union. Their pleasure will be all the greater because they heartily concur in the opinion expressed by the General Synod, that there is no serious obstacle to union as regards the first three articles of the Lambeth Quadrilateral, relating to the Holy Scriptures, the great creeds of antiquity, and the Sacraments of Baptism and the Lord's Supper.

A BRIEF HISTORY OF THE UNION MOVEMENT.

The negotiations that have been going on for the last five years, looking to an organic union of the Presbyterian, Methodist and Congregational Churches in the Dominion of Canada, had their origin in the efforts that were put forth during the years 1899 to 1903 to prevent, as far as possible, any unseemly rivalry and any waste of men and means in the mission work which is being carried on by these different Churches, especially in the newer districts of the country.

In 1899, at the request of its Home Mission Committee, the General Assembly of the Presbyterian Church appointed a small committee "to meet and confer with representatives from other evangelical churches, having power to enter into any arrangement with them that will tend to bring about a more satisfactory state of things in our Home Mission Fields, so that the overlapping now complained of may be prevented." This action was communicated to the authorities of the Methodist Church; and the General Conference of that Church, in the autumn of 1902, appointed a similar committee.

These two committees met on three different occasions for the consideration of the problem of co-operation in Home Mission work. As a result of their deliberations, the following resolutions were unanimously adopted:

- "1. That a letter, couched in identical terms, be sent by the Missionary Secretaries, on behalf of the Joint Committee, to the Superintendents of Missions of their respective Churches, and also to the ministers or missionaries in charge of Home Mission Fields, setting forth the action of the General Assembly and General Conference, the views and wishes of the Joint Committee, and the expectation that they will co-operate in all practical ways to promote the end in view. We also recommend that the letters be published in the denominational papers of the two Churches concerned.
2. That the Superintendents of both Churches be strongly urged to keep the principle of comity and co-operation steadily in view, and to apply the same wherever practicable in the arrangement of the work. To this end we recommend that the Superintendents whose jurisdiction covers substantially the same field, meet together at intervals for consultation in the spirit of mutual helpfulness and ready concession, respecting the opening of new fields, or the possible readjustment of fields already occupied.
3. That where a field has been occupied for at least one year by one of the Churches, the Superintendents be recommended to act as far as possible on the principle of non-intrusion, having due regard to the promotion of the Kingdom of Christ, and the interests of the two Churches.
4. That ministers and missionaries of both Churches whose missions cover the same territory, in whole or in part, be recommended to consult, where it seems necessary or

desirable, regarding a possible readjustment of their fields, when that can be done to mutual advantage, and report their views to their respective Superintendents, District Meetings and Presbyteries."

In the meantime a definite proposal for the organic union of the Presbyterian, Methodist and Congregational Churches had emanated from the Methodist Church; the General Conference, at its quadriennial meeting held in the city of Winnipeg in September, 1902, having adopted the following resolution:

"While this Conference declares itself in favour of a measure of organic unity wide enough to embrace all the evangelical denominations in Canada, and regrets that hitherto all efforts and negotiations have failed to result in the formulation of such a comprehensive scheme, so that at present the outlook for it does not seem practicable;

Yet, inasmuch as the problem of the unification of several of these denominations appears to present much less serious obstacles, since their relations are already marked by a great degree of spiritual unity, and they have already become closely assimilated in standards and ideals of church life, forms of worship and ecclesiastical polity;

And since, further, the present conditions of our country and those in immediate prospect demand the most careful economy of the resources of the leading and aggressive evangelical denominations, both in ministers and money, in order to overtake the religious needs of the people pouring into our new settlements, which economy seems impossible without further organic unity, or its equivalent;

This General Conference is of the opinion that the time is opportune for a definite practical movement concentrating attention on, and aiming at the practical organic unity of, those denominations already led by Providence into such close fraternal relations.

And whereas a definite proposal has been discussed to some extent in the press and elsewhere looking to ultimate organic union of the Presbyterian, Congregational and Methodist Churches in Canada, this General Conference, in no spirit of exclusiveness towards others not named, declares that it would regard a movement with this object in view with great gratification, believing that the deliberate friendly discussion of the doctrinal, practical and administrative problems involved, with the purpose of reaching an agreement, would not only facilitate the finding and formulation of a Basis of Union, but would also educate the people interested into a deeper spirit of unity, and into that spirit of reasonable mutual concession on which the successful consummation of such movements ultimately so largely depends.

And this General Conference would further commend this movement to the prayerful interest and sympathy of the Methodist Church, in the devout and earnest hope that, if organic union of the denominations named be achieved, it may be accompanied with great blessings to the Church and to the nation at large and redound to the greater glory of God.

That a representative committee, to be composed of the General Superintendent, seven ministers and seven laymen, be appointed to receive communications on the subject of the foregoing resolutions from the Churches named, confer with committees that may be appointed by such Churches, and report to the next General Conference."

This resolution was submitted to the General Assembly of the Presbyterian Church at its annual meeting held in the city of Vancouver in June, 1903, and by it referred to its Committee on Correspondence with other Churches.

This committee met on the 21st of April, 1904, in conference with the committees of the Methodist and Congregational Churches, when the following resolution was unanimously adopted:

"That this Joint Committee, composed of representatives of the Presbyterian, Methodist and Congregational Churches, assembled to confer together respecting an organic union of the Churches named, would reverently and gratefully recognize the token of

the Master's presence as evidenced by the cordial, brotherly spirit and earnest desire for Divine guidance maintained throughout the entire session.

"While recognizing the limitations of our authority as to any action that would commit our respective Churches in regard to a proposal that is yet in the initial stage, we feel free, nevertheless, to say that we are of one mind that organic union is both desirable and practicable, and we commend the whole subject to the sympathetic and favorable consideration of the chief assemblies of the Churches concerned for such further action as they may deem wise and expedient."

The finding thus arrived at was duly reported to the General Assembly of the Presbyterian Church at its meeting in St. John, N.B., in the following June, and to the Congregational Union of Ontario and Quebec and the Congregational Union of Nova Scotia and New Brunswick in the months of June and July respectively, and committees were appointed by these two Churches to confer on the subject of Church Union with the committee previously appointed by the Methodist Church.

The conveners of the committees thus appointed were: Presbyterian, Rev. Principal Caven, D.D.; Methodist, Rev. Dr. Carman; Congregational, Rev. Hugh Pedley.

It was decided by these conveners that the first joint meeting of the three denominational committees should be held in Knox Church, Toronto, on Wednesday the 21st day of December, 1904.

Previous to that date, the Rev. Principal Caven was removed by death, and his place on the Presbyterian section was taken by the vice-convenor, the Rev. Dr. Warden, who was unanimously chosen to preside over the deliberations of the first conference of the three committees. Two days, of three sessions each, were spent in these deliberations. At the meeting of the General Assembly of the Presbyterian Church in June, 1905, Dr. Warden was appointed convenor of the Assembly's Committee on Church Union, and Principal Patrick, vice-convenor.

When the Joint Committee met for its second conference, in December, 1905, the convenership of the Presbyterian Section was again vacant through death; and the vice-convenor, Principal Patrick, was called upon to fill the place of the late Dr. Warden, as Dr. Warden, one year previous, had been called upon to take the place of the late Principal Caven. The deliberations of the second conference occupied two days and were presided over by the Rev. Dr. Carman.

The convenor of the Congregational section, Rev. Hugh Pedley, of Montreal, being in England when the Joint Committee met for the third time, in September, 1906, the Rev. J. W. Pedley was called to the chair. At this meeting, to which three days were devoted, the Executive reported that, in accordance with a resolution adopted by the General Assembly of the Presbyterian Church in June, 1906, it had been decided "to address a friendly letter to the Archbishops and Bishops of the Church of England in Canada, and to the Chairmen or Presidents of the various Baptist Conventions, explaining the action already taken by the Joint Union Committee, and extending to the authorities of the Churches named a cordial invitation to send delegates to participate in their discussions, should they consider it advisable to do so." This action of the Executive was cordially approved by the Joint Committee.

The Baptist Convention of Ontario and Quebec, in their reply to the invitation addressed to them, set forth the distinctive principles of their Church, and stated that, because of these principles, they considered it "necessary to maintain a separate organized existence," and "to propagate their views throughout the world."

In view of the cordial and brotherly replies sent by the representatives of the Church of England, a special committee was appointed to confer with any delegation that might be appointed by that Church. The question of appointing delegates to meet with that special committee is still under consideration by the General Synod's Committee on Church Union.

At its fourth conference, in 1907, the Joint Committee continued in session from Wednesday the 11th to Monday the 16th of September, under the chairmanship of the Rev. Principal Patrick.

The fifth conference was held on the 9th, 10th and 11th days of December, 1908, and was presided over by the Rev. Dr. Carman.

With the exception of the first, the conferences of the Joint Committee have all taken place in the Metropolitan Church, Toronto.

At the first conference the Joint Committee was subdivided into five sub-committees, charged, respectively, with the consideration of all questions bearing upon the following subjects: Doctrine, Polity, the Ministry, Administration and Law. At each conference the results of the deliberations of the sub-committees were submitted to and revised by the Joint Committee. They were then considered by the denominational sections meeting separately, and again considered by the Joint Committee in the light of any suggestions offered by the denominational sections. As thus amended they were published each year for the information of the negotiating Churches, along with the official report of the Proceedings of the Joint Committee.

Various suggestions have, from time to time, been sent forward by individuals or by Church courts; and these suggestions, whether transmitted through the denominational committees, or coming directly under the notice of the Joint Committee, have all received due consideration.

The negotiations that have been carried on during the past five years have been characterized by a spirit of the utmost brotherliness; and while all matters in dispute have been discussed with the greatest frankness, the members of the Joint Committee have found it remarkably easy to "keep the unity of the Spirit in the bond of peace." Each succeeding conference has deepened their confidence in one another's sincerity and their respect for one another's convictions; and with increasing earnestness they have addressed themselves to the practical task of evolving from their different views and practices the system that would be best adapted to the circumstances and requirements of the Church of Christ in Canada.

One of the last acts of the Joint Committee, on the night of Friday, 11th December, 1908, was the adoption of the following resolution proposed by Principal Gordon, and seconded by Judge Leet:

"This Joint Committee on Church Union, representing the Presbyterian, Methodist and Congregational Churches, in closing their fifth conference, desire to acknowledge with humble gratitude the goodness of God manifested in all their meetings.

In the brotherly spirit of their deliberations, in the harmony of their decisions, in the solution of many difficulties presented to them, they recognize the guidance of the Divine Spirit, and they submit the results of their conference to the Churches represented by them.

They believe that the conclusions to which they have been led in regard to the important interests considered by them show that the organic union of the negotiating Churches is practicable. They assume that ample opportunity will be given, not only to the courts, but also to the general membership of the various Churches, to consider the results of their conferences, and they expect that the more fully these are considered the more generally will they be approved.

The Joint Committee would have been glad to welcome to their conference representatives of other Christian communions, and, although this widening of the conference has not yet been found practicable, they hope that, in the event of a union of the negotiating Churches, a still more comprehensive union may in the future be realized.

The Joint Committee regard their work as now substantially completed. They

commit it to the Great Head of the Church for His blessing, and to those portions of His Church which they represent with confident hope of their approval.

'Let Thy work appear unto Thy servants and Thy glory unto their children. Let the beauty of the Lord our God be upon us; and establish Thou the work of our hands upon us; yea, the work of our hands establish Thou it.'

This historical statement has been prepared at the request of the Executive as an introduction to the documents which embody the result of the Joint Committee's deliberations, and which are presented to the Churches concerned as indicating the lines along which, if they are disposed to do so, they may come together in organic union.

These documents deal only with the matters that required to be determined before the question of union could be intelligently pronounced upon. In the event of the negotiating Churches agreeing to unite upon the basis herewith submitted, a number of matters will have to be considered, and many arrangements made for the carrying on of the work of the united Church before the union can be finally consummated.

DOCUMENTS AGREED UPON BY THE JOINT COMMITTEE.

DOCTRINE.

We, the representatives of the Presbyterian, the Methodist, and the Congregational branches of the Church of Christ in Canada, do hereby set forth the substance of the Christian faith, as commonly held among us. In doing so, we build upon the foundation laid by the apostles and prophets, confessing that Jesus Christ Himself is the chief cornerstone. We affirm our belief in the Scriptures of the Old and New Testaments as the primary source and ultimate standard of Christian faith and life. We acknowledge the teaching of the great Creeds of the ancient Church. We further maintain our allegiance to the evangelical doctrines of the Reformation, as set forth in common in the doctrinal standards adopted by the Presbyterian Church in Canada, by the Congregational Union of Ontario and Quebec, and by the Methodist Church. We present the accompanying statement as a brief summary of our common faith, and commend it to the studious attention of the members and adherents of the negotiating Churches, as in substance agreeable to the teaching of the Holy Scriptures.

ARTICLE I.—*Of God.*—We believe in the one only living and true God, a Spirit, infinite, eternal and unchangeable in His being and perfections; the Lord Almighty, who is love, most just in all His ways, most glorious in holiness, unsearchable in wisdom, plenteous in mercy, full of compassion, and abundant in goodness and truth. We worship Him in the unity of the Godhead and the mystery of the Holy Trinity, the Father, the Son and the Holy Spirit, three persons, of the same substance, equal in power and glory.

ARTICLE II.—*Of Revelation.*—We believe that God has revealed himself in nature, in history, and in the heart of man; that He has been graciously pleased to make clearer revelation of Himself to men of God who spoke as they were moved by the Holy Spirit; and that in the fulness of time He has perfectly revealed Himself in Jesus Christ, the Word made flesh, who is the brightness of the Father's glory and the express image of His person. We receive the Holy Scriptures of the Old Testament and of the New Testament, given by inspiration of God, as containing the only infallible rule of faith and life, a faithful record of God's gracious revelations, and as the sure witness to Christ.

ARTICLE III.—*Of the Divine Purpose.*—We believe that the eternal, wise, holy and loving purpose of God embraces all events, so that while the freedom of man is not taken away, nor is God the author of sin, yet in His providence He makes all things work together in the fulfilment of His sovereign design and the manifestation of His glory.

ARTICLE IV.—*Of Creation and Providence.*—We believe that God is the creator, upholder and governor of all things; that He is above all His works and in them all; and that He made man in His own image, meet for fellowship with Him, free and able to choose between good and evil, and responsible to his Maker and Lord.

ARTICLE V.—*Of the Sin of Man.*—We believe that our first parents, being tempted, chose evil, and so fell away from God and came under the power of sin, the penalty of which is eternal death; and that, by reason of this disobedience, all men are born with a sinful nature, that we have broken God's law and that no man can be saved but by His grace.

ARTICLE VI.—*Of the Grace of God.*—We believe that God, out of His great love for the world, has given His only begotten Son to be the Saviour of sinners, and in the Gospel freely offers His all-sufficient salvation to all men. We believe also that God in His own good pleasure, gave to His Son a people, an innumerable multitude, chosen in Christ unto holiness, service and salvation.

ARTICLE VII.—*Of the Lord Jesus Christ.*—We believe in and confess the Lord Jesus Christ, the only Mediator between God and man, who, being the Eternal Son of God, for us men and for our salvation became truly man, being conceived of the Holy Spirit and born of the Virgin Mary, yet without sin. Unto us He has revealed the Father, by His Word and Spirit, making known the perfect will of God. For our redemption He fulfilled all righteousness, offered Himself a perfect sacrifice on the cross, satisfied Divine justice and made propitiation for the sins of the whole world. He rose from the dead and ascended into heaven, where He ever intercedes for us. In the hearts of believers He abides forever as the indwelling Christ; above us and over us all He rules; wherefore, unto Him we render love, obedience and adoration as our Prophet, Priest and King.

ARTICLE VIII.—*Of the Holy Spirit.*—We believe in the Holy Spirit, the Lord and Giver of Life, who proceeds from the Father and the Son, who moves upon the hearts of men to restrain them from evil and to incite them unto good, and whom the Father is ever willing to give unto all who ask Him. We believe that He has spoken by holy men of God in making known His truth to men for their salvation; that, through our exalted Saviour, He was sent forth in power to convict the world of sin, to enlighten men's minds in the knowledge of Christ, and to persuade and enable them to obey the call of the Gospel; and that He abides with the Church, dwelling in every believer as the spirit of truth, of power, of holiness, of comfort and of love.

ARTICLE IX.—*Of Regeneration.*—We believe in the necessity of regeneration, whereby we are made new creatures in Christ Jesus by the Spirit of God, who imparts spiritual life by the gracious and mysterious operation of His power, using as the ordinary means the truths of His word and the ordinances of Divine appointment in ways agreeable to the nature of man.

ARTICLE X.—*Of Faith and Repentance.*—We believe that faith in Christ is a saving grace whereby we receive Him, trust in Him and rest upon Him alone for salvation, as He is offered to us in the Gospel, and that this saving faith is always accompanied by repentance, wherein we confess and forsake our sins with full purpose of and endeavor after a new obedience to God.

ARTICLE XI.—*Of Justification and Sonship.*—We believe that God, on the sole ground of the perfect obedience and sacrifice of Christ, pardons those who by faith receive Him as their Saviour and Lord, accepts them as righteous and bestows upon them the adoption of sons, with a right to all the privileges therein implied, including a conscious assurance of their sonship.

ARTICLE XII.—*Of Sanctification.*—We believe that those who are regenerated and justified grow in the likeness of Christ, through fellowship with Him, the indwelling of the Holy Spirit, and obedience to the truth; that a holy life is the fruit and evidence of saving faith; and that the believer's hope of continuance in such a life is in the preserving grace of God. And we believe that in this growth in grace Christians may attain that maturity and full assurance of faith whereby the love of God is made perfect in us.

ARTICLE XIII.—*Of the Law of God.*—We believe that the moral law of God, summarized in the Ten Commandments, testified to by the prophets and unfolded in the life and teachings of Jesus Christ, stands forever in truth and equity, and is not made void by faith, but on the contrary is established thereby. We believe that God requires of every man to do justly, to love mercy, and to walk humbly with God; and that only through this harmony with the will of God shall be fulfilled that brotherhood of man wherein the kingdom of God is to be made manifest.

ARTICLE XIV.—*Of the Church.*—We acknowledge one holy catholic Church, the innumerable company of saints of every age and nation, who being united by the Holy Spirit to Christ, their Head, are one body in Him, and have communion with their Lord and with one another. Further, we receive it as the will of Christ that His Church on earth should exist as a visible and sacred brotherhood, consisting of those who profess faith in Jesus Christ and obedience to Him, together with their children, and other baptized children, and organized for the confession of His name, for the public worship of God, for the administration of the sacraments, for the upbuilding of the saints, and for the universal propagation of the Gospel; and we acknowledge as a part, more or less pure, of this universal brotherhood, every particular Church throughout the world which professes this faith in Jesus Christ and obedience to Him as Divine Lord and Saviour.

ARTICLE XV.—*Of the Sacraments.*—We acknowledge only the two sacraments, Baptism and the Lord's Supper, which were instituted by Christ, to be of perpetual obligation as signs and seals of the covenant ratified in His precious blood, and as a means of grace by which He doth work invisibly in us, and doth not only quicken, but also strengthen and comfort our faith in Him, and also through the observance of which His Church is to confess her Lord and be visibly distinguished from the rest of the world.

(1) Baptism with water into the name of the Father and of the Son and of the Holy Spirit is the sacrament instituted by our Lord to signify and seal our union to Himself and our participation in the blessings of the new covenant. The proper subjects of baptism are believers, and infants presented by their parents or guardians in the Christian faith. In the latter case the parents or guardians should train up their children in the nurture and admonition of the Lord, and should expect that their children will receive, by the operation of the Holy Spirit, the benefits which the Sacrament is designed and fitted to convey. The Church is under the most solemn obligation to provide for their Christian instruction.

(2) The Lord's Supper is the sacrament of communion with Christ and with His people, in which bread and wine are given and received in thankful remembrance of Him and His sacrifice on the cross; and they who in faith receive the same do, after a spiritual manner, partake of the body and blood of the Lord Jesus Christ to their comfort, nourishment and growth in grace. All may be admitted to the Lord's Supper who make a credible profession of their faith in the Lord Jesus Christ and of obedience to His law.

ARTICLE XVI.—*Of the Ministry.*—We believe that Jesus Christ, as the Supreme Head of the Church, has appointed therein a ministry of the word and sacraments, and calls men to this ministry; that the Church, under the guidance of the Spirit of Christ, recognizes and chooses those whom He calls, and should thereupon duly ordain them to the work of the ministry.

ARTICLE XVII.—*Of Church Order and Fellowship.*—We believe that the Lord Jesus Christ is the sole Head of the Church; that its worship, teaching, discipline and government should be administered according to His will by persons chosen for their fitness and duly set apart to their office; and, although the visible Church may contain unworthy

members and is liable to err, yet believers ought not lightly to separate themselves from its communion, but are to live in fellowship with their brethren, which fellowship is to be extended, as God gives opportunity, to all who in every place call upon the name of the Lord Jesus.

ARTICLE XVIII.—*Of the Resurrection, the Last Judgment and the Future Life.*—We believe that there shall be a resurrection of the dead, both of the just and of the unjust, through the power of the Son of God, who shall come to judge the living and the dead; that the finally impenitent shall go away into eternal punishment and the righteous into life eternal.

ARTICLE XIX.—*Of Christian Service and the Final Triumph.*—We believe that it is our duty, as disciples and servants of Christ, to further the extension of His kingdom, to do good unto all men, to maintain the public and private worship of God, to hallow the Lord's Day, to preserve the inviolability of marriage and the sanctity of the family, to uphold the just authority of the State, and so to live in all honesty, purity and charity that our lives shall testify of Christ. We joyfully receive the word of Christ, bidding His people go into all the world and make disciples of all nations, and declare unto them that God was in Christ reconciling the world unto Himself, that He will have all men to be saved and to come to the knowledge of the truth. We confidently believe that by His power and grace all His enemies shall finally be overcome, and the kingdoms of this world shall be made the kingdom of our God and of His Christ.

POLITY.

The Sub-Committee on Polity, after an examination of the forms of church government of the negotiating Churches and the practical working thereof, is greatly gratified to find:

1. That while the officers and courts of the negotiating Churches may bear different names, there is a substantial degree of similarity in the duties and functions of these officers and courts.
2. That, engaged in the same work, with the same object in view, and earnestly endeavoring to meet the conditions confronting the Churches in Canada, the negotiating Churches have been steadily approximating more nearly to each other, both in their forms of church government and methods of administration.
3. That there are distinctive elements in each which would add to the efficiency of a united Church, and which can be preserved with great advantage in the form of polity to be adopted for the united Church.
4. That in this view it is possible to provide for substantial congregational freedom, and at the same time secure the benefits of a strong connexional tie and co-operative efficiency.

To this end the following recommendations are submitted as setting forth the polity proposed for the united Church.

I. THE CHURCH.

1. The members of the united Church shall be the members of the uniting Churches, and such others as may hereafter become members.
2. The unit of organization for the united Church shall be the pastoral charge. A pastoral charge may consist of more than one congregation; a congregation is a body of persons meeting for public worship in one place.

3. The governing bodies or courts of the Church, higher than the pastoral charge, shall be:

- (a) The Presbytery (District Meeting or Association).
- (b) The Annual Conference (Synod or Union).
- (c) The General Council (Conference or Assembly).

(In our judgment the first name in each group is the most suitable.)

II. THE PASTORAL CHARGE OR CIRCUIT OR CONGREGATION.

A. Charges existing previous to the Union.

4. In the management of their local affairs the various charges, circuits or congregations of the united denominations shall be entitled to continue the organization and practices (including those practices relating to membership, church ordinances, Sunday Schools and Young People's Societies) enjoyed by them at the time of union, subject in general affairs to the legislation, principles and discipline of the united Church. Their representatives in the next higher governing body or court shall be chosen as at present.

5. The plan of organization prescribed for charges to be formed subsequent to the union may at any time be adopted by any charge, circuit or congregation existing at the time of union.

6. Any property or funds owned by an individual church, charge, circuit or congregation at the time of the union, and vested in trustees for the benefit of that charge, and not for the denomination of which that charge formed a part, shall not be affected by any legislation giving effect to the union, or by any legislation of the united Church, without the consent of the charge for which such property is held in trust.

B. Charges to be formed subsequent to the Union.

7. The liberty of the individual charge shall be recognized to the fullest extent compatible with:

- (a) The oversight of the spiritual interests of the charge by the minister (or ministers), and a body of men specially chosen and set apart or ordained for that work;
- (b) The efficient co-operation of the representatives of the various departments of the work of the charge by means of a meeting to be held at least quarterly;
- (c) The hearty co-operation of the various individual charges, circuits or congregations in the general work of the united church, and
- (d) The exercise by the higher governing bodies or courts of their powers and functions, hereinafter set forth.

8. New charges shall be formed with the consent of the Presbytery (District Meeting or Association) by persons residing within its bounds, who declare their adherence to the principles of the united Church, and their desire for the formation of such charge. Missions may be organized as charges by Presbytery (District Meeting or Association) of its own motion, or on the suggestion of the Missionary Superintendent or Pastor, under such regulations as the General Council (Conference or Assembly) may pass.

Before sanctioning the formation of a new charge, the Presbytery (District Meeting or Association) is required to hear and consider the representations of any charge that may be affected by the proposed action.

9. Congregations received, subsequent to the union, into the united Church, with the approval of Presbyteries (District Meetings or Associations) shall be entitled, if they so desire, to the privileges of sections 4, 5 and 6.

10. (a) The members of the Church entitled to all church privileges are those who, on a profession of their faith in Jesus Christ and obedience to Him, have been received into full membership. The children of such persons and all baptized children are members of the Church, and it is their duty and privilege, when they reach the age of discretion, to enter into full membership. Admission to full membership shall be by the action of the minister and elders, or leaders, or deacons, and, where desired, by the action of those in full membership also.

(b) The members of a charge who are entitled to vote at all meetings are persons in full membership of the Church, whose names are on the roll of the charge. With the consent of these, adherents who contribute regularly to the support of the charge may vote on temporal matters.

11. The members of a pastoral charge shall meet annually, or more frequently if they deem it advisable.

12. The minister (or ministers) and elders, or deacons, or leaders and local preachers shall have oversight of the spiritual interests of the charge or congregation. The management of its temporal and financial affairs shall be entrusted to a committee of stewards or managers. A joint committee or board, consisting of the foregoing and representatives, in full membership, of such other departments of congregational work as may be agreed upon, shall meet quarterly, or as often as they deem advisable, for the consideration of matters of joint interest.

13. The elders, or deacons, or leaders and local preachers shall be chosen by those in full membership, and shall hold office under regulations to be passed by the General Council (Conference or Assembly).

14. It shall be the duty of the minister and elders, deacons or leaders and local preachers to have the oversight of:

- (1) The admission into full membership.
 - (2) The conduct of members, with power to exercise discipline.
 - (3) The administration of the Sacraments.
 - (4) The religious training of the young, and the organization of meetings for Christian fellowship, instruction and work.
 - (5) The order of public worship, including the service of praise and the use of the church edifice.
 - (6) The care of the poor, and the visiting of the sick.
- It shall also be their duty:
- (7) To receive and judge petitions, etc., from members.
 - (8) To transmit petitions, appeals, etc., to Presbytery (District Meeting or Association).
 - (9) To recommend suitable laymen to Presbyteries (District Meetings or Associations) for license to preach.
 - (10) To recommend suitable candidates for the ministry.

15. The stewards or managers shall be chosen by the charge or congregation, and, wherever practicable, should be persons in full membership. It shall be their duty to secure contributions for congregational purposes, and to disburse the moneys received for these purposes.

16. It shall be the duty of the joint committee or board:

- (1) To secure contributions for missionary and other general objects of the Church

(2) To select representatives, in full membership, of the charge to the Presbytery (District Meeting or Association).

(3) To submit to the charge or congregation for their consideration reports on the life and work of the charge, including a full statement of receipts and expenditures and of indebtedness and estimates for the ensuing year.

(4) To transmit from the charge to the Settlement Committee representations concerning the pastoral relation.

(5) To attend to matters affecting the charge not assigned to any of the other bodies.

17. Subject to the provisions of the next succeeding paragraph hereof, all property, real and personal, under the jurisdiction of the Parliament of Canada, held in trust for or to the use of the church, charge, circuit or congregation of any of the negotiating churches, shall be held by trustees appointed by or on behalf of such church, charge, circuit or congregation, upon trusts set forth and declared in a Model Trust Deed. This Model Trust Deed should be a schedule to the Act, and should contain, among others, a provision to the following effect: That the property is held for the congregation as a congregation of the united Church, and that no property so held shall be sold, exchanged, or in any manner encumbered, unless the Presbytery (District Meeting or Association) shall, at the instance of the congregation, have given its sanction, subject to an appeal, if desired, to the Annual Conference (Union or Synod).

III. THE PRESBYTERY (DISTRICT MEETING OR ASSOCIATION).

18. The Presbytery (District Meeting or Association) shall consist of:

(1) All ordained ministers within the bounds—

(a) Who are engaged in some department of church work; and

(b) Who have been placed on the roll by special enactment of the Annual Conference (Synod or Union), in accordance with regulations to be made hereafter by the General Council (Conference or Assembly) of the united Church.

(The rights to membership in Presbyteries (District Meetings or Associations), enjoyed by ministers at the time of union, shall be conserved).

(2) And elders, deacons, leaders or non-ministerial representatives of pastoral charges, within the bounds, equal in number to the number of ministers. They are to be chosen in accordance with regulations to be made hereafter by the General Council (Conference or Assembly) of the united Church.

19. It shall be the duty of the Presbytery (District Meeting or Association):

(1) To have the oversight of the charges within its bounds, and review their records, and to form new charges.

THE MINISTRY.

I. PASTORAL OFFICE, INCLUDING TERM OF SERVICE.

Recognizing the desirability of preserving the essence of both the settled pastorate and the itinerancy, this Committee is of the opinion that a harmony of both principles is possible, and that the best features of both systems may be retained. We, therefore, recommend as follows:

1. The pastoral relation shall be without a time-limit.

2. It shall be the policy of the Church that every congregation shall have, as far as possible, a pastorate without interruption, and that every effective minister shall have a charge.

3. There shall be a settlement Committee, consisting of ministers and laymen, appointed by each Conference (Synod or Union), annually, whose duty it shall be to consider all applications from ministers or charges for settlements within the section over which it has jurisdiction. The Settlement Committee shall meet annually, or at the call of the chair.

4. Ministers on their own application, and a pastoral charge through its governing body, may, at the end of any one year, seek a change of pastoral relation by application to the Settlement Committee. All applications must be in writing.

5. Any charge, on becoming vacant, may extend a call or invitation to any properly

qualified minister or ministers, but the right of appointment shall rest with the Settlement Committee.

6. In the event of a vacancy occurring at any time, and the congregation failing to make a call, the Settlement Committee shall be empowered to make an appointment to such vacancy for the current year, after consultation with the congregation or its governing board.

7. The Settlement Committee shall also have authority to initiate correspondence with ministers and charges, with a view to completing arrangements to secure necessary and desirable settlements.

(a) Any minister shall have the right to appear before the Settlement Committee to represent his case in regard to his appointment; and any congregation or governing board may also appear by not more than two representatives, properly authorized in writing, appointed from among its members at a regular meeting, or at a special meeting of which proper notice has been given.

(b) When a minister chosen by a congregation cannot be settled, the congregation or its governing board may place other names before the Settlement Committee.

8. There shall be also a committee for the transfer of ministers from one Conference (Synod or Union) to another, which may be composed of the presiding officer of the highest court of the Church, who shall be the convener and chairman of the committee, together with the presiding officers of the several Synods or Conferences. This committee shall have authority to transfer ministers and candidates for the ministry from one Conference (Synod or Union) to another, in harmony with the plan outlined in sections 3, 6, 7.

9. The minister in charge shall be the presiding officer of the governing body of each congregation within his pastoral charge.

10. That every minister or candidate for the ministry, duly appointed to a church or charge as regular pastor thereof, shall have the right to conduct services in the church, and the right of occupancy of the manse or parsonage in connection with the church or charge, subject, however, to the rules and regulations of the united Church.

II. TRAINING FOR THE MINISTRY.

1. That no candidate for the ministry be received unless he has been first recommended by a body corresponding to a session, quarterly board, or a local church.

2. That the duty of inquiry into the personal character, doctrinal beliefs, and general fitness of candidates for the ministry recommended by sessions, quarterly boards or local churches, shall be laid upon the Presbytery (District Meeting or Association), and that such inquiry shall be repeated each year until they are recommended to the Conference (Synod or Union) for ordination.

3. (1) The attainment of a B.A. degree, including Greek, to be followed by three years in the study of Theology, is strongly recommended by the Church. Before ordination every candidate shall spend twelve months in preaching and pastoral work.

(2) In cases where the B.A. degree is unattainable, there shall be two alternative courses, both starting from University matriculation.

(a) Three years, at least, in Arts, followed by three years in Theology. Before ordination every candidate shall spend twelve months in preaching and pastoral work.

(b) Two years' preaching under the supervision of a body corresponding to a District Meeting or Presbytery, with appropriate studies, and four years of a mixed Arts and Theological course in College.

4. Suggested Curricula:

(1) Three years' Arts training as in (2) (a). English language and Literature, three years. Two languages, one of which must be Greek, two years in each.

Philosophy, including Psychology, Logic and Ethics, two years. Two other subjects from the Arts curriculum at the option of the student—one year to each.

(2) Course of study under (2) (b).

(a) While under supervision of District Meeting or Presbytery, and engaged in preaching for two years:

English Bible; New Testament in Greek; Elements of Theology—Life of Christ; History of Missions; English Literature; practical training, including preparation of sermons.

(b) Four years of mixed Arts and Theological Course in College.

The Arts Course.—English Language and Literature; Philosophy, including Psychology; Logic and Ethics; one language; any one option from the Arts Course

Theological Course.—Homiletics; Pastoral Theology; Systematic Theology; New Testament Language and Literature; Old Testament Literature (English Bible); Church History; Christian Ethics and Sociology.

5. The following is suggested as a comprehensive course in Theology, from which may be selected subjects sufficient to constitute the three years' course in Theology as under 3 (1) and (2) (a):

Old Testament Language and Literature, including Textual Criticism, Exegesis, Biblical Theology, Introduction, Old Testament History and Old Testament Canon; New Testament Language and Literature, including Textual Criticism, Exegesis, New Testament Theology, Introduction, New Testament History and New Testament Canon; English Bible; Church History, including Symbolics; Systematic Theology; Apologetics, including Philosophy of Religion, History of Religion, and Comparative Religion; Christian Ethics and Sociology; Christian Missions; Practical Training, including preparation and delivery of sermons, preparation for and conduct of public worship, the administration of the Sacraments, Church Law, the art of teaching and Sunday School work, public speaking and voice training. Practical training is to be understood to include not only instruction in these subjects but actual drill wherever the subject admits of it.

6. That provision should be made in our Theological Colleges for instruction in the subjects of the above suggested course in Theology as far as practicable.

7. That in every College special attention be given to practical training as specified and described above.

8. That from the above (5) comprehensive course in Theology the Church shall prescribe certain subjects as compulsory, leaving others to the option of the students in consultation with the College authorities.

9. That candidates for the ministry who have entered on their course in Theology shall be allowed to complete it on the conditions which obtained when they began, but this privilege shall expire within three years from the date of Union.

10. The Supreme Court of the Church shall possess the power of ordaining any person to the ministry if it see fit so to do.

III. THE RELATIONS OF A MINISTER TO THE DOCTRINES OF THE CHURCH.

1. That the duty of final inquiry into the personal character, doctrinal beliefs, and general fitness of candidates for the Ministry presenting themselves for ordination shall be laid upon the Annual Conference (Synod or Union).

2. These candidates shall be examined on the Statement of Doctrine of the united Church, and shall, before ordination, satisfy the examining body that they are in essential

agreement therewith, and that as ministers of the Church they accept the statement as in substance agreeable to the teaching of the Holy Scriptures.

3. Further, that these candidates shall, in the ordination service before the Conference (Synod or Union) answer the following questions:

(1) Do you believe yourself to be a child of God, through faith in our Lord Jesus Christ?

(2) Do you believe yourself to be called to the office of the Christian ministry, and that your chief motives are zeal for the glory of God, love for the Lord Jesus Christ, and desire for the salvation of men?

(3) Are you persuaded that the Holy Scriptures contain sufficiently all doctrines required for eternal salvation in our Lord Jesus Christ? And are you resolved out of the said Scriptures to instruct the people committed to your charge, and to teach nothing which is not agreeable thereto?

ADMINISTRATION.

I. MISSIONS.

1. That in the administration of the mission work of the united Church there be two departments: (a) Home, including all the mission work within the Dominion of Canada, Newfoundland and the Bermudas; (b) Foreign, including the missions already established or that may be established in other countries.

2. That for the oversight and administration of these two departments there be two Boards to be known as the Board of Home Missions and the Board of Foreign Missions, to be elected in such manner and endowed with such powers as the Supreme Court of the united Church may determine.

3. That, recognizing the very valuable services rendered by the Woman's Missionary Societies, the union, constitution and lines of work of these societies be determined by the joint action of their Boards, subject to the approval of the Supreme Court of the united Church, and that a copy of this resolution be transmitted to the several women's societies.

4. That there be placed under the administration of the Home Mission Board of the united Church the moneys now administered under the caption of the Sustentation Fund, and Church and Parsonage Aid Fund of the Methodist Church; the Home Mission and Augmentation Funds, French Evangelization Fund, and Church and Manse Building Funds (except that under the Foreign Missionary Committee) of the Presbyterian Church; the Home Missionary Funds of the Congregational Churches; and such portion of the Mission Fund now raised by the Methodist Church, and the Foreign Mission Committee of the Presbyterian Church, as is now expended in Canada, Newfoundland and the Bermudas.

5. That under the administration of the Foreign Missionary Board of the united Church there be placed the Foreign Mission Fund of the Congregational Churches, that portion of the Fund of the Methodist Church, and of the Foreign Mission Committee of the Presbyterian Church now expended in other lands.

6. That the funds raised for Temperance and Moral Reform work, and by the Sunday Schools and Young People's Societies for their own purposes be administered by their own respective Boards or Committees.

7. That inasmuch as certain expenses in connection with the various courts of the united Church will have to be met, we recommend that the ways and means of raising these funds be left to the Supreme Court of the united Church.

II. PUBLISHING INTERESTS.

The periodicals published by the Methodist Church are as follows: *Christian Guardian* (weekly), Toronto; *Epworth Era* (monthly), Toronto; *The Missionary Outlook* (monthly), Toronto; the *Wesleyan* (weekly), Halifax, and a series of Sabbath School Illustrated Papers and Lesson Helps for Teachers and Scholars.

By the Presbyterian Church: *The Presbyterian Record* (monthly), Montreal, and a Series of Sabbath School Illustrated Papers and Lesson Helps for Teachers and Scholars.

The *Congregationalist*, a weekly paper, is published by a joint stock company in close affiliation with the Congregational Union of Canada.

In the case of the union of the Churches, it should be left to the Supreme Court of the united Church to determine how far these various publications shall be amalgamated.

The Methodist Church also possesses a printing plant, and carries on a general publishing business—"The Methodist Book Room," Toronto—the Eastern section of the Book Committee owning the property in Halifax in which the business is transacted.

The relation of the publishing interests of the Methodist and Presbyterian Churches to their respective Churches and the general methods of management are similar in each case, save that in the case of the Methodist Book concern, allocation of profits is made to the Superannuation Fund.

III. COLLEGES.

The Colleges at present connected with the negotiating Churches exist, each under its own charter, and in various relations to the respective Churches. These relations affect, 1st, the appointment of the Governing Board; 2nd, the appointment of Professors in the Faculty of Theology; 3rd, assistance or maintenance from funds controlled by the Church.

1. All the colleges connected with the three denominations shall, as far as possible, sustain the same relation to the united Church as they now under their charter sustain to the respective denominations, until the Supreme Court of the united Church shall determine otherwise and necessary legislation shall give effect to changes made thereby.

2. The policy of the united Church shall be the maintenance of a limited number of thoroughly equipped Colleges, having due regard to the needs of different parts of the country, and that in furtherance of this policy, amalgamation shall be effected as soon as possible in localities where two or more Colleges are doing the same class of work.

3. In addition to the Governing Boards of the several Colleges there shall be appointed by the Supreme Court of the united Church a Board of Education, which shall have such a general oversight of the Educational interests of the Church as the Supreme Court may assign to it, and carry out such measures as may be decided in reference thereto.

4. There shall be a general Educational Fund, administered by the Board of Education, for the purpose of supplementing the revenues of the several colleges, and assisting students in their preparation for the ministry, and for such other purposes and under such regulations as the Supreme Court may from time to time determine.

5. The several educational institutions shall be encouraged to seek permanent endowments for their maintenance, and may receive contributions for this and other purposes at any time; but no appeal for funds shall be made to the united Church at large without the consent of the Board of Education.

IV. BENEVOLENT FUNDS.

Whereas there exist, in some form, in all the negotiating Churches funds to aid aged and retired ministers, and widows and orphans of ministers, we recommend that provision for similar purposes be made in the constitution of the united Church by such amalgamation or modifications of existing methods as may be found practicable; and in our judgment such provision to be workable and effective, and satisfactory to the entire Church, should embrace the following particulars:

1. That the rights of present and prospective claimants on existing funds in any of the uniting Churches be adequately protected. To this end it is recommended:

(1) That the present capital investments of the various benevolent funds of the uniting Churches, and the income now contributed to those funds by publishing interests be combined into a "common trust," if practicable. The rights of present claimants and of prospective claimants (the latter being computed as at the date of the union) shall be a first charge on the revenue from this trust. If it be found that differences in the constitution and administration of the several funds are such as to necessitate separate trusts, instead of a common trust, this shall not be a bar to the carrying out of the general plan, because in that case their revenues shall be combined.

(2) That a new scheme of the uniting Churches be constituted, providing for (a) the assessing of each minister who is a member of any of the existing funds at the date of union, and of all ministers received into or ordained in the united Church after union, on the basis of stipend or on the basis of age, or having regard to both stipend and age, as the Supreme Court may determine, and (b) the collecting of contributions, which shall be obligatory upon all congregations, based upon an equitable allocation or assessment under rules to be formulated by the Supreme Court of the united Church. The minimum of such allocation or assessment shall be the amount requisite, together with the revenue from the trust and the foregoing assessment upon ministers, to make good the claims of claimants upon and contributors to the fund.

2. That claimants on the proposed fund should include the following:

- (a) All ministers who, at the time of union, are beneficiaries of the existing funds.
- (b) All ministers who, at the time of union, are regular contributors to existing funds on the scale provided by their respective denominations.
- (c) All ministers' widows and orphans who are now or may hereafter become participants in the fund.
- (d) All ministers, not members of or contributors to existing funds, who may signify their desire to become members of and contributors to the proposed new fund, on the basis of payments sanctioned by the Supreme Court of the united Church.

It is further recommended that provision be made whereby ministers so applying may, by a certain scale of payments, be entitled to have their claim upon the fund date from the time of their reception into the ministry of any of the uniting Churches instead of from the date of the union.

(e) All ministers received into or ordained in the united Church after union shall be required at the time of their reception or ordination to become members of and contributors to the proposed fund.

3. The sources of revenue of the proposed Superannuation Fund shall be the following:

- (a) Contributions of ministers who are members of the Fund, or may become such, on a scale to be adopted by the Supreme Court of the united Church.

(b) Offerings in all the congregations of the united Church, based upon an equitable allocation to be made by the Board of Management of the said Fund, under regulations sanctioned by the Supreme Court of the united Church.

(c) Legacies and donations given for the purpose.

(d) Such grants from the profits of the publishing interests of the united Church as may from time to time be determined under regulations to be framed by the Supreme Court of the united Church.

(e) Proceeds of any investments now held, or that may be made in the future, in the interests of the Fund

LAW.

1. When a basis of union has been agreed upon by the negotiating churches, the union should be consummated and the united Church incorporated by a Special Act of the Parliament of Canada.

2. The Act of the Parliament of Canada consummating the union and incorporating the united Church should contain, among others, provisions to the following effect:

(1) Ratifying and confirming the basis of union as agreed upon, and empowering the united Church to acquire and hold property.

(2) Making clear that the united Church would have the powers of legislation mentioned in sub-paragraph (2) of Paragraph 23 of the report of the sub-Committee on Polity, subject to the safeguards thereby imposed, in such full and ample manner as to render impossible the existence in connection with the united Church of the conditions which have arisen in Scotland in connection with the United Free Church of Scotland, under the decision of the House of Lords, touching its property and doctrine.

(3) That all the estate, real and personal, belonging to, held in trust for or to the use of the negotiating denominations, or belonging to or held in trust for or to the use of any corporation under the government or control of, or in connection with, any of the said negotiating denominations, shall be vested in the united Church or in Boards, Committees or Corporations under the control thereof, and shall be used and administered in accordance with the terms and provisions of the basis of union.

Note.—This provision would cover all property which might properly be described as denominational property

(4) Subject to the provisions of the next succeeding paragraph hereof, all property, real and personal, under the jurisdiction of the Parliament of Canada, held in trust for or to the use of the church, charge, circuit or congregation of any of the negotiating Churches, shall be held by trustees appointed by or on behalf of such church, charge, circuit or congregation, upon trusts set forth and declared in a Model Trust Deed.

This Model Trust Deed should be a schedule to the Act, and should contain, among others, a provision to the following effect: That the property is held for the congregation as a congregation of the united Church, and that no property so held shall be sold, exchanged, or in any manner encumbered unless the Presbytery (District Meeting or Association) shall, at the instance of the congregation, have given its sanction, subject to an appeal, if desired, to the Annual Conference (Union or Synod).

(5) That any property or funds owned by an individual church, charge, circuit or congregation at the time of the union solely for its own benefit, or vested in trustees for the sole benefit of such individual church, charge, circuit or congregation, and not for the

denomination of which the said church, charge, circuit or congregation formed a part, shall not be affected by this legislation or by any legislation of the united Church without the consent of the church, charge, circuit or congregation for which said property is held in trust.

Note.—To avoid uncertainty as to title, all churches, charges, circuits or congregations coming within the provision of this clause should be named in a schedule attached to the Act, and the provisions of this section should be limited to the churches, charges, circuits and congregations so enumerated in the schedule.

(6) That all lands, premises and property acquired for the use of an individual church, charge, circuit or congregation of the united Church shall be held, used and administered upon the trusts of the said Model Trust Deed above referred to.

3. Special acts of the Legislatures of the several Provinces of the Dominion and of Newfoundland and the Bermudas and any other country in which the negotiating churches hold property should be obtained, containing similar provisions and vesting in the manner above indicated the above and like classes of property and interests over which the said Legislatures may respectively have jurisdiction, and rendering effective in the said several jurisdictions the other provisions relating to the said union.

REPORT ON IMMIGRATION WORK AT THE PORT OF HALIFAX.

FROM DECEMBER 1st, 1908, TO APRIL 23rd, 1909.

I am glad to be able to report, that in spite of the dulness of trade, the increased restrictions on immigration, and consequent decrease, I have met 1,550 Presbyterians. These were newcomers. In addition to these, I have welcomed hundreds of returning Canadians. These figures have been a surprise to myself, as the decrease in immigration has been estimated at 40%. These new-comers have settled in a great variety of places in our vast country, from Halifax, here in the East, to Victoria in the West, and to all the ministers and student missionaries in these places, notifications have been sent of the arrival of the immigrants.

The greatest difficulties in the efficient prosecution of the work lie in the two extremes, namely, in the smallest places, many of which are not to be found in the "Blue Book." The trouble in such cases is to find out to whom to send the notification. This fact, however, is another proof of the usefulness of the work. A list of these places is being kept and when a large number of immigrants are seen to be going to them, the attention of the Superintendent of Missions for that particular Province will be called to the fact. I am frequently told, too, by parties returning to the West that there are a dozen or more Presbyterian families in the community in which they live and that they are entirely without religious service. The other extreme, viz.: the large cities, presents a problem also, and it is, how to keep in touch with all who go to them. It is simple enough when the immigrant can give you a definite number and street, but in a great many cases he cannot do that, for the simple reason he has none. I see no remedy for this other than a bureau of labour and information, and an arrangement for board and lodging at the lowest possible cost, while the immigrant is looking for employment. Such an arrangement would be most highly appreciated by those who have no definite place or work to go to, and therefore many such. These are a class who are in special need of care and help. It affords an opportunity for the Church to show that she stands for all that is necessary and good for humanity. How important, too, to take advantage of first impressions. It affords me great pleasure to hear the immigrants expressing their surprise at the interest that the Church is taking in them at their first appearance in this country. So it appears to me that some such arrangement as I have outlined above would be greatly to the credit of both Church and State, and, therefore, they should be united if necessary to make such provision in all our cities where the crying need of the immigrant will be met, and I shall have no difficulty in getting him to call there. A bureau of labour would prove to be a boon to the employer too.

I am glad to learn through the Rev. J. McP. Scott, B.A., that the Toronto Presbytery is putting forth a special effort to look after the immigrants, and to this end have appointed a special committee to go thoroughly into the matter. I trust that all the other Presbyteries who have not already done so will follow the good example of Toronto.

SPLendid CLASS OF IMMIGRANTS.

Too much cannot be said in praise of the class of immigrants that have come to Canada this winter. The good effect of the immigration regulations is evident. I should like to say a word about the returning Canadians, as they are called. These are people who have come to this country, and in a short time have acquired enough means to take a trip to the Home Land and are returning. These are an advertisement to our Country. They return

with enthusiasm. One, when greeted with, "I am glad to see you returning," replied, "Why wouldn't I, it's the Country."

There is one regrettable fact that I discovered at this Port, and that is the numbers of fine looking Scotsmen that pass our very doors and go into the United States. No doubt this has been going on for years. These are Britishers, who know and respect our laws and religion, and are, therefore, what we want, rather than the foreigner, who will cost both Church and State much before we can call them Canadians. Can anything be done to remedy this?

PERCENTAGE OF EAST AND WEST.

It is interesting to notice that the percentage of our people going West is increasing. A year or so ago it ranged from 25 to 35 per cent. This winter it was 50 per cent. This is a striking contrast with the small number that settle in the Provinces of Nova Scotia and New Brunswick, which is less than 6 per cent. This fact ought to stir up the Governments of these two Provinces. I am glad to learn that the Government of Nova Scotia is now putting forth an effort in this direction, and has made a good selection in Mr. A. S. Barnstead to the position of Superintendent of Industries and Immigration. His work has already told and will be still more evident in the future.

PROTECTION FOR YOUNG WOMEN IMMIGRATING.

The great necessity for having proper protection for young women coming into this country has been more and more forced upon my attention ever since I have been engaged in this work. So from personal observation and corroboration of officials and fellow chaplains, we concluded that immediate action was necessary, and at a meeting of the chaplains specially called for the purpose, it was decided that the proper medium through which to approach the Government for necessary legislation, such as that enacted by the United States, is the social and Moral Reform Association. Accordingly a strong resolution to that effect was sent to the Secretary of that Association, and we have every reason to believe that it will be attended to with that attention and dispatch which this important subject calls for.

In trying to keep in touch with the immigrants from the time they leave their home till they get settled in this country, I have been in communication with those interested in the work in the Old Country. The Rev. Dr. Rae, Secretary of the Colonial Committee of the United Free Church of Scotland, writes me, that the Churches in Scotland are in thorough sympathy with the work and alive to its importance, and that his Committee will give all suggestions due consideration, and do all that they are able to further the work.

Thus the work, as it is becoming better known, is slowly but surely becoming better organized.

The expenditure connected with the work such as printing, postage, stationery, which at Quebec, for the past two seasons, has amounted to nearly two hundred dollars, has been all paid by the two congregations of that city, Chalmers and St. Andrew's. These congregations are not strong numerically, and it is all the more to their credit that they receive but little, if any, benefit from the work.

It is stated on good authority that all the immigrants will be landed at Halifax hereafter during the winter season. This will greatly increase the work here, but will do away with the necessity of a chaplain at St. John.

REPORT OF COMMITTEE ON APPENDIX TO PRESBYTERY ROLLS.

Your Committee to whom was remitted the overture to last General by the Synod of Hamilton and London, asking for directions to Presbyteries regarding the names to be placed or retained on the appendix to their rolls, beg leave to recommend as follows:

1. All ordained ministers not on the Presbytery roll, and all licentiates, permanently residing within the bounds of any Presbytery, are under the jurisdiction of said Presbytery, are subject to its discipline and should report to it periodically.
2. Every such minister or licentiate is entitled to have his name placed on the appendix to the Presbytery's roll.
3. Each Presbytery shall keep on the appendix to its roll the names of ordained ministers without charge and licentiates, reporting to it, on separate lists.
4. The names of ministers or licentiates on the appendix of a Presbytery roll, who have removed their residence to another Presbytery, shall, after the lapse of six months, be dropped from said roll, but such ministers or licentiates are entitled to receive from the Clerk of the Presbytery which they are leaving, a certificate of their status.
5. Every ordained minister without charge, and every licentiate, residing for a period of six months within the bounds of any Presbytery, shall report himself to the Clerk of such Presbytery and deposit his certificate of status, in order to enjoy the privileges belonging to that status.
6. Any ordained minister without charge entering into the service of another Church, in or out of Canada, or engaging in secular employment without leave of the Presbytery of the bounds, is not entitled to have his name entered or continued on the appendix to the roll of the Presbytery.
7. Any ordained minister without charge or licentiate, who has ceased to enjoy his status by having entered into the service of another Church, or by having engaged in secular employment, without leave of the Presbytery of the bounds, can have his name restored to the appendix to the roll of any Presbytery, only on application on his behalf to the General Assembly by said Presbytery.

The Committee recommend that this report be sent down to Presbyteries with a request that they consider the same and report thereon to next General Assembly.

By appointment of Committee,

ROBERT CAMPBELL,
Convener.

REPORT OF COMMITTEE ON STATISTICAL FORMS.

To the Venerable General Assembly:

The Special Committee appointed to consider the question of Statistical Forms, and to report an amended form for the Statistical and Financial Report, beg to recommend:—

1st. That hereafter the Rolls of Presbyteries be combined with the Statistical and Financial Reports of congregations.

2nd. That congregations be arranged under two heads, namely: (1) Congregations (including Augmented Charges as well as Self-sustaining Congregations), and, (2) Mission Fields.

3rd. That, where a pastoral charge is composed of more than one congregation, each of the associated congregations in which there is a Session, be reported separately.

4th. That congregations be instructed to forward their contributions to the Schemes of the Church in even dollars, and that in any case in which the allocation of its money by a congregation shows fractions of a dollar as contributed to any of the Schemes, the Church Treasurer be authorized to re-allocate these fractions among the different Schemes.

5th. That, in the column headed "Minister or Ordained Missionary," there be inserted only the names of ministers or missionaries who are members of Presbytery.

Appended to this report is a sample of the form which the Committee recommends the Assembly to adopt.

All of which is respectfully submitted.

E. D. McLAREN,
Convener

OVERTURES.

Re CONSTITUTION OF PRESBYTERY.

At Vancouver, and within First Church there, on Tuesday, the twenty-third day of February, in the year of our Lord one thousand nine hundred and nine (February 23, 1909), at ten o'clock in the morning (10 a.m.) the Presbytery of Westminster met and was constituted.

Inter Alia. Dr. Taylor presented the following overture to the General Assembly in reference to Presbytery Rolls, which, after consideration was adopted, viz.:

To the Venerable the General Assembly of the Presbyterian Church in Canada:

WHEREAS the General Assembly which met in Winnipeg in 1908 adopted the recommendation of the Committee on Statistics "That Presbyteries give special attention to the formation of the Roll of Presbytery, and place upon it in the order of induction or appointment in Presbytery only the names of persons duly authorized by the law of the Church."

AND WHEREAS there is much confusion in the practice of Presbyteries, and much doubt as to the present state of the law of the Church in this regard.

IT IS THEREFORE hereby humbly overtured by the Presbytery of Westminster that the General Assembly shall take immediate steps to prepare a Declaratory Act consolidating the law of the Church respecting the constitution of Presbyteries, and submit the same without delay to the Presbyteries in terms of the Barrier Act.

ON MOTION, duly seconded, it was further agreed that Dr. Taylor write a statement of matters referred to in the overture to be forwarded to the General Assembly, and that if present he support the overture on the floor of the Assembly.

Extracted from the Records of the Presbytery of Westminster, this twenty-sixth day of February, 1909.

JOHN KNOX WRIGHT,
Presbytery Clerk.

II.—Re SUPPLY OF MISSION FIELDS.

At Tofield, Alta., and within St. Andrew's Presbyterian Church there, on Wednesday, February the twenty-fourth day, one thousand nine hundred and nine years, at three-thirty o'clock in the afternoon, at which time and place Presbytery met and was duly constituted.

Inter Alia. The matter of continuous supply for the mission fields was discussed. On motion of Dr. Arthur, seconded by Robert Whillans, and agreed, the Vermilion Presbytery overture the Venerable the General Assembly as follows:—

1. THAT WHEREAS there is great difficulty in procuring continuous supply for our mission fields:
2. THAT WHEREAS our work suffers greatly through the lack of continuous supply.

We, the Vermilion Presbytery, overture the Venerable the General Assembly to take the premises into consideration and to make it imperative that all students shall put in one year on the mission field before being eligible for a call, or devise some means which in its wisdom may seem meet towards procuring continuous supply on our mission fields.

Extract of Minutes of Vermilion Presbytery
TOFIELD, ALBERTA, March 8th, 1909.

WILLIAM F. GOLD,
Clerk.

III.—Re BOOK OF PRAYERS FOR FAMILY WORSHIP.

At Carleton Place, and within St. Andrew's Church there, on Monday, the fifteenth day of February, one thousand nine hundred and nine; which time and place the Presbytery of Lanark and Renfrew met by appointment and with devotional exercises was constituted by the Moderator.

Inter Alia. The Presbytery agreed to transmit the following Overture to the General Assembly to meet in Central Church, Hamilton, on the first Wednesday of June, next:—

WHEREAS it is generally recognized that there is to-day a decline in the exercise of Family Worship; and

WHEREAS this Presbytery is convinced, that if a suitable book of Prayers for Family Worship were available, many heads of homes that now neglect the practice would engage in it;

THEREFORE the General Assembly is hereby humbly overtured by the Presbytery of Lanark and Renfrew, to prepare and publish, at moderate cost, a book of Prayers for Family Worship.

Revs. John Hay and A. A. Scott were appointed to support the Overture on the floor of the Assembly.

Extracted from the records of the Presbytery of Lanark and Renfrew by
GEO. D. CAMPBELL,
Presbytery Clerk.
CHALK RIVER, ONT., March 8th, 1909.

IV.—Re PRESBYTERIAN HAND BOOK.

At Brandon, and within St. Paul's Church there, on the sixteenth day of February, in the year one thousand nine hundred and nine, the Presbytery of Brandon met and was constituted.

Inter Alia. In dealing with matters to come before Presbyteries, the matter of Systematic Giving came up (Acts and Proceedings, 1908, page 77) and on motion of J. M. Kellock and A. Russell, it was decided to Overture the General Assembly as follows:—

OVERTURE, Re BOOKLET.

WHEREAS it is vitally necessary that the Sessions and members of our Churches should be kept informed of the needs and progress of our Church in all its branches of work in the homeland and in the foreign field, and

WHEREAS the General Assembly last year recommended that Presbyteries be urged to spread this information which under present conditions they have not the means of doing thoroughly, and

WHEREAS facts are the fuel of missionary zeal and of interests in any reform work, and whereas the Young People's Societies' Committee has been so successful in stimulating and directing such zeal by the publication of such works as "Reapers in Many Fields" and by their Young People's Society Manual;

RESOLVED, that the General Assembly be respectfully overtured to prepare such a hand-book as is furnished to the church in the United States, dealing in a fresh and interesting way with all the departments of the work of the Church; and that a small price be charged for the book to cover the cost of production.

On motion, Messrs. J. G. Stephens, and J. O. Rolston were appointed to support the Overture before the General Assembly.

Extracted from the minutes of the Presbytery of Brandon this twenty-fourth day of March, one thousand nine hundred and nine.

S. E. BECKETT,
Clerk of Presbytery.

OVERTURE *Re* PASTORAL OVERSIGHT.

WHEREAS there are in most congregations a considerable number of shut-ins,—aged, infirm, ill, small children, and those caring for them, mothers of infants, etc., debarred the privilege of public worship, for whom the Church is doing little or nothing, who through this oversight are learning to dispense with this means of grace, and to whom the Church, through its own failure in ministry, is coming to mean less than it once did and should still:

AND WHEREAS there are besides these, in many communities and some of them within reasonable reach of the Church, a considerable number who seldom or never attend a service of worship, lapsed and lapsing, for whom the Church should be the more concerned the less they are concerned for themselves:

AND WHEREAS there is a growing conviction that here is a field of work and an opportunity for lay service that would amply reward any earnest effort expended:

IT is suggested that the issue of a weekly Home-Service Leaflet, containing a brief order of service, with appropriate prayers and a short, simple, practical sermon, the whole planned to occupy not more than a half-hour, might be arranged for.

WITH such a leaflet the shut-ins, so disposed, could at the hour of public worship or more convenient time, worship God in their own homes. Earnest lay workers could, with permission, at some convenient hour on the Sabbath, conduct a service of worship in the home of any family not attending any service of public worship, the duty and benefit of which might be affectionately urged at the home service. And, ministers of the Church could, with advantage to themselves, supply the copy for such leaflets, and promote their use. Such leaflets would be of service, also, in isolated Home Mission fields that might be without supply.

IT is THEREFORE humbly overtured the Venerable, the General Assembly, (called to meet in the city of Hamilton in June of this year), by the Presbytery of Owen Sound, that the publication of such a leaflet be arranged for and its use commended; or, that a Committee of Assembly be appointed to recommend some better method of ministering to the classes indicated.

At a regular meeting of the Presbytery of Owen Sound, held on the second day of March, 1909, it was unanimously agreed to adopt the foregoing Overture and transmit the same to the General Assembly.

J. B. FRASER,
Presbytery Clerk.

ANNAN, ONT., March 4th, 1909.

MEMORIAL.

At Rapid City, the eleventh day of February, in the year of our Lord one thousand nine hundred and nine, which day the Presbytery of Minnedosa being met and constituted.

Inter Alia. A communication from Beulah was read, which is as follows:

BEULAH, January 7th, 1909.

At the last meeting of Beulah Session, the following resolution was passed: That the Presbytery be asked to memorialize the General Assembly to request the Dominion Government to have the date of Thanksgiving fixed later in November, to accommodate the people of the Northwest.

JAMES A. FRASER,
Clerk of Session.

ON MOTION of Mr. W. Palmer, seconded by Mr. G. McIntyre, it was agreed that the recommendation be received and transmitted to the Clerk of the General Assembly.

Extracted from the Minutes of Presbytery.

J. S. DAVIDSON,
Presbytery Clerk.

OVERTURE *Re* SYNOD OF MONTREAL AND OTTAWA.

WHEREAS there are within the bounds of this Synod many districts in which there are scattered Presbyterian and other Protestant families and individuals, far removed from Churches and Gospel Ordinances:

WHEREAS such families and individuals cannot be reached by Ministers and Missionaries in charges, but very infrequently, and some of them not at all:

WHEREAS industrial centres (springing up within our bounds) should be visited and prospected:

WHEREAS it is becoming increasingly difficult in various parts of the Province of Quebec to secure continuous supply for Mission Fields and weak Congregations when they become vacant—some of them being for several consecutive weeks without supply to the detriment of the fields and work:

WHEREAS some special provision should be made to meet needs for which the ordinary methods are becoming inadequate:

AND WHEREAS closer supervision of the work of Augmentation and Sunday School work within our bounds would be in the interests of the Church generally and of this Synod in particular:

THEREFORE the Very Reverend, the Synod of Montreal and Ottawa, humbly overtures the Venerable the General Assembly of the Presbyterian Church in Canada, appointed to convene in Hamilton, Ontario, in June next, to take into consideration the needs herein set forth, and to make such as appointment as in its wisdom it may deem suitable to meet the said needs within the bounds of the said Synod.

By order of the Synod of Montreal and Ottawa.

J. R. MacLEOD,
Synod Clerk.

THREE RIVERS, 12th May, 1909.

At Vancouver, and within First Church there on Tuesday, the twenty-third day of February, in the year of our Lord One Thousand nine hundred and nine (Feb. 23, 1909) at ten o'clock in the morning (10 a.m.) the Presbytery of Westminster met and was constituted.

Inter Alia. Dr. Taylor presented the following overture to the General Assembly in reference to Presbytery Rolls, which, after consideration, was adopted, viz:—

To the Venerable the General Assembly of the Presbyterian Church in Canada:

WHEREAS the General Assembly which met in Winnipeg in 1908 adopted the recommendation of the Committee on Statistics "That Presbyteries give special attention to the formation of the Roll of Presbytery, and place upon it in the order of induction or appointment in Presbytery only the names of persons duly authorized by the law of the Church."

AND WHEREAS there is much confusion in the practice of Presbyteries, and much doubt as to the present state of the law of the Church in this regard.

IT IS THEREFORE hereby humbly overtured by the Presbytery of Westminster that the General Assembly shall take immediate steps to prepare a Declaratory Act consolidating the law of the Church respecting the constitution of Presbyteries, and submit the same without delay to the Presbyteries in terms of the Barrier Act.

On motion duly seconded, it was further agreed that Dr. Taylor write a statement of matters referred to in the overture to be forwarded to the General Assembly, and that if present he support the overture on the floor of the Assembly.

Extracted from the records of the Presbytery of Westminster, this 26th day of February, 1909.

J. KNOX WRIGHT,
Presbytery Clerk.

At Revelstoke, and within Knox Church there on Thursday, February the eighteenth, in the year of our Lord one thousand nine hundred and nine, at two o'clock in the afternoon, the Presbytery of Kamloops met and was duly constituted.

Inter Alia. On motion of Messrs. Logie Macdonnell and M. G. Melvin, it was unanimously agreed to forward the following Overture to the General Assembly in regard to the proposed separation of Queen's College from the Church.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

WHEREAS Queen's University, under its present relation with the Presbyterian Church, has been and still is of tremendous value to the Church and the country.

IT IS HEREBY overtured the venerable the General Assembly that they do nothing this year to make any irrevocable change in the relations between Queen's and the Church.

Extracted from the Minutes of the Presbytery of Kamloops.

W. A. WYLLIE,
Presbytery Clerk.

KAMLOOPS, B.C., April 23, 1909

REPORT OF THE COMMITTEE ON STATISTICS FOR THE YEAR ENDING DECEMBER 31ST, 1908, AND CONTRIBUTIONS TO SCHEMES FOR THE YEAR ENDING FEBRUARY 28TH, 1909.

It is gratifying to be able to announce that, with a few exceptions, the congregations of the Church have reported their statistics and Finances. There are exceptions however, and these greatly lessen the value of the statistical information gathered at the cost of much time and labor and printed at large expense to the Church. The purpose of these tables is not only to exhibit the condition of each pastoral charge but also the state of the Church as a whole. The blanks which are found here and there destroy the accuracy of the whole. The Assembly would lay it upon the conscience of each Session to see that both the Statistical and Financial returns are in the hands of the Clerks of Presbyteries in good time.

Last year the Committee called attention to inaccuracies in the amounts reported as received for stipend from other sources, and expressed the hope that Presbyterian Statistical Committees, upon which are the Conveners of Home Missions, Augmentation, and French Evangelization, would see that the returns are correct before being sent to the statistician. We are forced to report a repetition of such inaccuracies. One Presbytery in Ontario leaves that column entirely blank; whereas the grants from the Home Mission Fund to its fields amounted to \$875.00, and it has two Augmented congregations. There should be no difficulty in having amounts correctly stated for which receipts have been sent to the Treasurer's office.

There are many things in the reports sent in by congregations which give evidence of inaccuracy, if not carelessness, on the part of those who have prepared them. A few examples will illustrate. It has been a growing time in Canada, and yet the returns show a decrease of 7,001 in the number of families. Either the figures of a year ago were greatly inflated, or those now reported are far below the mark; for no one can believe that the Presbyterian population of the Dominion has decreased to the extent of 7,000 families.

When we turn to the columns devoted to Communicants, a further surprise awaits us. The number of communicants on the roll shows an increase of 4,689 over the number reported in 1908, while the column giving the number removed would lead us to expect a net gain of 9,330.

The number enrolled in Sabbath Schools and Bible Classes shows a gratifying increase, —14,470. But here, too, comparison with other reports presents a problem. Take a single example. At the last meeting of the Synod of Toronto and Kingston, the Synod's Committee on Sabbath Schools reported an increase in enrollment of 4,045; whereas statistical returns from the congregations of the same Synod gives the increase as 2,799, — a difference of 1,246. It would be well for the Sabbath School Committee and the Statistical Committee of each Presbytery to get together and compare notes.

The reports show that the number received into full Communion on profession of faith is 129 less than in 1907, and the contributions to the Schemes of the Church are \$48,238 in advance.

For each Presbytery the table gives, not only the grand total for the year, but also, for purposes of comparison, that for the year 1907, and shows the increase or decrease. Another table is given showing the totals of Statistics and Schemes for each Synod, and finally the grand total for the whole Church, compared with 1907. As last year, a comparative table of Statistics covering the year 1875, and from 1901 to 1908, is given. This table, on a single page, gives a bird's eye view of the whole Statistics of the Church.

A statement of the Changes has been prepared from the returns received from Synods.

A careful study of the matters reported in the following tables will show that the Church has great reason for thankfulness to God for His goodness to His Church during the year. That there are elements in them which will cause disappointment is certain; but there are other features which will be read with devout gratitude. To God be the glory.

All of which is respectfully submitted.

JOHN SOMERVILLE,
Convener.

REPORT OF THE BOARD OF TRUSTEES OF THE PRESBYTERIAN CHURCH IN CANADA.

To the Venerable the General Assembly:

The Board of Trustees of the Presbyterian Church in Canada presents its report to the General Assembly for the year ending February 28th, 1909:

During the year the Board has given careful attention to the financial affairs of the Church which have been placed under its supervision. All new investments of funds and all renewals of mortgages have been made under its authority. New valuations have been obtained for all properties upon which mortgages have been renewed, and care has been taken that all the legal requirements governing the investment of trust funds should be complied with. The Board is pleased to be able to report that every dollar of interest due upon mortgages up to the 28th of February had been paid except in respect of one mortgage, representing an investment of some years' standing, which has been foreclosed, but in regard to this security the Board is of opinion that there will be no loss.

As authorized by last Assembly, the Board appointed Messrs. Henry Barber and Co., Chartered Accountants, as auditors.

Your Board during the year had under its consideration the question of increased accommodation for the different departments of the Church's work, and provision was made in the Confederation Life Building to meet the immediate necessities of Home and Foreign Mission and Social and Moral Reform Secretaries. The Board was unable to secure a Board Room contiguous to the Church offices, and it would therefore request the General Assembly to authorize it to continue its efforts to secure accommodation for every department of the Church's work.

The contributions to the various Schemes on the whole show an increase over last year as the following comparative statement shows, but certain of the funds show a decided decrease:—

In the end of March the Treasurer was laid aside by an attack of typhoid fever from which he has not yet completely recovered. Provision was made by the Board for carrying on the work of the office during his absence. The thanks of the General Assembly are due the members of the office staff, especially Miss King, for their diligence and faithfulness and self denying work during the past two months.

All of which is respectfully submitted.

ROBERT KILGOUR,
Chairman.

AUDITORS' REPORT.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

We beg to report that in accordance with appointment, we have completed a thorough Audit of the Books and Accounts of the Rev. Dr. Somerville, Treasurer, for the year ending February 28th, 1909.

The books were regularly audited from month to month after the appointment.

All receipts from congregational and individual sources, and the revenues arising from the investments of the several endowment funds, were checked and verified with the Cash Book.

All expenditures were checked as to authority under which they were made, and the vouchers for the same examined and verified.

The bank books were duly checked from month to month, and their balances as shown verified with the Treasurer's Ledger.

We have examined and verified all the investments for the several endowment funds, all of which were found in order, the records in the books being accurately made, and the several bonds and mortgages found in evidence as set forth, and all book values have been adjusted to the par value of the several securities.

In connection with the investments, we beg to note that at the close of the financial year, only the small sum of \$234.90 was in arrears, which it is expected will be recovered at the sale of the property.

The unremunerative investments stood as follows:—

WIDOWS' AND ORPHANS' FUND.			
Luke Mortgage.....	\$1,500 00	Par.	
Chicago and Milwaukee Bonds.....	1,840 00	\$2,000 00	
AUGMENTATION RESERVE FUNDS.			
Chicago and Milwaukee Bonds.....	\$2,910 00	\$3,000 00	
	<u>\$6,250 00</u>		

on which it is anticipated that the loss, if any, will be small.

INSURANCE COLLATERAL FOR MORTGAGES.

The insurance policies held as collateral for mortgages were closely scrutinized, and, with the exception noted below, found sufficient and duly in force.

We recommend that insurance be assigned by the officials of the Ladies' College, Ottawa, as collateral for the mortgage of \$9,916.83 held on behalf of the French Funds, as at present no insurance is held on its account, as noted above.

The usual detailed statements have been prepared, comprising:—

- (1) Detailed Statement of Receipts and Expenditures for all Funds.
- (2) Detailed Statement of Investments.

(3) Detailed Statement of Receipts and Expenditures, and Investments, of French Evangelization, and Pointe Aux Trembles Funds.

(4) Balance Sheet,

all of which have been checked and certified.

We have prepared and attach hereto a Cash Abstract showing the verification of the Bank Account with the several cash balances of the Investment Accounts, etc.

We have scrutinized and checked with the Ledger the Audited Statements from India, China and Formosa, and have found the various amounts charged here duly accounted for in the Mission Statements.

We have examined and checked all the Audited Statements of the various Presbyterian Treasurers of the Home and Augmentation Funds received to date, and we would recommend in this connection that an effort be made to see that all these statements be in the hands of the General Secretary at as early a date as possible, so that an examination of them could be included in the Audit, and thus render it as complete as possible.

The general routine of the Treasurer's office has been noted, and suggestions made from time to time as occasion arose, to simplify and render it less burdensome, and also more exact.

Every facility has been afforded us by the staff in carrying out our work, the routine work being invariably kept well up to date, and carried out with care and accuracy.

Respectfully submitted,

E. Kaulbach,
Chairman Finance Committee.

I have verified the above accounts with the books and vouchers at the Agent's office Halifax. And find they correctly set forth the position of affairs at 28th February, 1909.

GEO. G. DUSTAN
Chartered Accountant,
Auditor.

To the Venerable the General Assembly of the Presbyterian Church in Canada:
Gentlemen:

As appointed I have made a continuous audit of the financial affairs of your Church Offices, Eastern Section, for the year ended 28th February, 1909, Rev. Doctor McCurdy, Agent.

Month by month I have verified the cash receipts and expenditure following these with the vouchers to the books of record to assure myself, as auditor, of authority for the entries made.

Again the various allocations of moneys received have been reviewed, and the apportionment of the several expenditures verified as required.

The general Financial Statements prepared for publication have each been certified correct, being a true copy of the Books of Account.

The Revenue from invested funds I find daily received and credited in regular order.

With regard to the accounting I find the greatest care has been exercised in order that the business may be easily followed and properly set forth at regular periods.

A complete record is found at your offices here of all invested moneys, and of all current funds. Regular balances are taken off each month proving the correctness of the work on the books of record. No business would require greater care from this standpoint.

I have examined in detail the Securities in the Custody of your Finance Committee, which are enumerated at this date. These, with the current funds as mentioned, are perfectly in order, and are carefully recorded on the Church books as published.

In my opinion the books and accounts are kept in good business form and order, and the work performed with conscientious care throughout.

Most respectfully submitted,

GEO. G. DUSTAN,
Chartered Accountant, Auditor.

OBITUARY NOTICES.

REV. WILLIAM BAIN BREMNER.

The Rev. William B. Bremner was born on March 11th, 1869, at Maryburgh, Ross-shire, Scotland. When a mere child he came to Canada with his parents and spent his early life in Ottawa. He was educated at the Ottawa Collegiate Institute and entered McGill University in 1890, graduating as B.A. in 1894. He took his theological course in the Presbyterian College, Montreal, and graduated in 1897, receiving the degree B.D.

Licensed by the Presbytery of Montreal, he was ordained and inducted April 26, 1898, into the pastoral charge of Sonya in the Presbytery of Lindsay. After a short pastorate he was compelled, through ill health, to resign. Spending some time in the West, he recovered and was settled Sep. 9th, 1903, at Kelowna in the Okanagan Valley. Here he ministered until seized by his last illness, and he passed away at Calgary on May 21st, 1906. Mr. Bremner leaves a widow and one daughter. Wherever he was called on to minister, his memory is cherished as a faithful servant of Christ.

At Truro, and within the First Presbyterian Church there, Friday, the sixth day of October, nineteen hundred and eight years, and at nine o'clock in the morning, the Synod of the Maritime Provinces met and was duly constituted.

Inter Alia. Mr. A. Rogers submitted the report of the Committee on Obituary Notices, which was adopted, and is as follows:—

REV. THOMAS NICHOLSON.

Rev. Thomas Nicholson was born in Fifeshire, Scotland, in 1823, was educated in Edinburgh University and Free Church College, Edinburgh. After the completion of his theological course, he was sent out by the Colonial Committee of the Free Church, and was ordained in Fredericton, March 11th, 1858. For about a year he labored as a missionary in Prince William, York Co., N.B. Afterwards he came to the north of New Brunswick and labored as a minister between Escuminac, Campbellton, Dalhousie, and other parts. In 1862 he accepted a call to Charlo and Jacquet River, and in 1877, New Mills was added. In 1885 he retired from the active duties of the ministry, and for over twenty years after his retirement he was engaged in Christian work within the congregation. After a few days' illness, he passed peacefully away on January 8th, 1908, in the 85th year of his age. Mr. Nicholson was an evangelical and forcible preacher, a sympathetic and faithful pastor, and did much good as a pioneer minister in New Brunswick.

REV. R. C. QUINN.

The Rev. R. C. Quinn was a native of Ireland, the date of his birth being July 31st, 1840. Coming to this country in early manhood, he engaged in business for some years in St. John, N.B. His attention being called to the ministry, he took his theological course at the Presbyterian College, Halifax. In 1883 he was ordained and inducted to the pastoral charge of the congregation of New Annan, N.S., where he laboured for about ten years with acceptance and success. The beautiful church at New Annan, erected largely through the efforts of himself and his accomplished and devoted wife, will long be his monument there. He was afterwards settled over the congregation of Kennetcook and Gore, N.S., where he remained for several years. Having resigned his charge there, he made his permanent residence at Pictou, N.S., labouring, however, as opportunity offered, in supplying vacant congregations and mission fields of the church. After an illness of a very few days, he passed away at Pictou, N.S., on December 2nd, 1907. Mr. Quinn

was a warm-hearted man, kindly in disposition, of genuine piety, and faithful and devoted in service.

REV. DONALD McDougall.

The Rev. Donald McDougall was born in Whycocomagh, C.B., seventy-one years ago, attended the village school for some years, received further preparatory training in the Grammar School in Boulardarie under the late Alexander Munro, and continued his course for the ministry at the Truro Seminary and the Free Church College, Halifax, under the late Professors King, Smith and McKnight, where he graduated in the spring of 1865.

On the 14th of the following June he was licensed by the Presbytery of P. E. Island to preach the gospel, and on the 15th of November of the same year, and by the same Presbytery, was ordained and inducted into the pastoral charge of New London South and Granville. In 1868 he became pastor of Cow Bay (now Port Morien), C.B., where he laboured with marked success for about twelve years, when he was called to West Bay, C.B., where his pastorate was specially successful, and covered a period of thirteen years. He was called from West Bay to Baddeck, C.B., and inducted there in 1892. His work in that congregation bore ample testimony to his diligence and faithfulness as a servant of Jesus Christ. He retired from the active work of the ministry, September 30th, 1907, his four pastorates having extended over a period of 42 years.

A faithful preacher of the Word, fearless in his exposure of wrong-doing, strong in the defence of right, experienced in congregational and church business and in leading souls to Christ, his services were in demand wherever he was well-known.

After his retirement he was frequently called upon to supply vacancies, and was really in harness in preaching and pastoral work till within a few days of his death, which occurred at Glace Bay, C.B., on the 4th of May last. Among his last audible words were:

"Oh, I am my Beloved's
And my Beloved's mine."

As a citizen, Mr. McDougall exerted a strong influence in behalf of that righteousness which exalteth a nation, and in rebuking and repressing prevailing sins which are a reproach to any people.

REV. DONALD McNEIL.

The Rev. Donald McNeil was born in the parish of Kilmuir, Island of Skye, Scotland, in the year 1830. He was but a child when his parents came to this country and settled at Whycocomagh, C.B. Here he received his early education. He studied in our own college, which was then at Gerrish Street, Halifax, and was ordained and inducted into the pastoral charge of Wood Islands in the year 1857. He ministered in that congregation with great faithfulness and much success until the year 1872, when, owing to ill-health, he accepted an appointment in the Education Office at Charlottetown. In this office he continued till a few years before his death. While obliged, thus early, to resign the active work of the ministry, Mr. McNeil continued deeply interested in doing good work, especially in connection with the church he loved. Presbytery seldom met in Charlottetown without his presence and counsel. He was from first to last a man of deep toned spirituality, a faithful witness of the truth, a minister of comfort to the sick, and the influence he exercised will long be felt, especially in the community of Charlottetown. He died at the home of his daughter, Mrs. Albert Morrison, Charlottetown, June 16th, 1908. His widow survives him.

REV. A. T. FIRTH, B.A.

Rev. A. T. Firth, B.A., was a native of Glencoe, Restigouche County, N.B. He was a graduate of the U. N. B. and of the Presbyterian College, Halifax (being a member of Class, 1907). In his college studies he stood high, and in the Home Mission Fields of our Church he rendered excellent service. On the 25th of September, 1907, he was ordained in Campbellton, N.B., and commended by the Presbytery of Miramichi to the

care and confidence of the Presbytery of Trinidad. His ambition was to serve his Master in the Foreign Field. After a brief ministry of a week he was called to a higher service. While all deeply mourn the early death of one whose life promised so much usefulness for Christ and the Church, we humbly bow to the will of Him who doeth all things well.

REV. ALEXANDER CAMPBELL.

The Rev. Alexander Campbell was born at McLellan's Brook, Pictou Co., in the year 1855. His father was an intelligent and devout elder, and greatly influenced his family in the way of vital godliness. His son, Alexander, gratefully acknowledged how much he was indebted to the teaching and hallowed examples of the Christian home in which he was reared. He attended the public school in his native place, then studied in Pictou Academy and Dalhousie College. For some time he taught school in Trinidad in connection with our missionary enterprise there. After the regular preparation in theology, Mr. Campbell was ordained in March 31st, 1887, and was called to Noel, N.S. Here he laboured for five years most diligently and successfully. In 1892 he was called to Merigomish, Pictou Co., where he continued to prosecute his Master's work with undiminished ardor. His preaching was evangelical, luminous, and stimulating. For years he suffered from disease that sapped his strength, but in no wise lessened his efforts. With a heroic perseverance and a winsomeness of manner that made him an efficient pastor, he went in and out among his people, bringing comfort and encouragement to many a weary and lonely heart. His death came most unexpectedly. Having gone to Noel to attend the funeral of a life-long and loyal supporter of the Presbyterian Church, he was stricken while in the pulpit, and expired in the sanctuary, on February 16th, 1908.

Extracted from the Record of the Synod of the Maritime Provinces.

THOS. SEDGWICK,
Clerk.

REV. CHAS. McKILLOP.

By an oversight the name of Rev. Chas. McKillop was omitted from the list of our ministers who died last year. In some respects his ministry was unique. Born at Campsie, near Glasgow, in 1848, he passed his early life on the Ottawa River, meeting there all sorts and conditions of men. The Church militant, as represented in him, commanded the respect of all right-thinking men, and the fear of all wrong-doers. After a few years spent in the charge of Admaston, he came to the West in 1885, at the call of Dr. Robertson. As a member of the "Old Guard" east of the Rockies, he did noble work for Christ and His kingdom in the then pioneer town of Lethbridge. The history of the Church here will ever be associated with the name of Mr. McKillop, for nineteen years its minister. During the last three or four years of his life, lingering illness sapped his strength. On August 20, 1907, the welcome release came, and the brave soul went home to God.

REV. EWEN MACKENZIE, B.A., B.D.

The Synod places on record its sense of the great loss sustained through the death of the late Prof. Mackenzie, B.A., B.D. After a ministry of five years at Chesley, Ontario, in 1899, he became pastor of St. Matthew's Church, Montreal, and in a very short time made his influence felt among the people to whom he ministered. He understood the needs of the congregation and adapted himself to their varied interests. As a preacher he was strong. His presentation of truth was clear, earnest and sympathetic, and a personality, in which were blended modesty and courage, simplicity and dignity, seriousness and cheerfulness, always added impressiveness to the message he delivered. As a pastor he was most faithful in his ministrations, particularly to the sick and sorrowing. In 1905 he was translated to the chair of Practical Theology in the Presbyterian College, and conducted the work of that chair with unusual efficiency, enjoying the full confidence alike of students and his colleagues. As a member of the Synod he took an intelligent interest in all matters relating to the welfare of the church and of the country, willingly undertaking every duty assigned him and discharging it with satisfaction to his brethren.

REV. JAMES HANRAN.

Rev. James Hanran was a native of Ireland, where he was born in 1828. Emigrating to Canada while young, he entered Knox College, graduating therefrom in 1861. In the same year he received a call from the congregation of Camden, in the Presbytery of Kingston, where he was ordained and inducted. In 1868 he received and accepted a call to St. Sylvester and Leeds in this Synod, and continued to labour with acceptance till 1880, when, owing to throat trouble, he was constrained to resign his charge and retire from active work. After retirement he took up his residence at Inverness, in the neighbourhood of his former labours, where he continued to reside until his death, which took place on the 20th August, 1908. Mr. Hanran was a forceful and practical preacher, a faithful pastor, and a scholar of no mean attainments—using the Greek Testament with almost as much freedom as the English.

REV. JOHN ANDERSON.

The Rev. John Anderson spent the days of his youth in the county of Glengarry, where he learned the occupation of cabinet maker. Having felt that he should devote his life to the work of the ministry, after due preparation, he entered with great enthusiasm into the service of the Church. For many years he laboured with great success in the Presbytery of Glengarry, from which he was translated to the pastoral charge of Tiverton in the Presbytery of Bruce. Here he laboured with great diligence for upwards of thirty years when failing health necessitated his retirement. Mr. Anderson possessed rare gifts as an evangelical preacher, and had great skill in personal dealings with people. As a testimony to the influence of his consistent Christian life, his only sons have followed in the footsteps of their father in giving themselves to the work of the ministry.

After his retirement, Mr. Anderson resided until his death within the bounds of the Tiverton congregation, where he died on April 22nd, 1908, and was buried beside his deceased partner in the Tiverton church-yard.

REV. WILLIAM MOWAT.

The Rev. William Mowat was in his early days a mechanic, but feeling called upon to engage in the work of the holy ministry, entered upon a course of study in Knox College, from which he graduated in 1888.

He laboured diligently and successfully in the congregations of Merriton, Allenford, and Buxton. After only a brief cessation from work, Mr. Mowat passed away on the eighth day of November, 1908. He was a faithful, earnest and sympathetic pastor, and a preacher of great spiritual fervour.

TO THE KING'S MOST EXCELLENT MAJESTY.

May it please your Majesty:

We, your Majesty's loyal subjects, Ministers and Elders of the Presbyterian Church in Canada, met in General Assembly, desire to express anew, for ourselves and for those whom we represent, our devoted attachment to your Majesty's person and throne.

We offer thanksgiving to Almighty God, the King of kings and Lord of lords, for the gift of a Sovereign whose rule is bringing so many blessings to his people; and we, who are occupied with extending the Gospel of peace, make grateful acknowledgement, especially of the part your Majesty has taken in promoting goodwill among the nations.

We congratulate your Majesty on the many tokens of a desire for the drawing into close and enduring bonds with the mother country of your Majesty's dominions beyond the seas, and trust that hereby the Empire may become a still greater force for truth and righteousness.

Praying that Divine Grace may uphold your Majesty in the discharge of all the responsibilities of your exalted station, we are, with profound respect your Majesty's most loyal, faithful and obedient subjects.

Signed in name and by authority of the General Assembly of the Presbyterian Church in Canada, at Hamilton, the tenth day of June, 1909 years, by

(Sgd.) SAMUEL LYLE,
Moderator.

TO HIS EXCELLENCY EARL GREY, GOVERNOR-GENERAL OF CANADA.

May it please your Excellency:

We, Ministers and Elders of the Presbyterian Church in Canada, met in annual General Assembly, desire to tender to your Excellency, as the representative of His Majesty the King, the expression of loyalty to our Sovereign and our appreciation of the constant and earnest endeavours of your Excellency to promote, to the utmost of your power, the best interests of the people of Canada.

We specially congratulate your Excellency on the success of the Tercentenary commemoration of the landing of Champlain at Quebec, in July last, to which your Excellency largely contributed—a celebration in which were joined in friendly co-operation, not only the United Kingdom, represented officially by His Royal Highness the Prince of Wales, but also the several other dominions and dependencies of His Majesty, as well as France and the United States—from which friendly co-operation the best results may be expected to flow.

We have been gratified to learn, and with us we believe all citizens of the Dominion, that it is the intention of your Excellency to continue in the high office of Governor-General of Canada, which you have adorned, for the full term of your appointment.

We commend your Excellency, the Countess Grey, and the members of your family, to the continued favours of Almighty God.

(Sgd.) SAMUEL LYLE,
Moderator.
